Questionnaire

Please complete the following general information.

1. Please list your
areas of
accomplishments that
you feel could assist
the mission of this
Board or Commission.

I have a public service career of 28+ years as a firefighter. Nearly all of my life has been spent as a Puebloan. I understand how to work within and with bureaucracies. I was a Fire Inspector for several years and served on several review committees including Planning and Zoning and Subdivision Review Committees. I am currently a SCRETAC (Southern Colorado Regional EMS and Trauma Advisory Council) back-up member for the five-county RETAC that encompasses Pueblo.

2. Why are you
interested in being
appointed to this Board
or Commission?

I have a strong belief that the future of our city's development and quality of life depends on the very decisions that this committee is tasked with advising.

3. What Goals would
you like to see this
Board or Commission
accomplish?

Developing responsible, sustainable, economically viable energy policy that will help Pueblo move into the future.

4. List any other items
that might be useful in
consideration for your
appointment to this
Board or Commission.

I am a proud resident that wants the absolute best for my children, grandchildren, and for each of our residents' families as well. This would be my first foray into the realm as a citizen on the municipal level, and I would be honored to serve.
