Questionnaire

Please complete the following general information.

1. Please list your
areas of
accomplishments that
you feel could assist
the mission of this
Board or Commission.

I am a US Navy Veteran, so I understand mission and staying on
it. I have the ability to return to task and maintain focus on long-
term goals. I was an instructor as well, so I am able to present
information comfortably and inform a room.

2. Why are you
interested in being
appointed to this Board
or Commission?

I am concerned a great deal with housing and homelessness in
Pueblo. I do not wish to live in a city that is complacent about
homelessness and the needs of others. The housing crisis is
something that our city can and should address and I would like
to speak as a citizen that has deep passion for the needs of
those that cannot provide for themselves. I would like to live in a
city that helps its people rather than criminalizes and harasses
the most vulnerable of its citizens, and I would like to ensure that
is the city I am raising my children in so they too will wish to live
here.

3. What Goals would
you like to see this
Board or Commission
accomplish?

I would love to see zero homeless goals and major low income
renovations of the historic downtown. These are achievable,
evidence-based goals that I believe our city has the power to
accomplish.

4. List any other items
that might be useful in
consideration for your
appointment to this
Board or Commission.

I am an active volunteer with Habitat for Humanity where have I
begun learning about the local state of housing.
