SUMMARY:

This Resolution ratifies and approves award of a construction contract to Parker Excavating, Inc. for emergency sanitary sewer point repairs in Basin-5 various locations II.

PREVIOUS COUNCIL ACTION:

None.

BACKGROUND:

During routine inspection for the City Wide 100% television inspection program of sewer mains, the Wastewater Department collection crew discovered sewer mains with large offset joints, holes, and broken pipe inverts in Basin-5 at various locations. The bedding around the pipes was washed out and the pipe inverts were completely gone increasing the risk of pipe collapses and blocking the flow in the mains.

The repair work was performed under the Emergency Sanitary Sewer Point Repair multi-year contract under which three contractors were qualified via competitive bid. An estimate was prepared, and Parker Excavating Inc. was the lowest bidder and accepted the work.

The cost breakdown for the project is as follows:

Sanitary Sewer Replacement-related

Total:	\$	82%
	61,223.44	

Surface Improvement Related

Total:	\$	18 %
	12,994.86	

Grand Total:	\$	100%
	74,218.30	

FINANCIAL IMPLICATIONS:

Funding for this project came from the sanitary sewer rehabilitation budget funded by the Sewer User Fund. Funding was available and had been budgeted, appropriated, and allocated to Project No. 20-059 (WWAN03).

BOARD/COMMISSION RECOMMENDATION:

Not applicable.

STAKEHOLDER PROCESS:

None.

ALTERNATIVES:

Not approve the Resolution, but this would require a finding that there was not an emergency condition.

RECOMMENDATION:

Approval of the Resolution.
