THIS AGREEMENT is entered into this _____ day of _____, 2022, by and between the City of Pueblo, a Municipal Corporation (hereinafter referred to as "City") and Zayo Group, LLC, a Delaware limited liability company (hereinafter referred to as "Licensee").

WITNESSETH:

WHEREAS, City is a Colorado home rule city organized and existing under and by virtue of Article XX of the Colorado Constitution and possesses plenary power and authority over the use and occupation of the public rights of way within its corporate boundaries; and

WHEREAS, Licensee represents and warrants: (a) that it is a "telecommunications provider" as that term is defined under Colorado and federal law, including but not limited to §38-5.5-102(3), C.R.S. and 47 U.S.C. § 153(51); and (b) that it operates within the geographical boundaries of the City of Pueblo; and

WHEREAS, Licensee provides its telecommunications services to customers over a network owned, controlled, or leased by Licensee which lines are authorized pursuant to franchise, license agreement or revocable permit; and

WHEREAS, Licensee may wish to install telecommunications facilities upon or within certain public rights of way within the corporate boundaries of the City in order to provide telecommunications services; and

WHEREAS, City is authorized under the constitution and laws of the State of Colorado to grant consent to telecommunications providers to occupy the public rights of way for such purposes; provided, however, the same shall not be nor constitute the granting of a local franchise under Article 16 of the City's Charter nor shall same ever become or ripen into any franchise; and

WHEREAS, the City and Licensee have agreed to be bound by the terms and conditions set forth herein which shall govern Licensee's use of the public rights of way;

ARTICLE II - CONDITIONAL CONSENT GRANTED

1. Subject to Licensee's compliance at all times with all of the terms and conditions of this License Agreement, all of the ordinances referenced herein, all applicable local, state and federal laws, and further subject to the City's lawful exercise of its police power (including, but not limited to, zoning, subdivision, permit and building code requirements) and the City's prior and superior right to usage for municipal purposes, City hereby grants to Licensee, insofar as it has or may have the requisite power and authority to do so, a non-exclusive license to make reasonable use of the Rights of Way to construct, install, operate and maintain Licensee's Facilities within the City to and for the benefit of the City and the inhabitants of the City; provided, however, that with respect to state highways, Licensee must separately obtain consent from the Colorado Department of Transportation. This license shall extend to all areas of the City as it is now constituted, and to additional areas as the City may increase in size by annexation or otherwise.

2. The license granted herein to make reasonable use of the Rights of Way shall not be deemed to be a franchise, nor an exclusive license or right, and the City reserves the right to make or grant a similar use of the Rights of Way to any other person or persons, including one or more other telecommunications providers.

3. The City retains the following rights in regard to this license:

(a) To revoke the license and consent hereby granted for misuse, non-use or failure of Licensee to comply with the provisions hereof;

(b) To use, control and regulate the use of the City streets, roads, easements, other public places and the Rights of Way, and the space above and beneath the same; and

(c) To require the removal or relocation of any of the Facilities from the Rights of Way if necessary or desirable, in the sole but reasonable judgment of the City, for any public or municipal purpose or project.

4. The license granted herein to make reasonable use of the Rights of Way shall not be deemed to grant authorization to construct or operate Wireless Communications Facilities. Authorization to utilize the Rights of Way for Wireless Communications Facilities must be obtained through separate authorization specifically permitting the use of the Rights of Way for Wireless Communications Facilities.

ARTICLE III - SCOPE

The license and consent granted by this License Agreement confers only the right to make reasonable use of the Rights of Way for Licensee's provision of telecommunications services, and it is expressly understood and agreed to by Licensee that Licensee shall not operate a private telecommunications network, Wireless Communications Facilities, nor operate as a "cable operator" as that term is defined under federal law (47 U.S.C. §522(5)), nor shall it provide or offer

to provide "cable services" as that term as defined under federal law (47 U.S.C. §522(6)), without proper local, state and federal authorization, as required by law.

ARTICLE IV - OCCUPATION TAX & E911 SURCHARGES

1. To the extent Licensee operates as a local exchange provider, as defined by §40-15-102(18), C.R.S. and/or as an interexchange provider, as defined by §40-15-102(11), C.R.S the following provisions shall apply:

(a) Licensee understands and acknowledges that City had heretofore adopted Ordinance No. 4267 in December 1976 imposing upon all telecommunications utilities operating within the City, and effective January 1, 1977, an occupation tax as stated in said Ordinance. In its provision of local exchange services, whether directly or through resale, Licensee agrees to be bound by and comply with said Ordinance, including payment of the tax in an amount equal to \$6.00 per annum for each Account, payable quarterly in equal installments. In providing local exchange services, Licensee hereby expressly agrees that it is and constitutes a telephone utility within the meaning of Ordinance No. 4267 and Licensee irrevocably waives and relinquishes any right it has or may have to claim or assert that said Ordinance is invalid under law or should not be applied to Licensee, including, without limitation, any claim that said Ordinance violates any provision of state law or the Telecommunications Act.

(b) The City has by Ordinance No. 9864 imposed an emergency telephone charge ("E911 Charge") of one dollar seventy-two cents (\$1.72) per month per exchange access facility, wireless communications access and interconnected voice-over-internet-protocol service provided within the Jurisdiction, as authorized by §29-11-100.5, et seq., C.R.S. Licensee agrees to collect the E911 Charge from its customers and promptly remit same monthly to City as provided by §29-11-103(1), C.R.S.

ARTICLE V - SALES AND USE TAXES

1. Licensee agrees to obtain a sales and use tax license from the City and to comply with all provisions of Title XIV of the Pueblo Municipal Code relating to sales and use taxes.

2. Licensee acknowledges and agrees that to the extent Licensee sells telecommunications services to customers within the City, including the provision of interstate telephone access service and interlata access service, such service is taxable by City pursuant to §14-4-61(3), PMC, and Licensee shall collect such taxes from its customers and promptly remit same to the City in accordance with Title XIV, PMC.

ARTICLE VI - USE OF RIGHTS OF WAY

1. Facilities shall be located, installed and maintained so that none of the Facilities endanger the lives, health or safety of persons, or interfere with any public improvements the City

or other governmental entities (including any storm water, sanitary sewer or water utilities or enterprises) have in place or may deem proper to make, nor shall the location, installation or maintenance of the Facilities hinder or obstruct the use of the streets or other public ways for their public purposes, including but not limited to vehicular and pedestrian traffic. All Facilities shall be so located as to cause minimum interference with the rights and reasonable convenience of property owners of property which adjoins any Right of Way.

2. Prior to commencement of construction of any portion of its telecommunications system within the City (other than Leased Facilities), Licensee shall furnish to the City the general schematic plans for its Facilities, including system route maps, renderings of equipment boxes and structures, engineering, traffic control, and landscaping plans. In addition, the Licensee shall assess and report on the impact of its proposed construction on the City environment. Such plans and reports may be reviewed by the City to ensure, (a) that all applicable laws including building and zoning codes and air and water pollution regulations are complied with, (b) that aesthetic and good planning principles have been given due consideration, and (c) that adverse impact on the environment has been minimized. The Licensee shall comply with all regulatory requirements of the City lawfully binding on the Licensee and shall incorporate all other reasonable changes to its plans requested by the City.

3. Not less than thirty (30) days prior to construction of any Facilities within the Rights of Way at any specific location, Licensee shall furnish the City's Director of Public Works with detailed plans for such Facilities including detailed location drawings and final architectural, engineering, traffic control and landscaping plans. Prior to commencing construction, Licensee shall: (a) obtain written approval of the Director of Public Works of the construction plans, (b) procure appropriate excavation permits pursuant to Chapter 6 of Title XII, PMC, and permits required by Chapter 3 of Title XII, PMC, or permits required pursuant to any similar ordinance adopted by City in the future, (c) pay all fees associated with such permits, and (d) comply with all requirements of said Chapters 3 and 6 of Title XII, the terms of said permits, and the City's Standard Construction Specifications and Standard Details adopted March 28, 2005 or as subsequently revised.

4. All construction, excavation, maintenance and repair work done by Licensee shall be done in a workmanlike and expeditious manner which minimizes the inconvenience to the City, the general public and individuals. Licensee shall be liable for any damage to the City or City owned property caused by Licensee's failure to act in a timely manner. All such construction, excavation, maintenance and repair work done by Licensee shall comply with all applicable codes of the City and the State of Colorado, and Licensee shall be responsible for obtaining all applicable permits and licenses. The City shall have the right to inspect all construction or excavation work to ensure compliance with applicable codes and permits, and may order Licensee to perform corrective work. All public and private property disturbed by Licensee's activities shall be promptly restored by Licensee at its expense to substantially its former condition, subject to inspection by the City's Director of Public Works or their designee and compliance by Licensee with reasonable remedial action required by said official pursuant to the inspection. Licensee shall

be liable to City for the full cost of restoring any public property not promptly remedied by Licensee as required by said official.

5. The installation, maintenance, renovation and replacement of Facilities by Licensee shall be subject to regulation by City including as to (a) the location of Facilities in or upon the streets, alleys and dedicated easements, (b) the disturbance and reconstruction of pavement, sidewalks, and surface of streets, alleys, dedicated easements and driveways, (c) the timing and scheduling of work, and (d) the temporary closure of portions of streets and alleys. All Facilities shall be designed and installed so as to cause a minimal amount of interference with public property, water mains, sewer mains, electric and natural gas facilities, street lights, traffic signals, and all other municipal or authorized public use of the Rights of Way. The City's Director of Public Works may direct and require Licensee to locate its Facilities within a defined telecommunications corridor within any street or other Right of Way or otherwise at a specific location to minimize interference with other facilities or utilities. Licensee shall install and maintain its Facilities in such manner as to minimize interference with trees, natural features and vegetation. Whenever feasible, Licensee shall enter into pole-sharing and conduit-sharing agreements with third parties in order to co-locate its wires and cables upon poles or within conduit of other telecommunications providers or utilities.

6. Licensee shall, upon reasonable notice and at its sole cost and expense, remove, locate and relocate its Facilities in, on, over or under any Rights of Way in such manner as City may at any time require for the purpose of facilitating the construction, reconstruction, maintenance, repair, or change in grade of any street, sidewalk, public improvement or City project, or for the purpose of promoting the efficient operation of any such public improvement or project, or for the purpose of facilitating the vacation and/or redevelopment of Right of Way by the City. In the event Licensee fails to act within a reasonably allocated time, the City may cause Licensee's Facilities to be relocated, and Licensee shall be liable to City for the costs thereof. In the event City causes Licensee's facilities to be relocated, City shall be held harmless for any damages incurred to Licensee's Facilities during such relocation.

7. Except where specifically authorized by the Director of Public Works of the City, all of Licensee's Facilities located within Rights of Way shall be located underground. In locations where wires or cables of franchisees of City or of authorized local exchange carriers are presently located above-ground, the Director of Public Works will allow Licensee's Facilities to also be located above-ground unless he has specific reasons for not allowing above-ground installation at such location. Thereafter, and notwithstanding that any such authorization had been given, should the City subsequently determine for any area of the City that telephone or telecommunications wires, cable television cables or electric utility wires located above ground shall be relocated underground, Licensee shall, upon reasonable notice, at its sole cost and expense, relocate its Facilities below ground in cooperation with other affected interests. In the event Licensee fails to act within a reasonable allocated time the City may cause Licensee's Facilities to be relocated, and Licensee shall be liable to City for the costs thereof. In the event City causes Licensee's Facilities to be relocated, City shall be held harmless for any damages incurred to Licensee's Facilities

during such relocation.

8. After execution of this Agreement, Licensee shall join and associate with the notification association of owners and operators of underground facilities in accordance with the requirements of Article 1.5 of Title 9, Colorado Revised Statutes. Prior to undertaking any excavation within the Rights of Way, Licensee shall comply with the notice requirements of said Article.

ARTICLE VII - ADDITIONAL CITY REGULATION

1. The City expressly reserves its right and duty to adopt, from time to time, in addition to the provisions herein contained, such charter provisions, ordinances and rules and regulations as may be deemed necessary by the City to promote the health, safety and welfare of its inhabitants and their property.

2. Notwithstanding anything in this License Agreement to the contrary, Licensee acknowledges that City is planning to develop a new telecommunications policy which will be implemented through one or more ordinances or resolutions to be adopted by City Council of City, and/or through regulations to be adopted by Departments of the City. Licensee agrees that upon adoption of any such policy or regulations after the date of this License Agreement, this License Agreement or any provision thereof may be unilaterally revoked or canceled by City without cause and replaced with new terms and conditions which shall be made equally applicable within each class of telecommunications provider operating within the City.

3. If, during the term of this License Agreement, the City is authorized pursuant to Colorado Law to collect compensation for use of the Rights of Way by telecommunications providers and the City enacts an ordinance concerning the use of Rights of Way which requires compensation for the use of the Rights of Way from any class of telecommunications providers on a competitively neutral and nondiscriminatory basis within such class, then Licensee shall, in accordance with the terms of such ordinance, pay such compensation.

ARTICLE VIII - COORDINATION AND CONDUIT/POLE SHARING

1. In order to minimize disruption to vehicular traffic and inconvenience to the public, and to enable the limited width of Rights of Way to be apportioned among all utilities, telecommunications providers and other interests needing to locate or maintain facilities in the Rights of Way for the benefit of the public, it is imperative that pole sharing and conduit sharing be encouraged to the greatest extent possible. In furtherance of such purposes, Licensee agrees that it shall reasonably cooperate with City, authorized utilities and other local exchange carriers in placing conduit within the Rights of Way and in sharing unused space within underground conduits owned by Licensee, and upon poles or other above ground facilities owned by Licensee.

2. Whenever the Licensee intends to install new underground conduit or replace existing underground conduit in a build greater than 500 feet in length, Licensee shall, whenever feasible, provide City and all utilities, cable television franchisees, and local exchange carriers authorized to use the Rights of Way, with sixty (60) days advance written notice in order to permit the additional contemporaneous

installation of conduit by City, and such utilities, cable television franchisees, authorized telecommunications providers, and local exchange carriers. If City desires additional conduit installed, it will so notify the Licensee and the City shall be responsible for the additional incremental expense for installing such additional conduit for the City's own use and not for resale purposes. If a utility, cable television franchisee, authorized telecommunications provider, or local exchange carrier desires additional conduit installed and the method of construction is trench it will so notify the Licensee in writing at least fifteen (15) days prior to the proposed construction date, and such party requesting the additional conduit shall be responsible for negotiating terms per paragraph "3. Joint Trench.". This section is intended to maximize the coordination of facilities located within rights of way, and is not intended to govern routine connections of customers to installed network not involving significant line extension nor other excavations of limited scope.

3. Joint Trenching Upon Licensee's application for a right-of-way permit, the City, a utility, cable television franchisee, authorized telecommunications provider, or local exchange carrier shall have fifteen (15) calendar days to notify the Licensee of their interest to share the Licensee's trench. If the City provides notice of interest to share the Licensee's trench, an agreement between the two parties shall be executed within 30 days of the notice of interest, outlining the responsibilities and financial obligations of each, with respect to the installation within the right-of-way. The financial obligations of each party shall be based on the proportionate sharing of costs between each party for joint trenching or trench sharing based on engineering and construction costs, as well as the amount of conduit innerduct space or excess conduit that each party will be requiring or utilizing. The provisions of this section do not apply to projects to install new underground conduit or replace existing underground conduit and where the City contemporaneously wishes to install its own conduit, as provided in the paragraph 2 above. The provisions of this section also do not apply to projects being installed via directional boring. Additionally, the provisions of this section shall not apply if the joint build would cause substantial or detrimental delays to Licensee's deployment of critical telecommunications infrastructure.

4. Notwithstanding anything to the contrary in paragraph 2 of this Article, in order to minimize disruption to the public and enable use of the public rights of way for public purposes, in connection with any installation of underground conduit by Licensee, City may request Licensee to install one additional conduit for exclusive use by City for public and municipal purposes. In any such case, Licensee shall install the conduit as requested and the City shall reimburse Licensee only for the cost of the conduit and associated handholes and pull boxes for the conduit, and for the additional incremental expense for installing such additional conduit, handholes and pullboxes.

ARTICLE IX - INDEMNIFICATION

1. Licensee shall install, construct, maintain and operate its telecommunications system in a safe manner providing reasonable protection against injury or damage to any and all persons or property. Licensee specifically agrees to indemnify, defend and hold City harmless from all claims, costs, demands, suits, reasonable expert witness and attorneys' fees, court costs, and other reasonable costs of defense and judgments to the extent the same arise from, in whole or in part, Licensee's negligent acts or omissions of failure to comply with the provisions of this License Agreement, and from all damages or penalties to the extent arising out of the installation, construction, operation, or maintenance of Licensee's telecommunications system, whether or not any act or omission complained of is authorized, allowed, or prohibited by this License Agreement,

except to the extent such damages or penalties result from the negligent acts or omissions or intentional or willful and wanton misconduct of the City. City shall not be liable for, and Licensee shall indemnify, defend and hold the City harmless from all costs, damages and claims to the extent arising from or relating to delay by Licensee in performing its obligations hereunder, for any cause whatsoever, except for the negligent acts or omissions or intentional or willful and wanton misconduct of the City, other users of the Rights of Way, or a force majeure event. Licensee shall have sole control over the defense, investigation and settlement of any such claims, however, Licensee shall not enter into any compromise or settlement which imposes any obligation or liability on the City without the prior written consent of the City. In the event Licensee fails to timely assume the defense of any such claim which has been properly and promptly tendered to Licensee. Licensee also hereby agrees to pay all reasonable expenses of the City incurred by the City in defending itself with regard to any such damages, claims or penalties, including all out-of-pocket expenses, reasonable attorney' fees, and the reasonable value of any services rendered by the City Attorney, his assistants, or any employees of the City (collectively "Expenses"), but shall not be required to pay for any Expenses that are in excess of any settlement or compromise which was rejected by the City.

2. The City will provide notice to the Licensee of the pendency of any claim or action against the City arising out of the operations of the Licensee, the exercise by the Licensee of its rights under this License Agreement or the performance thereof by the Licensee. The Licensee shall thereafter be required to appear and defend any such claim or action. Nothing herein stated shall limit the Licensee's obligation of full indemnification of the City hereunder.

ARTICLE X - INSURANCE

Prior to commencement of any installation of Facilities under this License Agreement, Licensee shall procure and thereafter continuously maintain, for as long as this License Agreement remains in effect, at Licensee's expense, Commercial General Liability ("CGL") insurance written on ISO form CG 00 01 01 96, or a substitute form providing equivalent coverage, with a limit of not less than \$2 Million per occurrence, covering liability arising from premises, operations, independent contractors, personal injury, products completed operations, and liability assumed under an insured contract, on an occurrence basis. Under the terms of the required CGL policy, this License Agreement shall be defined as an insured contract. The policy shall identify the City as an additional insured, shall contain a waiver of right of subrogation against City and shall have all necessary endorsements to provide coverage without exclusion for explosion, collapse and underground property damage hazards. A certificate of insurance shall be filed with the City's Director of Finance prior to commencement of installation of Facilities, which evidences compliance with the policy requirements stated above and provides for thirty (30) days prior written notice to City prior to cancellation or material change of any insurance referred to therein. In the event the certificate states that it confers no rights upon the certificate holder, the City may require Licensee to furnish a complete copy of the policy including all declarations and endorsements.

ARTICLE XI - TERM

Unless sooner terminated as provided herein, the term of this License Agreement shall be for a period of five (5) years from and after the date of the Agreement. The Parties may mutually agree in writing to renew this Agreement at expiration of the initial term.

ARTICLE XII - REMEDIES, TERMINATION, REMOVAL

1. In the event of any breach of the terms of this License Agreement by Licensee, City shall have the right to obtain one or more of the following remedies, which are expressly agreed to be cumulative, and the exercise of any one (1) or more of them shall not be dependent upon the exercise of any other remedy, nor does the exercise of any one or more of them constitute any bar or limitation to the exercise of any other: (a) specific performance or injunctive relief, (b) monetary damages, and (c) termination. In the event City is required to commence an action to enforce its rights under this License Agreement or to obtain remedies provided above and the party which substantially prevails therein, shall be entitled to recover its costs, including reasonable attorneys' fees and expert witness fees.

2. Before terminating the License Agreement for cause on account of any default by Licensee, City shall provide Licensee with written notice of the default and afford Licensee a reasonable period in which to cure the default.

3. In the event Licensee abandons the telecommunications system installed under the terms of this License Agreement or a certain part thereof or fails to use it for a period of one (1) year, or in the event the term of this License Agreement expires, or the Agreement is terminated or is canceled for any reason, then Licensee shall remove its telecommunications system, or the abandoned portions thereof in the case of a partial abandonment, at its expense. As an alternative to removal, if mutually agreed to by Licensee and the City, the ownership of the telecommunications system (or abandoned portions) may be transferred to the City, in which event, all obligations and liabilities of Licensee under this Agreement in connection with the portion of the telecommunications system so transferred to the City shall terminate.

4. Licensee may cancel this Agreement at any time, as described below, upon ninety (90) days' written notice to the City, subject to the indemnification requirements of this Agreement, the removal provisions set forth in Section 3 above, and any other provisions that survive the termination of this Agreement.

Electronic Record and Signature Disclosure		

ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

From time to time, Zayo Group, Inc - Human Resources (we, us or Company) may be required by law to provide to you certain written notices or disclosures. Described below are the terms and conditions for providing to you such notices and disclosures electronically through the DocuSign system. Please read the information below carefully and thoroughly, and if you can access this information electronically to your satisfaction and agree to this Electronic Record and Signature Disclosure (ERSD), please confirm your agreement by selecting the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

Getting paper copies

At any time, you may request from us a paper copy of any record provided or made available electronically to you by us. You will have the ability to download and print documents we send to you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a limited period of time (usually 30 days) after such documents are first sent to you. After such time, if you wish for us to send you paper copies of any such documents from our office to you, you will be charged a \$0.00 per-page fee. You may request delivery of such paper copies from us by following the procedure described below.

Withdrawing your consent

If you decide to receive notices and disclosures from us electronically, you may at any time change your mind and tell us that thereafter you want to receive required notices and disclosures only in paper format. How you must inform us of your decision to receive future notices and disclosure in paper format and withdraw your consent to receive notices and disclosures electronically is described below.

Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from us or to sign electronically documents from us.

All notices and disclosures will be sent to you electronically

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. Please also see the paragraph immediately above that describes the consequences of your electing not to receive delivery of the notices and disclosures electronically from us.
