Pueblo Memorial Airport

Mr. Pedroza,

It's our understanding that the Pueblo Memorial Airport and the City of Pueblo have decided to remove and dispose of ten aircraft T hangars. The Fowler Airport located in Otero County would greatly benefit from the donation of the hangars to improve the airport and enhance their services.

Most of the hangars will be offered to the general aviation community, but one hangar area will be held open for public transit aircraft use. In addition, the airport will gain an aircraft maintenance facility, a public restroom, and a flight planning facility. The Fowler Airport provides a satellite field for the USAF flight screening program. Your donation would allow the airport to provide parking for their weather and emergency diversions.

Otero County would be happy to receive the hangar donation to develop the Fowler Airport, a vital facility in our County that provides a much-needed service. Please reach out if you have any questions. We appreciate you taking our request into consideration.

Sincerely,

John Hostetler
Otero County Commissioner
