TO ALL MEMBERS OF THE PUEBLO POLICE DEPARTMENT:

The accompanying document is the official Pueblo Police Department Policy Manual.

I am proud to present this newest edition of the Pueblo Police Department Policy Manual. The Policy Manual has been designed to ensure that our employees have information available to guide them in making the best possible decisions while they provide their services in a professional and lawful manner.

All employees of the Department are to conform to the rules and provisions contained herein. All existing manuals, orders, and other regulations which are in conflict with the contents of the Policy Manual are hereby revoked.

It is a reality in law enforcement that "change is a constant". In order to keep up with the changes that affect us, we must ensure that our policies and procedures reflect current practices. This manual, and its subsequent revisions, will help us to keep pace with the changes in our society.

Certain core principles should never change. We, the members of the Pueblo Police Department will continue to provide police services with a sense of commitment, character, and excellence that our citizens have rightfully come to expect.

Approved and adopted January 1, 2013 with revisions through May 4, 2015.

Dr. Luis Velez

200.3.2 UNITY OF COMMAND

The principles of unity of command ensure efficient supervision and control within the Department. Generally, each employee shall be accountable to one supervisor at any time for a given assignment or responsibility. Except where specifically delegated authority may exist by policy or special assignment, any supervisor may temporarily direct any subordinate if an operational necessity exists.

Members shall respond to and make a good faith and reasonable effort to comply with lawful orders of superior officers and other proper authority.

200.3.4 UNLAWFUL AND CONFLICTING ORDERS

No member is required to obey any order that outwardly appears to be in direct conflict with any federal law, state law or local ordinance. If the legality of an order is in doubt, the affected member shall ask the issuing supervisor to clarify the order or confer with a higher authority. Responsibility for refusal to obey rests with the member, who shall subsequently be required to justify the refusal.

Unless it would jeopardize the safety of any individual, members who are presented with an order that is in conflict with a previous order, department policy or other directive, shall respectfully inform the issuing supervisor of the conflict. The issuing supervisor is responsible for either resolving the conflict or clarifying that the order is intended to countermand the previous order or directive, in which case the member is obliged to comply. In all instances where a superior officer relieves a subordinate officer or detective, that superior officer will assume control and accept responsibility for the situation. For single operations involving personnel of different divisions, command protocol will normally be the senior ranking member, unless command is determined by a specific directive.

Major incidents or investigations will be the responsibility of the supervisor of the officer initially handling or assigned the call until such responsibility is relinquished to another supervisor or assumed by a higher ranking officer.

204.1.1 DEPARTMENTAL DIRECTIVE PROTOCOL

Departmental Directives will be incorporated into the manual, as required upon approval of the staff. Departmental Directives will modify existing policies or create a new policy as appropriate and will be rescinded upon incorporation into the manual.

Any Departmental Directives issued after publication of the manual shall be numbered consecutively starting with the last two digits of the year, followed by the number "01." For example, 11-01 signifies the first Departmental Directive for the year 2011.

204.1.2 SPECIAL ORDERS PROTOCOL

Special Orders establish a temporary policy or procedure on a given subject for a specific length of time. Special Orders are issued to the organization as a whole, to a bureau, to a unit or to an individual. Special Orders become inoperative with the passing of the incident or situation that caused the order to be issued.

204.2 RESPONSIBILITIES

204.2.1 STAFF

The staff shall review and approve revisions of the Policy Manual, which will incorporate changes originally made by a Departmental Directive.

204.2.2 CHIEF OF POLICE

The Chief of Police or the authorized designee shall issue all Departmental Directives and Special Orders.

204.3 ACCEPTANCE OF DEPARTMENTAL DIRECTIVE

All employees are required to read and obtain any necessary clarification of all Departmental Directive. All employees are required to acknowledge in writing the receipt and review of any new Departmental Directive. Signed acknowledgement forms and/or e-mail receipts showing an employee's acknowledgement will be maintained by the Training Sergeant.

Emergency Management Plan

206.1 PURPOSE AND SCOPE

In compliance with the State of Colorado Emergency Operations Plan, the City has prepared or adopted an Emergency Operations Plan (CRS § 24-33.5-707). This plan provides guidance and is to be used by all work groups and employees in the event of a major disaster, civil disturbance, mass arrest or other emergency event. The plan provides for a strategic response by all employees and assigns specific responsibilities in the event the plan is activated.

206.2 ACTIVATING THE EMERGENCY OPERATIONS PLAN

The Emergency Operations Plan can be activated in a number of ways. For the Police Department, the Chief of Police or the highest ranking official on-duty may activate the Emergency Operations Plan in response to a major emergency.

206.2.1 RECALL OF PERSONNEL

In the event that the Emergency Operations Plan is activated, all employees of the Pueblo Police Department are subject to immediate recall. Employees may also be subject to recall during extraordinary circumstances as deemed necessary by the Chief of Police or the authorized designee.

Failure to promptly respond to an order to report for duty may result in discipline.

206.3 LOCATION OF THE EMERGENCY OPERATIONS PLAN

The Emergency Operations Plan will be maintained on the Department Intranet site. All supervisors should familiarize themselves with the Emergency Operations Plan and the roles personnel will play when the plan is implemented.

The State of Colorado Emergency Operations Plan and additional regional information can be found on the Colorado Department of Local Affairs, Division of Emergency Management website.

206.4 UPDATING THE PLAN

The Chief of Police or the authorized designee shall review and update, if necessary, the Emergency Operations Plan at least once every two years to ensure it conforms to any revisions made by the National Incident Management System (NIMS) and the Standardized Emergency Management System (SEMS), and that any needed revisions are appropriately addressed.

206.5 PLAN REVIEW

At least once every two years, the Department should conduct a review of the Emergency Operations Plan and responses, incorporating a full or partial exercise, tabletop or command staff discussion.

Training Policy

208.1 PURPOSE AND SCOPE

It is the policy of this department to administer a training program that will meet the standards of federal, state, local and POST training requirements. It is a priority of this department to provide continuing education and training for the professional growth and progressive development of its personnel. By doing so, the Department will ensure its personnel possess the knowledge and skills necessary to provide a professional level of service that meets the needs of the public.

208.1.1 PRE-APPOINTMENT TRAINING

This department requires all candidates for employment as officers to complete an approved Colorado basic academy pursuant to CRS § 24-31-305 before performing duties of a certified peace officer, as defined by CRS § 16-2.5-102. Officers may alternatively obtain a provisional certificate prior to appointment or otherwise meet the training and certification standards within the parameters, extensions and exceptions set by POST (CRS § 24-31-308 and CRS § 30-10-501.6 (1)).

208.2 PHILOSOPHY

The Department seeks to provide ongoing training and encourages all personnel to participate in advanced training and formal education on a continual basis. Training is provided within the confines of funding, requirements of a given assignment, staffing levels and legal mandates. Whenever reasonably possible, the Department will use courses certified by the Colorado POST Board or other regulatory or nationally recognized entities.

208.3 OBJECTIVES

The objectives of the training program are to:

- (a) Enhance the level of law enforcement service to the public.
- (b) Increase the technical expertise and overall effectiveness of department personnel.
- (c) Provide for continued professional development of department personnel.
- (d) Assist in compliance with statutory requirements.

208.4 TRAINING PLAN

It is the responsibility of the Training Sergeant to develop, review, update and maintain a training plan and to ensure that mandated basic, in-service and department-required training is completed by all employees. The plan shall include a systematic and detailed method for recording and logging of all training for all personnel. While updates and revisions may be made to any portion of the training plan at any time it is deemed necessary, the Training Sergeant shall review the entire training plan on an annual basis. The plan will include information on curriculum, training material, training facilities, course and student scheduling. The plan will address the state-required, minimum-mandated training of certified officers or hiring of civilian employees.

Pueblo Police Department

Policy Manual

Training Policy

Training listed may be provided in basic training programs. The Training Sergeant is responsible for ensuring members of the Department have been trained as required.

208.5 TRAINING NEEDS ASSESSMENT

The Training Section will conduct an annual training needs assessment and complete a report of the training needs assessment, including recommendations from department members. The training needs assessment report will be provided to the Chief of Police and staff. Upon review and approval by the Chief of Police, the needs assessment will form the basis for the training plan for the following fiscal year.

208.6 TRAINING PROCEDURES

- (a) All employees assigned to attend training shall attend as scheduled unless previously excused by their immediate supervisor. Excused absences from mandatory training should be limited to the following:
 - 1. Court appearances
 - 2. First and second choice vacation
 - 3. Sick leave
 - 4. Emergency situations
- (b) When an employee is unable to attend mandatory training, that employee shall:
 - 1. Notify his/her supervisor as soon as possible but no later than one hour prior to the start of training.
 - 2. Document his/her absence in a memorandum to his/her supervisor.
 - 3. Make arrangements through his/her supervisor and the Training Sergeant to attend the required training on an alternate date.

208.7 DAILY TRAINING BULLETINS

The Lexipol Daily Training Bulletins (DTBs) are contained in a web-accessed system that provides training on the Policy Manual and other important topics. Generally, one training bulletin is available for each day of the month. However, the number of DTBs may be adjusted by the Community Services Sergeant.

Personnel assigned to participate in DTBs shall only use login credentials assigned to them by the Community Services Sergeant. Personnel should not share their password with others and should frequently change their password to protect the security of the system. After each session, employees should log off the system to prevent unauthorized access. The content of the DTBs is copyrighted material and shall not be shared with others outside of the Department.

Employees who are assigned to participate in the DTB program should complete each DTB at the beginning of their shift or as otherwise directed by their supervisor. Employees assigned to

Training Policy

participate in the DTB program shall complete all DTBs for each month by the end of the seventh day on the following month (e.g., January DTBs must be completed by 2359 hours on February 7th) unless prior approval is obtained by the employee's supervisor or the employee is on extended leave. Personnel will be required to complete DTBs missed during extended absences (e.g., vacation, medical leave) upon returning to duty. Although the DTB system can be accessed from any Internet active computer, employees shall only take DTBs as part of their on-duty assignment, unless directed otherwise by a supervisor.

Supervisors will be responsible for monitoring the progress of personnel under their command to ensure compliance with this policy.

208.8 TRAINING RECORDS

The Training Sergeant is responsible for the creation, filing and storage of all training records. Training records shall be retained in compliance with the current records retention schedule.

208.9 FIELD TRAINING PROGRAM

The Department shall establish and maintain a field training program for recruit police officers that is of sufficient duration to provide for the adequate orientation and training of the new peace officer in the lawful operations of the Department. The program shall establish procedures for the selection, appointment and training of training officers and supervisors, the daily evaluation of recruits participating in the program and the rotation of recruits to provide for the objective evaluation of their performance. See the Police Training Officer Program Policy for further information.

208.10 SPECIALIZED TRAINING

Captains supervising specialized assignments shall arrange for newly assigned personnel to receive training, and periodic retraining, as is deemed necessary, to develop and/or enhance skills, knowledge and abilities particular to the specialized assignment. Such training may be conducted within the specialized unit, at approved outside sources, or by arrangement with the Training Section. Documentation of all such training shall be forwarded to and maintained by the Training Section.

208.11 OUTSIDE SCHOOLS AND TRAINING SESSIONS

Requests to attend any approved school will be evaluated utilizing the following criteria:

- (a) The candidate's assignment
- (b) The candidate's previous training and interest
- (c) The candidate's length of service with the Department and projected future service with the Department
- (d) Available funding in the Department's budget
- (e) Other considerations deemed applicable on an individual basis

Pueblo Police Department

Policy Manual

Training Policy

Individual schools will be selected through utilization of such criteria as quality, cost, length, travel costs, etc. Nothing in this section is intended, nor should it be construed to create any entitlement whatsoever, with respect to attendance at any school or training.

208.12 ADVANCED TRAINING

The term "advanced training" as used in this section refers to the type of training offered at the FBI National Academy, the FBI Law Specialist School, the Southern Police Institute, the Northwestern University Traffic Institute, and other such advanced training facilities. Personnel who meet the following qualifications may submit a written request through the chain of command to the Chief of Police to attend any advanced training course:

- (a) The member must have completed five years of service with the Pueblo Police Department,
- (b) The member must have attained at least the rank of Police Sergeant or equivalent, and
- (c) The member must meet all academic, physical, medical and background requirements established by the agency providing the training.

The final decision regarding selection and attendance shall be that of the Chief of Police.

208.13 CIVILIAN PERSONNEL TRAINING

Immediately after being accepted for employment with the Pueblo Police Department, all civilian (non sworn) personnel shall be provided with training which shall include, at a minimum, the following:

- (a) Orientation to the Department's purpose, mission, goals, objectives, policies, and procedures.
- (b) Orientation to the Department's orders, rules, regulations, instructions, and working conditions.
- (c) Responsibilities and rights of employees, expectations of management, etc.
- (d) Orientation to the particular job they are to perform, methods and procedures.

Captains are responsible for providing said training in a manner consistent with the requirements of this manual. Dispatchers and civilian personnel assigned to specialized units (Criminal Investigation Division, Identification Section, Narcotics/Vice Section, etc.) in which specialized tasks must be performed, shall be provided additional training applicable to the particular functions they must perform. Dispatchers shall be completely and thoroughly oriented to, and tested in, radio procedure prior to assuming duties in the Communications Center. Specialized training may be provided within the units of assignment at an approved outside training facility or by arrangement with the Training Section. Documentation of all civilian employee training shall be forwarded to and maintained by the Training Section.

Training Policy

208.14 OUTSIDE TRAINING REQUESTS

Employees who wish to attend outside training shall submit the following to the Chief of Police, via chain of command, in an electronic format via email:

- (a) Official informational literature or flyers pertaining to the training, if available,
- (b) An Advance Travel Request Form, and
- (c) An Outside Training Request Form.

Requests to attend outside training will be considered by the Chief of Police and then forwarded, with an approval/disapproval, to the appropriate Bureau Chief for notification of the affected employee, and to the Training Section for record maintenance. In keeping with concerns for employees personal lives and sleep cycles as well as generally accepted rest requirements for optimal learning, employees will generally not be approved to attend outside training and work their normal shift. The employee should either attend training on a given day, or work their shift, but not both. Captains are encouraged to substitute training hours for normal shift hours, where manpower requirements allow. The decision to approve or decline any given training will be based on information contained in this package as well as on any of the criteria set forth in this policy.

All required forms will be maintained on the Department's Intranet site.

Electronic Mail

212.1 PURPOSE AND SCOPE

All Department employees must be familiar, and comply with the Citywide Information Technology Policy ("IT Policy"). The purpose of this policy is to summarize the guidelines more specifically set forth in the IT Policy for the proper use and application of the electronic mail (e-mail) system provided by the Department. This policy is not meant to replace the IT Policy and should any provisions of this policy conflict with the IT Policy, the IT Policy shall control.

E-mail is a communication tool available to employees to enhance efficiency in the performance of job duties. It is to be used in accordance with the IT Policy as well as generally accepted business practices and current law. Messages transmitted over the e-mail system must only be those that involve official business activities or that contain information essential to employees for the accomplishment of business-related tasks and/or communications directly related to the business, administration or practices of the Department.

212.2 E-MAIL RIGHT OF PRIVACY

All e-mail messages, including attachments, transmitted over the department networks or through a web browser accessing the department system are considered department records and therefore are the property of the City. Pursuant to the provisions of the IT Policy, the Department reserves the right to access, audit and disclose for any lawful reason, all messages, including attachments, transmitted or received through its e-mail system or placed into its storage.

The e-mail system is not a confidential system and therefore is not appropriate for confidential communications. If a communication must be confidential, an alternate method to communicate the message should be used. Employees using the department e-mail system shall have no expectation of privacy concerning communications transmitted over the system.

Employees should not use personal accounts to exchange e-mail or other information that is related to the official business of the Department.

212.3 PROHIBITED USE OF E-MAIL

Sending derogatory, defamatory, obscene, disrespectful, sexually suggestive, harassing or any other inappropriate messages on the e-mail system is prohibited and may result in discipline.

E-mail messages addressed to the entire Department are only to be used for official business-related items that are of particular interest to all users. All e-mail is subject to review and scrutiny with regard to appropriate content or violation of any prohibitions. In the event that a user has questions about sending a particular e-mail communication, the user should seek prior approval from his or her supervisor. Personal advertisements or announcements are not permitted.

It is a violation of this policy to transmit a message under another user's name or e-mail address or to use the password of another to log into the system. Users are required to log off the network

Electronic Mail

or secure the workstation when the computer is unattended. This added security measure would minimize the misuse of an individual's e-mail, name and/or password.

212.4 MANAGEMENT OF E-MAIL

E-mail shall be considered official department correspondence. Department members are responsible for reading their e-mail and responding when appropriate. Department members shall read their e-mail one time per shift, at a minimum, and send required responses in a timely manner.

Because the end user e-mail system is not designed for, nor does it support, long-term retention and archiving of messages, e-mail that an employee desires to save or that requires retention because it has significant administrative, fiscal, legal or historical value should be printed and/or stored in another database designed for long-term storage and retrieval. Users of email are solely responsible for the management of their mailboxes. Messages should be purged manually by the user on a regular basis. The City will purge messages pursuant to the IT Policy.

212.5 E-MAIL RECORD MANAGEMENT

E-mail may, depending upon the individual content, be a record under the Colorado Open Records Act and must be managed in accordance with the organization's adopted records retention, archiving and destruction policy in compliance with state law (CRS § 24-72-201 to 24-72-309).

212.6 UNION POSTINGS

Notwithstanding any provision of this policy to the contrary, the recognized collective bargaining agent for police officers acting by and through its President or designee thereof shall be allowed to submit email messages addressed to the entire Department for the limited purpose of providing the following types of notice:

- (a) Notice of Union meetings;
- (b) Notice of Union elections;
- (c) Notice of Union appointments and results of Union elections; and
- (d) Notice of Union recreational or social affairs.

Any such notice shall be submitted for review of and approval by the Chief of Police for compliance with the foregoing limitations prior to it being distributed.

Administrative Communications

214.1 PURPOSE AND SCOPE

Administrative communications of this department are governed by the following policies.

214.2 DEPARTMENT E-MAILS

Department E-mails may be issued periodically by the Chief of Police or the authorized designee to announce and document all promotions, transfers, hiring of new personnel, separations, individual and group awards and commendations or other changes in status.

214.3 CORRESPONDENCE

To ensure that the letterhead and name of the Department are not misused, all official external correspondence shall be on Department letterhead. Official correspondence and use of letterhead requires approval of a supervisor. Department letterhead may not be used for personal purposes.

Internal correspondence should use appropriate memorandum forms and / or e-mail. These may be from line employee to employee, supervisor to employee or any combination of employees.

214.4 SURVEYS

All surveys made in the name of the Department shall be authorized by the Chief of Police or the authorized designee or a Bureau Chief.

214.5 OTHER COMMUNICATIONS

Departmental Directives and other communications necessary to ensure the effective operation of the Department shall be issued by the Chief of Police or the authorized designee or Bureau Chiefs.

Supervision Staffing Levels

216.1 PURPOSE AND SCOPE

The purpose of this policy is to ensure that proper supervision is available for all shifts. The Department intends to balance the employee's needs against its need and inherent managerial right to have flexibility and discretion in using personnel to meet operational needs. While balance is desirable, the paramount concern is the need to meet the operational requirements of the Department.

216.2 MINIMUM STAFFING LEVELS

Minimum staffing levels shall generally apply to the Patrol Division and shall be left to the discretion of the Watch Commander or higher authority.

216.2.1 SUPERVISION DEPLOYMENTS

It shall be the policy of this Department to fill the below critical positions, when necessary, in the absence of regular assigned personnel for these positions:

- (a) Patrol Watch Commander
- (b) Patrol Sergeant

When a foreseeable absence is to occur in any of the above positions for two or more shifts of duty, the positions will be filled by qualified personnel in an acting capacity and in conformance with Department directives.

In all other divisions and sections within the Department, the Bureau Chief will determine the need for an acting commander or supervisor. The Bureau Chief's decision will be based on the need for command decisions or supervision during the short-term absence as well as other considerations (e.g., the projected length of time the commander or supervisor will be absent, the availability of personnel and the ability of other commanders to absorb the additional supervisory or command responsibilities).

During the normal off-duty hours of commanders and supervisors in all sections or divisions which are operational more than one shift, the administrative, supervisory and command responsibilities will be absorbed by a patrol sergeant and/or Watch Commander. The patrol sergeants and Watch Commanders cannot be expected to have expertise in all areas of the Department, and in cases where the need for an operational decision exists, assistance should be sought from other supervisors or from higher command authority.

Retiree Concealed Firearms

220.1 PURPOSE AND SCOPE

The purpose of this policy is to outline the policy of the Pueblo Police Department regarding concealed weapon permits for retired officers.

220.2 QUALIFIED RETIREES

The Pueblo Police Department will not issue, monitor, manage, suspend or revoke concealed weapon permits to/for retired officers. Retired officers residing in the City of Pueblo are directed to the Pueblo County Sheriff's Office for all aspects of concealed weapon permits, including application, qualification and renewal.

Chapter 3 - General Operations

Use of Force

300.1 PURPOSE AND SCOPE

This policy provides guidelines on the reasonable use of force. While there is no way to specify the exact amount or type of reasonable force to be applied in any situation, every member of this department is expected to use these guidelines to make such decisions in a professional, impartial and reasonable manner.

300.1.1 DEFINITIONS

Definitions related to this policy include:

Deadly force - Force reasonably anticipated and intended to create a substantial likelihood of causing death or very serious injury.

Force - The application of physical techniques or tactics, chemical agents or weapons to another person. It is not a use of force when a person allows him/herself to be searched, escorted, handcuffed or restrained.

300.2 POLICY

The use of force by law enforcement personnel is a matter of critical concern, both to the public and to the law enforcement community. Officers are involved on a daily basis in numerous and varied interactions and, when warranted, may use reasonable force in carrying out their duties.

Officers must have an understanding of, and true appreciation for, their authority and limitations. This is especially true with respect to overcoming resistance while engaged in the performance of law enforcement duties.

The Department recognizes and respects the value of all human life and dignity without prejudice to anyone. Vesting officers with the authority to use reasonable force and to protect the public welfare requires monitoring, evaluation and a careful balancing of all interests.

300.2.1 DUTY TO INTERCEDE

Any officer present and observing another officer using force that is clearly beyond that which is objectively reasonable under the circumstances shall, when in a position to do so, intercede to prevent the use of unreasonable force. An officer who observes another employee use force that exceeds the degree of force permitted by law should promptly report these observations to a supervisor.

300.2.2 REPORTING

An officer who witnesses another peace officer using force in excess of that permitted pursuant to CRS § 18-8-802 must report such use of force to a supervisor. Subsequent written notification shall be within 10 days of the occurrence and include the date, time and place of the occurrence, the identity, if known, and description of the participants, and a description of the events and the force used (CRS § 18-8-802(1)(b)).

Use of Force

300.3 USE OF FORCE

Officers shall use only that amount of force that reasonably appears necessary given the facts and circumstances perceived by the officer at the time of the event to accomplish a legitimate law enforcement purpose.

The reasonableness of force will be judged from the perspective of a reasonable officer on the scene at the time of the incident. Any evaluation of reasonableness must allow for the fact that officers are often forced to make split-second decisions about the amount of force that reasonably appears necessary in a particular situation, with limited information and in circumstances that are tense, uncertain and rapidly evolving.

Given that no policy can realistically predict every possible situation an officer might encounter, officers are entrusted to use well-reasoned discretion in determining the appropriate use of force in each incident.

It is also recognized that circumstances may arise in which officers reasonably believe that it would be impractical or ineffective to use any of the tools, weapons or methods provided by the Department. Officers may find it more effective or reasonable to improvise their response to rapidly unfolding conditions that they are confronting. In such circumstances, the use of any improvised device or method must nonetheless be reasonable and utilized only to the degree that reasonably appears necessary to accomplish a legitimate law enforcement purpose.

While the ultimate objective of every law enforcement encounter is to avoid or minimize injury, nothing in this policy requires an officer to retreat or be exposed to possible physical injury before applying reasonable force.

300.3.1 USE OF FORCE TO EFFECT AN ARREST

Any officer is justified in using reasonable and appropriate physical force upon another person when and to the extent that he/she reasonably believes it necessary (CRS § 18-1-707(1)):

- (a) To effect an arrest or to prevent the escape from custody of an arrested person, unless he/she knows that the arrest is unauthorized.
- (b) To defend him/herself or a third person from what the officer reasonably believes to be the use, or imminent use, of physical force while effecting or attempting to effect the arrest of a suspect or while preventing or attempting to prevent the escape of a suspect.

Officers shall not apply force in excess of the force permitted by CRS § 18-8-803 to a person who has been rendered incapable of resisting arrest.

300.3.2 FACTORS USED TO DETERMINE THE REASONABLENESS OF FORCE

When determining whether to apply force and evaluating whether an officer has used reasonable force, a number of factors should be taken into consideration, as time and circumstances permit. These factors include, but are not limited to:

- (a) Immediacy and severity of the threat to officers or others.

Pueblo Police Department

Policy Manual

Use of Force

- (b) The conduct of the individual being confronted, as reasonably perceived by the officer at the time.
- (c) Officer/subject factors (age, size, relative strength, skill level, injuries sustained, level of exhaustion or fatigue, the number of officers available vs. subjects).
- (d) The effects of drugs or alcohol.
- (e) Subject's mental state or capacity.
- (f) Proximity of weapons or dangerous improvised devices.
- (g) The degree to which the subject has been effectively restrained and his/her ability to resist despite being restrained.
- (h) The availability of other options and their possible effectiveness.
- (i) Seriousness of the suspected offense or reason for contact with the individual.
- (j) Training and experience of the officer.
- (k) Potential for injury to officers, suspects and others.
- (l) Whether the person appears to be resisting, attempting to evade arrest by flight or is attacking the officer.
- (m) The risk and reasonably foreseeable consequences of escape.
- (n) The apparent need for immediate control of the subject or a prompt resolution of the situation.
- (o) Whether the conduct of the individual being confronted no longer reasonably appears to pose an imminent threat to the officer or others.
- (p) Prior contacts with the subject or awareness of any propensity for violence.
- (q) Any other exigent circumstances.

300.3.3 USE OF FORCE CONTINUUM

Officers of the Pueblo Police Department shall follow the principles of the Use of Force Continuum using the Dynamic Resistance Model. The continuum describes an escalation of force that is based on an escalation of resistance. The more resistance a subject offers, the more force and the more options of force may be exercised. When resistance stops, the officer must de-escalate, but only after temporary control is obtained, as in handcuffing. In all cases, control is a perception based on training and experience. Officers do not have to enter the Use of Force Continuum at the lowest possible level. They may enter anywhere to maintain their safety or to control the subject, as long as they mentally consider the lower options. This judgment is also based on training and experience.

The Use of Force Continuum can be seen as several general levels:

- Presence/Appearance: This reflects the officer's demeanor, attitude and the legal right to be present.

Pueblo Police Department

Policy Manual

Use of Force

- **Voice (Tactical Communication Skills):** This requires a show of authority by communication with verbal and non-verbal dialog. The subject must be informed of what is required and given a chance to comply. Non-verbal dialog includes assuming an empty hand defensive position, as well as the display of a defensive weapon.
- **Soft Control Techniques:** When the subject fails to respond to verbal direction or resists in a defensive manner, the officer seeks compliance by the use of physical means. This could include empty hand control, pressure compliance holds, blocking, restraining, controlling or escorting holds.
- **Control and Compliance Tools:** This level directs the use of more aggressive techniques, as well as using defensive weapons against the subject's resistance. The subject has become an aggressor, attacks the officer, or there is fear for the safety of the officer and others. Tools include Oleoresin Capsicum (OC) spray, Electronic Control Devices (TASER®), batons (when baton controlling techniques are used for pain compliance, not as an impact weapon), etc.
- **Chemical Agent:** Chemical agents and their delivery systems defined as special weapons in the Duty Firearms Policy and delivered by the Tactical Services Group.
- **Hard Control Techniques:** When the above listed techniques are ineffective, or the subject becomes more aggressive, the officer seeks compliance by additional physical means. This could include strikes, kicks, stuns or take downs.
- **Impact Weapon:** This level directs the officer to use more aggressive techniques, as well as other defensive weapons against the subject's resistance. This may include multiple aggressors, a subject armed with clubs, chains, rocks or bottles, or an unarmed subject that cannot be controlled by other means. The officer may respond with non-lethal or lethal force, depending on the situation. In an urgent situation, it is possible for many things to be used as an impact weapon. Any object used to exert physical force upon a person must be justified and must conform to the force continuum. Examples of impact weapons are the baton and kinetic energy projectiles.
- **Lethal Force:** The final level or situation requires the use of additional tactics or tools against armed subjects who possess guns, knives, or other instruments; or any subject capable of inflicting serious bodily injury or death. This level allows for the use of non-lethal or the lethal force option.

300.3.4 DYNAMIC RESISTANCE MODEL

The Use of Force Continuum uses a model which requires selection of the least violent means available relative to the situation. The officer relies upon reasoned discretion in terms of the use of force options. Which option officers use depends on many factors, but the option is generally dictated by the amount of resistance offered by the subject. This places the officer in the center of the situation. Depending upon the situation, the officer is trained to select the appropriate force option. If the situation should worsen or improve, then the officer is trained to re-evaluate the

Use of Force

situation and select a more appropriate force option based on the officer's knowledge, skills and ability to justify the force used.

The Dynamic Resistance Model requires selection of the least forceful means available, relative to the situation. The officer relies upon reasoned discretion in making the selection.

300.4 DEADLY FORCE APPLICATIONS

Use of deadly force is justified in the following circumstances:

- (a) An officer may use deadly force to protect him/herself or others from what he/she reasonably believes would be an imminent threat of death or serious bodily injury.
- (b) An officer may use deadly force to stop a fleeing subject when the officer has probable cause to believe that the person has committed, or intends to commit, a felony involving the infliction or threatened infliction of serious bodily injury or death, and the officer reasonably believes that there is an imminent risk of serious bodily injury or death to any other person

Pueblo Police Department

Policy Manual

Use of Force

if the subject is not immediately apprehended. Under such circumstances, a verbal warning should precede the use of deadly force, where feasible.

Imminent does not mean immediate or instantaneous. An imminent danger may exist even if the suspect is not at that very moment pointing a weapon at someone. For example, an imminent danger may exist if an officer reasonably believes any of the following:

1. The person has a weapon or is attempting to access one and it is reasonable to believe the person intends to use it against the officer or another.
2. The person is capable of causing serious bodily injury or death without a weapon and it is reasonable to believe the person intends to do so.

300.4.1 SHOOTING AT OR FROM MOVING VEHICLES

Shots fired at or from a moving vehicle are rarely effective. Officers should move out of the path of an approaching vehicle instead of discharging their firearm at the vehicle or any of its occupants. An officer should only discharge a firearm at a moving vehicle or its occupants when the officer reasonably believes there are no other reasonable means available to avert the threat of the vehicle, or if deadly force other than the vehicle is directed at the officer or others.

Officers should not shoot at any part of a vehicle in an attempt to disable the vehicle.

300.5 REPORTING THE USE OF FORCE

Any use of force by a member of this department shall be documented promptly, completely and accurately in an appropriate report. The officer should articulate the factors perceived and why he/she believed the use of force was reasonable under the circumstances. To collect data for purposes of training, resource allocation, analysis and related purposes, the Department may require the completion of additional report forms, as specified in department policy, procedure or law.

300.5.1 NOTIFICATION TO SUPERVISORS

Supervisory notification shall be made as soon as practicable following any application of force. Examples of circumstances in which supervisor notification is required include, but are not limited to, the following:

- (a) The application caused a visible injury.
- (b) The application would lead a reasonable officer to conclude that the individual may have experienced more than momentary discomfort.
- (c) The individual subjected to the force complained of injury or continuing pain.
- (d) The individual indicates intent to pursue litigation.
- (e) Any application of an TASER ® device or control device.
- (f) Any application of a restraint device other than handcuffs, shackles or belly chains.
- (g) The individual subjected to the force was rendered unconscious.

Use of Force

- (h) An individual was pushed or shoved.
- (i) An individual was struck or kicked.
- (j) An individual was taken to the ground.
- (k) An individual alleges any of the above has occurred.

300.6 MEDICAL CONSIDERATION

Prior to booking or release, medical assistance shall be obtained for any person who exhibits signs of physical distress, who has sustained visible injury, expresses a complaint of injury or continuing pain, or who was rendered unconscious. Any individual exhibiting signs of physical distress after an encounter should be continuously monitored until he/she can be medically assessed.

Based upon the officer's initial assessment of the nature and extent of the subject's injuries, medical assistance may consist of examination by fire personnel, paramedics, hospital staff or medical staff at the jail. If any such individual refuses medical attention, such a refusal shall be fully documented in related reports and, whenever practicable, should be witnessed by another officer and/or medical personnel. If a recording is made of the contact or an interview with the individual, any refusal should be included in the recording, if possible.

The on-scene supervisor, or if not available, the primary handling officer shall ensure that any person providing medical care or receiving custody of a person following any use of force is informed that the person was subjected to force. This notification shall include a description of the force used and any other circumstances the officer reasonably believes would be potential safety or medical risks to the subject (e.g., prolonged struggle, extreme agitation, impaired respiration).

Persons who exhibit extreme agitation, violent irrational behavior accompanied by profuse sweating, extraordinary strength beyond their physical characteristics and imperviousness to pain (sometimes called "excited delirium"), or who require a protracted physical encounter with multiple officers to be brought under control, may be at an increased risk of sudden death. Calls involving these persons should be considered medical emergencies. Officers who reasonably suspect a medical emergency should request medical assistance as soon as practicable and have medical personnel stage away if appropriate.

300.7 SUPERVISOR RESPONSIBILITY

When a supervisor is notified of an incident in which there has been a reported application of force, the supervisor is expected to:

- (a) Obtain the basic facts from the involved officers. Absent an allegation of misconduct or excessive force, this will be considered a routine contact in the normal course of duties.
- (b) Ensure that any injured parties are examined and treated.
- (c) When possible, separately obtain a recorded interview with the subject upon whom force was applied. If this interview is conducted without the person having voluntarily waived his/

Use of Force

her *Miranda* rights, the content of the interview should not be summarized or included in any related criminal charges.

- (d) Once any initial medical assessment has been completed or first aid has been rendered, ensure that photographs have been taken of any areas involving visible injury or complaint of pain, as well as overall photographs of uninjured areas. These photographs should be retained until all potential for civil litigation has expired.
- (e) Identify and interview any witnesses not already included in related reports.
- (f) Review all body-worn camera recordings that captured the incident.
- (g) Review and approve all related reports.
- (h) Evaluate the circumstances surrounding the incident and initiate an administrative investigation if there is a question of policy non-compliance or if for any reason further investigation may be appropriate.
- (i) Complete the required Response to Aggression/Resistance Report.
- (j) Submit entire package to his/her immediate supervisor for review.

In the event that a supervisor is unable to respond to the scene of an incident involving the reported application of force, the supervisor is still expected to complete as many of the above items as circumstances permit.

300.8 TRAINING

Officers will receive periodic training on this policy and demonstrate their knowledge and understanding.

Handcuffing and Restraints Policy

306.1 PURPOSE AND SCOPE

This policy provides guidelines for the use of handcuffs and other restraints during detentions and arrests.

306.2 POLICY

The Pueblo Police Department authorizes the use of restraint devices in accordance with this policy, the Use of Force Policy and department training. Restraint devices shall not be used to punish, to display authority or as a show of force.

306.3 USE OF RESTRAINTS

Only members who have successfully completed Pueblo Police Department-approved training on the use of restraint devices described in this policy are authorized to use these devices.

When deciding whether to use any restraint, officers should carefully balance officer safety concerns with factors that include, but are not limited to:

- The circumstances or crime leading to the arrest.
- The demeanor and behavior of the arrested person.
- The age and health of the person.
- Whether the person is known to be pregnant.
- Whether the person has a hearing or speaking disability. In such cases, consideration should be given, safety permitting, to handcuffing to the front in order to allow the person to sign or write notes.
- Whether the person has any other apparent disability.

306.3.1 RESTRAINT OF DETAINEES

Situations may arise where it may be reasonable to restrain an individual who may, after brief investigation, be released without arrest. Unless arrested, the use of restraints on detainees should continue only for as long as is reasonably necessary to assure the safety of officers and others. When deciding whether to remove restraints from a detainee, officers should continuously weigh the safety interests at hand against the continuing intrusion upon the detainee.

306.3.2 RESTRAINT OF PREGNANT PERSONS

Persons who are known to be pregnant should be restrained in the least restrictive manner that is effective for officer safety.

No person who is in labor shall be handcuffed or restrained except in extraordinary circumstances and only when a supervisor makes an individualized determination that such restraints are necessary to prevent escape or injury.

Handcuffing and Restraints Policy

306.3.3 RESTRAINT OF JUVENILES

Officers are permitted to restrain juveniles in the same manner as adults, except that runaways and status offenders may not be handcuffed to stationary objects. Officers should consider the following factors when deciding whether or not to handcuff juveniles:

- (a) The seriousness of the crime
- (b) The juvenile's demeanor
- (c) The juvenile's desire or risk of escape
- (d) The juvenile's desire to injure him/herself
- (e) The juvenile's desire to destroy property
- (f) Safety concerns to the public or the officer

Officers should use the least restrictive among reasonable alternatives when deciding whether or not to restrain juveniles.

306.3.4 NOTIFICATIONS

Whenever an officer transports a person with the use of restraints other than handcuffs, the officer shall inform the detention facility staff upon arrival at the detention facility that restraints were used. This notification should include information regarding any other circumstances the officer reasonably believes would be potential safety concerns or medical risks to the subject (e.g., prolonged struggle, extreme agitation, impaired respiration) that may have occurred prior to, or during transportation to the detention facility.

306.4 APPLICATION OF HANDCUFFS OR PLASTIC CUFFS

Handcuffs, including temporary nylon or plastic cuffs, may be used only to restrain a person's hands to ensure officer safety.

Although recommended for most arrest situations, handcuffing is discretionary and not an absolute requirement of the Department. Officers should consider handcuffing any person they reasonably believe warrants that degree of restraint. However, officers should not conclude that in order to avoid risk every person should be handcuffed, regardless of the circumstances.

In most situations handcuffs should be applied with the hands behind the person's back. When feasible, handcuffs should be double-locked to prevent tightening, which may cause undue discomfort or injury to the hands or wrists.

In situations where one pair of handcuffs does not appear sufficient to restrain the individual or may cause unreasonable discomfort due to the person's size, officers should consider alternatives, such as using an additional set of handcuffs or multiple plastic cuffs.

Handcuffs should be removed as soon as it is reasonable or after the person has been searched and is safely confined within a detention facility.

Handcuffing and Restraints Policy

306.5 APPLICATION OF SPIT HOODS/MASKS/SOCKS

Spit hoods/masks/socks are temporary protective devices designed to prevent the wearer from biting and/or transferring or transmitting fluids (saliva and mucous) to others.

Spit hoods may be placed upon persons in custody when the officer reasonably believes the person will bite or spit, either on a person or in an inappropriate place. They are generally used during application of a physical restraint, while the person is restrained, or during or after transport.

Officers utilizing spit hoods should ensure that the spit hood is fastened properly to allow for adequate ventilation and that the restrained person can breathe normally. Officers should provide assistance during the movement of restrained individuals due to the potential for impaired or distorted vision on the part of the individual. Officers should avoid comingling individuals wearing spit hoods with other detainees.

Spit hoods should not be used in situations where the restrained person is bleeding profusely from the area around the mouth or nose, or if there are indications that the person has a medical condition, such as difficulty breathing or vomiting. In such cases, prompt medical care should be obtained. If the person vomits while wearing a spit hood, the spit hood should be promptly removed and discarded. Persons who have been sprayed with oleoresin capsicum (OC) spray should be thoroughly decontaminated including hair, head and clothing prior to application of a spit hood.

Those who have been placed in a spit hood should be continually monitored and shall not be left unattended until the spit hood is removed. Spit hoods shall be discarded after each use.

Only spit hoods/masks/socks approved by the Department shall be used.

306.6 APPLICATION OF AUXILIARY RESTRAINT DEVICES

Auxiliary restraint devices include transport belts, waist or belly chains, transportation chains, leg irons and other similar devices. Auxiliary restraint devices are intended for use during long-term restraint or transportation. They provide additional security and safety without impeding breathing, while permitting adequate movement, comfort and mobility.

Only department-authorized devices may be used. Any person in auxiliary restraints should be monitored as reasonably appears necessary.

306.7 APPLICATION OF LEG RESTRAINT DEVICES

Leg restraints may be used to restrain the legs of a violent or potentially violent person when it is reasonable to do so during the course of detention, arrest or transportation. Only restraint devices approved by the Department shall be used.

In determining whether to use the leg restraint, officers should consider:

- (a) Whether the officer or others could be exposed to injury due to the assaultive or resistant behavior of a suspect.

Pueblo Police Department

Policy Manual

Handcuffing and Restraints Policy

- (b) Whether it is reasonably necessary to protect the suspect from his/her own actions (e.g., hitting his/her head against the interior of the patrol unit, running away from the arresting officer while handcuffed, kicking at objects or officers).
- (c) Whether it is reasonably necessary to avoid damage to property (e.g., kicking at windows of the patrol unit).

306.7.1 GUIDELINES FOR USE OF LEG RESTRAINTS

When applying leg restraints the following guidelines should be followed:

- (a) If practicable, officers should notify a supervisor of the intent to apply the leg restraint device. In all cases, a supervisor shall be notified as soon as practicable after the application of the leg restraint device.
- (b) Once applied, absent a medical or other emergency, restraints should remain in place until the officer arrives at the jail or other facility or the person no longer reasonably appears to pose a threat.
- (c) Once secured, the person should be placed in a seated or upright position, secured with a seat belt, and shall not be placed on his/her stomach for an extended period, as this could reduce the person's ability to breathe.
- (d) The restrained person should be continually monitored by an officer while in the leg restraint. The officer should ensure that the person does not roll onto and remain on his/her stomach.
- (e) The officer should look for signs of labored breathing and take appropriate steps to relieve and minimize any obvious factors contributing to this condition.
- (f) When transported by ambulance/paramedic unit, the restrained person should be accompanied by an officer when requested by medical personnel. The transporting officer should describe to medical personnel any unusual behaviors or other circumstances the officer reasonably believes would be potential safety or medical risks to the subject (e.g., prolonged struggle, extreme agitation, impaired respiration).

306.8 REQUIRED DOCUMENTATION

If an individual is restrained and released without an arrest, the officer shall document the details of the detention and the need for handcuffs or other restraints.

If an individual is arrested, the use of restraints other than handcuffs shall be documented in the related report. The officer should include, as appropriate:

- (a) The amount of time the suspect was restrained.
- (b) How the suspect was transported and the position of the suspect.
- (c) Observations of the suspect's behavior and any signs of physiological problems.
- (d) Any known or suspected drug use or other medical problems.

Control Devices and Techniques

308.1 PURPOSE AND SCOPE

This policy provides guidelines for the use and maintenance of control devices and the use of weaponless control techniques (techniques herein) that are described in this policy.

308.2 POLICY

In order to control subjects who are violent or who demonstrate the intent to be violent, the Pueblo Police Department authorizes officers to use control devices and techniques in accordance with the guidelines in this policy and the Use of Force Policy.

308.3 ISSUING, CARRYING AND USING CONTROL DEVICES AND TECHNIQUES

Control devices and munitions described in this policy may be carried and used by members of this department only if the devices and munitions have been issued by the Department or approved by the Chief of Police or the authorized designee. Control devices and munitions issued by the Department and/or approved by the Chief of Police or the authorized designee shall be considered authorized by the Department.

Only officers who have successfully completed department-approved training in the use of any control device or technique are authorized to carry and use the device or technique.

Only officers who have demonstrated proficiency in the use of department-authorized control devices and techniques are approved to carry and use such devices and techniques. Demonstrated proficiency includes achieving a minimum qualifying score on a prescribed course; attaining and demonstrating a knowledge of the laws concerning the use of authorized control devices and knowledge of department policies governing use of force, escalating force and deadly force; and being familiar with recognized safe-handling procedures for the use of these control devices. The instruction on and qualification with all control devices and techniques shall be provided by a certified instructor.

Control devices and techniques may be used when a decision has been made to control, restrain or arrest a subject who is violent or who demonstrates the intent to be violent, and the use of the device or technique appears reasonable under the circumstances. When reasonable, a verbal warning and opportunity to comply should precede the use of these devices and techniques.

When using control devices, officers should carefully consider potential impact areas in order to minimize injuries and unintentional targets.

308.4 RESPONSIBILITIES

All normal maintenance, charging or cleaning shall remain the responsibility of personnel using the various devices.

Any damaged, inoperative, outdated or expended department-issued control devices or munitions, along with documentation explaining the cause of the damage, shall be returned to the

Pueblo Police Department

Policy Manual

Control Devices and Techniques

designated department member responsible for the specific piece of equipment for disposition. A memorandum shall also be prepared and forwarded through the chain of command, when appropriate, explaining the cause of damage.

Individual department members will be designated as liaisons for specific control devices and munitions. These individuals will control the inventory and issuance of the control devices for which they are responsible, and shall ensure that all damaged, inoperative, outdated or expended control devices or munitions are properly disposed of, repaired or replaced.

308.5 BATON GUIDELINES

The need to immediately control a suspect must be weighed against the risk of causing serious injury. The head, neck, throat, spine, heart, kidneys and groin should not be intentionally targeted except when the officer reasonably believes the suspect poses an imminent threat of serious bodily injury or death to the officer or others.

Department members are not required to carry batons. Uniformed personnel who choose to carry batons on their person shall carry the baton in its authorized holder on the equipment belt.

Only the 26 inch straight baton (wood or polycarbonate) or the telescopic baton (up to 26 inches) are authorized for daily use. The Tactical Commander, or his/her designee, may authorize the short-term distribution of department-owned 36 inch batons for deployment in riot control situations, to be used as part of the larger riot control gear package. Straps or thongs shall not be attached to the baton, nor shall it be modified in any way. The carrying, use or possession while on-duty or in department facilities of any other baton or device in lieu of the approved batons is prohibited.

308.6 TEAR GAS GUIDELINES

Tear gas may be used for crowd control, crowd dispersal or against barricaded suspects based on the circumstances. Only the Watch Commander, Incident Commander or Tactical Commander may authorize the delivery and use of tear gas, and only after evaluating all conditions known at the time and determining that such force reasonably appears justified and necessary.

When practicable, fire personnel should be alerted or summoned to the scene prior to the deployment of tear gas to control any fires and to assist in providing medical aid or gas evacuation if needed.

308.7 OLEORESIN CAPSICUM (OC) GUIDELINES

As with other control devices, oleoresin capsicum (OC) spray and pepper projectiles may be considered for use to bring under control an individual or groups of individuals who are engaging in, or are about to engage in violent behavior. Pepper projectiles and OC spray should not, however, be used against individuals or groups who merely fail to disperse or do not reasonably appear to present a risk to the safety of officers or the public.

Pueblo Police Department

Policy Manual

Control Devices and Techniques

308.7.1 OC SPRAY

Uniformed personnel in field assignments shall carry OC spray. OC spray shall be carried in a holster on the equipment belt. Plainclothes and non-field personnel may carry OC spray as authorized, in accordance with the needs of their assignment or at the direction of their supervisor.

308.7.2 PEPPER PROJECTILE SYSTEMS

Pepper projectiles are plastic spheres that are filled with a derivative of OC powder. Because the compressed gas launcher delivers the projectiles with enough force to burst the projectiles on impact and release the OC powder, the potential exists for the projectiles to inflict injury if they strike the head, neck, spine or groin. Therefore, personnel using a pepper projectile system should not intentionally target those areas, except when the officer reasonably believes the suspect poses an imminent threat of serious bodily injury or death to the officer or others.

Officers encountering a situation that warrants the use of a pepper projectile system shall notify a supervisor as soon as practicable. A supervisor shall respond to all pepper projectile system incidents where the suspect has been hit or exposed to the chemical agent. The supervisor shall ensure that all notifications and reports are completed as required by the Use of Force Policy.

308.7.3 TREATMENT FOR OC SPRAY EXPOSURE

Persons who have been sprayed with or otherwise affected by the use of OC should be promptly provided with clean water to cleanse the affected areas. Those persons who complain of further severe effects shall be examined by appropriate medical personnel.

308.8 POST-APPLICATION NOTICE

Whenever tear gas or OC has been introduced into a residence, building interior, vehicle or other enclosed area, officers should provide the owners or available occupants with notice of the possible presence of residue that could result in irritation or injury if the area is not properly cleaned. Such notice should include advisement that clean up will be at the owner's expense. Information regarding the method of notice and the individuals notified should be included in related reports.

308.9 KINETIC ENERGY PROJECTILE GUIDELINES

This department is committed to reducing the potential for violent confrontations. Kinetic energy projectiles, when used properly, are less likely to result in death or serious physical injury and can be used in an attempt to de-escalate a potentially deadly situation.

308.9.1 DEPLOYMENT AND USE

Only department-approved kinetic energy munitions shall be carried and deployed. Approved munitions may be used to compel an individual to cease his/her actions when such munitions present a reasonable option.

Officers are not required or compelled to use approved munitions in lieu of other reasonable tactics if the involved officer determines that deployment of these munitions cannot be done safely. The

Pueblo Police Department

Policy Manual

Control Devices and Techniques

safety of hostages, innocent persons and officers takes priority over the safety of subjects engaged in criminal or suicidal behavior.

Circumstances appropriate for deployment include, but are not limited to, situations in which:

- (a) The suspect is armed with a weapon and the tactical circumstances allow for the safe application of approved munitions.
- (b) The suspect has made credible threats to harm him/herself or others.
- (c) The suspect is engaged in riotous behavior or is throwing rocks, bottles or other dangerous projectiles at people and/or officers.
- (d) There is probable cause to believe that the suspect has already committed a crime of violence and is refusing to comply with lawful orders.

308.9.2 DEPLOYMENT CONSIDERATIONS

Before discharging projectiles, the officer should consider such factors as:

- (a) Distance and angle to target.
- (b) Type of munitions employed.
- (c) Type and thickness of subject's clothing.
- (d) The subject's proximity to others.
- (e) The location of the subject.
- (f) Whether the subject's actions dictate the need for an immediate response and the use of control devices appears appropriate.

A verbal warning of the intended use of the device should precede its application, unless it would otherwise endanger the safety of officers or when it is not practicable due to the circumstances. The purpose of the warning is to give the individual a reasonable opportunity to voluntarily comply and to warn other officers and individuals that the device is being deployed.

Officers should keep in mind the manufacturer's recommendations and their training regarding effective distances and target areas. However, officers are not restricted solely to use according to manufacturer recommendations. Each situation must be evaluated on the totality of circumstances at the time of deployment.

The need to immediately incapacitate the subject must be weighed against the risk of causing serious injury or death. The head and neck should not be intentionally targeted, except when the officer reasonably believes the suspect poses an imminent threat of serious bodily injury or death to the officer or others.

308.9.3 SAFETY PROCEDURES

Shotguns specifically designated for use with kinetic energy projectiles will be specially marked in a manner that makes them readily identifiable as such.

Control Devices and Techniques

Officers carrying kinetic energy projectile shotguns will inspect the shotgun and projectiles at the beginning of each shift to ensure that the shotgun is in proper working order and the projectiles are of the approved type and appear to be free from defects.

308.10 PAIN COMPLIANCE TECHNIQUES

Pain compliance techniques may be effective in controlling a physically or actively resisting individual. Officers may only apply those pain compliance techniques for which they have successfully completed department-approved training. Officers utilizing any pain compliance technique should consider:

- (a) The degree to which the application of the technique may be controlled given the level of resistance.
- (b) Whether the person can comply with the direction or orders of the officer.
- (c) Whether the person has been given sufficient opportunity to comply.

The application of any pain compliance technique shall be discontinued once the officer determines that compliance has been achieved.

308.11 CAROTID CONTROL HOLD

Use of the carotid control hold involves risk of serious injury or death to the subject. Use of the carotid control hold is therefore subject to the following rules and restrictions:

- (a) **A carotid control hold shall not be used unless the situation justifies the use of deadly force.**
- (b) Officers shall have successfully completed department-approved training in the use and application of the carotid control hold prior to using it on any individual.
- (c) Any individual who has had the carotid control hold applied, regardless of whether he/she was rendered unconscious, shall be promptly examined by paramedics or other qualified medical personnel and should be monitored until examined by paramedics or other appropriate medical personnel.
- (d) The officer shall inform any person receiving custody, or any person placed in a position of providing care, that the individual has been subjected to the carotid control hold and whether the subject lost consciousness as a result.
- (e) Any officer attempting or applying the carotid control hold shall promptly notify a supervisor of the use or attempted use of such hold.
- (f) The use or attempted use of the carotid control hold shall be thoroughly documented by the officer in any related reports.
- (g) A carotid control, if used initially, shall be discontinued when more than two officers are engaged in the arrest or control of a subject.

Control Devices and Techniques

308.12 TRAINING FOR CONTROL DEVICES AND TECHNIQUES

The Training Sergeant shall ensure that all personnel who are authorized to carry a control device or use a technique have been properly trained and certified to carry the specific control device or use the specific technique, and are retrained or recertified as necessary.

The Training Sergeant shall ensure that, at least biennially, all agency personnel authorized to carry a control device or use a technique receive training on the Department's policies governing use of force and demonstrate proficiency with all control devices and techniques the individual department members are authorized to carry or use. Demonstrated proficiency includes achieving a minimum qualifying score on a prescribed course; attaining and demonstrating a knowledge of the laws concerning the use of authorized control devices/techniques and knowledge of department policies governing use of force, escalating force and deadly force; and being familiar with recognized safe-handling procedures for the use of these control devices.

- (a) Proficiency training shall be monitored and documented by a certified, control device or tactics instructor.
- (b) All training and proficiency for control devices and techniques shall be documented in the officer's training file.
- (c) Officers who fail to demonstrate proficiency with the control device/technique or knowledge of this agency's Use of Force Policy will be provided remedial training. If an officer cannot demonstrate proficiency with a control device/technique or knowledge of this agency's Use of Force Policy after remedial training, the officer will be restricted from carrying the control device or using the technique and may be subject to discipline.

308.13 REPORTING USE OF CONTROL DEVICES AND TECHNIQUES

Any application of a control device or technique listed in this policy shall be documented in the related incident report and reported pursuant to the Use of Force Policy.

TASER® Guidelines

309.1 PURPOSE AND SCOPE

This policy provides guidelines for the issuance and use of the TASER®.

309.2 POLICY

The TASER device is intended to control a violent or potentially violent individual, while minimizing the risk of serious injury. The appropriate use of such a device should result in fewer serious injuries to officers and suspects.

309.3 ISSUANCE AND CARRYING TASER DEVICES

Only TASER devices and cartridges authorized by the Department shall be carried and used by officers in the performance of their responsibilities. Only TASER devices and cartridges that have been issued by the Department are authorized for carry and use by officers. All other Electro-Muscular Disruption Technology (EMDT) devices are prohibited.

Only officers who have successfully completed department-approved training may be issued and approved to carry and use the TASER device.

Only officers who have demonstrated proficiency in the use of the TASER device are approved to carry and use the TASER device. Demonstrated proficiency includes achieving a minimum qualifying score on a prescribed course; attaining and demonstrating a knowledge of the laws concerning the use of the TASER device and knowledge of department policies governing use of force, escalating force and deadly force; being familiar with recognized safe-handling procedures for the use of the TASER device; and successfully loading, unloading, deploying and discharging the prongs of the TASER device. The instruction on and qualification with the TASER device should be provided by a certified TASER device instructor.

TASER devices are issued for use during an officer's current assignment. Those leaving a particular assignment may be required to return the device to the Department's inventory.

Uniformed officers who have been issued the TASER device shall wear the device in an approved holster on their person. Non-uniformed officers may secure the TASER device in the driver's compartment of their vehicle.

Officers carrying the TASER device should perform a spark test on the unit prior to every shift.

When carried while in uniform, officers shall carry the TASER device in a weak-side holster on the side opposite the duty weapon.

- (a) All TASER devices shall be clearly and distinctly marked to differentiate them from the duty weapon and any other device.
- (b) Whenever practicable, officers should carry two or more cartridges on their person when carrying the TASER device.

TASER® Guidelines

- (c) Officers shall be responsible for ensuring that their issued TASER device is properly maintained and in good working order.
- (d) Officers should not hold both a firearm and the TASER device at the same time.

309.4 VERBAL AND VISUAL WARNINGS

A verbal warning of the intended use of the TASER device should precede its application, unless it would otherwise endanger the safety of officers or when it is not practicable due to the circumstances. The purpose of the warning is to:

- (a) Provide the individual with a reasonable opportunity to voluntarily comply.
- (b) Provide other officers and individuals with a warning that the TASER device may be deployed.

The fact that a verbal or other warning was given or the reasons it was not given shall be documented by the officer deploying the TASER device in the related report.

309.5 USE OF THE TASER DEVICE

The TASER device has limitations and restrictions requiring consideration before its use. The TASER device should only be used when its operator can safely approach the subject within the operational range of the device. Although the TASER device is generally effective in controlling most individuals, officers should be aware that the device may not achieve the intended results and be prepared with other options.

309.5.1 APPLICATION OF THE TASER DEVICE

The TASER device may be used in any of the following circumstances, when the circumstances perceived by the officer at the time indicate that such application is reasonably necessary to control a person:

- (a) The subject is violent or is physically resisting.
- (b) The subject has demonstrated, by words or action, an intention to be violent or to physically resist, and reasonably appears to present the potential to harm officers, him/herself or others.

Mere flight from a pursuing officer, without other known circumstances or factors, is not good cause for the use of the TASER device to apprehend an individual.

309.5.2 SPECIAL DEPLOYMENT CONSIDERATIONS

The use of the TASER device on certain individuals should generally be avoided unless the totality of the circumstances indicates that other available options reasonably appear ineffective or would present a greater danger to the officer, the subject or others, and the officer reasonably believes that the need to control the individual outweighs the risk of using the device. This includes:

- (a) Individuals who are known to be pregnant.

TASER® Guidelines

- (b) Elderly individuals or obvious juveniles.
- (c) Individuals with obviously low body mass.
- (d) Individuals who are handcuffed or otherwise restrained.
- (e) Individuals who have been recently sprayed with a flammable chemical agent or who are otherwise in close proximity to any known combustible vapor or flammable material, including alcohol-based oleoresin capsicum (OC) spray.
- (f) Individuals whose position or activity may result in collateral injury (e.g., falls from height, operating vehicles).

Because the application of the TASER device in the drive-stun mode (i.e., direct contact without probes) relies primarily on pain compliance, the use of the drive-stun mode generally should be limited to supplementing the probe-mode to complete the circuit, or as a distraction technique to gain separation between officers and the subject, thereby giving officers time and distance to consider other force options or actions.

The TASER device shall not be used to psychologically torment, elicit statements or to punish any individual.

309.5.3 TARGETING CONSIDERATIONS

Reasonable efforts should be made to target lower center mass and avoid the head, neck, chest and groin. If the dynamics of a situation or officer safety do not permit the officer to limit the application of the TASER device probes to a precise target area, officers should monitor the condition of the subject if one or more probes strikes the head, neck, chest or groin until the subject is examined by paramedics or other medical personnel.

309.5.4 MULTIPLE APPLICATIONS OF THE TASER DEVICE

Officers should apply the TASER device for only one standard cycle and then evaluate the situation before applying any subsequent cycles. Multiple applications of the TASER device against a single individual are generally not recommended and should be avoided unless the officer reasonably believes that the need to control the individual outweighs the potentially increased risk posed by multiple applications.

If the first application of the TASER device appears to be ineffective in gaining control of an individual, the officer should consider certain factors before additional applications of the TASER device, including:

- (a) Whether the probes are making proper contact.
- (b) Whether the individual has the ability and has been given a reasonable opportunity to comply.
- (c) Whether verbal commands, other options or tactics may be more effective.

Officers should generally not intentionally apply more than one TASER device at a time against a single subject.

Pueblo Police Department

Policy Manual

TASER® Guidelines

309.5.5 ACTIONS FOLLOWING DEPLOYMENTS

Officers shall notify a supervisor of all TASER device discharges, other than discharges to check equipment (spark tests) or for training/certification purposes.

The TASER device shall be collected and provided to the Internal Affairs Section. The onboard TASER device memory will be downloaded through the data port by an Internal Affairs Sergeant. The data will be included with the related report or memorandum.

Expendable cartridges, probes and wire shall be collected and submitted by the supervisor collecting the equipment into evidence for future reference. The cartridge serial number should be noted and documented on the evidence paperwork. The evidence packaging should be marked "Biohazard" if the probes penetrated the subject's skin. When practicable, Anti-Felon Identification (AFID) tags should be collected and packaged with the expended cartridge, probes and wire.

309.5.6 DANGEROUS ANIMALS

The TASER device may be deployed against an animal as part of a plan to deal with a potentially dangerous animal, such as a dog, if the animal reasonably appears to pose an imminent threat to human safety and alternative methods are not reasonably available or would likely be ineffective.

309.5.7 OFF-DUTY CONSIDERATIONS

Officers are not authorized to carry department TASER devices while off-duty.

Officers shall ensure that TASER devices are secured while in their homes, vehicles or any other area under their control, in a manner that will keep the device inaccessible to others.

309.6 DOCUMENTATION

Officers shall document all TASER device discharges (other than spark tests or discharges for training/certification purposes) in the related incident report or in a memorandum. Unintentional discharges shall also be documented. Notification shall be made to a supervisor in compliance with the Use of Force Policy.

309.6.1 TASER DEVICE FORM

Items that shall be documented are:

- (a) The type and brand of TASER device and cartridge and cartridge serial number.
- (b) Date, time and location of the incident.
- (c) The number of TASER device activations, the duration of each cycle, the duration between activations, and (as best as can be determined) the duration that the subject received applications.
- (d) The range at which the TASER device was used.
- (e) The type of mode used (probe or drive-stun).
- (f) Location of any probe impact.
- (g) Location of contact in drive-stun mode.

TASER® Guidelines

- (h) Whether medical care was provided to the subject.
- (i) Whether the subject sustained any injuries.
- (j) Whether any officers sustained any injuries.

309.6.2 REPORTS

The officer should include the following in the arrest/crime report:

- (a) Identification of all personnel firing TASER devices
- (b) Identification of all witnesses
- (c) Medical care provided to the subject
- (d) Observations of the subject's physical and physiological actions
- (e) Any known or suspected drug use, intoxication or other medical problems

309.7 MEDICAL TREATMENT

Absent extenuating circumstances, only qualified medical personnel, including certified paramedics or employees who are certified to perform this medical procedure, should remove TASER device probes from a person's body. Used TASER device probes shall be treated as a sharps biohazard, similar to a used hypodermic needle, and handled appropriately. Universal precautions should be taken.

All persons who have been struck by TASER device probes or who have been subjected to the electric discharge of the device shall be medically assessed prior to booking. Additionally, any such individual who falls under any of the following categories should, as soon as practicable, be examined by paramedics or other qualified medical personnel:

- (a) The person is suspected of being under the influence of controlled substances and/or alcohol.
- (b) The person may be pregnant.
- (c) The person reasonably appears to be in need of medical attention.
- (d) The TASER device probes are lodged in a sensitive area (e.g., groin, female breast, head, face, neck).
- (e) The person requests medical treatment.

Any individual exhibiting signs of distress or who is exposed to multiple or prolonged applications (i.e., more than 15 seconds) shall be transported to a medical facility for examination or medically evaluated prior to booking. If any individual refuses medical attention, such a refusal should be witnessed by another officer and/or medical personnel and shall be fully documented in related reports. If an audio recording is made of the contact or an interview with the individual, any refusal should be included, if possible.

TASER® Guidelines

Persons who exhibit extreme agitation, violent irrational behavior accompanied by profuse sweating, extraordinary strength beyond their physical characteristics, imperviousness to pain (sometimes called "excited delirium") or who require a protracted physical encounter with multiple officers to be brought under control, may be at an increased risk of sudden death and should be examined by qualified medical personnel as soon as practicable. Any individual exhibiting symptoms of excited delirium and/or signs of distress after such an encounter shall be afforded medical assessment as soon as practicable and medically cleared prior to booking.

The transporting officer shall inform any person providing medical care or receiving custody that the individual has been subjected to the application of the TASER device.

309.8 TRAINING

The Training Sergeant shall ensure that all officers authorized to carry the TASER device receive annual refresher training on the Department's use of force policies and demonstrate proficiency with the TASER device. Demonstrated proficiency includes attaining and demonstrating a knowledge of the laws concerning the use of the TASER device and knowledge of department policies governing use of force, escalating force and deadly force; being familiar with recognized safe-handling procedures for the use of the TASER device; and successfully loading, unloading, deploying and discharging the prongs of the TASER device. A reassessment of an officer's knowledge and/or practical skill may be required at any time if deemed appropriate.

The Training Sergeant should ensure that all training includes:

- (a) A review of this policy.
- (b) A review of the Use of Force Policy.
- (c) Performing weak-hand draws or cross-draws to reduce the possibility of accidentally drawing and firing a firearm.
- (d) Target area considerations, to include techniques or options to reduce the accidental application of probes near the head, neck, chest and groin.
- (e) Handcuffing a subject during the application of the TASER device and transitioning to other force options.
- (f) De-escalation techniques.
- (g) Restraint techniques that do not impair respiration following the application of the TASER device.

Officers who fail to demonstrate proficiency with the TASER device or knowledge of this agency's Use of Force Policy will be provided remedial training. If an officer cannot demonstrate proficiency with the TASER device or knowledge of this agency's Use of Force Policy after remedial training, the officer will be restricted from carrying the TASER device and may be subject to discipline.

Command staff, supervisors and investigators should receive TASER device training as appropriate for the investigations they conduct and review.

Pueblo Police Department

Policy Manual

TASER® Guidelines

Officers who do not carry TASER devices should receive training that is sufficient to familiarize them with the device and with working with officers who use the device.

The instruction on and qualification with the TASER device should be provided by a certified TASER device instructor. All training and proficiency for TASER devices will be documented in the officer's training file.

Officer-Involved Shooting

310.1 PURPOSE AND SCOPE

The purpose of this policy is to establish policy and procedures for the investigation of an incident in which a person is injured as the result of an officer-involved shooting. The intent of this policy is to ensure that such incidents be investigated in a fair and impartial manner.

310.2 INVESTIGATION RESPONSIBILITY

This department conforms to the Tenth Judicial District Critical Incident Team protocol for investigating officer-involved shootings. All officer-involved shooting incidents shall be investigated.

310.3 TYPES OF INVESTIGATIONS

Officer-involved shootings may involve several separate investigations. The investigations may include:

- (a) A criminal investigation of the incident by the agency having jurisdiction where the incident occurred. This department may request that the criminal investigation be conducted by an outside agency, with the approval of the Chief of Police or the authorized designee.
- (b) An investigation conducted by the Tenth Judicial District Critical Incident Team.
- (c) An administrative investigation conducted by the involved officer's agency to determine if there were any violations of Department policy.

310.4 JURISDICTION

Jurisdiction is determined by the location of the shooting and the agency employing the involved officer. The following scenarios outline the jurisdictional responsibilities for investigating officer-involved shootings.

310.4.1 PUEBLO POLICE DEPARTMENT OFFICER WITHIN THIS JURISDICTION

The Pueblo Police Department is responsible for the criminal investigation of the suspect's actions and the administrative investigation. The criminal investigation of the officer-involved shooting shall be conducted in accordance with Tenth Judicial District Critical Incident Team protocol.

310.4.2 OUTSIDE AGENCY'S OFFICER WITHIN THIS JURISDICTION

The Pueblo Police Department is responsible for the criminal investigation of the suspect's actions. The criminal investigation of the officer-involved shooting will be conducted by this department or an uninvolved outside agency. The officer's employing agency will be responsible for any administrative investigation.

310.4.3 PUEBLO POLICE DEPARTMENT OFFICER IN ANOTHER JURISDICTION

The agency where the incident occurred has criminal jurisdiction and is responsible for the criminal investigation of the incident. That agency may relinquish its criminal investigation of the suspect to

Pueblo Police Department

Policy Manual

Officer-Involved Shooting

another agency. The Pueblo Police Department will conduct timely administrative investigations of its own personnel.

310.4.4 INVESTIGATION RESPONSIBILITY MATRIX

The following table identifies the possible scenarios and responsibilities for the investigation of officer-involved shootings.

	Criminal Investigation of suspect	Criminal Investigation of officer	Administrative Investigation
PPD Officer in this jurisdiction	PPD Investigators	PPD Investigators or uninvolved agency	PPD Internal Affairs Section
Outside agency's officer in this jurisdiction	PPD Investigators	PPD Investigators or outside agency	Involved officer's agency
PPD Officer in another jurisdiction	Agency where incident occurred	Decision made by agency where incident occurred	PPD Internal Affairs Section

310.5 THE INVESTIGATION PROCESS

The following procedures are guidelines for use in the investigation of an officer-involved shooting.

310.5.1 DUTIES OF INITIAL OFFICER ARRIVING ON-SCENE

Upon arrival at the scene of an officer-involved shooting, the first uninvolved officer will be the officer in charge and assume the duties of a supervisor until relieved by the responding supervisor, and should:

- Secure the scene, identify and eliminate hazards for all those involved.
- Take all reasonable steps to obtain emergency medical attention for all apparently injured individuals.
- Coordinate a perimeter or pursuit of suspects as appropriate.
- Request additional resources, units or agencies as appropriate.
- Brief the supervisor upon arrival.

310.5.2 DUTIES OF INITIAL ON-SCENE SUPERVISOR

Upon arrival at the scene of an officer-involved shooting, the first uninvolved supervisor should continue and complete the duties as outlined above, plus:

- Attempt to obtain a brief overview of the situation from any nonshooter officers. In the event that there are no nonshooter officers, the supervisor should attempt to obtain a brief voluntary overview from one shooter officer.

Pueblo Police Department

Policy Manual

Officer-Involved Shooting

- (b) If necessary, the supervisor may administratively order any officer from this department to immediately provide the information necessary to secure the scene and pursue suspects. This would include such things as outstanding suspect information, number and direction of shots fired, parameters of the incident scene, identity of known witnesses and similar information.
- (c) Absent a voluntary statement from any officer, the initial on-scene supervisor should not attempt to order any officer to provide any information other than public safety information.
- (d) Provide all available information to the Watch Commander and the Communications Center. If feasible, sensitive information should be communicated over secure networks.
- (e) Take command of and secure the incident scene with additional personnel until relieved by a Criminal Investigation Division sergeant or other assigned personnel.
- (f) As soon as practicable, shooter officers should respond or be transported (separately, if feasible) to the station or away from the scene to a designated location free from the distractions of the investigative process for further direction.
 - 1. Each involved officer should be given an administrative order not to discuss the incident with other involved officers pending further direction from a supervisor.

310.5.3 WATCH COMMANDER DUTIES

Upon learning of an officer-involved shooting, the Watch Commander shall be responsible for coordinating all aspects of the incident until relieved by the Chief of Police or a Bureau Chief.

310.5.4 NOTIFICATIONS

The following persons shall be notified as soon as practicable:

- Chief of Police
- Investigations Bureau Chief
- Outside agency investigators (i.e., the Tenth Judicial District Critical Incident Team)
- Special Services Division Captain
- Psychological/peer support personnel
- Coroner (if necessary)
- Officer representative (if requested)

All outside inquiries about the incident shall be directed to the Watch Commander.

310.5.5 MEDIA RELATIONS

A single media release shall be prepared with input and concurrence from the supervisor and the agency representative responsible for each phase of the investigation. This release will be available to the Watch Commander, Investigations Bureau Chief and Highest Ranking Officer On Scene in the event of inquiries from the media.

Pueblo Police Department

Policy Manual

Officer-Involved Shooting

It is the policy of this department to not release the identities of involved officers absent their consent or as required by law. Moreover, no involved officer shall be subjected to contact from the media and no involved officer shall make any comments to the press unless authorized by the Chief of Police or a Bureau Chief.

Employees receiving inquiries regarding incidents occurring in other agency jurisdictions shall refrain from public comment and will direct those inquiries to the agency having jurisdiction and primary responsibility for the investigation.

310.5.6 INVOLVED OFFICERS

Once the involved officers have arrived at the station, the Watch Commander should admonish each officer that the incident shall not be discussed except with authorized personnel or representatives. The following shall be considered for the involved officer:

- (a) Any request for legal or union representation will be accommodated.
- (b) While discussions with licensed attorneys will be considered privileged as attorney-client communications, no involved officers shall be permitted to meet collectively or in a group with an attorney prior to and with respect to providing a formal interview or report.
- (c) Discussions with Department representatives (e.g., employee association) will be privileged only as to the discussion of non-criminal information. However, no involved officers shall be permitted to meet collectively or in a group with a representative or attorney prior to and with respect to providing a formal interview or report.
- (d) Although the Department will honor the sensitivity of communications with peer counselors, there is no legal privilege to such. Peer counselors are cautioned not to discuss the facts of any incident with an involved or witness officer.

Care should be taken to preserve the integrity of any physical evidence present on the officer's equipment or clothing, such as blood or fingerprints, until investigators or lab personnel can properly retrieve it.

Investigators shall make reasonable accommodations to the officer's physical and emotional needs.

Each involved officer shall be given reasonable paid administrative leave following an officer-involved shooting. It shall be the responsibility of the applicable captain to make schedule adjustments to accommodate such leave.

310.6 SHOOTING INCIDENT CRIMINAL INVESTIGATION

310.6.1 INVESTIGATIVE PERSONNEL

Once notified of an officer-involved shooting, it shall be the responsibility of the Criminal Investigation Division sergeant to assign appropriate personnel to handle the investigation of related crimes. Investigators will be assigned to work with those from an outside agency should

Pueblo Police Department

Policy Manual

Officer-Involved Shooting

the investigation be assumed by another agency, and may be assigned to separately handle the investigation of any related crimes that are not being investigated by the outside agency.

All related reports, except reports deemed confidential and/or administrative, will be forwarded to the designated supervisor for approval. Confidential reports shall be maintained exclusively by personnel who are authorized for such access. Administrative reports will be forwarded to the Internal Affairs Section.

310.6.2 CRIMINAL INVESTIGATION

This department may utilize an outside agency to conduct an independent criminal investigation into the circumstances of any officer-involved shooting involving injury or death.

If available, investigations personnel from this department may be assigned to partner with investigators from the outside agency to avoid duplicate efforts in related criminal investigations.

Once public safety issues have been addressed, criminal investigators will be given the next opportunity to interview an involved officer in order to give the officer the opportunity to give a voluntary statement. The following shall be considered for the involved officer:

- (a) Supervisors and Internal Affairs Section personnel should not participate directly in any voluntary interview of the officer. This will not prohibit such personnel from monitoring interviews or indirectly providing areas for inquiry.
- (b) If requested, any involved officer will be afforded the opportunity to consult individually with a representative of his/her choosing or an attorney prior to speaking with criminal investigators. However, in order to maintain the integrity of each individual officer's statement, the involved officer shall not consult or meet with a representative or attorney collectively or in groups prior to being interviewed.
- (c) Any voluntary statement provided by the officer will be made available for inclusion in the administrative or other related investigations.
- (d) Absent consent from the involved officer or as required by law, no administratively coerced statement will be provided to any criminal investigators.

310.6.3 REPORTS BY INVOLVED OFFICERS

In the event that suspects remain outstanding or are subject to prosecution for related offenses, this department shall retain the authority to require the involved officer to provide sufficient information for related criminal reports to facilitate the apprehension and prosecution of those individuals.

While the involved officer may write the report, it is generally recommended that such reports be completed by assigned investigators, who should interview the involved officer as victims/witnesses. Since the purpose of these reports will be to facilitate criminal prosecution, statements of an involved officer should focus on evidence to establish the elements of criminal activities by the involved suspects. Care should be taken not to duplicate information provided by an involved officer in other reports.

Officer-Involved Shooting

Nothing in this section shall be construed to deprive an involved officer of the right to consult with legal counsel prior to completing any such criminal report.

Reports related to the prosecution of criminal suspects will be processed according to normal procedures and should also be included for reference in the investigation of the officer-involved shooting.

310.7 WITNESS IDENTIFICATION AND INTERVIEWS

Because potential witnesses to an officer-involved shooting or other major incident may be lost or the integrity of their statements compromised with the passage of time, a supervisor should take reasonable steps to promptly coordinate with criminal investigators to utilize available personnel for the following:

- (a) Identifying all persons present at the scene and in the immediate area.
 - 1. When feasible, a recorded statement should be obtained from persons who claim they did not witness the incident but were present at the time it occurred.
 - 2. Any potential witness who is unwilling or unable to remain available for a formal interview should not be detained absent reasonable suspicion to detain or probable cause to arrest. Without detaining the individual for the sole purpose of identification, an officer should attempt to identify the witness prior to his/her departure.
- (b) Witnesses who are willing to provide a formal interview should be asked to meet at a suitable location where criminal investigators may obtain a recorded statement. Such witnesses, if willing, may be transported by department personnel.
 - 1. A written, verbal or recorded statement of consent for transportation should be obtained prior to transporting a witness in a Department vehicle. When the witness is a minor, consent should be obtained from the parent or guardian, if available, prior to transportation.
- (c) Assigning available personnel to promptly contact the suspect's known family and associates to obtain any available and untainted background information about the suspect's activities and state of mind prior to the suspect's contact with officers.

310.8 ADMINISTRATIVE INVESTIGATION

In addition to all other investigations associated with an officer-involved shooting, this department will conduct an internal administrative investigation, pursuant to the Personnel Complaint Procedure Policy and the Administrative Investigation Procedure Policy, to determine conformance with Department policy. This investigation will be conducted under the supervision of the Internal Affairs Section and will be considered a confidential peace officer personnel file.

- (a) If any officer has voluntarily elected to provide a statement to criminal investigators, the assigned administrative investigator should review that statement before proceeding with any further interview of the involved officer.

Pueblo Police Department

Policy Manual

Officer-Involved Shooting

1. If a further interview of the officer is deemed necessary to determine policy compliance, care should be taken to limit the inquiry to new areas with minimal, if any, duplication of questions addressed in the voluntary statement.
- (b) In the event that an involved officer has elected not to provide criminal investigators with a voluntary statement, the assigned administrative investigator shall conduct an administrative interview to determine all relevant information.
 1. Although this interview should not be unreasonably delayed, care should be taken to ensure that the officer's physical and psychological needs have been addressed before commencing the interview.
 2. If requested, the officer shall have the opportunity to select an uninvolved representative, which may include legal representation, to be present during the interview. However, in order to maintain the integrity of each individual officer's statement, an involved officer shall not consult or meet with a representative or attorney collectively or in groups prior to being interviewed.
 3. Administrative interviews should be recorded by the investigator. The officer may also record the interview.
 4. The officer shall be informed of the nature of the investigation and shall be informed of all constitutional *Miranda* rights. Assuming there is no voluntary waiver, he/she will then be given his/her *Garrity* rights, and assuming there is no voluntary waiver, will then be given an administrative order to provide full and truthful answers to all questions.
 5. The administrative interview shall be considered part of the officer's administrative investigation file.
 6. The Internal Affairs Section shall compile all relevant information and reports necessary for the Department to determine compliance with applicable policies.
 7. Any other indications of potential policy violations shall be determined in accordance with standard disciplinary procedures.
 8. The administrative investigation may request completion of a truth verification device examination.

310.9 PSYCHOLOGICAL ASSESSMENT

While the psychological well-being of all department members is of the utmost importance to the Department, it is also recognized that officers involved in shootings are at an increased risk for mental and emotional trauma as a result of such incidents. Before returning to duty, therefore, all involved officers placed on administrative leave shall submit to a psychological assessment to evaluate their fitness for duty. The intent of this measure is to serve the dual purposes of identifying the appropriate assistance needed by involved officers and protecting the interest of the public.

Officer-Involved Shooting

310.10 AUDIO AND VIDEO RECORDINGS

Any officer involved in an incident may be permitted to review available Mobile Audio Video (MAV) or other video or audio recordings prior to providing a recorded statement or completing reports.

Upon request, non-law enforcement witnesses who are able to verify their presence and their ability to contemporaneously perceive events at the scene of an incident may also be permitted to review available MAV or other video or audio recordings with approval of assigned investigators or a supervisor.

Any MAV and other known video or audio recordings of an incident should not be publicly released during an ongoing investigation without consulting the District Attorney or City Attorney's Office as appropriate.

Firearms

312.1 PURPOSE AND SCOPE

This policy provides guidelines for the issuance and/or acquisition of firearms, the safe and legal carrying of firearms, firearms maintenance and firearms training.

This policy does not apply to issues related to the use of a firearm that are addressed in the Use of Force or Officer-Involved Shootings and Deaths policies.

This policy only applies to those members who are authorized to carry firearms.

The intent of this policy is to establish strict agency control over all firearms and ammunition the Pueblo Police Department allows its members to carry and use in the performance of their official duties, both on- and off-duty. The Pueblo Police Department only provides limited regulation of the carrying and use of firearms and ammunition carried off-duty by members who are not working in a law enforcement capacity. Unless otherwise noted herein, this policy only applies to members who are performing their official responsibilities and the firearms and ammunition they carry and use in the performance of their official responsibilities, both on- and off-duty.

A member shall not be considered to be acting in the performance of official responsibilities when merely carrying a weapon off-duty for the purpose of self defense and said member does not take the action contemplated by Policy 388, Off-Duty Law Enforcement Actions.

312.1.1 AUTHORIZATION TO CARRY FIREARMS

Only certified personnel who have met all state and Colorado Peace Officer Standards and Training (POST) requirements and have been authorized by the Chief of Police shall have the peace officer privilege to carry a firearm both on- and off-duty (CRS § 16-2.5-101).

Only members who have demonstrated proficiency in the use of department-authorized firearms are approved to carry and use such firearms while in the performance of their official responsibilities, both on- and off-duty. Demonstrated proficiency includes achieving a minimum qualifying score on a prescribed course; attaining and demonstrating a knowledge of the laws concerning the use of firearms and knowledge of department policies governing use of force, escalating force and deadly force; and being familiar with recognized safe-handling procedures for the use of authorized firearms.

312.2 SAFE HANDLING OF FIREARMS

The members of the Pueblo Police Department will be equipped with firearms to address the risks posed to the public and department members by violent and sometimes well-armed persons. The Department will ensure firearms are appropriate, in good working order and that relevant training is provided as resources allow.

312.3 AUTHORIZED FIREARMS, AMMUNITION AND OTHER WEAPONS

Only firearms and ammunition authorized by the Department shall be carried and used by members in the performance of their official responsibilities, both on- and off-duty. No firearms

Pueblo Police Department

Policy Manual

All other weapons not provided by the Department, including, but not limited to, edged weapons, chemical or electronic weapons, impact weapons or any weapon prohibited or restricted by law or that is not covered elsewhere by department policy, may not be carried by members in the performance of their official duties without the express written authorization of the member's Bureau Chief. This exclusion does not apply to the carrying of a single folding pocket knife that is not otherwise prohibited by law.

Department-issued shotguns shall be properly secured in a locking weapons rack in the police vehicle. Personally-owned shotguns shall be properly secured in the trunk of the police vehicle in a protective case.

Members may deploy the patrol rifle in any circumstance where the member can articulate a reasonable expectation that the rifle may be needed. Examples of some general guidelines for deploying the patrol rifle may include, but are not limited to:

When not deployed, the patrol rifle shall be properly secured in the trunk of the police vehicle in a protective case or in a locking rifle lock in the passenger compartment if the vehicle is so equipped. The patrol rifle shall be maintained in a patrol ready condition until deployed, with the chamber empty, magazine loaded and inserted into the magazine well, the bolt forward with the dust cover closed, the trigger pulled to release the hammer and the selector lever in the fire position (selector lever cannot be in the safe position with the hammer released).

312.3.4 SECONDARY HANDGUNS

Members who choose to carry a secondary handgun are subject to the following restrictions:

- (a) The handgun shall be on a department list of approved on-duty handguns.
- (b) Only one secondary handgun is authorized.
- (c) The purchase of the handgun shall be the responsibility of the member.

Secondary handguns may be carried as the sole handgun on a member's person when not being carried as a back-up firearm, either visible or concealed, provided the handgun is authorized for the specific situation (i.e., revolvers carried by members either in uniformed or non-uniformed attire).

312.3.5 OFF-DUTY HANDGUNS

The carrying of handguns by members while off-duty is permitted by the Chief of Police but may be rescinded should circumstances dictate (e.g., administrative leave). Pueblo Police Department

Policy Manual

Firearms

not limited to, rifles, carbines, submachine-guns, machine-guns, chemical agent delivery systems, certain less lethal weapons such as 40mm beanbag rounds, and certain entry and breaching devices.

Only department-issued specialized duty weapons, or their equivalent, are authorized. The Tactical Commander shall maintain a list of authorized specialized duty weapons. Only designated members of the Department who have demonstrated proficiency in the use of said specialized duty weapons systems are authorized to carry or utilize said weapons while on-duty or performing police-related duties. SWAT team members opting to carry or utilize an equivalent specialized duty weapon must comply with the following provisions:

- (b) The purchase of the specialized duty weapon shall be the responsibility of the member.
- (c) Members shall only carry department-issued or department-approved ammunition.
- (d) Prior to carrying the specialized duty weapon, members shall cause such weapon to be inspected by the SWAT Firearms Officer, who may disapprove any weapon that does not exhibit mechanical stability or meet standards of safety. The member shall also cause the serial number and general description of such weapon to be recorded by the SWAT Firearms Officer, and shall, prior to carrying said weapon, demonstrate proficiency and meet qualification standards with it.

Weapons that are not on the Department's list of authorized specialized duty weapons may be considered for authorized use, provided they are first inspected by the SWAT Firearms Officer and approved in writing by the Tactical Commander and the Chief of Police.

312.3.7 REVIEW, INSPECTION AND APPROVAL OF FIREARMS

The procedure for the review, inspection and approval of new personally-owned firearms to be carried and used on-duty, and off-duty while in the performance of a member's official responsibilities, is as follows:

- (a) Members intending to use the firearm shall contact the Firearms Training Unit.
- (b) A firearms instructor or armorer will conduct a review and inspection of the firearm, who shall ensure the firearm exhibits mechanical stability, meets standards of safety, and is on the department list of approved firearms.
- (c) Provided the firearm exhibits mechanical stability, meets standards of safety and is on the department list of approved firearms, it shall be considered approved for carry and use by the submitting member.
- (d) The firearms instructor shall provide written notice of the make, model, color, serial number and caliber of the approved firearm to the Training Sergeant, who shall maintain a list of the information.
- (e) Firearms that are deemed to be unsafe or not in good working order will not be approved by the inspecting firearms instructor, and the submitting member will not be authorized to

Pueblo Police Department

Policy Manual

Firearms

carry the firearm. The inspecting firearms instructor shall immediately notify the Training Sergeant, who will notify the affected member's chain of command.

Department-owned firearms and firearms systems shall be reviewed and approved as follows:

- (a) The Firearms Training Unit shall be charged with periodically reviewing department-owned firearms and firearms systems for their safety and functionality.
- (b) The Firearms Training Unit shall be charged with periodically reviewing current firearms and firearms systems in the market and making recommendations to the Chief of Police.

- (d) The Chief of Police shall have the authority to either approve or disapprove firearms and firearms systems recommended by the Firearms Training Unit.

All firearms and firearms systems, whether department-owned or personally-owned, shall be inspected as follows:

- (a) The Firearms Training Unit shall be charged with inspecting firearms during semi-annual qualification periods to ensure they exhibit mechanical stability and meet standards of safety.
- (b) Firearms that are deemed to be unsafe or not mechanically sound upon inspection by the Firearms Training Unit shall be removed from service, and the inspecting firearms instructor shall immediately notify the Training Sergeant.

312.3.8 AMMUNITION

Members shall carry only department-issued or department-authorized ammunition, which shall not be modified in any manner. The Training Sergeant shall maintain a list of all authorized ammunition.

Members will be issued fresh duty ammunition for the primary handgun, the secondary handgun and the shotgun on an annual basis during one of the member's firearms qualification sessions. Replacement ammunition for unserviceable or depleted ammunition issued by the Department will be dispensed by the Training Sergeant when needed, in accordance with established practice.

All ammunition for patrol rifles and off-duty handguns shall be supplied by the member electing to carry such firearm(s) at his/her own expense. Ammunition not issued by the Department shall be on the department list of approved ammunition. Members carrying patrol rifles, and off-duty firearms while in the performance of their official responsibilities, shall be responsible for obtaining fresh duty ammunition in accordance with the above schedule.

Privately or home loaded ammunition may be used during practice and qualification sessions, provided the member can certify to the firearms instructor that such ammunition has been loaded to factory specifications.

Firearms

312.4 EQUIPMENT

Firearms carried on- or off-duty shall be maintained in a clean, serviceable condition. Maintenance and repair of authorized personally-owned firearms are the responsibility of the individual member.

312.4.1 REPAIRS AND MODIFICATIONS

Each member shall be responsible for promptly reporting any damage or malfunction of a firearm to a supervisor or the Training Sergeant.

Firearms that are the property of the Department may be repaired or modified only by a person certified as an armorer or gunsmith in the repair of the specific firearm. All repairs and modifications of department-issued firearms must be authorized in advance by the Training Sergeant.

Repairs or service to personally-owned firearms shall be paid for by the carrying member. During the time of any needed repair of privately owned firearms, the officer may be issued a Department-owned firearm.

The following provisions apply to any accessories or modifications to on-duty firearms:

- (a) Grips shall be dark colored.
- (b) Target grips which interfere with loading or re-loading are prohibited.
- (c) Grips must allow the weapon to be fired with either hand.
- (d) Department-issued weapons will not be modified in any manner without the permission of the Training Sergeant.
- (e) Target triggers and trigger shoes which interfere with the proper drawing and general operation of the weapon are prohibited. Other devices installed in a manner which would interfere with the proper drawing or general operation of the weapon are also prohibited.

312.4.2 HOLSTERS

Members shall periodically inspect their holsters to make sure they are serviceable and provide the proper security and retention of the handgun.

312.4.3 TACTICAL LIGHTS

Tactical lights may only be installed on a firearm carried on-duty or off-duty while in the performance of official responsibilities after they have been examined and approved by the Firearms Training Unit. Once the approved tactical lights have been properly installed on any firearm, the member shall qualify with the firearm to ensure proper functionality and sighting of the firearm prior to carrying it.

312.4.4 OPTICS OR LASER SIGHTS

Optics or laser sights may only be installed on a firearm carried on-duty or off-duty while in the performance of official responsibilities after they have been examined and approved by the Firearms Training Unit. Any approved sight shall only be installed in strict accordance with manufacturer specifications. Once approved sights have been properly installed on any firearm, the member shall qualify with the firearm to ensure proper functionality and sighting of the firearm prior to carrying it.

Except in an approved training situation, a member may only sight in on a target when the member would otherwise be justified in pointing a firearm at the target.

312.5 SAFE HANDLING, INSPECTION AND STORAGE

Members shall maintain the highest level of safety when handling firearms and shall consider the following:

- (a) Members shall not unnecessarily display or handle any firearm.
- (b) Members shall be governed by all rules and regulations pertaining to the use of the range and shall obey all orders issued by the Training Sergeant and firearms instructors. Members shall not dry fire or practice quick draws except under firearms instructor supervision.
- (c) Members shall not clean, repair, load or unload a firearm anywhere in the Department, except when under the supervision of a firearms instructor.
- (d) Shotguns or rifles removed from vehicles or the equipment storage rooms shall be loaded and unloaded outside of buildings and vehicles.
- (e) Members shall not place or store any firearm or other weapon on department premises except where the place of storage is locked. No one shall carry firearms into the temporary holding facility or any part thereof when securing or processing a prisoner, but shall place all firearms in a secured location. Members providing access to the temporary holding facility to persons from outside agencies are responsible for ensuring firearms are not brought into the temporary holding facility.
- (f) Members shall not use any automatic firearm, heavy caliber rifle, gas or other type of chemical weapon or firearm from the armory, except with approval of a supervisor or when an emergency or exigency reasonably requires immediate use of the weapon.
- (g) Any firearm authorized by the Department to be carried on- or off-duty that is determined by a member to be malfunctioning or in need of service or repair shall not be carried. It shall be promptly presented to a firearms instructor for inspection. Any firearm deemed in need of repair or service by a firearms instructor will be immediately removed from service. If the firearm is the member's primary duty firearm, a replacement firearm will be issued to the member until the duty firearm is serviceable.

312.5.1 INSPECTION AND STORAGE

Handguns shall be inspected regularly and upon access or possession by another person. Shotguns and rifles shall be inspected at the beginning of the shift by the member to whom the weapon is issued, whether department-issued or personally-owned. The member shall ensure that the firearm is carried in the proper condition and loaded with approved ammunition. Inspection of the shotgun and rifle shall be done while standing outside of the patrol vehicle. All firearms shall be pointed in a safe direction.

Personally-owned firearms may be safely stored in lockers at the end of the shift. When not properly secured in a locking weapons rack located in a police vehicle, department-owned firearms shall be stored in the appropriate equipment storage room. Handguns may remain loaded if they are secured in an appropriate holster. Shotguns and rifles shall be unloaded in a safe manner outside the building and then stored in the appropriate equipment storage room.

Policy Manual

312.5.2 STORAGE AT HOME

Members shall ensure that all firearms and ammunition are secured while in their homes, vehicles or any other area under their control, and in a manner that will keep them inaccessible to children and others who should not have access. Members shall not permit department-issued firearms to be handled by anyone not authorized by the Department to do so. Members should be aware that negligent storage of a firearm could result in civil liability.

312.5.3 ALCOHOL AND DRUGS

Firearms shall not be carried by any member, either on-duty or off-duty, who has consumed an amount of an alcoholic beverage, taken any drugs or medication, or has taken any combination thereof that would tend to adversely affect the member's senses or judgment. This restriction universally applies to all off-duty carrying and use of firearms by members of the Pueblo Police Department, regardless of activity or duty status.

312.6 FIREARMS PROFICIENCY

Semi-annually, every member shall demonstrate proficiency in the use of each firearm he/she is authorized to carry and use in the performance of his/her official responsibilities. Demonstrated proficiency includes achieving a minimum qualifying score on a prescribed course; attaining and demonstrating a knowledge of the laws concerning the use of firearms and knowledge of department policies governing use of force, escalating force and deadly force; and being familiar with recognized safe-handling procedures for the use of authorized firearms. The instruction on and qualification with all firearms shall be provided by a certified firearms instructor, and shall further be documented. Demonstration of proficiency may be achieved concurrently with the mandatory qualification schedule. A member failing to demonstrate a minimum level of proficiency with any firearm he/she is authorized to carry and use in the performance of his/her official responsibilities may not carry or use the firearm until he/she successfully completes remedial training provided by the Department.

312.6.1 SEMI-ANNUAL QUALIFICATION

All members shall qualify semi-annually, at a minimum, with every firearm they are authorized to carry and use in the performance of their official responsibilities. Qualification shall consist of the officer achieving a minimum passing score on a prescribed course of fire administered by a member of the Firearms Training Unit, and shall further consist of the actual firing of the weapon.

All members are required to qualify semi-annually with their primary handgun. No primary handgun will be carried on-duty unless the member has first qualified with that handgun, except as herein provided. Members whose primary handguns have been taken as evidence during an investigation or whose primary handguns are being repaired or serviced, will have 10 working days to make arrangements to qualify with a substitute handgun, and may carry said substitute handgun during the interim. Captains shall ensure that personnel under their command are afforded duty time to qualify as required herein.

Pueblo Police Department

Policy Manual

Firearms

All members are required to qualify semi-annually with a shotgun. Members shall qualify with a shotgun of the same make and model as the shotgun to be carried. Members authorized to be armed with a patrol carbine are required to qualify semi-annually with the patrol carbine they are authorized to carry.

Members authorized by the provisions of this manual to be armed with, or to utilize specialized duty weapons or weapon systems are required to qualify with the weapons or systems to be utilized semi-annually, at a minimum. Failure to qualify as directed or to equip oneself with approved equipment or firearms may result in removal from specialized duty assignment or other sanctions deemed appropriate by the Chief of Police.

Members who choose to carry a secondary handgun or a handgun to be carried off-duty while in the performance of official responsibilities shall qualify semi-annually with each such handgun authorized for carry and use. Each member is authorized a maximum of one secondary handgun and two handguns to be carried off-duty while in the performance of official responsibilities.

Members who acquire new weapons, or weapons with which they have not qualified, may contact any firearms instructor, or in the case of specialized duty weapons, the SWAT Firearms Officer, and make arrangements to qualify at any time on an individual basis.

312.6.2 SEMI-ANNUAL QUALIFICATION PERIODS

Semi-annual qualification periods will be held during each calendar year. The first qualification period will be from January 1st through June 30th and the second qualification period will be from July 1st through December 31st. Specific qualification dates will be scheduled by the Training Section during each semi-annual qualification period. It shall be the responsibility of each member to attend one of the scheduled qualification dates and qualify with all firearms he/she is authorized to carry and use during each semi-annual qualification period.

312.6.3 NON-CERTIFICATION OR NON-QUALIFICATION

It shall be the responsibility of members to qualify during each of the two qualification periods in each calendar year. If a member is unable to qualify for any reason, including injury, illness or duty status, that member shall submit a memorandum to his/her immediate supervisor prior to the end of the required qualification period.

Members who fail to demonstrate duty firearms proficiency as required by policy, or who fail to qualify over a six-month qualification period will be relieved from field assignment and appropriate disciplinary action may follow.

Members who fail to qualify on their first shooting attempt will be subject to the following requirements:

- (a) The member will be provided remedial training and given a second opportunity to qualify.
- (b) If the member fails to qualify on the second attempt, he/she will be provided additional remedial training and given a third opportunity to qualify.
- (c) If the member fails to qualify on the third attempt, the firearms instructor shall immediately report the failure to the member's immediate supervisor. The firearms instructor shall also

Pueblo Police Department

Policy Manual

submit a memorandum describing the details of the failed qualification (e.g., date and time of qualification attempts, scores, type of remedial training provided, weather conditions, etc.) to the member's immediate supervisor as well as to the Training Sergeant as soon as practicable.

- (d) The member's immediate supervisor shall then notify the Chief of Police via chain of command for a determination of the action to be taken.
- (e) Once a member initiates qualification, he/she shall not leave the range until he/she either qualifies or exhausts all three qualification attempts.

Members shall be given credit for a range qualification after remedial training and a qualifying score is obtained. No range credit will be given for a failure to qualify after remedial training. A failure to qualify for reasons other than proficiency, including any malfunction of firearms, ammunition or otherwise, is not considered a failed attempt at qualification.

Failure to qualify as directed or to equip oneself with approved equipment or firearms will subject the offending member to disciplinary action, up to termination, as deemed appropriate by the Chief of Police.

312.7 FIREARM DISCHARGE

Except during training or recreational use, any member who discharges a firearm intentionally or unintentionally, on- or off-duty, shall make a verbal report to his/her supervisor as soon as circumstances permit. This reporting requirement universally applies to all qualifying off-duty firearm discharges, regardless of duty status. If the discharge results in injury or death to another person, additional statements and reports shall be made in accordance with the Officer-Involved Shootings and Deaths Policy. If a firearm was discharged as a use of force, the involved member shall adhere to the additional reporting requirements set forth in the Use of Force Policy.

In all other cases, written reports shall be made as follows:

- (a) If on-duty at the time of the incident, the member shall file a written report with his/her Bureau Chief or provide a recorded statement to investigators prior to the end of shift, unless otherwise directed.
- (b) If off-duty at the time of the incident, a written report shall be submitted or a recorded statement provided no later than the end of the next regularly scheduled shift, unless otherwise directed by a supervisor.

The Special Services Captain shall be immediately notified of all firearm discharges. Firearm discharges are subject to administrative investigation by the Internal Affairs Section.

312.7.1 DESTRUCTION OF ANIMALS

Members are authorized to use firearms to stop an animal in circumstances where the animal reasonably appears to pose an imminent threat to human safety and alternative methods are not reasonably available or would likely be ineffective. Members should follow their training to identify animal behaviors that may reasonably put law enforcement officers or other individuals in imminent danger, in addition to animal behaviors that do not suggest or pose an imminent danger.

Pueblo Police Department

Policy Manual

Firearms

In circumstances where there is sufficient advance notice that a potentially dangerous animal may be encountered, members should develop reasonable contingency plans for dealing with the animal (e.g., fire extinguisher, TASER device, oleoresin capicum (OC) spray, animal control officer). Nothing in this policy shall prohibit any member from shooting a dangerous animal if circumstances reasonably dictate that a contingency plan has failed or becomes impractical.

312.7.2 INJURED ANIMALS

Officers may euthanize an animal when, in his/her judgment and in the opinion of a licensed veterinarian, the animal is experiencing extreme pain or suffering or is severely injured, disabled or diseased past recovery and where other dispositions are impractical. In the event a licensed veterinarian is not available, the animal may be euthanized at the request of the owner or by the written certificate of two persons called to view the animal (CRS § 35-42-110). Officers shall always notify a supervisor prior to the destruction of any animal when time permits.

Injured wildlife may be euthanized whenever the officer determines that no other reasonable action would be practical, humane or effective for the rehabilitation of the wildlife (2 CCR 406-14:1405).

A gunshot to the head is an accepted method of euthanasia by the American Veterinary Medical Association, taking into consideration people and nearby animals. The procedure should be performed outdoors and away from public access or visibility.

If a disease such as rabies or chronic wasting disease is suspected, euthanasia by gunshot to the head should not be performed.

312.7.3 WARNING AND OTHER SHOTS

Generally, warning shots or shots fired for the purpose of summoning aid are discouraged and may not be discharged unless the member reasonably believes that they appear necessary, effective and reasonably safe.

312.8 TRAINING SERGEANT DUTIES

The Training Sergeant has the responsibility of supervising the Firearms Training Unit, managing qualifications, scheduling firearms training, maintaining documentation and descriptions of courses provided, maintaining training and qualification records, maintaining lists of approved firearms, managing ammunition supplies, etc.

The scheduling of the range will also be the responsibility of the Training Sergeant. Unless the range is scheduled/reserved for official department training, the Training Sergeant will ensure that the range remains operational and reasonably accessible to department members during established hours of operation.

312.8.1 FIREARMS INSTRUCTOR PROFICIENCY

Each firearms instructor shall meet the proficiency requirements required by the State of Colorado and POST.

312.9 FLYING WHILE ARMED

The Transportation Security Administration (TSA) has imposed rules governing law enforcement officers flying armed on commercial aircraft. The following requirements apply to officers who intend to be armed while flying on a commercial air carrier or flights where screening is conducted (49 CFR 1544.219):

- (a) Officers wishing to fly while armed must be flying in an official capacity, not for vacation or pleasure, and must have a need to have the firearm accessible, as determined by the Department based on the law and published TSA rules.
- (b) Officers must carry their Pueblo Police Department identification card, bearing the officer's name, a full-face photograph, identification number, the officer's signature and the signature of the Chief of Police or the official seal of the Department and must present this identification to airline officials when requested. The officer should also carry the standard photo identification needed for passenger screening by airline and TSA officials (e.g., driver's license, passport).
- (c) The Pueblo Police Department must submit a National Law Enforcement Telecommunications System (NLETS) message prior to the officer's travel. If approved, TSA will send the Pueblo Police Department an NLETS message containing a unique alphanumeric identifier. The officer must present the message on the day of travel to airport personnel as authorization to travel while armed.
- (d) An official letter signed by the Chief of Police authorizing armed travel may also accompany the officer. The letter should outline the officer's need to fly armed, detail his/her itinerary, and should include that the officer has completed the mandatory TSA training for a law enforcement officer flying while armed.
- (e) Officers must have completed the mandated TSA security training covering officers flying while armed. The training shall be given by the department-appointed instructor.
- (f) It is the officer's responsibility to notify the air carrier in advance of the intended armed travel. This notification should be accomplished by early check-in at the carrier's check-in counter.
- (g) Any officer flying while armed should discreetly contact the flight crew prior to take-off and notify them of his/her assigned seat.
- (h) Discretion must be used to avoid alarming passengers or crew by displaying a firearm. The officer must keep the firearm concealed on his/her person at all times. Firearms are not permitted in carry-on luggage and may not be stored in an overhead compartment.
- (i) Officers should try to resolve any problems through the flight captain, ground security manager, TSA representative or other management representative of the air carrier.
- (j) Officers shall not consume alcoholic beverages while aboard an aircraft, or within eight hours prior to boarding an aircraft.

312.10 CARRYING FIREARMS OUT OF STATE

Qualified, active, full-time officers of this department are authorized to carry a concealed firearm in all other states subject to the following conditions (18 USC § 926B):

Pueblo Police Department

Policy Manual

Firearms

- (a) The officer shall carry his/her Pueblo Police Department identification card whenever carrying such firearm.
- (b) The officer is not the subject of any current disciplinary action.
- (c) The officer may not be under the influence of alcohol or any other intoxicating or hallucinatory drug.
- (d) The officer will remain subject to this and all other department policies (including qualifying and training).

Officers are cautioned that individual states may enact local regulations that permit private persons or entities to prohibit or restrict the possession of concealed firearms on their property, or that prohibit or restrict the possession of firearms on any state or local government property, installation, building, base or park. Federal authority may not shield an officer from arrest and prosecution in such locally restricted areas.

Active certified officers from other states are subject to all requirements set forth in 18 USC § 926B.

312.11 TRAINING

The Training Sergeant shall ensure that, at least annually, all members authorized to carry a firearm receive training on the Department's policies governing use of force. All firearms training shall be provided by a certified firearms instructor and shall be documented.

In addition to general training regarding the use of firearms, the Training Sergeant shall ensure that training is provided on encounters with dogs in the course of duty as required by CRS §29-5-112. At a minimum, the training must cover the policies and procedures adopted by this department.

Vehicle Pursuit Policy

314.1 PURPOSE AND SCOPE

Vehicle pursuits expose innocent citizens, law enforcement officers and fleeing violators to the risk of serious injury or death. The primary purpose of this policy is to provide officers with guidance in balancing the safety of the public and themselves against law enforcement's duty to apprehend violators of the law. Another purpose of this policy is to minimize the potential for pursuit-related collisions. Vehicle pursuits require officers to exhibit a high degree of common sense and sound judgment. Officers must not forget that the immediate apprehension of a suspect is generally not more important than the safety of the public and pursuing officers (CRS § 42-4-108).

314.1.1 PHILOSOPHY

Deciding whether to pursue a motor vehicle is a critical decision that must be made quickly and under difficult and unpredictable circumstances. In recognizing the risk to public safety created by vehicle pursuits, no officer or supervisor shall be criticized or disciplined for deciding not to engage in a vehicle pursuit due to the risk involved. This includes circumstances where Department policy would permit the initiation or continuation of the pursuit. It is recognized that vehicle pursuits are not always predictable and decisions made pursuant to this policy will be evaluated according to the totality of the circumstances reasonably available at the time of the pursuit.

Officers must remember that the most important factors to the successful conclusion of a pursuit are proper self-discipline and sound professional judgment. Officers' conduct during the course of a pursuit must be objectively reasonable; that is, what a reasonable officer would do under the circumstances. An individual's unreasonable desire to apprehend a fleeing suspect at all costs has no place in professional law enforcement.

314.2 DEFINITIONS

Definitions related to this policy include:

Vehicle pursuit - An event involving one or more peace officers attempting to apprehend a suspect who is trying to avoid arrest while operating a motor vehicle by using high speed or other evasive tactics, such as disregarding traffic warning signs, stop signs, red lights, driving off a roadway, turning suddenly or driving in a legal manner but willfully failing to yield to an officer's signal to stop.

Boxing in - A tactic designed to stop a violator's vehicle by surrounding it with law enforcement vehicles and then slowing all vehicles to a stop.

Pursuit Intervention Technique (PIT) - A low-speed maneuver consisting of the intentional contact between an emergency vehicle and a pursued vehicle intended to terminate the pursuit by causing the violator's vehicle to spin out and come to a stop.

Ramming - The deliberate act of impacting a violator's vehicle with another vehicle to functionally damage or otherwise force the violator's vehicle to stop.

Pueblo Police Department

Policy Manual

Vehicle Pursuit Policy

Roadblocks - A tactic designed to stop a violator's vehicle by intentionally placing a vehicle or other immovable object in the path of the violator's vehicle.

Tire deflation device, spikes or tack strips - A device that extends across the roadway and is designed to puncture the tires of the pursued vehicle.

Violent felony - An attempted or completed felony in which a person uses aggressive physical force, including any of the following to the extent it constitutes a felony:

- (a) Homicide,
- (b) Kidnapping,
- (c) Assault, vehicular assault or sexual assault,
- (d) Robbery,
- (e) Arson,
- (f) Any other crime of violence, or
- (g) Escape for one or more of these offenses.

314.3 OFFICER RESPONSIBILITIES

Members of the department should be aware of a state statute (CRS § 42-4-108), particularly subsection (4) thereof which states, in part: "The provision of this section shall not relieve the driver of an authorized emergency vehicle from the duty to drive with due regard for the safety of all persons, nor shall such provisions protect the driver from the consequences of such driver's reckless disregard for the safety of others."

It should also be noted that the Colorado Court of Appeals in *Zapp v. Kukuris*, 847 P.2d 150 (Colo. App. 1992) held that under Colorado's governmental immunity statutory scheme, a police officer operating an emergency vehicle within the course of employment in the pursuit of a suspect is not shielded from liability if it is established that such operation was done with "reckless disregard for the safety of others."

It is the policy of this department that a vehicle pursuit shall be conducted using an authorized emergency vehicle that is equipped with a siren and horn, and at least one signal lamp mounted as high as practicable and is capable of displaying a flashing, oscillating or rotating red light visible from the front (CRS § 42-4-213).

The following policy is established to provide officers with guidelines for driving with due regard and caution for the safety of all persons using the highway.

314.3.1 WHEN TO INITIATE A PURSUIT

An officer may only engage in a pursuit of a person when the person has attempted or committed, or is reasonably suspected by the officer to have attempted or committed the following:

- (a) A violent felony as defined in this policy, or

Pueblo Police Department

Policy Manual

Vehicle Pursuit Policy

- (b) Some other act, which, in the officer's reasonable judgment, requires that the person be pursued for the immediate protection of the public safety. Pursuits are not authorized for traffic violations or for the apprehension of a person who may have committed a misdemeanor or petty offense.

The following factors individually and collectively shall be considered in deciding whether to initiate or continue a pursuit:

- (a) The seriousness of the known or reasonably suspected crime and its relationship to community safety.
- (b) The importance of protecting the public and balancing the known or reasonably suspected offense and the apparent need for immediate capture against the risks to officers, innocent motorists and others.
- (c) The apparent nature of the fleeing suspect (e.g., whether the suspect represents a serious threat to public safety).
- (d) The identity of the suspect has been verified and there is comparatively minimal risk in allowing the suspect to be apprehended at a later time.
- (e) The safety of the public in the area of the pursuit, including the type of area, time of day, the amount of vehicular and pedestrian traffic (e.g., school zones) and the speed of the pursuit relative to these factors.
- (f) The pursuing officer's familiarity with the area of the pursuit, the quality of radio communication between the pursuing units and the dispatcher/supervisor, and the driving capabilities of the pursuing officers under the conditions of the pursuit.
- (g) The weather, traffic and road conditions that unreasonably increase the danger of the pursuit when weighed against the risks resulting from the suspect's escape.
- (h) The performance capabilities of the vehicles used in the pursuit in relation to the speed and other conditions of the pursuit.
- (i) Vehicle speeds.
- (j) Other persons in or on the pursued vehicle (e.g., passengers, co-offenders and hostages).
- (k) The availability of other resources, such as aircraft assistance.
- (l) The police unit is carrying passengers other than on-duty police officers. Vehicles containing victims, witnesses, suspects, prisoners, and/or complainants, shall not participate in any manner in any pursuit.

Officers should be familiar with *Tidwell v. City and County of Denver*, 2003 WL 22533402 (Colo. 2003). The Colorado Supreme Court ruled in this case that the investigatory exception applies only when the officer is still trying to confirm a suspicion that the driver has violated the traffic law, and the officer otherwise has no reasonable suspicion or probable cause to stop the driver (refer to the definition of "investigatory exception below). Officers shall, therefore, activate their

Vehicle Pursuit Policy

emergency lights and siren promptly after the officer has determined that there is probable cause to believe a violation of the motor vehicle code, or other violation, has occurred, and begins to go after the violator to make a stop.

Investigatory exception - A police vehicle, while in actual pursuit of a suspected violator of the motor vehicle code, need not use audible or visible signals, but only so long as the pursuit is being made to obtain verification of or evidence of the guilt of the suspected violator (CRS § 42-4-108 (3)).

314.3.2 WHEN TO TERMINATE A PURSUIT

Pursuits should be discontinued whenever the totality of objective circumstances known or which reasonably ought to be known to the officer or supervisor during the pursuit indicates that the present risk of continuing the pursuit reasonably appears to outweigh the risk resulting from the suspect's escape.

Operating an emergency vehicle in a pursuit with emergency lights and siren does not relieve the operator of an authorized emergency vehicle of the duty to drive with due regard for the safety of all persons and does not protect the driver from the consequences of his/her reckless disregard for the safety of others (CRS § 42-4-108(4)).

The above factors on when to initiate a pursuit are expressly included herein and will apply equally to the decision to discontinue as well as the decision to initiate a pursuit. Officers and supervisors must objectively and continuously weigh the seriousness of the offense against the potential danger to innocent motorists, themselves and the public when electing to continue a pursuit. In the context of this policy, the term "terminate" shall be construed to mean to discontinue or to stop chasing the fleeing vehicle.

In addition to the factors listed above, the following factors should be considered when deciding whether to terminate a pursuit:

- (a) The distance between the pursuing officers and the fleeing vehicle is so great that further pursuit would be futile or require the pursuit to continue for an unreasonable time or distance.
- (b) The pursued vehicle's location is no longer definitely known.
- (c) The officer's pursuit vehicle sustains damage or a mechanical failure that renders it unsafe to drive.
- (d) The pursuit vehicle has an emergency equipment failure that causes the vehicle to no longer qualify for emergency operation use.
- (e) Extended pursuits of violators for crimes not involving abuse or risk of serious harm (independent of the pursuit) are discouraged.
- (f) The hazards to uninvolved bystanders or motorists.
- (g) When the identity of the offender is known and it does not reasonably appear that the need for immediate capture outweighs the risks associated with continuing the pursuit, officers

Vehicle Pursuit Policy

should strongly consider discontinuing the pursuit and apprehending the offender at a later time.

- (h) When directed to terminate the pursuit by a supervisor.

314.3.3 SPEED LIMITS

The speed of a pursuit is a factor that should be evaluated on a continuing basis by the officer and supervisor. Vehicle speeds shall be taken into consideration to prevent endangering public safety, officer safety and the safety of the occupants of the fleeing vehicle.

Should high vehicle speeds be reached during a pursuit, officers and supervisors shall also consider these factors when determining the reasonableness of the speed of the pursuit (CRS § 42-4-108(2)(c)):

- (a) Pursuit speeds have become unreasonably unsafe for the surrounding conditions.
- (b) Pursuit speeds have exceeded the driving ability of the officer.
- (c) Pursuit speeds are beyond the capabilities of the pursuit vehicle, thus making its operation unsafe.

314.4 PURSUIT UNITS

Pursuit units should be limited to three vehicles (two units and a supervisor). However, the number of units involved will vary with the circumstances.

A supervisor of the rank of sergeant or above may authorize additional units to join a pursuit if, after assessing the factors outlined above, it appears that the number of officers involved would be insufficient to safely arrest the suspect. All other officers shall stay out of the pursuit but should remain alert to its progress and location. Any officer who drops out of a pursuit may then, if necessary, proceed to the termination point at legal speeds, following the appropriate rules of the road.

Distinctively marked patrol vehicles should replace unmarked vehicles involved in a pursuit whenever practicable.

314.4.1 MOTORCYCLE OFFICERS

A distinctively marked patrol vehicle equipped with emergency overhead lighting should replace a police motorcycle as primary and/or secondary pursuit unit as soon as practicable.

314.4.2 VEHICLES WITHOUT EMERGENCY EQUIPMENT

Vehicles not equipped with a red or blue emergency light and siren are prohibited from initiating or joining in any pursuit. Officers in such vehicles may provide support to pursuing units as long as the vehicle is operated in compliance with all traffic laws .

314.4.3 PRIMARY UNIT RESPONSIBILITIES

The initial pursuing officer will be designated as the primary pursuit unit and will be responsible for the conduct of the pursuit unless it is unable to remain reasonably close enough to the violator's

Pueblo Police Department

Policy Manual

Vehicle Pursuit Policy

vehicle. The primary responsibility of the officer initiating the pursuit is the apprehension of the suspect without unreasonable danger to him/herself or other persons.

The primary unit should notify the Communications Center, commencing with a request for priority radio traffic, that a vehicle pursuit has been initiated, and as soon as practicable, provide information including, but not limited to:

- (a) The reason for the pursuit.
- (b) The location and direction of travel.
- (c) The speed of the fleeing vehicle.
- (d) The description of the fleeing vehicle and license number, if known.
- (e) The number of occupants.
- (f) The identity or description of the known occupants.
- (g) The weather, road and traffic conditions.
- (h) The identity of other agencies involved in the pursuit.
- (i) Information concerning the use of firearms, threat of force, injuries, hostages or other unusual hazards.

Unless relieved by a supervisor or secondary unit, the officer in the primary unit shall be responsible for broadcasting the progress of the pursuit. Unless circumstances reasonably indicate otherwise, the primary unit should relinquish the responsibility of broadcasting the progress of the pursuit to a secondary unit or aircraft joining the pursuit to minimize distractions and allow the primary unit to concentrate foremost on safe pursuit tactics.

314.4.4 SECONDARY UNIT RESPONSIBILITIES

The second officer in the pursuit is responsible for:

- (a) Immediately notifying the dispatcher of his/her entry into the pursuit.
- (b) Remaining at a safe distance behind the primary unit unless directed to assume the role of primary officer, or if the primary unit is unable to continue the pursuit.
- (c) Broadcasting the progress of the pursuit unless the situation indicates otherwise.
- (d) Serving as backup to the primary unit once the subject has been stopped.

314.4.5 PURSUIT DRIVING TACTICS

The decision to use specific driving tactics requires the same assessment of considerations outlined in the factors to be considered concerning pursuit initiation and termination. The following are tactics for units involved in the pursuit:

- (a) Officers, considering their driving skills and vehicle performance capabilities, will space themselves from other involved vehicles such that they are able to see and avoid hazards or react safely to maneuvers by the fleeing vehicle.

Pueblo Police Department

Policy Manual

Vehicle Pursuit Policy

- (b) Officers may proceed past a red or stop signal or stop sign but only after slowing down as may be necessary for safe operation.
- (c) Because intersections can present increased risks, the following tactics should be considered:
 - 1. Available units not directly involved in the pursuit may proceed safely to controlled intersections ahead of the pursuit in an effort to warn cross traffic.
 - 2. Pursuing units shall exercise due caution and slow down as may be necessary for safe operation when proceeding through controlled intersections (CRS § 42-4-108(2)(b)).
- (d) As a general rule, officers should not pursue a vehicle driving the wrong way on a roadway, highway or freeway. In the event the pursued vehicle does so, the following tactics should be considered (CRS § 42-4-108(2)(d)):
 - 1. Maintaining visual contact with the pursued vehicle by paralleling on the correct side of the roadway.
 - 2. Requesting other units to observe exits available to the suspect.
- (e) Notifying the Colorado State Patrol or other law enforcement agency if it appears the pursuit may enter their jurisdiction.
- (f) Officers involved in a pursuit should not attempt to pass other units unless the situation indicates otherwise or they are requested to do so by the primary unit and a clear understanding of the maneuver process exists between the involved officers.

314.4.6 TACTICS/PROCEDURES FOR UNITS NOT INVOLVED IN THE PURSUIT

There should be no paralleling of the pursuit route. Officers are authorized to use emergency equipment at intersections along the pursuit path to clear intersections of vehicular and pedestrian traffic to protect the public. Officers should remain in their assigned area and should not become involved with the pursuit unless directed otherwise by a supervisor.

Non-pursuing personnel needed at the termination of the pursuit should respond in a non-emergency manner, observing the rules of the road. Should the immediate presence of non-pursuing personnel become necessary at the termination point of the pursuit, non-pursuing personnel shall respond to the scene in accordance with established emergency vehicle operation procedures.

The primary unit, secondary unit and supervisor should be the only units operating under emergency conditions (emergency lights and siren) unless other units are assigned to the pursuit.

314.4.7 PURSUIT TRAILING

In the event that the initiating unit from this agency relinquishes control of the pursuit to another unit or jurisdiction, that initiating unit may, with permission of a supervisor, trail the pursuit to the termination point in order to provide information and assistance for the arrest of the suspect.

Pueblo Police Department

Policy Manual

Vehicle Pursuit Policy

The term "trail" means to follow the path of the pursuit at a safe speed, while obeying all traffic laws and without activating emergency equipment. If the pursuit is at a slow rate of speed, the trailing unit will maintain sufficient distance from the pursuit units to clearly indicate an absence of participation in the pursuit.

314.5 SUPERVISORY CONTROL AND RESPONSIBILITIES

It is the policy of this department that available supervisory and management control will be exercised over all vehicle pursuits involving officers from this department.

The field supervisor of the officer initiating the pursuit, or if unavailable, the nearest field supervisor will be responsible for the following:

- (a) Upon becoming aware of a pursuit, immediately notifying involved officers and the Communications Center of supervisory presence and ascertaining all reasonably available information to continuously assess the situation and risk factors associated with the pursuit in order to ensure that the pursuit is conducted within established Department guidelines.
- (b) Engaging in the pursuit, when appropriate, to provide on-scene supervision.
- (c) Exercising management and control of the pursuit even if not engaged in it.
- (d) Ensuring that no more than the number of required law enforcement units needed are involved in the pursuit under the guidelines set forth in this policy.
- (e) Directing that the pursuit be terminated if, in his/her judgment, it is not justified to continue the pursuit under the guidelines of this policy.
- (f) Ensuring that the proper radio channel is being used.
- (g) Ensuring the notification and/or coordination of outside agencies if the pursuit either leaves or is likely to leave the jurisdiction of this agency.
- (h) Controlling and managing PPD units when a pursuit enters another jurisdiction.
- (i) Documenting the pursuit using the required forms, gathering completed reports prepared by officers involved in the pursuit and submitting such to the Chief of Police via the chain of command.
- (j) Conducting a post-pursuit analysis and critique with all involved officers for training purposes.

314.5.1 WATCH COMMANDER RESPONSIBILITIES

Upon becoming aware that a pursuit has been initiated, the Watch Commander should monitor and continually assess the situation and ensure the pursuit is conducted within the guidelines and requirements of this policy. The Watch Commander has the final responsibility for the coordination, control and termination of a vehicle pursuit and shall be in overall command.

The Watch Commander shall review all pertinent reports for content and forward them to the Chief of Police via the chain of command.

Pueblo Police Department

Policy Manual

Vehicle Pursuit Policy

314.6 COMMUNICATIONS

If the pursuit is confined within the City limits, radio communications will be conducted on the primary channel unless instructed otherwise by a supervisor or communications dispatcher. If the pursuit leaves the jurisdiction of this department or such is imminent, involved units should, whenever available, switch radio communications to an emergency channel most accessible by participating agencies and units.

314.6.1 THE COMMUNICATIONS CENTER RESPONSIBILITIES

Upon notification that a pursuit has been initiated, the Communications Center will be responsible for:

- (a) Establishing a clear channel for use by officers in the pursuit.
- (b) Coordinating pursuit communications of the involved units and personnel.
- (c) Notifying and coordinating with other involved or affected agencies as practicable.
- (d) Ensuring that a field supervisor is notified of the pursuit.
- (e) Assigning an incident number and logging all pursuit activities.
- (f) Broadcasting pursuit updates as well as other pertinent information as necessary.
- (g) Notifying the Watch Commander as soon as practicable.

314.6.2 LOSS OF PURSUED VEHICLE

When the pursued vehicle is lost, the primary unit should broadcast pertinent information to assist other units in locating the vehicle. The primary unit will be responsible for coordinating any further search for either the pursued vehicle or suspects fleeing on foot.

314.7 INTERJURISDICTIONAL CONSIDERATIONS

When a pursuit enters another agency's jurisdiction, the primary officer or supervisor, taking into consideration distance traveled, unfamiliarity with the area and other pertinent facts, should determine whether to request the other agency to assume the pursuit. Unless entry into another jurisdiction is expected to be brief, it is generally recommended that the primary officer or supervisor ensure that notification is provided to each outside jurisdiction into which the pursuit is reasonably expected to enter, regardless of whether such jurisdiction is expected to assist.

314.7.1 ASSUMPTION OF PURSUIT BY ANOTHER AGENCY

Pueblo Police Department officers will discontinue the pursuit when another agency has assumed the pursuit, unless the continued assistance of the Pueblo Police Department is requested by the agency assuming the pursuit. Upon discontinuing the pursuit, the primary unit may proceed upon request, with or at the direction of a supervisor, to the termination point to assist in the investigation. A supervisor should coordinate with the agency managing the termination point to determine the supervisor's need to respond or otherwise assist in the investigation. The supervisor should obtain any information that is necessary for inclusion in any reports from the agency managing the termination point.

Vehicle Pursuit Policy

The role and responsibilities of officers at the termination of a pursuit that was initiated by this department shall be coordinated with appropriate consideration of the units from the agency assuming the pursuit.

314.7.2 PURSUITS EXTENDING INTO THIS JURISDICTION

The agency that initiates a pursuit shall be responsible for conducting the pursuit. Units from this department should not join a pursuit unless specifically requested to do so by the agency whose peace officers are in pursuit. The exception to this is when a single unit from the initiating agency is in pursuit. Under this circumstance, a unit from this department may join the pursuit until sufficient units from the initiating agency join the pursuit.

When a request is made for this department to assist or take over a pursuit that has entered this jurisdiction, the supervisor should consider these additional factors:

- (a) Ability to maintain the pursuit
- (b) Circumstances serious enough to continue the pursuit
- (c) Adequate staffing to continue the pursuit
- (d) The public's safety within this jurisdiction
- (e) Safety of the pursuing officers

As soon as practicable, a supervisor or the Watch Commander should review a request for assistance from another agency. The Watch Commander or supervisor, after consideration of the above factors, may decline to assist in or assume the other agency's pursuit.

Assistance to a pursuing outside agency by officers of this department will terminate at the City limits provided that the pursuing peace officers have sufficient assistance from other sources. Ongoing participation from this department may continue only until sufficient assistance is present.

In the event that a pursuit from another agency terminates within this jurisdiction, officers shall notify the initiating agency of the termination of the pursuit, provide appropriate assistance to peace officers from the initiating and other involved agencies including, but not limited to, scene control, coordination and completion of supplemental reports and any other assistance requested or needed.

314.8 PURSUIT INTERVENTION

Pursuit intervention is an attempt to terminate the ability of a suspect to continue to flee in a motor vehicle through tactical application of technology, tire deflation devices, boxing in, PIT, ramming or roadblock procedures.

314.8.1 WHEN USE IS AUTHORIZED

In deciding whether to use intervention tactics, officers/supervisors should balance the risk of allowing the pursuit to continue with the potential hazards arising from the use of each tactic to the public, the officers and persons in or on the pursued vehicle. With this in mind, the decision

Vehicle Pursuit Policy

to use any intervention tactic should be reasonable in light of the circumstances apparent to the officer at the time of the decision.

314.8.2 USE OF FIREARMS

The use of firearms to disable a pursued vehicle is not generally an effective tactic and involves all the dangers associated with discharging firearms. Officers shall not utilize firearms during an ongoing pursuit unless the conditions and circumstances meet the requirements authorizing the use of deadly force. Nothing in this section shall be construed to prohibit any officer from using a firearm to stop a suspect from using a vehicle as a deadly weapon.

314.8.3 INTERVENTION STANDARDS

Any pursuit intervention tactic, depending upon the conditions and circumstances under which it is used, may present dangers to the officers, the public or anyone in or on the vehicle being pursued. Certain applications of intervention tactics may be construed to be a use of force, including deadly force, and are subject to department policies guiding such use. Officers shall consider these facts and requirements prior to deciding how, when, where and if an intervention tactic should be employed.

(a) PIT SHALL ONLY BE USED TO TERMINATE PURSUITS OF PERSONS WHO OFFICERS REASONABLY BELIEVE HAVE ATTEMPTED OR COMMITTED THE FOLLOWING OFFENSES:

1. HOMICIDE

2. KIDNAPPING

3. IN-PROGRESS ARMED ROBBERY

4. ESCAPE FOR HOMICIDE, KIDNAPPING OR AN IN-PROGRESS ARMED ROBBERY

Only those officers certified in the use of the PIT are authorized to use this procedure and only then with approval of a supervisor upon consideration of the circumstances and conditions presented at the time, including the potential for injury to officers, the public and occupants of the pursued vehicle. The PIT shall not be used at any speed in excess of 35 miles per hour. The PIT shall not be used on any passenger occupied bus, vehicle transporting hazardous material, or any vehicle that would pose an unusual hazard to the public. The PIT shall not be used when oncoming traffic may be placed in jeopardy from the use of the technique. Officers who are certified in the use of the PIT are required to recertify on an annual basis.

(b) The use of the boxing in technique must be carefully coordinated with all involved units, taking into consideration the circumstances and conditions apparent at the time, as well as the potential risk of injury to officers, the public and occupants of the pursued vehicle. Boxing in shall only be used on vehicles traveling slower than 20 miles per hour. Use of this tactic on vehicles traveling faster than 20 miles per hour shall constitute a roadblock. Officers shall obtain supervisor approval before attempting to box in a suspect vehicle during a pursuit.

Vehicle Pursuit Policy

(c) Tire deflation devices shall be deployed only when it is reasonably apparent that only the pursued vehicle will be affected by their use, and only then with approval of a supervisor. Prior to the deployment of a tire deflation device, the officer shall notify pursuing units of the intent and location. Officers should carefully consider the limitations of such devices as well as the potential risk to officers, the public and occupants of the pursued vehicle. If the pursued vehicle is a motorcycle, a vehicle transporting hazardous materials or a school bus transporting children, officers and supervisors should weigh the potential consequences against the need to immediately stop the vehicle.

(d) Ramming a fleeing vehicle involves a potential for serious injury or death to occupants of the pursued vehicle. Ramming shall therefore be considered deadly force under the Department's Use of Force Policy and subject to the provisions and limitations on the use of deadly force contained therein. Ramming a fleeing vehicle should be done only after other reasonable tactical means at the officer's disposal have been exhausted. This tactic should be reserved for situations where there does not appear to be another reasonable alternative method.

(e) Because roadblocks involve a potential for serious injury or death to occupants of the pursued vehicle if the suspect does not stop, the intentional placement of roadblocks in the direct path of a pursued vehicle is considered deadly force under the Department's Use of Force Policy and subject to the provisions and limitations on the use of deadly force contained therein. Roadblocks shall not be deployed without prior approval of a supervisor. Roadblocks shall only be deployed under extraordinary conditions when all other reasonable intervention techniques have failed or reasonably appear ineffective and the need to immediately stop the pursued vehicle substantially outweighs the risk of injury or death to occupants of the pursued vehicle, officers or other members of the public. Roadblocks must be set up in such a manner as to afford the operator of the pursued vehicle ample time to see the barricade. Once authorized, only unoccupied emergency vehicles may be used for a roadblock; under no circumstances shall a roadway be barricaded with any occupied vehicle, or any vehicle belonging to a private citizen.

314.8.4 CAPTURE OF SUSPECTS

Proper self-discipline and sound professional judgment are the keys to a successful conclusion of a pursuit and apprehension of evading suspects. Officers shall use only that amount of force that reasonably appears necessary under the circumstances to properly perform their lawful duties.

Unless relieved by a supervisor, the primary officer should coordinate efforts to apprehend the suspect following the pursuit. Officers should consider the safety of the public and the involved officers when formulating plans to contain and capture the suspect.

314.9 REPORTING AND REVIEW REQUIREMENTS

All appropriate reports shall be completed to comply with local and state regulations.

- (a) The primary officer shall complete appropriate crime/arrest reports.
- (b) All participating officers shall document their involvement in the pursuit within a reasonable time period from the end of the event.

Pueblo Police Department

Policy Manual

Vehicle Pursuit Policy

- (c) After first obtaining available information, the primary supervisor shall complete a Pueblo Police Department Pursuit Review which should minimally contain the following information:
1. Date and time of pursuit
 2. Length of pursuit in distance and time
 3. Involved units and officers
 4. Initial reason and circumstances surrounding the pursuit
 5. Starting and termination points
 6. Alleged offense, charges filed or disposition: arrest, citation or other release
 7. Arrestee information should be provided if applicable
 8. Injuries and/or property damage
 9. Medical treatment
 10. The outcome of the pursuit
 11. Name of supervisor handling or at the scene
 12. A preliminary determination that the pursuit appears to be in compliance with this policy or that additional review and/or follow-up is warranted
- (d) After receiving copies of reports, logs and other pertinent information, the Chief of Police or the authorized designee shall conduct or assign the completion of a post-pursuit review as appropriate to the circumstances.
- (e) Annually, the Chief of Police should direct a documented review and analysis of Department vehicle pursuits to minimally include policy suitability, policy compliance and training needs.

314.9.1 REGULAR AND PERIODIC PURSUIT TRAINING

In addition to initial and supplementary training on pursuits and pursuit intervention tactics, all officers will participate, no less than annually, in regular and periodic training addressing this policy and the importance of vehicle safety and protecting the public at all times. Training will include skills refresher training in pursuits and pursuit intervention tactics as well as refresher training in relevant legal updates affecting pursuits and pursuit intervention tactics. Training will also include a recognition of the need to balance the known offense and the need for immediate capture against the risks to officers and others.

314.9.2 POLICY REVIEW

The department policies and procedures governing vehicle pursuits shall be disseminated to all personnel via the department network in accordance with the Policy Manual Policy. All officers shall be presumed to be familiar with said policies and procedures. Officers shall acknowledge that they have received, read and understand this policy initially and upon any amendments by following the procedures set forth in the Policy Manual Policy.

Officer Response to Calls

316.1 PURPOSE AND SCOPE

This policy provides for the safe and appropriate response to all emergency and non-emergency situations.

316.2 RESPONSE TO CALLS

Officers responding to any call shall proceed with due regard for the safety of all persons and property.

Officers not responding to a call as an emergency response shall observe all traffic laws and proceed without the use of emergency lights and siren.

Officers responding to a call as an emergency response shall continuously operate emergency lighting equipment and shall sound the siren as reasonably necessary (CRS § 42-4-108(3) and CRS § 42-4-213).

Officers responding to a call as an emergency response shall not exceed the posted speed limit by more than 25 miles per hour.

Responding with emergency lights and siren does not relieve an officer of the duty to drive with due regard for the safety of all persons and property and does not protect the officer from the consequences of reckless disregard for the safety of others (CRS § 42-4-108(4)).

The use of any other warning equipment without emergency lights and siren does not generally provide an exemption from the vehicle laws (CRS § 42-4-108(3)).

Officers should only respond to a call as an emergency response when so dispatched or when responding to circumstances the officer reasonably believes involves the potential for immediate danger to persons or property. Examples of such circumstances may include:

- An officer who requires urgent assistance.
- A burglary in process that appears to involve a threat to any person's safety.
- A robbery in progress.
- A person brandishing a weapon.
- An apparent homicide.
- A suicide in progress.
- A fight, riot or other large disturbance involving injuries.
- An assault or other violence in progress.
- A domestic dispute where injury is reasonably believed to be imminent, or has just occurred and the suspect is present.
- A kidnapping in progress.

Officer Response to Calls

- A traffic collision or other event involving a serious injury or the possibility of injury that may reasonably require immediate medical aid.
- All traffic collisions on Interstate 25.

316.3 REQUESTING EMERGENCY ASSISTANCE

Officers may request emergency assistance when they reasonably believe that there is an imminent threat to the safety of officers, or assistance is needed to prevent imminent serious harm to a citizen.

If circumstances permit, the requesting officer should give the following information:

- The unit number
- The location
- The reason for the request and type of emergency
- The number of units required

Where a situation has stabilized and emergency response is not required, the requesting officer shall promptly notify the Communications Center.

316.3.1 NUMBER OF UNITS PARTICIPATING

Normally, only those units reasonably necessary should respond to a call with an emergency response. The Watch Commander or the field supervisor should monitor all emergency responses and reduce or enhance the response as warranted.

316.4 INITIATING EMERGENCY CALL RESPONSE

If an officer believes an emergency response to any call is appropriate, the officer shall immediately notify the Communications Center. An emergency response of more than one unit should initiate notification of and coordination by the Communications Center to avoid any unanticipated intersecting of response routes.

An emergency response of more than one unit should initiate notification by the Communications Center to the Watch Commander or field supervisor. The Watch Commander or field supervisor will make a determination regarding the appropriateness of the response and reduce or enhance the response as warranted.

316.5 RESPONSIBILITIES OF THE RESPONDING OFFICER

Officers shall exercise sound judgment and care with due regard for life and property when responding to a call with an emergency response. During a call involving an emergency response officers may (CRS § 42-4-108(2)):

- (a) Disregard regulations governing parking or standing when using a warning lamp.
- (b) Proceed past a red or stop signal or stop sign, but only after slowing down as may be necessary for safe operation.

Pueblo Police Department

Policy Manual

Officer Response to Calls

- (c) Exceed any speed limits provided this does not endanger life or property.
- (d) Disregard regulations governing direction of movement or turning in specified directions.

The decision to continue as an emergency response is at the discretion of the officer. If, in the officer's judgment, the roadway conditions or traffic congestion does not permit such a response without unreasonable risk, the officer may elect to respond to the call without the use of red lights and siren at the legal speed limit. In such an event, the officer should immediately notify the Communications Center. An officer shall also discontinue an emergency response when directed by a supervisor or as otherwise appropriate.

Upon determining that an emergency response is appropriate, an officer shall immediately give the location from which he/she is responding.

The first officer arriving at an emergency response scene should determine whether to increase or reduce the level of the response and notify the Communications Center of their determination. Any subsequent change in the appropriate response level should be communicated to the Communications Center by the officer in charge of the scene unless a supervisor assumes this responsibility.

316.5.1 EMERGENCY RESPONSE SPECIAL CONDITIONS

While performing certain emergency response tasks, the use of emergency lights or sirens may increase the danger to the responding officers or the public. In the following circumstances, officers may consider the appropriateness of an emergency response without siren, emergency lights or both:

- (a) An officer is attempting to confirm his/her suspicion that a driver has violated the traffic code and there is no other reasonable suspicion or probable cause to stop the driver (CRS § 42-4-108(3)).
- (b) An emergency response requires an element of stealth that would be defeated by the use of emergency lighting or siren. This response should use a siren and emergency lights until a stealth response without lights and siren is required, and the response should then continue accordingly.

Any emergency response without the use of emergency lights and siren shall be conducted with due regard for the safety of the public and property and the recognition that such a response may not provide an exemption from the vehicle laws (CRS § 42-4-108(3)).

Any emergency response without the use of lights or siren shall cease if the circumstances no longer warrant such a response.

316.6 COMMUNICATIONS RESPONSIBILITIES

A dispatcher shall ensure acknowledgment and response of assisting units when an officer requests emergency assistance or when the available information reasonably indicates that an immediate law enforcement response is needed. The dispatcher shall:

Pueblo Police Department

Policy Manual

Officer Response to Calls

- (a) Attempt to assign the closest available unit to the location requiring assistance, in accordance with established Communications Center protocol for dispatching units to emergency calls for service with respect to Automated Vehicle Locator (AVL) technology.
- (b) Confirm the location from which the unit is responding.
- (c) Notify and coordinate outside emergency services (e.g., fire and ambulance).
- (d) Continue to obtain and broadcast information as necessary concerning the response, and monitor the situation until it is stabilized or terminated.
- (e) Control all radio communication during the emergency and coordinate assistance under the direction of the Watch Commander or field supervisor.

316.7 SUPERVISORY RESPONSIBILITIES

Upon being notified that an emergency response has been initiated, the Watch Commander or the field supervisor shall verify the following:

- (a) The proper response has been initiated.
- (b) No more than those units reasonably necessary under the circumstances are involved in the response.
- (c) Affected outside jurisdictions are being notified as practicable.

The field supervisor shall, whenever practicable, monitor the response until it has been stabilized or terminated, and assert control by directing units into or out of the response if necessary. If, in the supervisor's judgment, the circumstances require additional units to be assigned an emergency response, the supervisor may do so.

It is the supervisor's responsibility to terminate an emergency response that, in his/her judgment, is inappropriate due to the circumstances.

When making the decision to authorize an emergency response, the Watch Commander or the field supervisor should consider the following:

- The type of call or crime involved
- The necessity of a timely response
- Traffic and roadway conditions
- The location of the responding units

316.8 FAILURE OF EMERGENCY EQUIPMENT

If the emergency equipment on the vehicle should fail to operate, the officer must terminate the emergency response and continue accordingly.

The officer shall notify the Watch Commander, field supervisor or the Communications Center of the equipment failure so that another unit may be assigned to the emergency response.

Officer Response to Calls

316.9 EMERGENCY OPERATION ESCORTS

Officers are prohibited from escorting under emergency operation conditions (i.e., lights and siren) except when authorized to do so by a supervisor, or when performing one of the following:

- (a) Escorting for the purpose of preserving life.
- (b) Expediting the movement of supplies and personnel as may be necessary to ensure the safety and well being of the community, as well as the efficient delivery of police services.

Officers shall consider the nature of the emergency, the dangers and hazards involved, and the emotional condition of the persons to be escorted before deciding to escort in emergency operations. Officers shall obtain the approval of a supervisor, when feasible, before participating in any emergency operation escort.

Physical Evidence

317.1 PURPOSE AND SCOPE

Any item at the crime scene that can be used to ascertain what occurred and/or constitutes physical evidence, and all such articles which are, or may be, of value as evidence, will be collected and/or processed in accordance with established procedures.

317.2 EVIDENCE COLLECTION RESPONSIBILITY

It is the responsibility of the officer assigned the call to collect and preserve all physical evidentiary property at a crime scene, unless otherwise directed by a supervisor, and submit such to the Property and Evidence Section according to established procedures. All physical property collected by any department member, regardless of evidentiary value, shall be submitted to the Property and Evidence Section prior to the end of his or her shift. During the investigation of major cases, Identification Section officers or other specialized unit officers will collect and preserve physical evidentiary property and submit such to the Property and Evidence Section according to established procedures.

317.3 PROPERTY MODULE

The appropriate property module must be completed and entered on all property or evidence taken into custody by a department member, and shall be routed to the Property and Evidence Section.

If no report is written due to details being reported on a Summons and Complaint, the officer shall obtain a case report number and enter all property into the appropriate property module for that case.

317.4 FIELD RELEASE OF EVIDENCE

Any item of evidence released in the field shall be photographed with the owner or owner's representative. The photographic medium shall be dated, marked with the officer's initials and case number and entered into evidence. If photograph is digital, the memory disk will be forwarded to the Identification Section to be uploaded to the secure computer mainframe or uploaded into the records management system at a terminal per established procedures.

Any item of evidence or property that is not returned to the owner or owner's representative in the field shall be appropriately entered into the Property and Evidence Section before the officer ends his/her shift.

317.5 NARCOTIC EVIDENCE

Narcotics and controlled substances shall be packaged separately from drug paraphernalia and other evidence. All narcotics and controlled substances collected by any department member shall be submitted to the Property and Evidence Section according to established procedures. Narcotics and controlled substances requiring laboratory testing shall be checked out of and in to

Pueblo Police Department

Policy Manual

Physical Evidence

the Property and Evidence Section according to procedures set forth in the Property, Evidence and Supply Section Policy Manual.

317.6 DOCUMENT EVIDENCE

Department members shall properly package and identify documents of evidentiary value according to established procedures. Documents will not be marked in any way by anyone other than the specialist conducting the scientific examination.

When a document of evidentiary value is to be processed for fingerprints or for any other reason (such as lab or identification testing), the officer shall properly package, label and submit the document to the Property and Evidence Section. The officer will then complete the appropriate property module and submit a Request for Laboratory Examination to the Identification Section. Identification Section personnel will then be responsible for removing the document from the Property and Evidence Section, processing the document and returning the document back to the Property and Evidence Section.

317.7 LIQUOR EVIDENCE

Evidence collected at the time of investigation for liquor violations shall be properly sealed (if opened) and marked for future identification by the investigating officer. The liquor evidence shall be entered into the appropriate property module, and an evidence tag will be completed and submitted to the Property and Evidence Section.

Liquor evidence taken to the Colorado Bureau of Investigation must be packaged and labeled according to CBI specifications. Appropriate containers are available in the Identification Section. Lab requests for alcohol analysis should specify both presence and percentage of ethyl alcohol. Liquor evidence obtained during the hours of 0800 hours and 1630 hours, Monday through Friday, shall be taken directly to the Colorado Bureau of Investigation Laboratory by the investigating officer. Liquor evidence obtained weekdays between the hours of 1630 hours and 0800 hours, or any time on Saturday, Sunday or holidays, will be submitted to the Property and Evidence Section. The Property and Evidence Section will then submit the liquor evidence to the Colorado Bureau of Investigation Laboratory as soon as practicable.

317.8 SEROLOGY EVIDENCE

All liquid blood, including that which is taken regarding a traffic related case using the appropriate blood kit, will be packaged in an evidence envelope and entered into the appropriate property module. The liquid blood will be turned in to the Property and Evidence Section to be refrigerated until transferal to the appropriate lab. During those hours when the Property and Evidence Section is closed, the liquid blood evidence will be placed in a secured temporary evidence refrigerator. The Property and Evidence Section will then transfer the blood evidence from the secure temporary evidence refrigerator to a refrigerator unit in the Property and Evidence Section. The Colorado Bureau of Investigation has established the following guidelines to ensure the proper handling of serology evidence:

Physical Evidence

- (a) Articles with suspected blood or seminal stains must be thoroughly air dried prior to submission.
- (b) Items must be individually packaged and marked.
- (c) Items must be wrapped in paper, placed in paper bags or placed in paper envelopes. The paper must be sealed with tape and the seals marked by the individual submitting the items. Staples, twist ties, paper clips and rubber bands are not considered seals.
- (d) Items sealed in plastic will not be accepted until transferred to paper and sealed. The original plastic container will be attached to the outside for continuity purposes.
- (e) The officer or detective shall insure that serology evidence is submitted to the laboratory without delay. Upon arrival at the CBI Laboratory, liquid blood samples are immediately frozen until analysis. Delay in submission causes putrefaction and deterioration of samples and decreases the value of the evidence.

317.9 SEXUAL ASSAULT EVIDENCE

The general rule to use in the collection of evidence in sexual assault cases is that any item with which the suspect may have come in contact and the probability exists that the suspect may have left behind a sample of his blood, urine, semen, saliva, hair or other items from his person, which may lead to the identification of this person as a suspect, should be collected as evidence.

317.9.1 ITEMS TO COLLECT IN SEXUAL ASSAULT CASES

When possible, the following items shall be preserved for evidence in sexual assault cases:

- (a) "Sexual Assault Kit(s)" from the facility where the victim/suspect was examined.
- (b) Items such as bed sheets, pillow cases, blankets, rugs, or other readily movable items at the location where the sexual assault occurred.
- (c) The victim's clothing.
- (d) The suspect's clothing, if available.
- (e) Any object which the suspect may have touched which would leave fingerprints behind.

317.9.2 SEXUAL ASSAULT KIT

The investigating officer shall either personally pick up, or coordinate with another officer to have picked up, a "Sexual Assault Kit" from the facility where the examination of the victim and the suspect (if available) was performed. The "Sexual Assault Kit" shall be submitted to the Property and Evidence Section and entered into the appropriate property module. The "Sexual Assault Kit" must be refrigerated, so the submitting officer must ensure that it is placed in the secure temporary refrigerator using the designated slot if the Property and Evidence Section is closed. The Property and Evidence Section will then transfer the "Sexual Assault Kit" from the secure temporary evidence refrigerator to a refrigerator unit in the Property and Evidence Section.

Physical Evidence

317.10 URINE EVIDENCE

Any specimen of urine taken from any person/suspect will be packed in a standard diagnostic specimen kit designated for the collection of urine specimens, with the necessary documentation within the kit properly completed. All specimens will be entered into the appropriate property module. The specimen in the standard diagnostic specimen kit will be submitted to the Property and Evidence Section during normal business hours. When outside of the normal Property and Evidence Section business hours, the specimen will be placed in the secured freezer using the designated slot. The Property and Evidence Section will then transfer the standard diagnostic specimen kit from the secure temporary evidence freezer to a freezer unit in the Property and Evidence Section.

Canine Unit

319.1 PURPOSE AND SCOPE

The Canine Unit is a support component that utilizes specially trained officers and canines to supplement the efforts of the Department proactively and reactively in crime prevention, crime detection, criminal apprehension and officer safety. The Canine Unit provides assistance in searching for suspects or lost persons, drug detection, and officer protection consistent with the Pueblo Police Department's mission of crime prevention, detection and apprehension in a safe and professional manner.

319.1.1 CANINE UNIT RESPONSIBILITIES

The Canine Unit shall operate in support of Department objectives and is responsible for providing effective specialized services whenever necessary to ensure quality police service to the citizens of the City of Pueblo.

319.2 CANINE UNIT SUPERVISION

The Canine Unit consists of selected canine handlers and canines under the direction of a Captain. The Captain supervises the program to ensure consistent training for both handlers and canines, and their proper deployment in the field.

319.2.1 CANINE UNIT SUPERVISOR RESPONSIBILITIES

A Watch Commander shall be assigned to provide administrative support for Canine Unit training needs; procurement of equipment, food and supplies; to ensure maintenance of activity records; review of all biting incidents; inspection of personnel, canines, vehicles and kennel facilities; to ensure maintenance of canine medical records; and to participate in the selection of handlers and canines.

319.3 CANINE HANDLER RESPONSIBILITIES

Canine officers shall perform duties as assigned to assist patrol forces and special operations units using the special abilities of the police canines. Whenever practical, the handler should loudly shout the apprehension warning as outlined in this policy.

319.13.6 TRACKING FOR SUSPECTS OR LOST/MISSING PERSONS

The immediate establishment of a crime scene perimeter may be the single most important factor that determines success when tracking a suspect. The officer in charge of the scene is responsible for establishing the perimeter. An additional duty of the officer in charge, prior to Canine Unit arrival, is to locate and protect the last known undisturbed direction of travel of the offender or lost/missing person. At least one additional officer will be used during a criminal suspect track. When available, this officer should be one familiar with the canine performing the track or canine tracking in general. The canine will not be off lead when tracking a suspect or lost/missing person, unless prohibited by the terrain.

319.13.7 DETECTION CANINES

All drug detection searches will be conducted in accordance with applicable laws, Department policy and legal decisions governing search and seizure.

Domestic Violence

320.1 PURPOSE AND SCOPE

The purpose of this policy is to provide the guidelines necessary to deter, prevent and reduce domestic violence through vigorous enforcement and to address domestic violence as a serious crime against society. The policy specifically addresses the commitment of this department to take enforcement action when appropriate, to provide assistance to victims and to guide officers in the investigation of domestic violence.

320.1.1 DEFINITIONS

Definitions related to this policy include:

Court order - All forms of orders related to domestic violence, that have been issued by a court of this state or another, whether civil or criminal, regardless of whether service has been made.

320.2 POLICY

The Pueblo Police Department's response to incidents of domestic violence and violations of related court orders shall stress enforcement of the law to protect the victim and shall communicate the philosophy that domestic violence is criminal behavior. It is also the policy of this department to facilitate victims' and offenders' access to appropriate civil remedies and community resources whenever feasible.

320.3 OFFICER SAFETY

The investigation of domestic violence cases often places officers in emotionally charged and sometimes highly dangerous environments. No provision of this policy is intended to supersede the responsibility of all officers to exercise due caution and reasonable care in providing for the safety of any officers and parties involved.

320.4 INVESTIGATIONS

The following guidelines should be followed by officers when investigating domestic violence cases:

- (a) Calls of reported, threatened, imminent or ongoing domestic violence and the violation of any court order are of extreme importance and should be considered among the highest response priorities. This includes incomplete 9-1-1 calls.
- (b) When practicable, officers should obtain and document statements from the victim, the suspect and any witnesses, including children, in or around the household or location of occurrence.
- (c) Officers should list the full name and date of birth (and school if available) of each child who was present in the household at the time of the offense. The names of other children who may not have been in the house at that particular time should also be obtained for follow-up.

Pueblo Police Department

Policy Manual

Domestic Violence

- (e) All injuries should be photographed, regardless of severity, taking care to preserve the victim's personal privacy. Where practicable, photographs should be taken by a person of the same sex. - (f) Officers should request that the victim complete and sign an authorization for release of medical records related to the incident when applicable.
- (g) If the suspect is no longer at the scene, officers should make reasonable efforts to locate the suspect to further the investigation, provide the suspect with an opportunity to make a statement and make an arrest or seek an arrest warrant if appropriate.
- (h) When completing an incident or arrest report for violation of a court order, officers should include specific information that establishes that the offender has been served, including the date the offender was served, the name of the agency that served the order and the provision of the order that the subject is alleged to have violated. When reasonably available, the arresting officer should attach a copy of the order to the incident or arrest report.
- (i) Officers should take appropriate enforcement action when there is probable cause to believe an offense has occurred. Factors that should not be used as sole justification for declining to take enforcement action include:
 - 1. Marital status of suspect and victim.
 - 2. Whether the suspect lives on the premises with the victim.
 - 3. Claims by the suspect that the victim provoked or perpetuated the violence.
 - 4. The potential financial or child custody consequences of arrest.
 - 5. The physical or emotional state of either party.
 - 6. Use of drugs or alcohol by either party.
 - 7. Denial that the abuse occurred where evidence indicates otherwise.
 - 8. A request by the victim not to arrest the suspect.
 - 9. Location of the incident (public/private).
 - 10. Speculation that the complainant may not follow through with the prosecution.
 - 11. The racial, cultural, social, professional position or sexual orientation of the victim or suspect.

320.4.1 IF A SUSPECT IS ARRESTED

If a suspect is arrested, officers should:

- (a) Advise the victim that there is no guarantee the suspect will remain in custody.

Pueblo Police Department

Policy Manual

Domestic Violence

 - 1. Voluntary separation of the parties.
 - 2. Appropriate resource referrals (e.g., counselors, friends, relatives, shelter homes, ACOVA).

320.5 VICTIM ASSISTANCE

Victims may be traumatized or confused. Officers should:

- (h) Seek or assist the victim in obtaining an emergency order if appropriate.

320.6 DISPATCH ASSISTANCE

All calls of domestic violence, including incomplete 9-1-1 calls, should be dispatched as soon as practicable.

Dispatchers are not required to verify the validity of a court order before responding to a request for assistance. Officers should request that dispatchers check whether any of the involved persons are subject to the terms of a court order.

Domestic Violence

320.7 FOREIGN COURT ORDERS

Various types of orders may be issued in domestic violence cases. Any foreign court order properly issued by a court of another state, Indian tribe or territory shall be enforced by officers as if it were the order of a court in this state. An order should be considered properly issued when it reasonably appears that the issuing court has jurisdiction over the parties and reasonable notice and opportunity to respond was given to the party against whom the order was issued (18 USC § 2265). An otherwise valid out-of-state court order shall be enforced, regardless of whether the order has been properly registered with this state.

320.8 VERIFICATION OF COURT ORDERS

Determining the validity of a court order, particularly an order from another jurisdiction, can be challenging. Therefore, in determining whether there is probable cause to make an arrest for a violation of any court order, officers should carefully review the actual order when available, and, where appropriate and practicable:

- (a) Ask the subject of the order about his/her notice or receipt of the order, his/her knowledge of its terms and efforts to respond to the order.
- (b) Check available records or databases that may show the status or conditions of the order.
- (c) Contact the issuing court to verify the validity of the order.
- (d) Contact a law enforcement official from the jurisdiction where the order was issued to verify information.

Officers should document in an appropriate report their efforts to verify the validity of an order, regardless of whether an arrest is made. Officers should contact a supervisor for clarification when needed.

320.9 LEGAL MANDATES AND RELEVANT LAWS

Colorado law provides for the following:

320.9.1 STANDARDS FOR ARRESTS

Officers investigating a domestic violence report should consider the following:

- (a) If an officer has probable cause to believe an offender has committed an offense of domestic violence, an arrest shall be made (CRS § 18-6-803.6).
- (b) An officer is not required to arrest both parties involved in an alleged act of domestic violence when both claim to have been victims of such domestic violence (CRS § 18-6-803.6). If an officer receives complaints of domestic violence from two or more opposing persons, the officer shall evaluate each complaint separately to determine if a crime has been committed by one or more persons. In determining whether a crime has been committed by one or more persons, the officer shall consider the following (CRS § 18-6-803.6):
 - 1. Any prior complaints of domestic violence.

Pueblo Police Department

Policy Manual

Domestic Violence

2. The relative severity of the injuries inflicted on each person.
 3. The likelihood of future injury to each person.
 4. The possibility that one of the persons acted in self-defense.
- (c) Unless impractical, if probable cause exists to believe an offender has violated a court order and that such offender had notice of the court order, an arrest shall be made (CRS § 18-6-803.5). If the circumstances make arrest impractical, the officer shall seek a warrant of arrest for the offender (CRS § 18-6-803.5).
- (d) If a restrained person is arrested for violating or attempting to violate any provision of a court order, the arresting officer shall make all reasonable efforts to contact the protected party to notify him/her of such arrest (CRS § 18-6-803.5).

320.9.2 REPORTS AND RECORDS

The Records Manager will maintain records on the number of domestic violence-related calls reported to the Pueblo Police Department and forward such records to the state as required (CRS § 18-6-803.9).

In the event that an individual is arrested by the Pueblo Police Department for violating a court order, the Domestic Violence Unit shall forward to the issuing court a copy of the arrest report, a list of witnesses to the violation, and, if applicable, a list of any charges filed or requested against the restrained person. The Domestic Violence Unit shall also ensure that a copy of the same information is provided to the protected party. The agency shall delete the address and telephone number of a witness from the list sent to the court upon request of such witness, and such address and telephone number shall not thereafter be made available to any person, except law enforcement officials and the prosecuting agency, without order of the court (CRS § 18-6-803.5).

If a restrained person is on bond in connection with a violation or attempted violation of a protection order in this or any other state and is subsequently arrested by the Pueblo Police Department for violating or attempting to violate a protection order, the Domestic Violence Unit shall notify the prosecuting attorney so that a motion may be filed with the court that issued the prior bond for the revocation of the bond and for the issuance of a warrant, if appropriate (CRS § 18-6-803.5).

320.9.3 SERVICE OF COURT ORDERS

Officers responding to a domestic violence call who encounter a person named in a court order that has not been otherwise served shall ensure the person is served with a copy of the order (CRS § 13-14-107). To accomplish such service, the officer shall summon the Pueblo County Sheriff's Office to respond and a deputy will serve the person with a copy of the order.

Search and Seizure

322.1 PURPOSE AND SCOPE

Both the federal and state Constitutions provide every individual with the right to be free from unreasonable searches and seizures. This policy provides general guidelines for Pueblo Police Department personnel to consider when dealing with search and seizure issues. This policy is for internal use only and is not intended to create any duty to third-parties on behalf of the Department or form the basis for any civil or criminal liability. It is intended that violations of this policy may only form the basis for administrative actions by the Department.

322.2 POLICY

It is the policy of the Pueblo Police Department to respect the fundamental privacy rights of individuals. Members of this department will conduct searches in strict observance of the constitutional rights of persons being searched. All seizures by this department will comply with relevant federal and state law governing the seizure of persons and property.

In accordance with the Training Policy, the Department will provide relevant and current training to officers as guidance for the application of current law, local community standards and prosecutorial considerations regarding specific search and seizure situations, as appropriate.

322.3 SEARCHES

The U.S. Constitution generally provides that a valid warrant is required in order for a search to be valid. There are, however, several exceptions that permit a warrantless search.

Examples of law enforcement activities that are exceptions to the general warrant requirement include, but are not limited to, searches pursuant to the following:

- Valid consent
- Incident to a lawful arrest
- Legitimate community caretaking interests
- Vehicle searches under certain circumstances
- Exigent circumstances

Certain other activities are recognized by federal and state courts and by certain statutes as legitimate law enforcement activities that also do not require a warrant. Such activities may include seizure and examination of abandoned property, and observations of activities and property located on open public areas.

Because case law regarding search and seizure is constantly changing and subject to interpretation by the courts, each member of this department is expected to act in each situation according to current training and his/her familiarity with clearly established rights as determined by case law.

Policy Manual

Search and Seizure

Whenever practicable, officers are encouraged to contact a supervisor to resolve questions regarding search and seizure issues prior to electing a course of action.

322.4 SEARCH PROTOCOL

Although conditions will vary and officer safety and other exigencies must be considered in every search situation, the following guidelines should be followed whenever circumstances permit:

- (a) Members of this department will strive to conduct searches with dignity and courtesy.
- (b) Officers should explain to the person being searched the reason for the search and how the search will be conducted.
- (c) Searches should be carried out with due regard and respect for private property interests and in a manner that minimizes damage. Property should be left in a condition as close as reasonably possible to its pre-search condition.
- (d) In order to minimize the need for forcible entry, an attempt should be made to obtain keys, combinations or access codes when a search of locked property is anticipated.
- (e) When the person to be searched is of the opposite sex as the searching officer, a reasonable effort should be made to summon an officer of the same sex as the subject to conduct the search. When it is not practicable to summon an officer of the same sex as the subject, the following guidelines should be followed:
 1. Another officer or a supervisor should witness the search.
 2. The officer should not search areas of the body covered by tight-fitting clothing, sheer clothing or clothing that could not reasonably conceal a weapon.

322.5 DOCUMENTATION

Officers are responsible to document any search and to ensure that any required reports are sufficient including, at minimum, documentation of the following:

- Reason for the search
- Any efforts used to minimize the intrusiveness of any search (e.g., asking for consent or keys)
- What, if any, injuries or damage occurred
- All steps taken to secure property
- The results of the search, including a description of any property or contraband seized
- If the person searched is the opposite sex, any efforts to summon an officer of the same sex as the person being searched and the identification of any witness officer

Supervisors shall review reports to ensure the reports are accurate, that actions are properly documented and that current legal requirements and Department policy have been met.

Temporary Custody of Juveniles

324.1 PURPOSE AND SCOPE

This policy provides guidelines consistent with the Juvenile Justice and Delinquency Prevention Act for juveniles taken into temporary custody by members of the Pueblo Police Department (42 USC § 5633).

324.1.1 DEFINITIONS

Definitions related to this policy include:

Juvenile non-offender - An abused, neglected, dependent or alien juvenile who may be legally held for his/her own safety or welfare. Juvenile non-offenders include a juvenile taken into protective custody for being intoxicated or incapacitated by alcohol and clearly dangerous to the health and safety of him/herself under CRS § 27-81-111, and any runaway taken into temporary custody under CRS § 19-3-401. This also includes any juvenile who may have initially been contacted for an offense that would not subject an adult to arrest (status offense) but was taken into custody for his/her protection or for purposes of reuniting the juvenile with a parent, guardian or other responsible person.

Juvenile offender - A juvenile under 18 years of age who is alleged to have committed an offense that would subject an adult to arrest (CRS § 19-1-103(18); CRS § 19-1-103(68)). Juvenile offenders include juveniles taken into custody for possession of a handgun under CRS § 18-12-108.5 (28 CFR 31.303).

Non-secure custody - When a juvenile is held in the presence of an officer or other custody employee at all times and is not placed in a locked room, cell or behind any locked doors. Juveniles in non-secure custody may be handcuffed but not to a stationary or secure object. Personal supervision, through direct visual monitoring and audio two-way communication, is maintained. Monitoring through electronic devices, such as video, does not replace direct visual observation.

Secure custody - When a juvenile offender is held in a locked room, a set of rooms or a cell. Secure custody also includes being physically secured to a stationary object.

Examples of secure custody include:

- (a) A juvenile left alone in an unlocked room within the secure perimeter of the temporary holding facility.
- (b) A juvenile handcuffed to a rail.
- (c) A juvenile placed in a cell within the temporary holding facility, whether or not the cell door is locked.

Sight and sound separation - Located or arranged to prevent physical, visual or auditory contact.

Status offender - A juvenile suspected of committing a criminal violation of the law that would not be a criminal violation but for the age of the offender. Examples may include running away,

Pueblo Police Department

Policy Manual

underage possession of tobacco, curfew violation or truancy. **A juvenile in custody on a court order or warrant based upon a status offense is also a status offender.**

324.2 POLICY

The Pueblo Police Department is committed to releasing juveniles from temporary custody as soon as reasonably practicable and keeping juveniles safe while they are in temporary custody at the Pueblo Police Department. Juveniles should be held in temporary custody only for as long as reasonably necessary for processing, transfer or release.

324.3 JUVENILES WHO SHOULD NOT BE HELD

Juveniles who exhibit any of the following conditions should not be held at the Pueblo Police Department:

- (a) Unconscious
- (b) Seriously injured
- (c) A known suicide risk or obviously severely emotionally disturbed
- (d) Significantly intoxicated
- (e) Extremely violent or continuously violent

Officers taking custody of a juvenile who exhibits any of the above conditions should take reasonable steps to provide medical attention or mental health assistance.

These juveniles should not be held at the Pueblo Police Department unless they have been evaluated by a qualified medical and/or mental health professional.

If the officer taking custody of the juvenile believes the juvenile may be a suicide risk, the juvenile shall be under continuous direct supervision until evaluation, release or a transfer is completed.

324.4 CUSTODY OF JUVENILES

Officers should take custody of a juvenile and temporarily hold the juvenile at the Pueblo Police Department when there is no other lawful and practicable alternative to temporary custody. Refer to the Child Abuse Reporting Policy for additional information regarding detaining a juvenile that is suspected of being a victim.

No juvenile should be held in temporary custody at the Pueblo Police Department without authorization of the arresting officer's supervisor or the Watch Commander.

Any juvenile taken into custody shall be released to the care of the juvenile's parent or other responsible adult or transferred to a juvenile custody facility or to other authority as soon as practicable and in no event shall a juvenile be held beyond six hours from the time of his/her entry into the Pueblo Police Department (42 USC § 5633).

Pueblo Police Department

Policy Manual

Temporary Custody of Juveniles

324.4.1 CUSTODY OF JUVENILE NON-OFFENDERS

Non-offenders taken into protective custody in compliance with the Child Abuse Reporting Policy should generally not be held at the Pueblo Police Department. Custodial arrangements should be made for non-offenders as soon as reasonably possible. **Juvenile non-offenders may not be held in secure custody** (42 USC § 5633).

324.4.2 CUSTODY OF JUVENILE STATUS OFFENDERS

Status offenders should generally be released by citation or with a warning rather than taken into temporary custody. However, officers may take custody of a status offender if requested to do so by a parent or legal guardian in order to facilitate reunification (e.g., transported home or to the station to await a parent). **Juvenile status offenders may not be held in secure custody** (42 USC § 5633).

324.4.3 CUSTODY OF JUVENILE OFFENDERS

Juvenile offenders should be held in non-secure custody while at the Pueblo Police Department unless necessary due to exigent circumstances.

324.4.4 REQUIREMENTS FOR CUSTODY OF JUVENILE OFFENDERS

A juvenile offender may be taken into temporary custody (CRS § 19-2-502):

- (a) When there are reasonable grounds to believe that he/she has committed a violation of a statute, ordinance or court order that would subject an adult to an arrest.
- (b) Pursuant to a lawful warrant issued by a court pursuant to CRS § 19-2-503.

A juvenile offender shall not be held longer than is reasonably necessary to obtain basic identification information and to contact the juvenile's parents, guardian or legal custodian (CRS § 19-2-507(4)).

The juvenile shall be released to the care of the juvenile's parents or other responsible adult unless a determination is made in accordance with CRS § 19-2-507(2) that the juvenile's immediate welfare or the protection of the community requires that the juvenile be detained (CRS § 19-2-502(3)).

If the juvenile is not released to the care of his/her parents or other responsible adult, the juvenile shall be taken directly to the court, a detention facility or a shelter designated by the court, without unnecessary delay (CRS § 19-2-507(4)).

As an alternative to taking a juvenile offender to a detention facility or shelter, an officer may refer charges to the Pueblo County District Attorney's Office and release the juvenile to an authorized party as specified herein, unless the charge(s) for which the juvenile was arrested requires mandatory arrest and booking.

When a juvenile is not released pending charges, the officer shall notify the screening team for the judicial district in which the juvenile was taken into custody (CRS § 19-2-507(1)).

Temporary Custody of Juveniles

324.5 ADVISEMENTS

Upon a juvenile being screened into a detention facility by the judicial district screening team, the arresting officer shall notify the juvenile's parent, guardian or legal custodian. The notification may be made to a person with whom the juvenile is residing if a parent, guardian or legal custodian cannot be located. The arresting officer shall then complete a Report Concerning Custody & Detention of a Child Pursuant to CRS 1973, 19-2-102 (4) form and place such in the Special Victims Section mailbox (CRS § 19-2-507).

324.6 JUVENILE CUSTODY LOGS

Any time a juvenile is placed in the temporary holding facility, a written record will be maintained in the Juvenile Holding Cell Log Book located in the temporary holding facility. This log will include, at a minimum, the charges for which the juvenile is being detained, the time the detention began and the time it ended.

324.7 NO-CONTACT REQUIREMENTS

Sight and sound separation shall be maintained between all juveniles and adults held in the temporary holding facility.

In situations where brief or accidental contact may occur, a member of the Pueblo Police Department shall maintain a constant, immediate presence with the juvenile or the adult to minimize any contact. If inadvertent or accidental contact does occur, reasonable efforts shall be taken to end the contact.

324.8 USE OF RESTRAINT DEVICES

Juvenile offenders may be handcuffed in accordance with the Handcuffing and Restraints Policy. A juvenile offender may be handcuffed at the Pueblo Police Department when the juvenile presents a heightened risk. However, non-offenders and status offenders should not be handcuffed unless they are combative or threatening.

Other restraints shall only be used after less restrictive measures have failed and with the approval of a supervisor. Restraints shall only be used so long as it reasonably appears necessary for the juvenile's protection or the protection of others.

Juveniles in restraints shall be kept away from other unrestrained juveniles or monitored in such a way as to protect the juvenile from abuse.

324.9 SECURE CUSTODY

Only juvenile offenders 14 years of age or older may be placed in secure custody. A supervisor's approval is required before placing a juvenile offender in secure custody.

Secure custody should only be used for juvenile offenders when there is a reasonable belief that the juvenile is a serious risk of harm to him/herself or others.

Temporary Custody of Juveniles

Members of this department should not use secure custody for convenience when non-secure custody is, or later becomes, a reasonable option.

When practicable, handcuffing one hand of a juvenile offender to a fixed object while otherwise maintaining the juvenile in non-secure custody should be considered as the method of secure custody, rather than the use of a locked enclosure. An employee must be present at all times to ensure the juvenile's safety while secured to a stationary object.

Generally, juveniles should not be secured to a stationary object for more than 60 minutes. Supervisor approval is required to secure a juvenile to a stationary object for longer than 60 minutes. Supervisor approval should be documented.

324.9.1 LOCKED ENCLOSURES

Officers who place juveniles in the temporary holding facility shall follow the procedures contained in the Temporary Holding Facility Policy.

324.10 INTERVIEWING OR INTERROGATING JUVENILE SUSPECTS

No interview or interrogation of a juvenile should occur unless the juvenile has the apparent capacity to consent, and does consent to an interview or interrogation.

In any case where a juvenile is taken into temporary custody, officers should not attempt to interview or interrogate a juvenile offender or status offender unless either of the following occurs:

- (a) A public defender or other counsel representing the juvenile is present.
- (b) A parent, guardian, or legal or physical custodian of the juvenile is present and the juvenile and his/her parent, guardian, or legal or physical custodian are advised of the following:
 - 1. The juvenile's right to remain silent
 - 2. That any statements made may be used against him/her in a court of law
 - 3. The juvenile's right to the presence of an attorney during the interrogation
 - 4. The juvenile's right to have counsel appointed if he/she so requests at the time of the interrogation (CRS § 19-2-511)

324.11 RESTRICTION ON FINGERPRINTING

The following juvenile offenders may be fingerprinted (CRS § 19-2-503.5):

- (a) A juvenile offender held for committing any if the following:
 - 1. A felony
 - 2. A Class 1 misdemeanor
 - 3. A misdemeanor under CRS § 42-4-1301 (driving under the influence or while impaired)
 - 4. A crime that includes an act of domestic violence as defined in CRS § 18-6-800.3(1)

- (b) A juvenile who has not been fingerprinted prior to his/her first appearance before the court and has been ordered by the court to report for fingerprinting

Abuse of At-Risk Adults

326.1 PURPOSE AND SCOPE

The purpose of this policy is to provide members of this department with direction and understanding of their role in the prevention, detection and intervention in incidents of the abuse of an at-risk person. It is the policy of the Pueblo Police Department to treat reports involving at-risk adults as high priority criminal activity that is to be fully investigated regardless of the relationship between the victim and the suspect.

At-risk adult - An individual 70 years of age or older and any person 18 years of age or older who is susceptible to mistreatment, self-neglect or exploitation because the individual is unable to perform or obtain services necessary for the individual's health, safety or welfare, or lacks sufficient understanding or capacity to make or communicate responsible decisions concerning the individual's person or affairs.

Abuse of At-Risk Adults

326.3 REPORTING REQUIREMENTS

Members should make a report to the Pueblo County Department of Social Services within 24 hours under any of the following circumstances (CRS § 26-3.1-102(1)(a)):

- (a) The member observes mistreatment, self-neglect or exploitation of an at-risk adult.
- (b) The member has reasonable cause to believe that an at-risk adult:
 - 1. Has been mistreated.
 - 2. Is suffering from self-neglect.
 - 3. Has been exploited and is at imminent risk of mistreatment, self-neglect or exploitation.
- (c) Any such mistreatment, self-neglect or exploitation of an at-risk adult is reported to any member.
 - 1. If a member receives a report that an at-risk adult has been mistreated, exploited or is suffering from self-neglect, the member shall prepare a written report as soon as reasonably practicable but no later than 48 hours (CRS § 26-3.1-102(1)(c)).
- (d) Not more than 24 hours after receiving a report of abuse or exploitation, members shall also provide a notification to the county department of social services where the person resides. Notification should take place under the following circumstances (CRS § 26-3.1.102(1)(a.5); CRS § 18-6.5-108):
 - 1. The member observes abuse or exploitation of a person 70 or older.

 - 3. The member has reasonable cause to believe a person 70 or older is in imminent risk of being abused or exploited.
 - 4. Any abuse or exploitation of any person 70 or older is reported to any member.

326.3.1 RECORDS SECTION RESPONSIBILITIES

The Special Victims Section is responsible for (CRS § 26-3.1-102(3); CRS § 18-6.5-108):

- (a) Providing a copy of the at-risk adult abuse report to the Pueblo County Department of Social Services and the District Attorney's Office within 24 hours of the completion of the report. This requirement is applicable even if the initial call was received from a state agency.
- (b) Providing copies of any criminal investigation reports related to abuse of a person age 70 or older to the county department of social services where the person resides and to the District Attorney's office where the abuse or exploitation occurred.
- (c) Retaining the original at-risk adult abuses report with the initial case file.

Abuse of At-Risk Adults

326.4 OFFICER'S RESPONSE

All incidents involving actual or suspected abuse of an at-risk person shall be responded to immediately, fully investigated and appropriately documented.

326.4.1 INITIAL RESPONSE

Officers may be called upon to affect a forced entry as the first responder to the scene of a suspected at-risk adult abuse. Entry should be immediate when it appears reasonably necessary to protect life or property. When the need for an emergency entry is not evident, officers should seek supervisory approval. Officers must be prepared to provide emergency care pending the arrival of medical personnel, if medical personnel are not already present.

326.4.2 STABILIZE THE SITUATION

Officers must quickly assess the situation to ensure the immediate safety of all persons. Officers shall also consider the following:

- (a) Attempt to identify the victim, suspect and witnesses as well as the roles and relationships of all parties. Parties should be interviewed separately when possible. Frequently, it is wrongfully assumed that elderly persons are incapable of accurately reporting the incident. Do not automatically discount the statement of an elderly or at-risk person.
- (b) Preserve the crime scene where evidence may be present. All persons should be removed from the scene until it has been photographed and processed. Any evidence, such as injuries that may change in appearance, should be photographed immediately.
- (c) Assess and define the nature of the problem. Officers should assess the available information to determine the type of abuse that may have taken place or the potential for abuse in the future that may be eliminated by law enforcement intervention.
- (d) Make on-scene arrests when appropriate. Immediate arrest of an abuser (especially when the abuser is a family member or caretaker) may leave the older or at-risk victim without necessary support and could result in institutionalization. The effect of an arrest on the victim should be considered and weighed against the assessed risk and the competent victim's desires. The present and future safety of the victim is of utmost importance.

326.4.3 SUPPORT PERSONNEL

The following persons should be considered if it appears an in-depth investigation is appropriate:

- Patrol supervisor
- Investigative personnel
- Evidence collection personnel
- County or State Protective Services Agency personnel
- Ombudsman if the abuse is in a long-term care facility (CRS § 26-11.5-101-112)
- Victim advocate

Abuse of At-Risk Adults

326.4.4 PROTECTIVE ORDERS AND EMERGENCY PROTECTIVE ORDERS

In any situation where an officer reasonably believes that a vulnerable person is in immediate and present danger of abuse based on an allegation of a recent incident of abuse or threat of abuse (other than financial abuse alone), the officer may contact the county court or Adult Protective Services and request a temporary restraining or protective order against the person alleged to have committed or threatened such abuse if that person is not in custody. If an offense is taken where it is clear there has been domestic violence against an elderly or at-risk adult, upon arrest of the suspect, the officer should seek an emergency court order.

326.5 AT-RISK ADULT ABUSE REPORTING

Every allegation of at-risk adult abuse shall be documented. Documentation of at-risk adult abuse cases should include, at a minimum (CRS § 26-3.1-102(2): CRS § 18-6.5-108):

- (a) The name, address, contact information and approximate age of the at-risk adult.
- (b) The name, age, address and contact information of the person making the report.
- (c) The name, age, address and contact information of the at-risk adult's caretaker, if there is one.
- (d) The name and address, if available, of the person who is alleged to have abused, neglected or exploited the at-risk adult.
- (e) The nature and extent of the alleged abuse, neglect or exploitation of the at-risk adult.
- (f) Any evidence of previous injuries.
- (g) The basis of the reporter's belief that the at-risk adult has been abused, neglected, exploited or isolated.
- (h) Any other information that would assist in the investigation of the report.

Reporting cases of older person or at-risk adult abuse is confidential. Information regarding such cases will only be released as per the Records Release and Security Policy, or as necessary for the coordination of a multi-agency investigation of a report or for the provision of protective services to an at-risk adult (CRS § 26-3.1-102(7)).

326.6 AT-RISK ADULT ABUSE IN A CARE FACILITY

Officers shall investigate all allegations relating to the abuse, neglect or exploitation of an at-risk adult in a care facility or under the care of a facility. Officers shall either personally notify the local Adult Protective Services Unit of the Colorado Department of Human Services or request that a copy of their report is forwarded to said entity by the Special Victims Section, if necessary. Criminal reports will be forwarded to the District Attorney's Office when necessary.

Abuse of At-Risk Adults

326.7 OBTAINING ARREST WARRANT

Officers should promptly seek a warrant for the arrest of any person for whom probable cause exists to believe the person is criminally responsible for the abuse, neglect or exploitation of an at-risk adult.

Discriminatory Harassment

328.1 PURPOSE AND SCOPE

This policy is intended to prevent department members from being subjected to discrimination or sexual harassment.

328.2 POLICY

The Pueblo Police Department is an equal opportunity employer and is committed to creating and maintaining a work environment that is free of all forms of discriminatory harassment, including sexual harassment and retaliation. The Department will not tolerate discrimination against employees in hiring, promotion, discharge, compensation, fringe benefits and other privileges of employment. The Department will take preventive and corrective action to address any behavior that violates this policy or the rights it is designed to protect.

The non-discrimination policies of the Department may be more comprehensive than state or federal law. Conduct that violates this policy may not violate state or federal law but still could subject a member to discipline.

328.3 DISCRIMINATION PROHIBITED

328.3.1 DISCRIMINATION

The Department prohibits all forms of discrimination, including any employment-related action by an employee that adversely affects an applicant or employee and is based on race, color, religion, sex, age, national origin or ancestry, genetic information, disability, military service, sexual orientation and other classifications protected by law.

Discriminatory harassment, including sexual harassment, is verbal or physical conduct that demeans or shows hostility or aversion toward an individual based upon that individual's protected class. It has the effect of interfering with an Individual's work performance or creating a hostile or abusive work environment.

Conduct that may, under certain circumstances, constitute discriminatory harassment, can include making derogatory comments, crude and offensive statements or remarks, making slurs or off-color jokes, stereotyping, engaging in threatening acts, making indecent gestures, pictures, cartoons, posters or material, making inappropriate physical contact, or using written material or department equipment and/or systems to transmit or receive offensive material, statements or pictures. Such conduct is contrary to department policy and to the department's commitment to a discrimination free work environment.

Retaliation is treating a person differently or engaging in reprisal or acts of intimidation against the person because he/she has engaged in protected activity, filed a charge of discrimination, participated in an investigation or opposed a discriminatory practice. Retaliation will not be tolerated.

Pueblo Police Department

Policy Manual

Discriminatory Harassment

328.3.2 SEXUAL HARASSMENT

The Department prohibits all forms of discrimination and discriminatory harassment, including sexual harassment. It is unlawful to harass an applicant or an employee because of that person's sex.

Sexual harassment includes, but is not limited to, unwelcome sexual advances, requests for sexual favors or other verbal, visual or physical conduct of a sexual nature when:

- (a) Submission to such conduct is made either explicitly or implicitly a term or condition of employment, position or compensation.
- (b) Submission to, or rejection of, such conduct is used as the basis for any employment decisions affecting the member.
- (c) Such conduct has the purpose or effect of substantially interfering with a member's work performance or creating an intimidating, hostile or offensive work environment.

328.3.3 ADDITIONAL CONSIDERATIONS

Discrimination and discriminatory harassment do not include actions that are in accordance with established rules, principles or standards, including:

- (a) Acts or omission of acts based solely upon bona fide occupational qualifications under the Equal Employment Opportunity Commission (EEOC) and the Colorado Civil Rights Division.
- (b) Bona fide requests or demands by a supervisor that an employee improve his/her work quality or output, that the employee report to the job site on time, that the employee comply with City or department rules or regulations, or any other appropriate work-related communication between supervisor and employee.

328.4 RESPONSIBILITIES

This policy applies to all department personnel. All members shall follow the intent of these guidelines in a manner that reflects department policy, professional law enforcement standards and the best interest of the Department and its mission.

Members are encouraged to promptly report any discriminatory, retaliatory or harassing conduct or known violations of this policy to a supervisor. Any member who is not comfortable with reporting violations of this policy to his/her immediate supervisor may bypass the chain of command and make the report to a higher ranking supervisor or manager. Complaints may also be filed with the Chief of Police, Director of Human Resources or the City Manager.

Any member who believes, in good faith, that he/she has been discriminated against, harassed, subjected to retaliation, or who has observed harassment or discrimination, is encouraged to promptly report such conduct in accordance with the procedures set forth in this policy.

Supervisors and managers receiving information regarding alleged violations of this policy shall determine if there is any basis for the allegation and shall proceed with resolution as stated below.

Pueblo Police Department

Policy Manual

Discriminatory Harassment

328.4.1 SUPERVISOR RESPONSIBILITIES

Each supervisor and manager shall:

- (a) Continually monitor the work environment and strive to ensure that it is free from all types of unlawful discrimination, including sexual harassment or retaliation.
- (b) Take prompt, appropriate action within their work units to avoid and minimize the incidence of any form of discrimination, harassment or retaliation.
- (c) Ensure subordinates understand their responsibilities under this policy.
- (d) Ensure that members who make complaints or who oppose any unlawful employment practices are protected from retaliation and that such matters are kept confidential to the extent possible.
- (e) Notify the Chief of Police or Director of Human Resources in writing of the circumstances surrounding any reported allegations or observed acts of discrimination, harassment or retaliation no later than the next business day.

328.4.2 SUPERVISOR'S ROLE

Because of differences in individual values, supervisors and managers may find it difficult to recognize that their behavior or the behavior of others is discriminatory, harassing or retaliatory. Supervisors and managers shall be aware of the following considerations:

- (a) Behavior of supervisors and managers should represent the values of the Department and professional law enforcement standards.
- (b) False or mistaken accusations of discrimination, harassment or retaliation can have negative effects on the careers of innocent members.
- (c) Supervisors and managers must act promptly and responsibly in the resolution of such situations.
- (d) Supervisors and managers shall make a timely determination regarding the substance of any allegation based upon all available facts.

Nothing in this section shall be construed to prevent supervisors or managers from discharging supervisory or management responsibilities, such as determining duty assignments, evaluating or counseling employees or issuing discipline, in a manner that is consistent with established procedures.

328.4.3 RESPONSIBILITIES UPON RECEIPT OF COMPLAINT

Upon receipt or notification of a complaint filed with the Colorado Civil Rights Division, the Chief of Police or the authorized designee shall assign the complaint for action. The person assigned the complaint is responsible to ensure completion of the following (CRS § 24-34-301, et seq.):

- (a) Provide a written answer to the complaint within the time required after receiving it.
- (b) Supply and explain all relevant information, data or papers upon request.

Pueblo Police Department

Policy Manual

Discriminatory Harassment

- (c) Respond to all telephone or mail inquiries from the Colorado Civil Rights Division.
- (d) Attend all meetings, hearings or fact-finding conferences when requested.

328.5 INVESTIGATION OF COMPLAINTS

Various methods of resolution exist. During the pendency of any such investigation, the supervisor of the involved members should take prompt and reasonable steps to mitigate or eliminate any continuing abusive or hostile work environment. It is the policy of the Department that all complaints of discrimination or harassment shall be fully documented, and promptly and thoroughly investigated. As soon as a complaint is made, any and all documents that may in any way relate to the allegations of the complaint, including but not limited to e-mail, text messages, correspondence, photographs, and notes, should be preserved and forwarded to the Chief of Police, Director of Human Resources or City Manager as may be appropriate. The participating or opposing member should be protected against retaliation, and the complaint and related investigation should be kept confidential to the extent possible.

328.5.1 SUPERVISORY RESOLUTION

Members who believe they are experiencing discrimination, harassment or retaliation should be encouraged to inform the individual that his/her behavior is unwelcome. However, if the member feels uncomfortable, threatened or has difficulty expressing his/her concern, or if this does not resolve the concern, assistance should be sought from a supervisor or manager who is a rank higher than the alleged transgressor.

328.5.2 FORMAL INVESTIGATION

If the complaint cannot be satisfactorily resolved through the process described above, a formal investigation will be conducted.

The employee assigned to investigate the complaint will have full authority to investigate all aspects of the complaint. Investigative authority includes access to records and the cooperation of any members involved. No influence will be used to suppress any complaint and no member will be subject to retaliation or reprisal for filing a complaint, encouraging others to file a complaint or for offering testimony or evidence in any investigation.

Formal investigation of the complaint will be confidential to the extent possible and will include, but not be limited to, details of the specific incident, frequency and dates of occurrences and names of any witnesses. Reporting shall be in compliance with this policy. Witnesses will be advised regarding the prohibition against retaliation, and that a disciplinary process, up to and including termination, may result if retaliation occurs.

Members who believe they have been discriminated against, harassed or retaliated against because of their protected status are encouraged to follow the chain of command but may also file a complaint directly with the Chief of Police, Director of Human Resources or the City Manager.

Discriminatory Harassment

328.5.3 EQUAL OPPORTUNITY EMPLOYMENT COMPLAINTS

No provision of this policy shall be construed to prevent any employee from seeking legal redress outside the Department. Employees who believe that they have been harassed or discriminated against are entitled to bring complaints of employment discrimination to federal, state and/or local agencies responsible for investigating such allegations. Specific time limitations apply to the filing of such charges. Employees are advised that proceeding with complaints under the provisions of this policy does not in any way affect those filing requirements.

328.6 NOTIFICATION OF DISPOSITION

The complainant and/or victim will be notified in writing of the disposition of the investigation and actions taken to remedy the complaint.

328.7 DOCUMENTATION OF COMPLAINTS

All complaints or allegations shall be thoroughly documented on forms and in a manner designated by the Chief of Police. The outcome of all reports shall be:

All new employees shall be provided with a copy of this policy as part of their orientation. The policy shall be reviewed with each new employee. The employee shall certify by signing the prescribed form that he/she has been advised of this policy, is aware of and understands its contents and agrees to abide by its provisions during his/her term of employment.

All employees shall receive annual training on the requirements of this policy and shall certify by signing the prescribed form that they have reviewed the policy, understand its contents and agree that they will continue to abide by its provisions.

330.2 POLICY

The Pueblo Police Department will investigate all reported incidents of alleged criminal child abuse and ensure the Pueblo County Department of Social Services is notified as required by law.

330.4 QUALIFIED INVESTIGATORS

Qualified investigators should be available for child abuse investigations. These investigators should:

- (a) Conduct interviews in child appropriate interview facilities.
- (b) Be familiar with forensic interview techniques specific to child abuse investigations.
- (c) Present all cases of alleged child abuse to the prosecutor for review.
- (d) Coordinate with other enforcement agencies, social service agencies and school administrators as needed.
- (e) Provide referrals to therapy services, victim advocates, guardians and support for the child and family as appropriate.

Child Abuse Reporting

- (f) Participate in or coordinate with multidisciplinary investigative teams as applicable.

330.5 INVESTIGATIONS AND REPORTING

In all reported or suspected cases of child abuse, a report will be written. Officers shall write a report even if the allegations appear unfounded or unsubstantiated.

Investigations and reports related to suspected cases of child abuse should address, as applicable:

- (a) The overall basis for the contact. This should be done by the investigating officer in all circumstances where a suspected child abuse victim was contacted.
- (b) The exigent circumstances that existed if officers interviewed the child victim without the presence of a parent or guardian.
- (c) Any relevant statements the child may have made and to whom he/she made the statements.
- (d) If a child was taken into protective custody, the reasons, the name and title of the person making the decision, and why other alternatives were not appropriate.
- (e) Documentation of any visible injuries or any injuries identified by the child. This should include photographs of such injuries, if practicable.
- (f) Whether the child victim was transported for medical treatment or a medical examination.
- (g) Whether the victim identified a household member as the alleged perpetrator, and a list of the names of any other children who may reside in the residence.

- (l) This agency shall have the responsibility for the coordination and investigation of all reports of third-party abuse or neglect alleged to have been committed by persons 10 years of age or older (CRS § 19-3-308).
- (m) When the investigation involves a suspect who was acting in his/her official capacity as an employee of a school district, the investigating officer shall coordinate such investigation with any concurrent abuse investigation being conducted by the department of education or the school district to the extent that such coordination is possible and deemed appropriate (CRS § 19-3-308).

Child Abuse Reporting

All cases of the unexplained death of a child should be investigated as thoroughly as if it had been a case of suspected child abuse (e.g., a sudden or unexplained death of an infant).

330.6 PROTECTIVE CUSTODY

Before taking any child into protective custody, the officer should make reasonable attempts to contact the Pueblo County Department of Social Services. Generally, removal of a child from his/her family, guardian or other responsible adult should be left to the child welfare authorities when they are present or have become involved in an investigation.

Generally, members of this department should remove a child from his/her parent or guardian without a court order only when no other effective alternative is reasonably available and immediate action reasonably appears necessary to protect the child. Prior to taking a child into protective custody, the officer should take reasonable steps to deliver the child to another qualified parent or legal guardian, unless it reasonably appears that the release would endanger the child or result in abduction. If this is not a reasonable option, the officer shall ensure that the child is delivered to the Pueblo County Department of Social Services.

Whenever practicable, the officer should inform a supervisor of the circumstances prior to taking a child into protective custody. If prior notification is not practicable, officers should contact a supervisor promptly after taking a child into protective custody.

Children may only be removed from a parent or guardian in the following situations (CRS § 19-3-401):

- (a) When a court order has been issued authorizing the removal of a child
- (b) Without a court order when the child is seriously endangered in his/her surroundings or seriously endangers others and immediate removal appears to be necessary for the child's protection or the protection of others
 - 1. A child shall be removed from his/her home and placed in protective custody if an emergency exists because the child is seriously endangered, as described above, the safety or well-being of the child is immediately at issue and there is no other reasonable way to protect the child without removing the child from his/her home.
- (c) Without a court order when an arrest warrant has been issued for the child's parent or guardian on the basis of an alleged violation of CRS § 18-3-304.
- (d) A seriously endangered newborn child (less than 72 hours old) may be detained in a hospital, without a warrant, by an officer upon the recommendation of the Pueblo County Department of Social Services, a physician, a registered nurse, a licensed practical nurse or a physician's assistant, while an order of the court pursuant to CRS § 19-3-405(1) is being pursued. The newborn child must be released if a court order is denied.

Pueblo Police Department

Policy Manual

Child Abuse Reporting

330.6.1 COURT ORDERS

Unless already being addressed by the Pueblo County Department of Social Services, an officer should apply for a court order prior to taking a child into protective custody or as soon as practical thereafter when the officer (CRS § 19-3-405):

- (a) Believes that the circumstances or conditions of the child are such that continuing in his/her place of residence or in the care and custody of the person responsible for the child's care and custody would present a danger to that child's life or health in the reasonably foreseeable future, or
- (b) Believes that the child is able to remain safely in his/her place of residence or in the care and custody of the person responsible for the child's care and custody only if certain emergency protection orders are entered.

330.6.2 RELATED NOTIFICATIONS

If the Pueblo County Department of Social Services is unable to take custody of a child, officers taking a child into protective custody shall (CRS § 19-3-402):

- (a) Deliver the child, without unnecessary delay, directly to the court or to a place designated by the court.
- (b) At the earliest opportunity, notify the court that the child has been taken into protective custody.
- (c) Promptly file a brief written report with the court and any agency or person so designated by the court stating the facts that led to the child being taken into custody and the reason why the child was not released.

Whenever a child is taken into temporary protective custody, the child's parent, guardian or legal custodian shall be notified without unnecessary delay (CRS § 19-3-402(1)). The notification shall include information regarding the right to a hearing.

330.6.3 SAFE HAVEN ACT PROVISIONS

Any newborn infant (72 hours old or younger) who has been surrendered by a parent to an on-duty firefighter or hospital staff member under the safe haven provisions of CRS § 19-3-304.5 shall be taken into temporary protective custody by an officer pursuant to CRS § 19-3-401. A supervisor and the Pueblo County Department of Social Services should be notified without delay.

330.7 INTERVIEWS

330.7.1 PRELIMINARY INTERVIEWS

Absent extenuating circumstances or impracticality, officers should record the preliminary interview with suspected child abuse victims. Officers should avoid multiple interviews with a child victim and should attempt to gather only the information necessary to begin an investigation. When practicable, investigating officers should defer interviews until a person who is specially trained in such interviews is available. Generally, child victims should not be interviewed in the home or location where the alleged abuse occurred.

Child Abuse Reporting

330.7.2 DETAINING SUSPECTED CHILD ABUSE VICTIMS FOR AN INTERVIEW

An officer should not detain a child involuntarily who is suspected of being a victim of child abuse solely for the purpose of an interview or physical exam without the consent of a parent or guardian unless one of the following applies:

(a) Exigent circumstances exist, such as:

1. A reasonable belief that medical issues of the child need to be addressed immediately.
2. A reasonable belief that the child is or will be in danger of harm if the interview or physical exam is not immediately completed.
3. The alleged offender is the custodial parent or guardian and there is reason to believe the child may be in continued danger.

(b) A court order or warrant has been issued.

330.8 MEDICAL EXAMINATIONS

If the child has been the victim of abuse that requires a medical examination, the investigating officer should obtain consent for such examination from the appropriate parent, guardian or agency having legal custody of the child. The officer should also arrange for the child's transportation to the appropriate medical facility.

In cases where the alleged offender is the custodial parent or guardian and is refusing consent for the medical examination, officers should notify a supervisor before proceeding. If exigent circumstances do not exist or if state law does not provide for officers to take the child for a medical examination, the notified supervisor should consider obtaining a court order for such an examination.

330.9 DRUG-ENDANGERED CHILDREN

A coordinated response by law enforcement and social services agencies is appropriate to meet the immediate and longer-term medical and safety needs of children exposed to the manufacturing, trafficking or use of narcotics.

330.9.1 SUPERVISOR RESPONSIBILITIES

The Special Victims Section Sergeant should:

- (a) Work with professionals from the appropriate agencies, including the Pueblo County Department of Social Services, other law enforcement agencies, medical service providers and local prosecutors to develop community specific procedures for responding to situations where there are children endangered by their exposure to methamphetamine labs or the manufacture and trafficking of other drugs.
- (b) Activate any available interagency response when an officer notifies the Special Victims Section Sergeant that the officer has responded to a drug lab or other narcotics crime scene where a child is present or where evidence indicates that a child lives there.

Child Abuse Reporting

- (c) Develop a report format or checklist for use when officers respond to drug labs or other narcotics crime scenes. The checklist will help officers document the environmental, medical, social and other conditions that may affect the child.

330.9.2 OFFICER RESPONSIBILITIES

Officers responding to a drug lab or other narcotics crime scene where a child is present or where there is evidence that a child lives should:

- (a) Document the environmental, medical, social and other conditions of the child using photography as appropriate and the checklist or form developed for this purpose.
- (b) Notify the Special Victims Section Sergeant so an interagency response can begin.

330.10 STATE MANDATES AND OTHER RELEVANT LAWS

Colorado requires or permits the following:

330.10.1 RELEASE OF REPORTS

Information related to incidents of child abuse or suspected child abuse shall be confidential and may only be disclosed pursuant to state law and the Records Release and Security Policy (CRS § 19-1-307).

Local review teams are entitled to access all investigative information of law enforcement agencies regarding the death of a child. This department shall cooperate fully with any such team and investigation (CRS § 25-20.5-404; CRS § 25-20.5-408(1)).

330.11 TRAINING

The Department should provide training on best practices in child abuse investigations to members tasked with investigating these cases. The training should include:

Missing Person Reporting

332.1 PURPOSE AND SCOPE

This policy provides guidance for handling missing person investigations.

332.1.1 DEFINITIONS

Definitions related to this policy include:

At risk - Includes persons who either have a developmental disability or who are 60 years of age or older and have a verified impaired mental condition, whose whereabouts are unknown and whose disappearance poses a credible threat to the safety and health of the person (CRS § 24-33.5-415.8).

Missing person - Any person who is reported missing to law enforcement when that person's location is unknown. This includes persons whose safety or welfare is the subject of concern (CRS § 16-2.7-101(2)).

This includes the National Crime Information Center (NCIC), the Colorado Crime Information Center (CCIC) and the Colorado Bureau of Investigation.

332.2 POLICY

The Pueblo Police Department does not consider any report of a missing person to be routine and assumes that the missing person is in need of immediate assistance until an investigation reveals otherwise. The Pueblo Police Department gives missing person cases priority over property-related cases and does not require a specific amount of time to have passed before beginning a missing person investigation.

332.3 ACCEPTANCE OF REPORTS

Any member encountering a person who wishes to report a missing person or runaway shall render assistance without delay. This can be accomplished by accepting the report via telephone or in-person and initiating the investigation. Those members who do not take such reports or who are unable to give immediate assistance shall promptly dispatch or alert a member who can take the report.

A report shall be accepted in all cases and regardless of where the person was last seen, where the person resides or any question of jurisdiction.

332.4 INITIAL INVESTIGATION

Officers conducting the initial investigation of a missing person should take the following investigative actions, as applicable:

- (a) Respond to a dispatched call as soon as practicable.

Pueblo Police Department

Policy Manual

Missing Person Reporting

- (b) Interview the reporting person and any witnesses to determine whether the person qualifies as a missing person and, if so, whether the person may be at risk.
- (c) Notify a supervisor immediately if there is evidence that a missing person is either at risk or may qualify for a public alert, or both (see the Public Alerts Policy).
- (d) In circumstances in which the responding officer has reason to believe that a missing child has been abducted, he/she should consider requesting a response by the Child Abduction Response Team (CART). CART responses are subject to the approval of the Watch Commander or applicable captain. The Communications Center shall initiate the actual CART mobilization.
- (e) Broadcast a "Be on the Look-Out" (BOLO) bulletin if the person is 21 years of age and under or there is evidence that the missing person is at risk.
- (f) Ensure that entries are made into the appropriate missing person networks, as follows:
 - 1. Immediately, when the missing person is at risk.
 - 2. In all other cases, as soon as practicable, but not later than two hours from the time of the initial report.
- (g) Complete the appropriate report forms accurately and completely and initiate a search as applicable under the facts.
- (h) When circumstances permit and if appropriate, attempt to determine the missing person's location through his/her telecommunications carrier (CRS § 18-9-312).
 - 1. If the officer has probable cause to believe the missing person is at risk of death or serious bodily injury, a supervisor should be notified and should determine whether to order the telecommunication provider to disclose the missing person's location information without a court order.
 - 2. The supervisor shall ensure that a court order is obtained within 48 hours of the initial request for the location information.
- (i) Contact the appropriate agency if the report relates to a missing person report previously made to another agency and that agency is actively investigating the report. When this is not practicable, the information should be documented in an appropriate report for transmission to the appropriate agency. If the information relates to an at-risk missing person, the member should notify a supervisor and proceed with reasonable steps to locate the missing person.
- (j) If the person qualifies for an AMBER alert, contact the National Center for Missing and Exploited Children® (NCMEC) as soon as practicable.

332.5 REPORT PROCEDURES AND ROUTING

Members should complete all missing person reports and forms promptly and advise the appropriate supervisor as soon as a missing person report is ready for review.

Missing Person Reporting

332.5.1 SUPERVISOR RESPONSIBILITIES

The supervisor shall ensure resources are deployed as appropriate and review and approve missing person reports upon receipt.

The supervisor shall also ensure applicable notifications and public alerts are made and documented and that records have been entered into the appropriate missing person networks.

The supervisor should also take reasonable steps to identify and address any jurisdictional issues to ensure cooperation among agencies. If the case falls within the jurisdiction of another agency, the supervisor should facilitate transfer of the case to the agency of jurisdiction.

332.6 CRIMINAL INVESTIGATION DIVISION FOLLOW-UP

An investigator assigned to a missing person investigation:

- (a) Should re-contact the reporting person and/or other witnesses within 30 days of the initial report and within 30 days thereafter to determine if any additional information has become available.
- (b) Should consider contacting other agencies involved in the case to determine if any additional information is available.
- (c) Shall verify and update CCIC, NCIC and any other applicable missing person networks within 60 days of the original entry into the networks and every 45 days thereafter until the missing person is located (42 USC § 5780).
- (d) Should continue to make reasonable efforts to locate the missing person and document these efforts at least every 45 days.

When any person reported missing is found, the assigned officer shall document the location of the missing person in the appropriate report, notify other involved agencies and refer the case for additional investigation if warranted. Additionally, the assigned officer shall ensure that the "Be on the Look-Out" (BOLO) bulletin is canceled.

332.7.1 UNIDENTIFIED PERSONS

Department members investigating a case of an unidentified person who is deceased or a living person who cannot assist in identifying him/herself should:

- (a) Obtain a complete description of the person.

Missing Person Reporting

- (b) Enter the unidentified person's description into the NCIC Unidentified Person File.
- (c) Use available resources, such as those related to missing persons, to identify the person.

332.8 CASE CLOSURE

The appropriate Criminal Investigation Division supervisor may authorize the closure of a missing person case after considering the following:

- (a) Closure is appropriate when the missing person is confirmed returned or evidence matches an unidentified person or body.
- (b) If the missing person is a resident of Pueblo or this department is the lead agency, the case should be kept under active investigation for as long as the person may still be alive. Exhaustion of leads in the investigation should not be a reason for closing a case.
- (c) If this department is not the lead agency, the case can be made inactive if all investigative leads have been exhausted, the lead agency has been notified and entries are made in the applicable missing person networks, as appropriate.
- (d) A missing person case should not be closed or reclassified because the person would have reached a certain age or adulthood or because the person is now the subject of a criminal or civil warrant.

Public Alerts

334.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for alerting the public to important information and soliciting public aid when appropriate.

334.2 POLICY

Public alerts may be employed using the Emergency Alert System (EAS), local radio, television and press organizations and other groups to notify the public of incidents, or enlist the aid of the public, when the exchange of information may enhance the safety of the community. Various types of alerts may be available based upon each situation and the alert system's individual criteria.

334.3 RESPONSIBILITIES

334.3.1 EMPLOYEE RESPONSIBILITIES

Employees of the Pueblo Police Department should notify their supervisor, Watch Commander or Criminal Investigation Division Captain as soon as practicable upon learning of a situation where public notification, a warning or enlisting the help of the media and public could assist in locating a missing person, apprehending a dangerous person or gathering information.

334.3.2 SUPERVISOR RESPONSIBILITIES

A supervisor apprised of the need for a public alert is responsible to make the appropriate notifications based upon the circumstances of each situation. The supervisor shall promptly notify the Chief of Police, the appropriate Bureau Chief and the Highest Ranking Officer On Scene when any public alert is generated.

The supervisor in charge of the investigation to which the alert relates is responsible for the following:

- (a) Updating alerts

- (c) Ensuring all appropriate reports are completed

If the Investigations Bureau takes over the investigation, the applicable supervisor shall take over responsibility for these duties.

334.4 AMBER ALERTS

America's Missing: Broadcast Emergency Response (AMBER Alert™) is the recruitment of public assistance to locate an abducted child via a widespread media alert using the statewide Emergency Alert System (EAS). Utilizing local radio, television and press affiliates, the public will be notified of the circumstances of a child's abduction and how it can assist law enforcement in the child's recovery.

334.5 BLUE ALERTS

Blue Alerts are for those instances where a person has killed or inflicted a life-threatening injury upon a peace officer. The Blue Alert program is a coordinated effort among the Colorado Bureau of Investigation, local law enforcement agencies and the state's public and commercial television and radio broadcasters (CRS § 24-33.5-416.5; 8 CCR 1507-27).

Bias-Motivated Crimes

338.1 PURPOSE AND SCOPE

The Pueblo Police Department recognizes and places a high priority on the rights of all individuals guaranteed under the Constitution and the laws of this state. When such rights are infringed upon by violence, threats or other harassment, this department will utilize all available resources to see that justice is served under the law. This policy has been developed to meet or exceed the provisions of the Matthew Shepard and James Byrd, Jr. Hate Crimes Prevention Act, and provides members of this department with guidelines for identifying and investigating incidents and crimes that may be motivated by hatred or other bias.

338.1.1 FEDERAL JURISDICTION

Federal law prohibits discrimination-based acts. The U.S. Department of Justice (DOJ) may obtain jurisdiction over crimes of violence where the perpetrator has selected the victim because of the person's actual or perceived race, color, religion, national origin, gender, sexual orientation, gender identity or disability (18 USC 245).

338.2 DEFINITIONS

Definitions related to this policy include:

Bias-motivated crime - A person commits a bias-motivated crime if, with the intent to intimidate or harass another person because of that person's actual or perceived race, color, religion, ancestry, national origin, physical or mental disability, or sexual orientation, he/she (CRS § 18-9-121(2)):

- (a) Knowingly causes bodily injury to another person.
- (b) By words or conduct, knowingly places another person in fear of imminent lawless action directed at that person or that person's property, and such words or conduct are likely to produce bodily injury to that person or damage to that person's property.
- (c) Knowingly causes damage to or destruction of the property of another person.

338.3 PREVENTING AND PREPARING FOR LIKELY BIAS-MOTIVATED CRIMES

While it is recognized that not all crime can be prevented, this department is committed to taking a proactive approach to preventing and preparing for likely bias-motivated crimes by among other things:

- (a) Making an affirmative effort to establish contact with persons and groups within the community who are likely targets of bias-motivated crimes to form, and cooperate with, prevention and response networks.
- (b) Providing victim assistance and follow-up as outlined below, including community follow-up.
- (c) Educating community and civic groups about bias-motivated crime laws.

Bias-Motivated Crimes

338.4 PROCEDURE FOR INVESTIGATING BIAS-MOTIVATED CRIMES

Whenever any member of this department receives a report of a suspected bias-motivated crime or other activity that reasonably appears to involve a potential bias-motivated crime, the following should occur:

- (a) Officers will be promptly assigned to contact the victim, witness or reporting party to investigate the matter further as circumstances may dictate.
- (b) A supervisor should be notified of the circumstances as soon as practicable.
- (c) Once "in progress" aspects of any such situation have been stabilized (e.g., treatment of victims or apprehension of present suspects), the assigned officers will take all reasonable steps to preserve available evidence that may tend to establish that a bias-motivated crime was involved.
- (d) The assigned officers will interview available witnesses, victims and others to determine what circumstances, if any, indicate that the situation may involve a bias-motivated crime.
- (e) Depending on the situation, the assigned officers or supervisor may request additional assistance from investigators or other resources to further the investigation.
- (f) The assigned officers will include all available evidence indicating the likelihood of a bias-motivated crime in the relevant reports. The "Bias Motivated" field will be completed in all incident reports documenting said crimes and, absent prior approval of a supervisor, will be completed and submitted by the assigned officers before the end of the shift.
- (g) The assigned officers should also make reasonable efforts to assist the victim by providing available information on local assistance programs and organizations as required by the Victim Assistance Policy.
- (h) The assigned officers and supervisor should take reasonable steps to ensure that any such situation does not escalate further and should provide information to the victim regarding legal aid, e.g., a possible Temporary Restraining Order through the courts or District Attorney or City Attorney.

338.5 CRIMINAL INVESTIGATION DIVISION RESPONSIBILITIES

If a case is assigned to the Criminal Investigation Division, the assigned investigator will be responsible for following up on the reported bias-motivated crime by:

- (a) Coordinating further investigation with the District Attorney and other appropriate law enforcement agencies.
- (b) Maintaining contact with the victim and other involved individuals, as needed.
- (c) Maintaining statistical data and tracking of suspected bias-motivated crimes as indicated or required by state law.

Disciplinary Policy

340.1 PURPOSE AND SCOPE

The purpose of this policy is to provide employees of this department with guidelines for their conduct in order that they may participate in meeting the goals of this department in serving the community. This policy is intended for internal use only and shall not be construed to increase or establish an employee's civil or criminal liability. Nor shall it be construed to create or establish a higher standard of safety or care. A violation of any portion of this policy may only serve as the basis for internal disciplinary and/or administrative actions.

This policy shall apply to all classified employees of this department. Unclassified employees, including part time and temporary employees, shall comply with all regulations of conduct contained herein but shall remain at-will employees. This policy does not create a contract of employment with an unclassified employee, and any unclassified employee and the City may terminate employment at anytime, with or without cause and without advance notice.

340.2 DISCIPLINE POLICY

The continued employment of a classified employee of this department shall be based on conduct that reasonably conforms to the guidelines set forth herein. Failure of an employee to meet the guidelines set forth in this policy, whether on- or off-duty, may be cause for disciplinary action.

An employee's off-duty conduct shall be governed by this policy to the extent that it is related to acts that may materially affect or arise from the employee's ability to perform official duties, that it may indicate a lack of unfitness for his/her position or that brings discredit or harm to the professional image or reputation of the Department, its members, the City or the law enforcement profession.

- (b) Provide details explaining the grounds for the belief of the conflict or error of the order.
- (c) Request clarification, guidance and direction regarding following the order.
- (d) Request the order in writing should the conflict or error be unresolved.
- (e) Respectfully inform the supervisor if he/she intends to disobey what he/she reasonably believes to be an unlawful order.

Disciplinary Policy

An employee's election to disobey an order he/she believes to be unlawful is not a bar to discipline should the order be determined as lawful.

340.3 CONDUCT THAT MAY RESULT IN DISCIPLINE

The following causes for disciplinary action constitute a portion of the disciplinary standards of this department. This list is not intended to cover every possible type of misconduct and does not preclude the recommendation of disciplinary action for specific action or inaction that is detrimental to efficient department service.

Employees shall conduct themselves, whether on- or off-duty, in accordance with the Constitution of the United States, the Colorado Constitution and all applicable laws, ordinances and rules enacted or established pursuant to legal authority.

Any of the following actions may be deemed sufficient cause for the discipline, discharge, suspension, demotion or removal of any employee:

termination, the final notice of discipline shall also inform the employee of the reasons for termination and the process to receive all remaining fringe and retirement benefits.

- (g) The discipline shall become effective once the Chief of Police has issued a written decision.

340.7 RESIGNATIONS/RETIREMENTS PRIOR TO DISCIPLINE

In the event that an employee tenders a written retirement or resignation prior to the imposition of discipline, it shall be noted in the file.

340.8 POST-DISCIPLINE APPEAL PROCEDURE

Employees have the right to formally appeal the Chief of Police's imposition of disciplinary actions pursuant to the grievance procedure contained in the applicable collective bargaining agreement or with respect to disciplinary action more punitive than a written reprimand to the Civil Service Commission pursuant to Title VI of the Pueblo Municipal Code of Ordinances.

340.9 DISCIPLINARY ACTION AGAINST PROBATIONARY EMPLOYEES

The Chief of Police may remove a probationary Police Patrol Officer prior to completion of his or her probationary period without filing formal charges if, in the opinion of the Chief of Police, the probationary employee is not qualified, able or willing to fulfill the requirements of the position. Such a probationary employee shall have the right to appeal to the Civil Service Commission from such removal pursuant to and subject to the requirements of Title VI of the Pueblo Municipal Code including Sections 6-10-1 and 6-12-2. The decision and action of the Chief of Police shall in such case be sustained unless the Commission shall find that the Chief of Police abused his or her discretion in terminating said probationary employee.

All other entry-level, bargaining unit, probationary employees may be disciplined or discharged at any time during the full initial probationary period with or without reasons. Such a probationary employee shall have the right to appeal to the Civil Service Commission from a removal pursuant to and subject to the foregoing discretionary authority and the requirements of Title VI of the Pueblo Municipal Code including Sections 6-10-1 and 6-12-2. The decision and action of the Chief of Police shall in such case be sustained unless the Commission shall find that the Chief of Police abused his or her discretion in terminating said probationary employee.

Department Technology Use

342.1 PURPOSE AND SCOPE

All department members must be familiar, and comply with the Citywide Information Technology Policy ("IT Policy"). This policy merely summarizes how the IT Policy may more specifically apply the use of Department computers, software and systems. This policy is not meant to replace the IT Policy and should any provisions of this policy conflict with the IT Policy, the IT Policy shall control.

342.1.1 PRIVACY POLICY

Any employee utilizing any computer, electronic storage device or media, Internet service, telephone service, information conduit, system or other wireless service provided by or funded by the Department expressly acknowledges and agrees that the use of such service, whether for business or personal use, shall remove any expectation of privacy that the employee, sender and recipient of any communications utilizing such service might otherwise have, including as to the content of any such communications. The Department also expressly reserves the right to access and audit any and all communications, including content that is sent, received and/or stored through the use of such service.

342.2 DEFINITIONS

Definitions related to this policy include:

Computer system - Includes all computers (on-site and portable), hardware, software and resources owned, leased, rented or licensed by the Pueblo Police Department that are provided for use by Department employees.

Hardware - Includes, but is not limited to, computers, computer terminals, network equipment, modems, Ipads, Iphones, Blackberries, or any other on-site or portable, tangible computer device generally understood to comprise hardware.

Software - Includes, but is not limited to, all computer programs and applications, including shareware (software available for trial use). This does not include files created by the individual user.

Temporary file, permanent file or file - Includes any electronic document, information or data residing or located, in whole or in part, on the system, including but not limited to, spreadsheets, calendar entries, appointments, tasks, notes, letters, reports or messages.

342.3 SYSTEM INSPECTION OR REVIEW

There is no expectation of privacy regarding files contained in or on Department computers or systems. Pursuant to the IT Policy, the Chief of Police may request that the Information Technology Department ("IT") inspect, remove, or monitor the system, any and all temporary or permanent files and related electronic systems or devices and any contents thereof.

If requested pursuant to the IT Policy, IT staff may extract, download or otherwise obtain any and all temporary or permanent files residing or located in or on the system.

Pueblo Police Department

Policy Manual

Department Technology Use

Reasons for inspection or review may include, but are not limited to, system malfunctions, problems or general system failure, a lawsuit against the agency involving the employee or related to the employee's duties, an alleged or suspected violation of any Department policy, request for disclosure of data, or a need to perform or provide an agency service.

342.4 AGENCY PROPERTY

All information, data, documents and other entries initiated on any of the agency's computers, whether downloaded or transferred from the original agency computer, shall remain the exclusive property of the City and shall not be available for personal or non-department use without the express written authorization of the Chief of Police.

342.5 UNAUTHORIZED DUPLICATION OF SOFTWARE

Employees shall not copy or duplicate any copyrighted and/or licensed software except for a single copy for backup purposes. To reduce the risk of an agency computer virus, employees are not permitted to install personal copies of any software onto the computers owned or operated by the Department. Only IT may download or install software on any computer or system. If an employee must copy data onto a disk and download it on a non-department computer, the employee shall scan the disk for viruses before loading the data on a Department computer system.

No employee shall knowingly make, acquire or use unauthorized copies of computer software that is not licensed to the Department while on Department premises or on a Department computer system. The Department and individuals can be subject to civil damages per title copied, along with criminal penalties including fines and imprisonment.

342.6 PROHIBITED AND INAPPROPRIATE USE

Access to Department technology resources, including Internet access provided by, or through, the Department, shall be strictly limited to department-related business activities. Data stored on, or available through, Department systems shall only be accessed by authorized employees who are engaged in an active investigation, assisting in an active investigation or who otherwise have a legitimate law enforcement or Department business-related purpose to access such data. Any exceptions to this policy must be approved by the Chief of Police and the IT Director.

An Internet site containing information that is not appropriate or applicable to Department use and that shall not be intentionally accessed includes, but is not limited to, adult forums, pornography, chat rooms and similar or related websites. Certain exceptions may be permitted with the approval of the Chief of Police and the IT Director as a function of an assignment.

Downloaded information shall be limited to messages, mail and data files. No copyrighted and/or unlicensed software program files may be downloaded without authorization of the Information Technology (IT) Department or, when related to criminal investigations, the Chief of Police or the authorized designee.

Employees shall report any unauthorized access to the system or suspected intrusion from outside sources (including the Internet) immediately to a supervisor and the IT Director.

Department Technology Use

342.7 PROTECTION OF DEPARTMENT SYSTEMS AND FILES

All employees have a duty to protect the system and related systems and devices from physical and environmental damage, and are responsible for the correct use, operation, care and maintenance of the system.

Employees shall ensure Department computers and access terminals are not viewable by persons who are not authorized users. Computers and terminals should be secured, users logged off and password protections enabled whenever the user is not present. Access passwords, logon information and other individual security data, protocols and procedures are confidential information and are not to be shared. Employees should not use another person's access passwords, logon information and other individual security data, protocols and procedures unless directed to do so by a supervisor.

It is expressly prohibited for an employee to allow an unauthorized user to access the system at any time or for any reason.

342.8 COMPUTER PASSWORDS

Passwords are an important aspect of computer security. They are the front line of protection for user accounts. A poorly chosen password may result in the compromise of the City's entire computer network. As such, all department members are responsible for taking the appropriate steps to select and secure their passwords, as outlined in this policy.

The purpose of this policy is to establish a standard for the creation and protection of passwords. This policy applies to all personnel who access any computer system that resides at any City of Pueblo facility, who have access to the City's network or who store any nonpublic City of Pueblo computer system data.

342.8.1 CONSTRUCTION OF PASSWORDS

The City's computer system is configured to accept only "strong passwords". A weak password is unacceptable because it can easily be defeated by the criminal element. An example of a weak password is one that contains less than eight (8) characters and does not contain a combination of uppercase letters, lowercase letters, numbers, and symbols. Weak passwords may be words found in a dictionary, and are often so basic as to be nothing more than names, birth dates or words easily linked to the password holder. Simply spelling words backwards and/or adding a number does not make the password significantly stronger.

A strong password, as required by this department, shall be at least eight characters in length and must consist of a combination of uppercase letters (A, B, C), lowercase letters (a, b, c), numbers (1, 2, 3...) and symbols (!, @, #). All computer system users are required to construct strong passwords for themselves, and will not be allowed access into the system if their password does not meet the criteria listed herein.

Pueblo Police Department

Policy Manual

Department Technology Use

342.8.2 PROTECTION OF PASSWORDS

Protecting passwords is as critical to the system's security as is a strong password. Passwords should never be shared with anyone, and should never be written down or stored anywhere, especially if left in a location where the password could be easily discovered. Users should not use the same password for multiple uses, such as personal banking, Internet purchases, etc.

342.8.3 CHANGING PASSWORDS

Passwords must be changed on a quarterly basis as required by Criminal Justice Information System (CJIS) standards. The City's computer system will be configured to require password changes at least quarterly, in accordance with CJIS regulations.

Report Preparation

344.1 PURPOSE AND SCOPE

Report preparation is a major part of each employee's job. The purpose of reports is to document sufficient information to refresh the employee's memory and to provide sufficient information for follow-up investigation and successful prosecution. Report writing is the subject of substantial formal and on-the-job training.

344.1.1 REPORT PREPARATION

Employees should ensure that their reports are sufficiently detailed for their purpose and reasonably free of errors prior to submission. It is the responsibility of the assigned employee to complete and submit all reports taken during the shift before going off-duty, unless permission to delay submission of the report has been approved by a supervisor. While reports requiring prompt follow-up action on active leads should generally not be delayed, arrest reports where the suspect remains in custody shall be completed before the employee goes off-duty. Furthermore, the immediate supervisor of the employee who makes an arrest late in his/her shift shall ensure that the arrest report is properly reviewed in a timely manner by an oncoming supervisor.

All reports shall accurately reflect the identity of the persons involved, witnesses, all pertinent information seen, heard or assimilated by any other sense and any actions taken. Employees shall not suppress, conceal or distort the facts of any reported incident, nor shall any employee make a false report orally or in writing. Generally, the reporting employee's opinions should not be included in reports unless specifically identified as such.

344.2 REQUIRED REPORTING

Reports are required in all of the following situations on the appropriate department-approved form unless otherwise approved by a supervisor. Computer databases into which reports are entered electronically and are able to be printed out at a later time shall be considered "forms" for the purpose of this policy.

344.2.1 CRIMINAL ACTIVITY REPORTING

Anytime an employee becomes aware of the occurrence of a criminal act that has occurred or is alleged to have occurred within the Department's jurisdiction, whether the employee witnesses the criminal act firsthand or receives a verbal report of the criminal act from a citizen, the employee shall document the incident by completing a written crime report. The fact that a victim does not desire prosecution is not an exception to documentation. In instances where a misdemeanor crime has been reported and the victim does not desire a report, however, the documentation may take the form of a Computer Aided Dispatch (CAD) entry rather than a formal written crime report.

344.2.2 NON-CRIMINAL ACTIVITY

Incidents that shall be documented using the appropriate approved report include:

- (a) Anytime an officer points a firearm at any person.

Pueblo Police Department

Policy Manual

Report Preparation

- (b) Any use of physical force against any person by a member of this department (see the Use of Force Policy).
- (c) Any firearm discharge (see the Duty Firearms Policy and the Use of Force Policy) except during approved range training.
- (d) Anytime a person is reported missing (regardless of jurisdiction) (see the Missing Person Reporting Policy).
- (e) Any found property or found evidence.
- (f) Any traffic collisions above the minimum reporting level (see the Traffic Accident Response and Reporting Policy).
- (g) Suspicious incidents that may indicate a potential for crimes against children, or that a child's safety is in jeopardy.
- (h) All protective custody detentions.
- (i) Suspicious incidents that may place the public or others at risk.
- (j) Whenever the employee believes the circumstances should be documented or at the direction of a supervisor.

344.2.3 DEATH REPORTS

Death investigations require specific investigation methods depending on circumstances and should be handled in accordance with the Death Investigations Policy. An officer handling a death investigation should notify and apprise a supervisor of the circumstances surrounding the incident and a determination will be made on how to proceed. The following cases shall be appropriately investigated and documented using the approved report:

- (a) Sudden or accidental deaths
- (b) Suicides
- (c) Homicide or suspected homicide
- (d) Unattended deaths (no physician or qualified hospice care during the period immediately preceding death)
- (e) Found dead bodies or body parts

344.2.4 INJURY OR DAMAGE BY CITY PERSONNEL

Any injury to a person or damage to City property or equipment that occurs as a result of an act by a department member shall be documented in the appropriate manner.

344.2.5 MISCELLANEOUS INJURIES

Any injury that is reported to this department shall require a report when:

- (a) The injury occurs on City property.

Report Preparation

- (b) The injury is a result of a drug overdose.
- (c) There is an attempted suicide.
- (d) The injury is major or serious, whereas death could result.
- (e) The circumstances surrounding the incident are suspicious in nature and it is desirable to record the event.

The above reporting requirements are not intended to be all-inclusive. A supervisor may direct an employee to document any incident he/she deems necessary.

344.3 GENERAL POLICY OF EXPEDITIOUS REPORTING

In general, all employees and supervisors shall act with promptness and efficiency in the preparation and processing of all reports. Incomplete reports, unorganized reports or reports delayed without supervisory approval are not acceptable. Reports shall be processed according to established priorities or according to special priority necessary under exceptional circumstances.

344.4 REPORT CORRECTIONS

Supervisors shall review reports for content and accuracy. If a correction is necessary, the reviewing supervisor should reject the report and return it to the reporting employee for correction. If the supervisor cannot verbally explain the reasons for the rejection directly to the reporting employee, he/she should write them in the appropriate notes field when returning the report. Reports requiring correction should be returned to the reporting employee as soon as practicable. It shall be the responsibility of the originating employee to ensure that any report returned for correction is processed in a timely manner.

344.5 REPORT CHANGES OR ALTERATIONS

Reports that have been approved by a supervisor and submitted to the Records Section for filing and distribution shall not be modified or altered except by way of a supplemental report. Reviewed reports that have not yet been submitted to the Records Section may be corrected or modified by the authoring employee only with the knowledge and authorization of the reviewing supervisor.

News Media Relations

346.1 PURPOSE AND SCOPE

This policy provides guidelines for media releases and media access to scenes of disasters, criminal investigations, emergencies and other law enforcement activities.

346.2 RESPONSIBILITIES

The ultimate authority and responsibility for the release of information to the media shall remain with the Chief of Police. However, in situations not warranting immediate notice to the Chief of Police and in situations where the Chief of Police has given prior approval, Bureau Chiefs, Watch Commanders and the designated Highest Ranking Officer On Scene may prepare and release information to the media in accordance with this policy and the applicable law.

346.2.1 MEDIA REQUEST

Any media request for information or access to a law enforcement situation shall be referred to the highest ranking supervisor available who is responsible for the incident, or if unavailable, the Highest Ranking Officer On Scene. Prior to releasing any information to the media, employees shall consider the following:

- (a) At no time shall any employee of this department make any comment or release any official information to the media without prior approval from a supervisor.
- (b) In situations involving multiple law enforcement agencies or other criminal justice agencies including, but not limited to, prosecutors and coroners, every reasonable effort should be made to coordinate media releases with the authorized representative of each involved agency prior to the release of any information by this department.
- (c) Under no circumstance should any member of this department make any comments to the media regarding any law enforcement incident not involving this department without prior approval of the Chief of Police.

346.3 MEDIA ACCESS

Authorized members of the media should be provided access to scenes of disasters, criminal investigations, emergencies and other law enforcement activities. Access by the media is subject to the following conditions:

- (a) The media representative shall produce valid press credentials that shall be prominently displayed at all times while in areas otherwise closed to the public.
- (b) Media representatives may be prevented from interfering with emergency operations and criminal investigations.
 - 1. Reasonable effort should be made to provide a safe staging area for the media that is near the incident and that will not interfere with emergency or criminal investigation

Pueblo Police Department

Policy Manual

News Media Relations

operations. All information released to the media should be coordinated through the Highest Ranking Officer On Scene or other designated spokesperson.

- (c) No member of this department shall be required to submit to media visits or interviews without the consent of the involved employee.
- (d) Media interviews with individuals who are in custody are not permitted. Exceptions are only permitted with the approval of the Chief of Police and the express written consent of the person in custody.

A tactical operation should be handled in the same manner as a crime scene, except the news media shall be permitted within the outer perimeter of the scene, subject to any restrictions as determined by the supervisor in charge. Department members shall not jeopardize a tactical operation in order to accommodate the news media. All comments to the media shall be coordinated through a supervisor or the Highest Ranking Officer On Scene.

346.3.1 TEMPORARY FLIGHT RESTRICTIONS

Whenever the presence of media or other aircraft pose a threat to public or officer safety or significantly hamper incident operations, the field supervisor should consider requesting a Temporary Flight Restriction (TFR). All requests for a TFR should be routed through the Watch Commander. The TFR request should include specific information regarding the perimeter and altitude necessary for the incident. It should be requested through the appropriate control tower. If the control tower is not known, the Federal Aviation Administration (FAA) should be contacted (14 CFR § 91.137).

346.3.2 PROVIDING ADVANCE INFORMATION

To protect the safety and rights of officers and other persons, advance information about planned actions by law enforcement personnel, such as movement of persons in custody or the execution of an arrest or search warrant, should not be disclosed to the news media nor should media representatives be invited to be present at such actions except with the prior approval of the Chief of Police.

Any exceptions to the above should only be considered for the furtherance of legitimate law enforcement purposes. Prior to approving any exception, the Chief of Police will consider, at minimum, whether the release of information or presence of the media would unreasonably endanger any individual, prejudice the rights of any person or is otherwise prohibited by law.

346.4 SCOPE OF INFORMATION SUBJECT TO RELEASE

The Department will maintain a computer database containing public information and reports for the purpose of making such information available to media representatives and the general public. This computer database will consist of data classified as public and should generally contain:

- (a) The date, time, location, case number, type of crime, extent of injury or loss and names of individuals (except confidential informants) involved in crimes occurring within this

Pueblo Police Department

Policy Manual

News Media Relations

jurisdiction, unless the release of such information would endanger the safety of any individual or jeopardize the successful completion of any ongoing investigation.

- (b) The date, time, location, case number, name, birth date and charges for each person arrested by this department, unless the release of such information would endanger the safety of any individual or jeopardize the successful completion of any ongoing investigation.
- (c) The time and location of other significant law enforcement activities or requests for service with a brief summary of the incident subject to the restrictions of this policy and applicable law.

At no time shall identifying information pertaining to a juvenile arrestee be publicly released without prior approval of a competent court or as permitted by state law.

At no time shall identifying information pertaining to a juvenile victim be publicly released without prior approval of a competent court when access to the data would reveal the identity of a victim or alleged victim.

At no time shall identifying information pertaining to a juvenile witness be publicly released without prior approval of a competent court when this department has determined that the identity of a juvenile witness reasonably requires protection.

Information concerning incidents involving persons whose identities are classified as private or confidential under state law shall be restricted from disclosure. Further detail is available in the Release of Records Policy.

Identifying information concerning deceased individuals should only be released to the media when the decedent's identity has been verified, the decedent's family has been notified when feasible and the release is approved by a supervisor.

Any requests for copies of related reports or additional information not contained in this computer database shall be referred to the custodian of records, or if unavailable, to the Watch Commander. Such requests will be processed in accordance with policy and state law.

346.4.1 STATE RESTRICTED INFORMATION

It shall be the responsibility of the authorized employee dealing with media requests to ensure that restricted information is not inappropriately released to the media by this department (See the Records Release and Security Policy and the Personnel Files Policy). When in doubt, authorized and available legal counsel should be obtained. Examples of such restricted information include, but are not limited to:

- (a) The identities of involved officers when the release hinders a law enforcement purpose or reveals the identity of an undercover law enforcement officer and as otherwise required by law .
- (b) Information that would tend to endanger the safety of any individual or jeopardize the successful completion of any ongoing investigation.

Pueblo Police Department

Policy Manual

News Media Relations

- (c) Information pertaining to pending litigation involving this department.
- (d) Information obtained in confidence or that uniquely describes stolen, lost, confiscated or recovered property.
- (e) Any information that is otherwise privileged or restricted under state or federal law.

Court Appearance and Subpoenas

348.1 PURPOSE AND SCOPE

This policy has been established to provide for the acceptance of subpoenas and court notices and to ensure that employees appear in court when requested and present a professional appearance.

348.1.1 DEFINITIONS

Definitions related to this policy include:

On-call - When an employee has appeared in court or is on-duty and has been told by a member of the court that the employee is free to leave the court or return to duty, subject to being available by telephone or pager.

Standby - When an employee receives a subpoena or court notice of a type that allows him/her to not appear in court but to remain available by telephone or pager so that the employee may be directed to appear in court within a reasonable amount of time.

Trailing status - When an employee remains on standby status for additional court sessions until notified otherwise.

Mandatory appearance - Subpoenas and court notices require an employee's physical appearance in the specified court at the specified time unless advised by the notice or issuing attorney otherwise. Failure to appear either intentionally or by negligence may result in disciplinary action.

348.2 COURT SUBPOENAS

Employees who receive subpoenas or court notices related to their employment with this department are subject to the provisions of this policy. Employees should be aware that their compliance is mandatory on all cases for which they have been properly subpoenaed or properly notified. This policy applies to civil and criminal subpoenas and notices. Employees are expected to cooperate with the prosecution to ensure the successful conclusion of a case.

348.2.1 VALID SUBPOENAS

Service of a subpoena or court notice requiring the appearance of any employee in connection with a matter arising out of the employee's course and scope of official duties may be accomplished only by personal service on the employee unless the employee has signed a written admission or waiver of personal service (CRCP Rule 45(c); CRCP Rule 17(e)). The waiver of personal service can also be accomplished by accepting the subpoena electronically via the Colorado District Attorneys' Council website at <http://www.cdacweb.com>.

348.2.2 ACCEPTANCE OF SUBPOENA

No employee shall accept service of a subpoena on behalf of another employee of this department. Only the employee named in a subpoena shall be authorized to accept service of a subpoena. The Department has agreed, however, to accept subpoenas from the Pueblo County District Attorney's Office, the Pueblo County Public Defender's Office and the City of Pueblo Municipal Court in lieu of

Pueblo Police Department

Policy Manual

Court Appearance and Subpoenas

personal service to employees, and route such subpoenas to the proper employees for personal service waivers to be signed.

Subpoenas received by the Department to be delivered to the employee in lieu of personal service shall be immediately routed to the affected employee's work group. Individual units, sections and divisions are responsible for maintaining a chronological log of all subpoenas received for employees assigned to such work groups and ensuring the subpoenas are properly maintained for delivery to/receipt by affected employees. Subpoenas sent electronically by the Pueblo County District Attorney's Office via the Colorado District Attorneys' Council website are automatically logged and tracked, however, and do not require manual chronological recording of subpoena information.

348.2.3 REFUSAL OF SUBPOENA

Training, unscheduled vacations and regularly scheduled days off are not valid reasons for refusing a subpoena or missing court. If, due to illness or injury, the named employee is unable to appear in court as directed by a previously served subpoena, the employee shall, as soon as reasonably possible, inform the issuing authority of his/her unavailability to appear.

If a subpoena is presented for service to an immediate supervisor or other individual by a process server, the supervisor or other individual should tell the process server to serve directly to the named witness. If the named witness is not on-duty, the supervisor shall inform the process server of the next available duty dates for the witness.

348.2.4 COURT STANDBY

To facilitate court standby agreements, employees are required to provide and maintain current information on their address and telephone number with the Department. Employees are required to notify the Department within 24 hours of any change in residence address or home telephone number, and to provide an accurate and reasonably reliable means or method for contact.

If an employee on standby changes location during the day, the employee shall notify the court or authority issuing the subpoena how he/she can be reached by telephone. Employees are required to remain on standby each day the case is trailing. In a criminal case, the prosecutor handling the case is the only person authorized to excuse an employee from standby status.

Department members who have been placed on standby or on-call status shall immediately notify their Bureau Chief when they anticipate submitting a request for overtime or compensatory time compensation in excess of two hours.

348.2.5 OFF-DUTY RELATED SUBPOENAS

Employees receiving valid subpoenas for off-duty actions not related to their employment with the Pueblo Police Department shall comply with the requirements of the subpoena. Employees receiving these subpoenas are not compensated for their appearance. Arrangements for time off shall be coordinated through the immediate supervisor.

Pueblo Police Department

Policy Manual

Court Appearance and Subpoenas

348.2.6 FAILURE TO APPEAR

Any employee who fails to comply with the terms of any valid and properly served subpoena may be subject to discipline as well as court-imposed civil and/or criminal sanctions for contempt of court.

348.3 CIVIL SUBPOENAS NOT INVOLVING A GOVERNMENT PARTY

The Department will compensate employees who appear in their official capacity on civil matters arising out of the employee's official duties as directed by the current collective bargaining agreement. In such situations, the Department will also reimburse any employee for reasonable and necessary travel expenses.

Except when acting as a witness for a government party, the Department will receive reimbursement for the employee's compensation through the civil attorney of record who called the employee as a witness. Any reimbursement received directly by the employee shall be promptly turned over to the Department.

348.3.1 PROCEDURE

To ensure that the employee is able to appear when required, that the employee is compensated for such appearance, and to protect the Department's right to reimbursement, employees shall follow the established procedures for the receipt of a civil subpoena.

348.3.2 CIVIL SUBPOENA ACCEPTANCE

Subpoenas shall not be accepted in a civil action in which the employee or the Department is not a party without properly posted fees pursuant to applicable law (CRCP Rule 45).

348.3.3 PARTY MUST DEPOSIT FUNDS

A private party in a civil action who seeks to subpoena an employee must deposit the statutory fee, if any, for each day's appearance before such subpoena will be accepted. Parties seeking to have the employee make multiple appearances must make an additional deposit in advance to include mileage reimbursement and per diem allowed by law.

348.4 OVERTIME APPEARANCES

If the employee appears on his/her off-duty time, he/she will be compensated in accordance with the applicable collective bargaining agreement.

348.5 COURTROOM PROTOCOL

Employees must be punctual when appearing in court and shall be prepared to proceed immediately with the case for which they are scheduled to appear.

348.5.1 PREPARATION FOR TESTIMONY

Before the date of testifying, the subpoenaed employee shall obtain a copy of relevant reports and become familiar with their content in order to be prepared for court.

Court Appearance and Subpoenas

348.5.2 COURTROOM ATTIRE

Employees shall dress in uniform or business professional attire. Suitable business attire for men would consist of a coat, tie and dress pants. Suitable business attire for female employees would consist of a dress jacket, dress blouse and skirt or slacks. Refer to the Uniform Regulations Policy for further guidance on proper courtroom attire.

348.6 COURTHOUSE DECORUM

Employees shall observe all rules of the court in which they are appearing, refrain from smoking or chewing gum in the courtroom and shall remain alert to changes in the assigned courtroom where their matter is to be heard.

348.7 TESTIFYING AGAINST THE INTEREST OF THE STATE

Any member or employee who is subpoenaed to testify or who has agreed to testify or provide information on behalf of or at the request of any party other than the State of Colorado, any county, city, other unit of government or any of its officers and employees in which any of those entities are parties, will notify his/her immediate supervisor without delay. The supervisor will then notify the Chief of Police and the appropriate prosecuting attorney as may be indicated by the case. The Chief of Police should determine if additional legal support is necessary.

This includes, but is not limited to, the following situations:

- (a) Providing testimony or information for the defense in any criminal trial or proceeding; and
- (b) Providing testimony or information for the plaintiff in a civil proceeding.

This section shall not apply to the recognized collective bargaining agent or its members regarding disciplinary matters, grievances, collective bargaining or other union representational activities.

Mutual Aid and Outside Agency Assistance

352.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance to officers in the request of or answering the request for assistance from another law enforcement agency.

It is the policy of this department to provide assistance whenever reasonably possible. Assistance shall be consistent with the applicable laws and policies of this department when another law enforcement agency requests assistance with an arrest or detention of any person. This department may also request an outside agency to provide assistance (CRS § 29-5-104).

The Department may at the discretion of the Chief of Police establish an agreement for reciprocal law enforcement with another agency, including those of neighboring states, provided those agreements meet statutory requirements pursuant to CRS § 29-1-206. All mutual aid agreements must be approved as to form by the City Attorney and approved by City Council by ordinance. An agreement may include:

- (a) Assisting other peace officers in the line of their duties and within the course of their employment.
- (b) Exchanging Department peace officers with peace officers of another agency on a temporary basis.

352.2 ASSISTING OUTSIDE AGENCIES

Generally, calls for assistance from other agencies are received via radio transmission and are routed to the Watch Commander's office or an on-duty supervisor for approval. Any such response to assist an outside agency should be considered for authorization pursuant to law or an established mutual aid plan (see generally CRS § 33.5-713).

When an authorized employee of an outside agency requests the assistance of this department in taking a person into custody, available officers shall respond and assist in making a lawful arrest. If an officer receives a request in the field for assistance, that officer shall notify a supervisor. Arrestees may be temporarily detained by this department until arrangements for transportation are made by the outside agency. Only in exceptional circumstances will this department provide transportation of arrestees to another agency's facilities.

When such assistance is rendered, a case number will be issued to report action taken by Pueblo Police Department personnel.

352.3 REQUESTING ASSISTANCE FROM OUTSIDE AGENCIES

If assistance is needed from another agency, the employee requesting assistance shall first notify a supervisor of his/her intentions. The handling officer or supervisor should direct assisting personnel to where they are needed and to whom they should report when they arrive.

Mutual Aid and Outside Agency Assistance

The requesting officer should secure radio frequencies for use by all involved agencies so that communication can be coordinated as needed. If necessary, reasonable effort should be taken to provide radio equipment capable of communicating on the assigned frequency to any personnel who do not have compatible radios.

A resource to consider for obtaining mutual aid assistance could include the Colorado State Emergency Resource Mobilization Plan (CSERMP) available from <https://mobilization.state.co.us/documents/CSERMP.pdf>.

352.4 HAZARDOUS MATERIAL EMERGENCIES MUTUAL AID

The Incident Commander, in cooperation with other agencies, is charged with making an immediate appraisal of the situation and its potential. Responders should:

- Establish scene management.
- Detect the presence of hazardous materials.
- Begin identification of hazardous materials.
- Begin evacuation or direct in-place sheltering.
- Consider personal protection/decontamination.
- Isolate the incident and identify zones of activity.
- Contain the incident without risking exposure.
- Perform fire fighting, rescue, emergency medical and other critical life-saving response activities in accordance with the Pueblo County Emergency Operations Plan.
- Contact the local Colorado state dispatch and request support if it occurs on any federal, state or county highway located outside of municipal city limits.
- Seek additional resources if the event exceeds, or is expected to exceed, the capability of local resources, including mutual aid and state or federal assistance. When requesting local, state or federal assistance, this Department should clarify if it is requesting assistance only or complete scene management.

352.5 MANDATORY SHARING

Equipment and supplies purchased with federal funds or grants with contingent sharing requirements should be documented and updated as necessary by the Services Bureau Chief or his/her designee. The conditions relative to sharing, the training requirements connected to the use of the supplies and equipment, and those trained in the use of the supplies and equipment should be included in the documentation. Copies of the list should be provided to the Communications Center and captains to ensure proper use in compliance with agreements.

Registered Offender Information

356.1 PURPOSE AND SCOPE

This policy establishes guidelines by which the Pueblo Police Department will address issues associated with certain offenders who are residing in the jurisdiction and how the Department will disseminate information and respond to public inquiries for information about registered sex offenders.

356.2 POLICY

It is the policy of the Pueblo Police Department to identify and monitor registered offenders living within this jurisdiction and to take reasonable steps to address the risks those persons may pose.

356.3 REGISTRATION

The Registered Sex Offender Unit shall establish a process to reasonably accommodate registration of certain offenders. The process should rebut any allegation on the part of the offender that the registration process was too confusing, burdensome or difficult for compliance. If it is reasonable to do so, an investigator assigned to related investigations should conduct the registration in order to best evaluate any threat the person may pose to the community. Employees assigned to register offenders should receive appropriate training regarding the registration process.

Upon conclusion of the registration process, the registration information shall be provided to the Colorado Bureau of Investigation by the clerk responsible for submitting such on behalf of the Registered Sex Offender Unit (CRS § 16-22-109; CRS § 16-22-110; CRS § 16-13-903).

The refusal of a registrant to provide any of the required information or complete the process should initiate a criminal investigation for failure to register.

356.3.1 CONTENTS OF REGISTRATION

The registrant shall be required to complete the registration form provided by CBI.

Registration by a person who lacks a fixed residence shall be accepted unless it includes a location that would violate state law or local ordinance. The registrant shall be advised of any such violation and allowed five days to secure an alternate location (CRS 16-22-108).

356.4 MONITORING OF REGISTERED OFFENDERS

The Registered Sex Offender Unit should establish a system to periodically, and at least once annually, verify that a registrant remains in compliance with his/her registration requirements after the initial registration. This verification should include:

- (a) Efforts to confirm residence using an unobtrusive method, such as an Internet search or drive-by of the declared residence.
- (b) Review of information on the state website.

Pueblo Police Department

Policy Manual

Registered Offender Information

(c) Contact with a registrant's parole or probation officer.

Any discrepancies should be reported to the Crimes Against Persons Sergeant.

The Registered Sex Offender Unit should also establish a procedure to routinely disseminate information regarding registered offenders to Pueblo Police Department personnel, including timely updates regarding new or relocated registrants.

356.4.1 MANDATORY CONFIRMATION

Following a registrant's first registration with the Department, the residence verification referenced above shall occur as soon as possible after the registration and annually thereafter. Residence confirmation shall occur quarterly if the registrant is a sexually violent predator (CRS § 16-22-109).

356.5 DISSEMINATION OF PUBLIC INFORMATION

Employees will not unilaterally make a public notification advising the community of a particular registrant's presence in the community. Employees who identify a significant risk or other public safety issue associated with a registrant should promptly advise their supervisor. The supervisor should evaluate the request and forward the information to the Chief of Police or the authorized designee if warranted. A determination will be made by the Chief of Police or the authorized designee, with the assistance of legal counsel as necessary, whether such a public alert should be made.

Members of the public requesting information on registrants should be provided the CBI's Convicted Sex Offender [website](#) or the Pueblo Police Department's website.

The Records Manager shall release local registered offender information to residents in accordance with state law (CRS § 16-22-112; CRS § 24-72-201 et seq.) and in compliance with a Colorado Open Records Act request.

356.5.1 RELEASE NOTIFICATIONS

Sex registrant information that is released shall include the written statement: "The Colorado sex offender registry includes only those persons who have been required by law to register and who are in compliance with the sex offender registration laws. Persons should not rely solely on the sex offender registry as a safeguard against perpetrators of sexual assault in their communities. The crime for which a person is convicted may not accurately reflect the level of risk." (CRS § 16-22-112(5)).

356.5.2 MANDATORY DISSEMINATION

The Department shall release local sex offender information to residents in accordance with Colorado law and the rules set forth by the CBI. Information released shall include, at a minimum, the name, address or addresses, and aliases of the registrant; the registrant's date of birth; a photograph of the registrant, if requested and readily available; and a history of the convictions of unlawful sexual behavior resulting in the offender being required to register pursuant to this article (CRS § 16-22-110; CRS § 16-22-112). Information concerning victims shall not be released.

Pueblo Police Department

Policy Manual

Registered Offender Information

The Department will also make the mandated community notifications regarding sexually violent predators. These community notifications shall only occur under the circumstances and in the manner specified by the Colorado Department of Public Safety Sex Offender Management Board (CRS § 16-13-904; CRS § 16-13-905; CRS § 16-13-906).

356.5.3 DISCRETIONARY DISSEMINATION

The Department may also provide local sex offender information to any other person the Department determines warrants notification. If the Department elects not to release registrant information to a non-resident, the Department may submit a request from the non-resident to CBI (CRS § 16-22-112).

356.5.4 INFORMATION AVAILABLE VIA THE INTERNET

The Department may post the following registered offender information on its website only if the person is adjudicated or convicted of the offenses in CRS § 16-22-112:

- (a) Offender information, including the offender's name or aliases, photograph, sex, height, weight, name, address and offenses committed, as allowed by law
- (b) Educational information concerning protection from sex offenders that has been developed in conjunction with the Sex Offender Management Board and a sexual assault victims' advocacy group, or a link to educational information included on the CBI website
- (c) A link to the national sex offender website
- (d) A link to the Colorado sex offender website
- (e) A link to other law enforcement agencies

356.6 NOTIFICATION PRIOR TO RELEASE OR DISCHARGE

Notification of a registrant's release on parole will be made by the sentencing court, the probation department, community corrections, the county jail or the Department of Corrections (CRS § 16-22-106; CRS § 16-22-107).

Prior to registrants being discharged from the Department of Corrections, this department shall verify that (CRS § 16-22-107(4)(a)):

- (a) The address provided by the person is a residence.
- (b) The occupants or owners of the residence know of the person's history of unlawful sexual behavior.
- (c) The occupants or owners of the residence have agreed to allow the person to reside at the address.
- (d) If the registrant is being released on parole, the address complies with any conditions of the parole.

Pueblo Police Department

Policy Manual

Registered Offender Information

If any of the information required for verification is not true, the Department shall notify the Department of Corrections that the person provided false information concerning the address at which he/she intends to reside (CRS § 16-22-107(4)(b)).

356.6.1 CONFIDENTIAL INFORMATION

The forms completed by persons required to register pursuant to Colorado law shall be confidential and shall not be open to inspection by the public or any person other than law enforcement personnel except as provided by law (CRS § 16-22-109(4)).

358.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance to members of this department in determining when, how and to whom notification of major incidents should be made.

358.2 POLICY

The Pueblo Police Department recognizes that certain incidents should be brought to the attention of supervisors or other specified personnel of this department to facilitate the coordination of activities and ensure that inquiries from the media and the public may be properly addressed.

358.3 MINIMUM CRITERIA FOR NOTIFICATION

Most situations where the media show a strong interest are also of interest to the Chief of Police, the affected Bureau Chief and the balance of the command staff. The following list of incident types is provided as a guide for notification and is not intended to be all-inclusive:

- Homicides
- Missing children or endangered missing adults
- Traffic collisions with fatalities or severe injuries

358.4 WATCH COMMANDER RESPONSIBILITIES

The Watch Commander is responsible for initiating notifications via the Communications Center as soon as practicable and ensuring the appropriate notifications are made. Such notifications should be made by using the notification protocol maintained in the Communications Center.

Pueblo Police Department

Policy Manual

Major Incident Notification

When the Watch Commander makes personal notifications to the command staff and other affected individuals, he/she should make reasonable attempts to obtain as much information on the incident as possible before making such notifications.

358.4.1 STAFF NOTIFICATION

In the event an incident occurs as identified in the Minimum Criteria for Notification above, the Chief of Police shall be notified along with the affected Bureau Chief and the Criminal Investigation Division Captain if that division is providing assistance.

358.4.2 DETECTIVE NOTIFICATION

If the incident requires that an officer or investigator respond from home, the immediate supervisor of the appropriate detail shall be contacted.

358.4.3 TRAFFIC OFFICER NOTIFICATION

In the event of a traffic fatality or major injury, the Administrative Traffic Sergeant shall be notified, who will then contact the appropriate investigator(s).

358.4.4 HIGHEST RANKING OFFICER ON SCENE

Firearm Injury Reporting

359.1 PURPOSE AND SCOPE

Investigation of cases involving firearm injuries is important to the State of Colorado and the safety of the public. Some causes of firearm injuries may not be readily apparent and some cases differ substantially from what they appeared to be initially. The Department takes firearm injury investigations seriously and therefore employees must conduct thorough and complete investigations.

359.2 INVESTIGATION

All bullet wounds, gunshot wounds, powder burns or any other injury arising from, or caused by, the discharge of any gun, pistol or any other firearm shall be thoroughly investigated by this department upon receipt of any report made pursuant to CRS § 12-36-135 or that otherwise is reported to the Department.

Employees investigating firearm injuries shall contact a supervisor as soon as reasonably possible to determine if further guidance or additional resources are necessary.

All reports or investigations under this section shall be forwarded to the appropriate county or state agency as required.

359.3 HUNTING OR SPORT SHOOTING INJURIES

If a firearm injury is determined to have been caused by an action connected with hunting or sport shooting, the Colorado Division of Wildlife requests notification on all hunting-related firearms injuries.

The Colorado Division of Wildlife completes the International Hunter Education Association's Hunting and Hunting Related Incident Report for compiling nationwide hunting-related statistics and uses the information provided by local agencies for this purpose. The Colorado Division of Wildlife also uses this information from local agencies to determine whether to investigate or charge a violation of CRS § 33-6-122, criminal hunting in a careless manner.

Death Investigation

360.1 PURPOSE AND SCOPE

The investigation of cases involving death include those ranging from natural causes to homicide. Some causes of death may not be readily apparent and some cases differ substantially from what they appear to be initially. The importance of a thorough death investigation cannot be emphasized enough.

Death investigations shall be conducted pursuant to CRS § 30-10-606.

360.2 INVESTIGATION CONSIDERATIONS

Death investigation cases require certain actions be taken. Emergency Medical Services shall be called in all suspected death cases, unless the death is obvious (e.g., the person has been decapitated or the body is decomposed). Officers are not authorized to pronounce death unless they are also a Coroner, a Deputy Coroner or an appointed Coroner Investigator. A supervisor shall be notified in all death investigations.

360.2.1 CORONER REQUEST

The Coroner shall be called as soon as practicable after the scene is safe and secure in all deaths. Investigating officers shall investigate and work in cooperation with the Coroner involving any of the following circumstances (CRS § 30-10-606(1)):

- (a) The death is, or may be, unnatural, as a result of external influences, injury or violence.
 - 1. It is due to the influence of, or is the result of, intoxication by alcohol, drugs or poison.
 - 2. It is the result of an accident, including an accident at the workplace.
 - 3. It involves the unexpected or unexplained death of an infant or child.
- (b) There is no physician in attendance, or when the physician is at the scene but is unable to certify the cause of death.
- (c) The death occurs within 24 hours of admission to a hospital.
- (d) The death is the result of a criminal abortion, including any situation where such abortion may have been self-induced.
- (e) It is the result of a disease that may be hazardous or contagious, or may constitute a threat to the health of the public.
- (f) The death results from the action of a peace officer, or while the person was in the custody of law enforcement officials or incarcerated in a public institution.
- (g) The death was sudden, and happened to a person who was in apparent good health.
- (h) The body is unidentifiable, decomposed, charred or skeletonized.

Pueblo Police Department

Policy Manual

Death Investigation

- (i) The death occurs under circumstances that the Coroner determines may warrant further inquiry in order to determine the cause and manner of death, or that requires further law enforcement investigation.

In cases involving any of the above mentioned circumstances, the body of the deceased shall not be removed from the place of death prior to the arrival of the Coroner. This restriction shall not apply if the Coroner grants permission for removal or removal is necessary to identify the victim, protect property from damage, preserve evidence, or protect life, health or safety.

When the Coroner arrives at the scene, law enforcement personnel shall make all reasonable accommodations to allow him/her to collect time-sensitive information.

If a suicide note is found at the place of death, investigating officers or the Coroner shall take custody of the note based on a prior agreement. If there is no prior agreement, investigating officers have the authority to take custody of the suicide note and shall provide a copy to the Coroner.

360.2.2 SEARCHING DEAD BODIES

The Coroner or an assistant and authorized investigators are generally the only persons permitted to move, handle or search a body. Should exigent circumstances indicate to an officer that any other search of a known dead body is warranted prior to the arrival of the Coroner, the investigating officer shall first obtain verbal consent from the Coroner when practicable.

Whenever reasonably possible, a witness, preferably a relative to the deceased or a member of the household, should be requested to remain nearby the scene and available to the officer pending the arrival of the Coroner. The name and address of this person shall be included in the death report.

360.2.3 DEATH NOTIFICATION

Death notifications shall normally be made by the Coroner. If the notification is not or cannot be handled by the Coroner, however, notification to the nextofkin of the deceased person shall be made, in person, by the officer assigned to the incident. If the next-of-kin lives in another jurisdiction, a law enforcement official from that jurisdiction shall be requested to make the personal notification. If the relatives live outside this county, the Coroner may be requested to make the notification. The Coroner needs to know if notification has been made. Assigned officers/deputies may need to talk to the nextofkin.

If a deceased person has been identified as a missing person, this department shall attempt to locate family members and inform them of the death and location of the deceased missing person's remains. All efforts to locate and notify family members shall be recorded in appropriate reports and properly retained.

360.2.4 DEATH INVESTIGATION REPORTING

All incidents involving a death shall be documented in the appropriate report.

Pueblo Police Department

Policy Manual

Death Investigation

360.2.5 SUSPECTED HOMICIDE

If the initially assigned officer suspects that the death involves a homicide or other suspicious circumstances, the officer shall take steps to protect the scene. The Bureau shall be notified to determine the possible need for an investigator to respond to the scene for further immediate investigation.

If the on-scene supervisor, through consultation with the Watch Commander or Criminal Investigation Division supervisor, is unable to determine the manner of death, the investigation shall proceed as though it is a homicide.

The assigned investigator investigating a homicide or a death under suspicious circumstances may, with the approval of his/her supervisor, request the Coroner to conduct physical examinations and tests, and to provide a report.

360.2.6 EMPLOYMENT-RELATED DEATHS OR INJURIES

Any member of this agency who responds to and determines that a death, serious illness or serious injury has occurred as a result of an accident at or in connection with the victim's employment may ensure that the regional Occupational Safety and Health Administration (OSHA) office is notified by telephone or teletype with all pertinent information.

Identity Theft

362.1 PURPOSE AND SCOPE

Identity theft is a growing trend that frequently involves related crimes in multiple jurisdictions. This policy is intended to provide guidelines for the reporting and investigation of such crimes.

362.2 REPORTING

- (a) To maintain uniformity in reporting, officers shall initiate a report for victims residing within the jurisdiction of this department when the crime occurred. For incidents of identity theft occurring outside this jurisdiction, officers should observe the following:
 - 1. For any victim not residing within this jurisdiction, the officer may either take a courtesy report to be forwarded to the victim's residence agency or the victim should be encouraged to promptly report the identity theft to the law enforcement agency where he/she resides (CRS § 16-5-103(4)).
- (b) While the crime of identity theft should be reported to the law enforcement agency where the victim resides, officers of this department should investigate and report crimes occurring within this jurisdiction that have resulted from the original identity theft (e.g., the identity theft occurred elsewhere, but the fraud, usage of services or receipt of goods were acquired or occurred in this jurisdiction).
- (c) Officers should include all known incidents of fraudulent activity (e.g., credit card number applied for in victim's name when the victim has never made such an application).
- (d) Officers should also cross-reference all known reports made by the victim (e.g., U.S. Secret Service, credit reporting bureaus, U.S. Postal Service and Department of Motor Vehicles) with all known report numbers.
- (e) The reporting officer should inform victims of identity theft that an Order of Factual Innocence is available to help those who are wrongly linked to crimes (CRS § 16-5-103(2)(b)). A court may order identifying information contained in criminal justice records to show that the information is not accurate and does not reflect the perpetrator's identity because of identity theft. Information can be obtained by contacting the Department of Revenue.
- (f) Following supervisory review and Department processing, the initial report should be forwarded to the appropriate investigator for follow-up investigation, coordination with other agencies and prosecution as circumstances dictate.

362.3 PREVENTIVE MEASURES

The victim should be advised to place a security freeze on his/her consumer report, as allowed by law. A victim may also access <http://www.colorado.gov/cs/Satellite/Revenue-MV/RMV/1206604920872> for further information.

Identity Theft

362.4 INFORMATION

The victim should be encouraged to contact the Federal Trade Commission (FTC), which is responsible for receiving and processing complaints under the Identity Theft and Assumption Deterrence Act. The victim can contact the FTC online at <http://www.ftc.gov/bcp/menus/consumer/data/idt.shtm> or by telephone at 877-ID Theft (877-438-4338). Additional information may be found at the U.S. Department of Justice website, <http://www.usdoj.gov>, or the FBI at <http://denver.fbi.gov>.

Private Persons Arrests

364.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance for handling private person's arrests and detentions made pursuant to CRS § 16-3-201, CRS § 16-3-202(2) and CRS § 16-19-115.

364.2 ADVISING PRIVATE PERSONS OF THE ARREST PROCESS

Officers should use sound discretion in determining whether to advise an individual of the arrest process.

- (a) When advising any individual regarding the right to make a private person's arrest, officers should refrain from encouraging or dissuading any individual from making such an arrest and should instead limit advice to the legal requirements for such an arrest, as listed below.
- (b) Private individuals should be discouraged from using force to effect a private person's arrest. Absent immediate threat to their own safety or the safety of others, private individuals should be encouraged to refer matters to law enforcement officials for further investigation or arrest.

364.3 ARRESTS BY PRIVATE PERSONS

A private person may arrest another under the following circumstances (CRS § 16-3-201, CRS § 16-3-202(2) and CRS § 16-19-115):

- (a) For any crime that has been or is being committed or attempted in his/her presence
- (b) When directed by any peace officer to assist a peace officer
- (c) When there is reasonable information that the accused has been charged in the courts of a state with a crime punishable by death or imprisonment for a term exceeding one year
 - 1. The accused shall be taken before a judge without unnecessary delay and a complaint must be made against the accused under oath by the private person making the arrest.

364.4 OFFICER RESPONSIBILITIES

In all circumstances in which a private person is claiming to have made an arrest, a primary officer shall be designated and assigned to handle the call for service. The assigned officer shall conduct a standard investigation in accordance with Department policy. The officer must determine whether there is reasonable cause to believe that such an arrest would be lawful.

- (a) Should any officer determine that there is no reasonable cause to believe that a private person's arrest is lawful, the officer should take no action to further detain or restrain the individual beyond that which reasonably appears necessary to investigate the matter, to determine the lawfulness of the arrest and protect the public safety.

Pueblo Police Department

Policy Manual

Private Persons Arrests

1. Any officer who determines that a private person's arrest appears to be unlawful should promptly release the arrested individual. The officer must include the basis of such a determination in a related report.
 2. Absent reasonable cause to support a private person's arrest or other lawful grounds to support an independent arrest by the officer, the officer should advise the parties that no arrest will be made and that the circumstances will be documented in a related report.
- (b) Whenever an officer determines that there is reasonable cause to believe that a private person's arrest is lawful, the officer may exercise any of the following options:
1. Take the individual into physical custody for booking.
 2. Release the individual upon a misdemeanor citation or pending formal charges.

364.5 REPORTING REQUIREMENTS

The primary officer assigned to the call for service shall be responsible for handling all aspects of the investigation, including the completion of all required reports and documentation (e.g., incident reports, arrest affidavits, summonses, booking sheets, etc.). The private person claiming to have made the arrest shall be identified as the reporting party, victim, witness, suspect, or whatever role(s) he/she played in the incident, and designated as such in the officer's report. The officer shall also attempt to obtain a written statement from the private person claiming to have made the arrest to be included with his/her report.

Citizen Municipal Court Complaint Process

365.1 PURPOSE AND SCOPE

It is the intent of the Pueblo Police Department to provide necessary services to the citizens of the City of Pueblo. One of those services is a method to address violations of municipal ordinances in which an officer did not witness the violation, but reasonable grounds exist to believe the violation occurred.

365.1.1 DEFINITIONS

Reasonable Grounds - A set of facts or circumstances which would cause a person of ordinary and prudent judgment to believe beyond a mere suspicion that a violation of municipal ordinance has occurred.

Probable Cause - Probable cause exists when the facts and circumstances within the arresting officer's knowledge are sufficient to warrant a prudent person to believe that a suspect has committed, is committing, or is about to commit a crime or violation of municipal ordinance.

Summons and Complaint - A municipal citation issued through the electronic process (E-Ticket) or through a hand written citation (U-Ticket) citing a violation of municipal ordinance.

Citizen Statement of Complaint - A form authorized by the Head Municipal Court Judge; whereby a citizen states the circumstances surrounding an incident where a violation of municipal ordinance occurred, after a police officer has determined there were reasonable grounds to believe the violation occurred.

365.2 PROCEDURE

If, upon dispatch to and investigation of an incident the officer determines that probable cause exists that a violation of municipal ordinance has occurred, he/she shall take whatever enforcement action is deemed necessary to deal with the immediate situation and write a report to cover the incident. If the defendant is not present and probable cause exists, then a Municipal Complaint and Affidavit will be prepared by the investigating officer and forwarded to Municipal Court requesting an arrest warrant. Immediate enforcement action will be arrest or the issuance of a citation for a violation of a municipal ordinance.

If probable cause does not exist but reasonable grounds exist to believe that a violation of municipal ordinance has occurred, and there is a complaining witness and a known defendant, the following procedure shall be followed:

- (a) All parties will be cleared locally, CCIC and NCIC to determine if any of the parties involved are wanted for other incidents. If the officer on scene has independent knowledge that an individual is clear from all wants and warrants, the clearance is not necessary for that individual.
- (b) Once it is determined that a violation of municipal ordinance has occurred, the officer will enter the defendant's name, where appropriate, the specific applicable ordinance violation

Pueblo Police Department

Policy Manual

Citizen Municipal Court Complaint Process

and the complaining witness's name, where applicable. The officer will also enter the citation number, or the case report number if one is drawn, on the Citizen Statement of Complaint. If for any reason the complaining witness cannot complete the narrative portion of the Citizen Statement of Complaint, then the officer or another individual may assist the complaining witness in completing the narrative. Once complete, the officer will review the statement to determine if the content supports the ordinance violation. If so, the officer will sign the statement witnessing the complaining witness statement.

- (c) Once the Citizen Statement of Complaint has been completed and reviewed, the officer will complete a Municipal Summons and Complaint (Citation) in either an E-Ticket or U-Ticket format for the appropriate municipal ordinance violation using the next appropriate Municipal Court arraignment date. The officer will have the complaining witness sign the Municipal Summons and Complaint as the complainant. When using a U-Ticket, the officer will determine the complaining witness' legal name, date of birth, current address, telephone number and email address, placing the information on the back of the U-Ticket. If the officer is using an E-Ticket, the same information will be entered or updated in the master name module in the RMS under the "witness" button of the citation module as the complainant. The officer will determine the defendant's current information, such as legal name, home address, telephone number and physical description, and update the information in the master name module. When issuing an E-Ticket, the officer will check the check box "Muni Comp" (municipal complaint) on the citation. If a U-Ticket is issued, then the Records Section clerk entering citations will check the "Muni Comp" box. This will allow for quick reference and searching for municipal complaints.
- (d) The officer will sign the Municipal Summons and Complaint as the issuing officer and serve it on the defendant. If the defendant is not on scene, the officer will continue to attempt to locate the defendant an appropriate amount of time before the court date to serve the citation. Upon authorization of the appropriate captain, the officer may return the citation to Municipal Court as unserviceable with an explanation of the attempts of service. If served, updated information on the defendant will be obtained and the master name module updated.
- (e) The Citizen Statement of Complaint will be scanned and attached to the Municipal Summons and Complaint issued to the defendant, or if a case number is drawn to the report, with the original being forwarded to Municipal Court with the original U-Ticket or the printed copy of the signed E-Ticket. The U-Ticket will be transcribed into the citation module of the RMS, with the U-Ticket, with the complainant's signature being scanned and attached to the citation, or report if a case number is drawn.

365.3 OFFICER APPEARANCE ON CITIZEN COMPLAINTS

An officer issuing a citation in reference to a Citizen Statement of Complaint for a signed complaint will be required to make an appearance in Municipal Court upon being served with a subpoena for the officer's appearance. For the violation of Theft From Merchant, where the officer only responded to an employee of the business and issued a citation for the incident, the officer's

Pueblo Police Department

Policy Manual

Citizen Municipal Court Complaint Process

appearance will not be required unless the employee of the business requests such and a subpoena is issued ordering the officer's appearance. In any case, the issuing officer will be responsible for issuing field subpoenas to the complainant and any witnesses prior to the trial date.

Limited English Proficiency Services

368.1 PURPOSE AND SCOPE

This policy provides guidance to members when communicating with individuals with limited English proficiency (LEP) (42 USC § 2000d).

368.1.1 DEFINITIONS

Definitions related to this policy include:

Authorized interpreter - A person who has been screened and authorized by the Department to act as an interpreter and/or translator for others.

Interpret or interpretation - The act of listening to a communication in one language (source language) and orally converting it to another language (target language), while retaining the same meaning.

Limited English proficient (LEP) - Any individual whose primary language is not English and who has a limited ability to read, write, speak or understand English. These individuals may be competent in certain types of communication (e.g., speaking or understanding) but still be LEP for other purposes (e.g., reading or writing). Similarly, LEP designations are context-specific; an individual may possess sufficient English language skills to function in one setting but these skills may be insufficient in other situations.

Qualified bilingual member - A member of the Pueblo Police Department, designated by the Department, who has the ability to communicate fluently, directly and accurately in both English and another language. Bilingual members may be fluent enough to communicate in a non-English language but may not be sufficiently fluent to interpret or translate from one language into another.

Translate or translation - The replacement of written text from one language (source language) into an equivalent written text (target language).

368.2 POLICY

It is the policy of the Pueblo Police Department to reasonably ensure that LEP individuals have meaningful access to law enforcement services, programs and activities, while not imposing undue burdens on its members.

The Department will not discriminate against or deny any individual access to services, rights or programs based upon national origin or any other protected interest or right.

368.3 LEP COORDINATOR

The Chief of Police shall delegate certain responsibilities to an LEP Coordinator. The LEP Coordinator shall be appointed by, and directly responsible to, the Operations Bureau Chief.

The responsibilities of the LEP Coordinator include, but are not limited to:

- (a) Coordinating and implementing all aspects of the Pueblo Police Department's LEP services to LEP individuals.

Pueblo Police Department

Policy Manual

Limited English Proficiency Services

- (b) Developing procedures that will enable members to access LEP services, including telephonic interpreters, and ensuring the procedures are available to all members.
- (c) Ensuring that a list of all qualified bilingual members and authorized interpreters is maintained and available to each Watch Commander and Dispatch Manager. The list should include information regarding the following:
 - 1. Languages spoken
 - 2. Contact information
 - 3. Availability
- (d) Reviewing existing and newly developed documents to determine which are vital documents and should be translated, and into which languages the documents should be translated.
- (e) Periodically assessing demographic data and other resources, including contracted language services utilization data and community-based organizations, to determine if there are additional documents or languages that are appropriate for translation.
- (f) Identifying standards and assessments to be used by the Department to qualify individuals as qualified bilingual members or authorized interpreters.
- (g) Periodically reviewing efforts of the Department in providing meaningful access to LEP individuals, and, as appropriate, developing reports, new procedures, or recommending modifications to this policy.
- (h) Receiving and responding to complaints regarding department LEP services.

368.4 FOUR-FACTOR ANALYSIS

Since there are many different languages that members could encounter, the Department will utilize the four-factor analysis outlined in the U.S. Department of Justice (DOJ) Guidance to Federal Financial Assistance Recipients, available at the DOJ website, to determine which measures will provide meaningful access to its services and programs. It is recognized that law enforcement contacts and circumstances will vary considerably. This analysis, therefore, must remain flexible and will require an ongoing balance of four factors, which are:

- (a) The number or proportion of LEP individuals eligible to be served or likely to be encountered by department members, or who may benefit from programs or services within the jurisdiction of the Department or a particular geographic area.
- (b) The frequency with which LEP individuals are likely to come in contact with department members, programs or services.
- (c) The nature and importance of the contact, program, information or service provided.
- (d) The cost of providing LEP assistance and the resources available.

368.5 TYPES OF LEP ASSISTANCE AVAILABLE

Pueblo Police Department members should never refuse service to an LEP individual who is requesting assistance, nor should they require an LEP individual to furnish an interpreter as a condition for receiving assistance. The Department will make every reasonable effort to provide meaningful and timely assistance to LEP individuals through a variety of services.

The Department will utilize all reasonably available tools when attempting to determine an LEP individual's primary language.

LEP individuals may choose to accept department-provided LEP services at no cost or they may choose to provide their own.

Department-provided LEP services may include, but are not limited to, the assistance methods described in this policy.

368.6 WRITTEN FORMS AND GUIDELINES

Vital documents or those that are frequently used should be translated into languages most likely to be encountered. The LEP Coordinator will arrange to make these translated documents available to members and other appropriate individuals, as necessary.

368.7 AUDIO RECORDINGS

The Department may develop audio recordings of important or frequently requested information in a language most likely to be understood by those LEP individuals who are representative of the community being served.

368.8 QUALIFIED BILINGUAL MEMBERS

Bilingual members may be qualified to provide LEP services when they have demonstrated through established department procedures a sufficient level of skill and competence to fluently communicate in both English and a non-English language. Members utilized for LEP services must demonstrate knowledge of the functions of an interpreter/translator and the ethical issues involved when acting as a language conduit. Additionally, bilingual members must be able to communicate technical and law enforcement terminology, and be sufficiently proficient in the non-English language to perform complicated tasks, such as conducting interrogations, taking statements, collecting evidence or conveying rights or responsibilities.

368.9 AUTHORIZED INTERPRETERS

Any person designated by the Department to act as an authorized interpreter and/or translator must have demonstrated competence in both English and the involved non-English language, must have an understanding of the functions of an interpreter that allows for correct and effective translation, and should not be a person with an interest in the department case or investigation involving the LEP individual. A person providing interpretation or translation services may be required to establish the accuracy and trustworthiness of the interpretation or translation in a court proceeding.

Pueblo Police Department

Policy Manual

Limited English Proficiency Services

Authorized interpreters must pass a screening process established by the LEP Coordinator which demonstrates that their skills and abilities include:

- (a) The competence and ability to communicate information accurately in both English and in the target language.
- (b) Knowledge, in both languages, of any specialized terms or concepts peculiar to this department and of any particularized vocabulary or phraseology used by the LEP individual.
- (c) The ability to understand and adhere to the interpreter role without deviating into other roles, such as counselor or legal adviser.
- (d) Knowledge of the ethical issues involved when acting as a language conduit.

368.9.1 SOURCES OF AUTHORIZED INTERPRETERS

The Department may contract with authorized interpreters who are available over the telephone. Members may use these services with the approval of a supervisor and in compliance with established procedures.

Other sources may include:

- Qualified bilingual members of this department or personnel from other City departments.
- Individuals employed exclusively to perform interpretation services.
- Contracted in-person interpreters, such as state or federal court interpreters, among others.
- Interpreters from other agencies who have been qualified as interpreters by this department, and with whom the Department has a resource-sharing or other arrangement that they will interpret according to department guidelines.

368.9.2 COMMUNITY VOLUNTEERS AND OTHER SOURCES OF LANGUAGE ASSISTANCE

Language assistance may be available from community volunteers who have demonstrated competence in either monolingual (direct) communication and/or in interpretation or translation (as noted in above), and have been approved by the Department to communicate with LEP individuals.

Where qualified bilingual members or other authorized interpreters are unavailable to assist, approved community volunteers who have demonstrated competence may be called upon when appropriate. However, department members must carefully consider the nature of the contact and the relationship between the LEP individual and the volunteer to ensure that the volunteer can provide neutral and unbiased assistance.

While family or friends of an LEP individual may offer to assist with communication or interpretation, members should carefully consider the circumstances before relying on such individuals. For example, children should not be relied upon except in exigent or very informal and non-confrontational situations.

368.10 CONTACT AND REPORTING

While all law enforcement contacts, services and individual rights are important, this department will utilize the four-factor analysis to prioritize service to LEP individuals so that such services may be targeted where they are most needed, according to the nature and importance of the particular law enforcement activity involved.

Whenever any member of this department is required to complete a report or other documentation, and interpretation services are provided to any involved LEP individual, such services should be noted in the related report. Members should document the type of interpretation services utilized and whether the individual elected to use services provided by the Department or some other identified source.

368.11 RECEIVING AND RESPONDING TO REQUESTS FOR ASSISTANCE

The Pueblo Police Department will take reasonable steps and will work with the Department of Human Resources to develop in-house language capacity by hiring or appointing qualified members proficient in languages representative of the community being served.

368.11.1 EMERGENCY CALLS TO 9-1-1

Department members will make every reasonable effort to promptly accommodate LEP individuals utilizing 9-1-1 lines. When a 9-1-1 call-taker receives a call and determines that the caller is an LEP individual, the call-taker shall quickly determine whether sufficient information can be obtained to initiate an appropriate emergency response. If language assistance is still needed, the language is known and a qualified bilingual member is available in the Communications Center, the call shall immediately be handled by the qualified bilingual member.

If a qualified bilingual member is not available or the call-taker is unable to identify the caller's language, the call-taker will contact the contracted telephone interpretation service (Language Line) and establish a three-way call between the call-taker, the LEP individual and the interpreter.

Dispatchers will make every reasonable effort to dispatch a qualified bilingual member to the assignment, if available and appropriate.

While 9-1-1 calls shall receive top priority, reasonable efforts should also be made to accommodate LEP individuals seeking routine access to services and information by utilizing the resources listed in this policy.

368.11.2 LANGUAGE LINE

Language Line is a private translation service used by many local, state, and federal agencies and provides translation services for over 170 languages 24 hours a day, 365 days a year. Therefore, a standardized procedure for the use of Language Line services has been established to provide all personnel with the understanding of the purpose of the service and how it should be used.

The City of Pueblo has provided Language Line to be used on incoming 9-1-1 and administrative calls in which the call-taker is unable to communicate with a LEP caller.

Pueblo Police Department

Policy Manual

Limited English Proficiency Services

If a 9-1-1 call is received by the Communications Center that involves an LEP caller, the call-taker should first see if there is a Communications Center employee that can translate the call. If one is not available, Language Line may be used.

If a 9-1-1 call is received by the Communications Center and the call-taker determines that the LEP caller has an emergency, Language Line may be used.

If a 9-1-1 call is received by the Communications Center and the call-taker is unable to determine if the LEP caller has an emergency, Language Line may be used.

If a sworn officer is with a LEP caller, he/she may request the use of Language Line. The officer will contact the Communications Center and ask to be conferenced in with Language Line. Either the officer or Communications Center personnel will need to stay on the line with Language Line and the citizen for the duration of the call. If the officer is conducting any type of interrogation, the officer must remain on the line with Language Line for the duration of the call.

Public Safety Answering Point/Communications Center (PSAP) personnel are responsible for safeguarding the telephone number and PSAP password in order to provide continued availability of the service. Under no circumstances will the Language Line telephone number and password be released to any persons outside the PSAP.

368.12 FIELD ENFORCEMENT

Field enforcement will generally include such contacts as traffic stops, pedestrian stops, serving warrants and restraining orders, crowd/traffic control and other routine field contacts that may involve LEP individuals. The scope and nature of these activities and contacts will inevitably vary. Members and/or supervisors must assess each situation to determine the need and availability of language assistance to all involved LEP individuals and utilize the methods outlined in this policy to provide such assistance.

Although not every situation can be addressed in this policy, it is important that members are able to effectively communicate the reason for a contact, the need for information and the meaning or consequences of any enforcement action. For example, it would be meaningless to request consent to search if the officer is unable to effectively communicate with an LEP individual.

If available, officers should obtain the assistance of a qualified bilingual member or an authorized interpreter before placing an LEP individual under arrest.

368.13 INVESTIGATIVE FIELD INTERVIEWS

In any situation where an interview may reveal information that could be used as the basis for arrest or prosecution of an LEP individual and a qualified bilingual member is unavailable or lacks the skills to directly communicate with the LEP individual, an authorized interpreter should be used. This includes interviews conducted during an investigation with victims, witnesses and suspects. In such situations, audio recordings of the interviews should be made when reasonably possible. Identification and contact information for the interpreter (e.g., name, address) should be documented so that the person can be subpoenaed for trial if necessary.

Pueblo Police Department

Policy Manual

Limited English Proficiency Services

If an authorized interpreter is needed, officers should consider calling for an authorized interpreter in the following order:

- An authorized department member or allied agency interpreter
- An authorized telephone interpreter
- Any other authorized interpreter

Any *Miranda* warnings shall be provided to suspects in their primary language by an authorized interpreter or, if the suspect is literate, by providing a translated *Miranda* warning card.

The use of an LEP individual's bilingual friends, family members, children, neighbors or bystanders may be used only when a qualified bilingual member or authorized interpreter is unavailable and there is an immediate need to interview an LEP individual.

368.14 CUSTODIAL INTERROGATIONS

Miscommunication during custodial interrogations may have a substantial impact on the evidence presented in a criminal prosecution. Only qualified bilingual members or, if none is available or appropriate, authorized interpreters shall be used during custodial interrogations. *Miranda* warnings shall be provided to suspects in their primary language by the qualified bilingual member or an authorized interpreter.

In order to ensure that translations during custodial interrogations are accurately documented and are admissible as evidence, interrogations should be recorded whenever reasonably possible. See guidance on recording custodial interrogations in the Investigation and Prosecution Policy.

368.15 BOOKINGS

When gathering information during the booking process, members should remain alert to the impediments that language barriers can create. In the interest of the arrestee's health and welfare, the safety and security of the facility, and to protect individual rights, it is important that accurate medical screening and booking information be obtained. Members should seek the assistance of a qualified bilingual member whenever there is concern that accurate information cannot be obtained or that booking instructions may not be properly understood by an LEP individual.

368.16 COMPLAINTS

The Department shall ensure that LEP individuals who wish to file a complaint regarding members of this department are able to do so. The Department may provide a qualified bilingual member, an authorized interpreter or translated forms, as appropriate.

Investigations into such complaints shall be handled in accordance with the Personnel Complaints Policy.

Any notice required to be sent to an LEP individual as a complaining party pursuant to the Personnel Complaints Policy should be translated or otherwise communicated in a language-accessible manner.

Limited English Proficiency Services

368.17 COMMUNITY OUTREACH

Community outreach programs and other such services offered by this department are important to the ultimate success of more traditional law enforcement duties. This department will continue to work with community groups, local businesses and neighborhoods to provide equal access to such programs and services.

368.18 TRAINING

To ensure that all members who may have contact with LEP individuals are properly trained, the Department will provide periodic training on this policy and related procedures, including how to access department-authorized telephonic and in-person interpreters and other available resources.

The Training Sergeant shall be responsible for ensuring new members receive LEP training. Those who may have contact with LEP individuals should receive refresher training at least once every two years thereafter. The Training Sergeant shall maintain records of all LEP training provided, and will retain a copy in each member's training file in accordance with established records retention schedules.

368.18.1 TRAINING FOR AUTHORIZED INTERPRETERS

All members on the authorized interpreter list must successfully complete prescribed interpreter training. To complete interpreter training successfully, an interpreter must demonstrate proficiency in and ability to communicate information accurately in both English and in the target language, demonstrate knowledge in both languages of any specialized terms or phraseology, and understand and adhere to the interpreter role without deviating into other roles, such as counselor or legal adviser.

Members on the authorized interpreter list must receive refresher training annually or they will be removed from the authorized interpreter list. This annual training should include language skills competency (including specialized terminology) and ethical considerations.

The Training Sergeant shall be responsible for coordinating the annual refresher training and will maintain a record of all training the interpreters have received.

Hearing Impaired/Disabled Communications

370.1 PURPOSE AND SCOPE

This policy provides guidance to Department Members when communicating with individuals who are deaf or hard of hearing.

370.1.1 DEFINITIONS

Definitions related to this policy include:

Auxiliary aids - These are used to communicate with people who are deaf, hard of hearing or have impaired speech. They include, but are not limited to, the use of a Qualified interpreter, the use of gestures or visual aids to supplement oral communication; use of a notepad and pen or pencil to exchange written notes; use of a computer or typewriter; use of an assistive listening system or device to amplify sound; use of a teletypewriter (TTY), telecommunications device for the deaf (TDD), or videophones via a video relay service (VRS).

Deaf or hard of hearing - An individual who has or is regarded as having substantially limited hearing with or without assistance. This includes a person who has a functional hearing loss of sufficient severity to prevent aural comprehension, even with the assistance of hearing aids (CRS § 13-90-202(6)).

Department Member - Any person employed or appointed by the Pueblo Police Department, including certified officers, reserve officers, civilian employees and volunteers.

Qualified interpreter - A person who is able to interpret effectively, accurately and impartially, both receptively and expressively, using any necessary specialized vocabulary. Qualified interpreters may include oral interpreters, transliterators, sign language interpreters and intermediary interpreters. Qualified interpreters should have a valid certification of competency accepted by the Commission for the Deaf and Hard of Hearing and hold a current certification issued by the registry of interpreters for the deaf or a successor organization, which certification can be made available for immediate inspection. (CRS §§ 13-90-202(8) and 6-1-707(1)(e)).

370.2 POLICY

It is the policy of the Pueblo Police Department to reasonably ensure that people who are deaf or hard of hearing, including victims, witnesses, suspects, arrestees and detainees have equal access to law enforcement services, programs and activities. Department Members shall take appropriate steps to ensure that communications with deaf or hard of hearing individuals are as effective as communications with others. The Department will not discriminate against or deny any individual access to services, rights or programs based upon disabilities.

370.3 AMERICANS WITH DISABILITIES (ADA) COORDINATOR

The Chief of Police shall delegate certain responsibilities to an ADA Coordinator (28 CFR§ 35.107). The ADA Coordinator shall be appointed by, and directly responsible, to the Operations Bureau Chief or the authorized designee.

Pueblo Police Department

Policy Manual

Hearing Impaired/Disabled Communications

The responsibilities of the ADA Coordinator shall include, but not be limited to:

- (a) Working with the City ADA coordinator regarding the Pueblo Police Department's efforts to ensure equal access to services, programs and activities.
- (b) Developing reports, new procedures, or recommending modifications to this policy.
- (c) Acting as a liaison with local disability advocacy groups or other disability groups regarding access to department services, programs and activities.
- (d) Ensuring that a list of Qualified interpreter services is maintained and available to each Watch Commander and Dispatch Manager, who will in turn, ensure that the list is readily available to dispatchers who receive requests for interpreters. The list should include information regarding the following:
 - 1. Contact information
 - 2. Availability
 - 3. Protocol for requesting interpreter services
- (e) Developing procedures that will enable Department Members to access auxiliary aids or services, including Qualified interpreters, and ensure the procedures are available to all Department Members.
- (f) Ensuring signage is posted in appropriate areas, indicating that auxiliary aids are available free of charge to people with disabilities.
- (g) Adopting and publishing complaint procedures providing for the prompt and equitable resolution of complaints and inquiries regarding discrimination in access to department services, programs and activities and services required under these policies.

370.4 FACTORS TO CONSIDER

Because the nature of any law enforcement contact may vary substantially from one situation to the next, Department Members should consider all information reasonably available to them when determining how to communicate with an individual who is deaf or hard of hearing. Department Members should carefully balance all known factors in an effort to reasonably ensure people who are deaf and hard of hearing have equal access to services, programs and activities. These factors may include, but are not limited to:

- (a) Department Members should not always assume that effective communication is being achieved. The fact that an individual appears to be nodding in agreement or is able to provide basic information via written notes does not always mean he/she completely understands the message. When there is any doubt, Department Members should ask the individual to communicate back or otherwise demonstrate their understanding.
- (b) The nature of the disability (e.g., deafness vs. hard of hearing).

Hearing Impaired/Disabled Communications

- (c) The nature of the law enforcement contact (e.g., emergency vs. non-emergency, custodial vs. consensual contact).
- (d) The availability of auxiliary aids. The fact that a particular aid is not immediately available does not eliminate the obligation to take appropriate steps to ensure that communications with deaf or hard of hearing individuals are as effective as communications with others. For example, if a deaf or hard of hearing individual is offered and selects a Qualified interpreter, there may be some time lag between the call being placed for the interpreter and the time the interpreter arrives. Once a Qualified interpreter is offered and requested, Department Members should advise the individual of the anticipated wait for a Qualified interpreter and, as a courtesy, offer the individual to choose an alternative method of communication, if the wait will exceed one hour. However, in an emergency, availability may factor into the type of aid used.

Alternative methods of communication shall not be used for any booking processes, any interviews or any interrogation while waiting for the Qualified interpreter to arrive, unless the individual selects an alternative method of communication.

In determining what types of auxiliary aids and services are necessary, Department Members shall give primary consideration to the requests of individuals with disabilities.

370.5 INITIAL AND IMMEDIATE CONSIDERATIONS

Recognizing that various law enforcement encounters may be potentially volatile and/or emotionally charged, Department Members should remain alert to the possibility of communication problems.

Department Members should exercise special care in the use of all gestures, and verbal and written communication to minimize initial confusion and misunderstanding when dealing with any individual with known or suspected disabilities.

In a non-emergency situation, when a Department Member knows or suspects an individual requires assistance to effectively communicate, the Department Member shall identify the individual's choice of auxiliary aid or service as soon as possible. In an emergency situation, when a Department Member knows or suspects an individual requires assistance to effectively communicate, the Department Member shall identify the individual's choice of auxiliary aid or service as soon as the emergent circumstances are abated.

The individual's preferred communication method must be honored unless another effective method of communication exists under the circumstances (28 CFR 35.160).

Factors to consider when determining whether an alternative method is effective include:

- (a) The methods of communication selected by the individual.
- (b) The methods of communication usually used by the individual.
- (c) The nature, length and complexity of the communication involved.

Pueblo Police Department

Policy Manual

Hearing Impaired/Disabled Communications

(d) The context of the communication.

In order to determine whether an individual who is deaf or hard of hearing requires a Qualified interpreter, Department Members will, in non-emergent situations, offer the deaf or hard of hearing individual the form attached hereto as Appendix 1. If the individual who is deaf or hard of hearing selects "Yes," the Department Member must provide and the Department pay for the services of a Qualified interpreter.

The Communications Center will contact a Qualified interpreting service agency and request an estimated time of arrival. If a Qualified interpreter cannot respond within one hour, the Department Member shall, as a courtesy, attempt to notify the hearing impaired person of the anticipated wait time for a Qualified interpreter so that the individual may choose an alternative method of communication, if the individual wishes to do so. Prior to the arrival of the interpreter, the Department Member should try to communicate, either in writing or otherwise, to the suspect in simple language explaining what is transpiring or will transpire.

In emergency situations involving an imminent threat to the safety or welfare of any person, Department Members may use whatever auxiliary aids and services that reasonably appear effective under the circumstances. This may include, for example, exchanging written notes or using the services of a person who knows sign language but is not a Qualified interpreter, even if the person who is deaf or hard of hearing would prefer a Qualified interpreter or another appropriate auxiliary aid or service. Once the emergency has ended, the Department Member must inquire as to the individual's preference and give primary consideration to that preference, beginning with offering the deaf or hard of hearing individual Appendix 1.

If an individual who is deaf or hard of hearing must be handcuffed while in the custody of the Pueblo Police Department, the Department Member must, safety permitting, place the handcuffs in the front of the body to facilitate communication using sign language or writing.

370.6 TYPES OF ASSISTANCE AVAILABLE

Department Members shall never refuse to assist an individual who is deaf or hard of hearing who is requesting assistance. The Department will not charge anyone to receive auxiliary aids, nor shall they require anyone to furnish their own auxiliary aid or service as a condition for receiving assistance. The Department will provide equal access and timely assistance to individuals who are deaf or hard of hearing.

A person who is deaf or hard of hearing may choose to accept department-provided auxiliary aids or services or they may choose to provide their own, but the Department Member must offer to provide the auxiliary aid or service giving primary consideration to the preference of the person.

Department-provided auxiliary aids or services may include, but are not limited to, the assistance methods described in this policy.

370.7 AUDIO RECORDINGS AND ENLARGED PRINT

Pueblo Police Department

Policy Manual

Hearing Impaired/Disabled Communications

370.8 QUALIFIED INTERPRETERS

A Qualified interpreter will be needed in lengthy or complex transactions (e.g., interviewing a victim, witness, suspect or arrestee), if the individual to be interviewed normally relies on sign language to understand what others are saying. The procedure that Department Members will use for determining whether the individual who is deaf or hard of hearing wants a Qualified interpreter is set forth in 370.5 and Appendix 1.

The Qualified interpreter should not be a person with an interest in the case or the investigation.

A person providing interpretation services may be required to establish the accuracy and trustworthiness of the interpretation in a court proceeding.

Qualified interpreters should be:

- (a) Available within a reasonable amount of time, preferably within, but in no event longer than, two hours if requested.
- (b) Experienced in providing interpretation services related to law enforcement matters.
- (c) Familiar with the use of VRS and/or video remote interpreting services.
- (d) Able to understand and adhere to the interpreter role without deviating into other roles, such as counselor or legal adviser.
- (e) Knowledgeable of the ethical issues involved when providing interpreter services.

370.9 TTY AND RELAY SEARCHES

In situations where an individual without a disability would have access to a telephone (e.g., booking or attorney contacts), Department Members must also provide those who are deaf, hard of hearing or have impaired speech the opportunity to place calls using an available TTY (also known as a telecommunications device for deaf people, TDD or videophone). Department Members shall provide additional time, as needed, for effective communication due to the slower nature of TTY and TDD communications.

The Department will accept all TTY, TDD or videophone calls placed by those who are deaf or hard of hearing and received via a telecommunications relay service (28 CFR 35.162). Note that relay services translate verbatim, so the conversation must be conducted as if speaking directly to the caller.

370.9.1 EMERGENCY E-MAIL

Considering the widespread use of smartphones, which provide users with the ability to communicate electronically in an efficient manner, the e-mail address of 911@pueblo.us has been established to provide an additional means for the deaf or hard of hearing to contact the Department to report emergencies. E-mails sent to this e-mail address are received by the Communications Center and answered with the same priority as 9-1-1 lines.

370.10 COMMUNITY VOLUNTEERS

Pueblo Police Department

Policy Manual

Hearing Impaired/Disabled Communications

370.11 FAMILY AND FRIENDS

While family or friends may offer to assist with interpretation, Department Members should carefully consider the circumstances before relying on such individuals. The nature of the contact and relationship between the individual with the disability and the person offering services must be carefully considered (e.g., victim/suspect).

Children shall not be relied upon except in emergency involving an imminent threat to the safety or welfare of an individual or the public or critical situations when there is no Qualified interpreter reasonably available.

Adults shall not be relied upon except when (28 CFR 35.160):

- (a) There is an emergency involving an imminent threat to the safety or welfare of an individual or the public or critical situation and there is no Qualified interpreter reasonably available, or
- (b) The person who is deaf or hard of hearing requests that the adult interpret or facilitate communication and the adult agrees to provide such assistance, and reliance on that adult for such assistance is appropriate under the circumstances.

370.12 REPORTING

Whenever any Department Member is required to complete a report or other documentation, and communication assistance has been provided, such services must be noted in the related report. Department Members must document the type of communication services utilized and whether the individual elected to use services provided by the Department or some other identified source. If the individual's express preference is not honored, the Department Member must document why another method of communication was used.

All written communications exchanged in a criminal case shall be attached to the report or placed into evidence. This includes any notes exchanged with victims, witnesses, or suspects. Placement of any notes into evidence does not take the place of documenting the conversation in the narrative section of the related case report.

370.13 FIELD ENFORCEMENT

Field enforcement will generally include such contacts as traffic stops, pedestrian stops, serving warrants and restraining orders, crowd/traffic control and other routine field contacts that may involve individuals with disabilities. The scope and nature of these activities and contacts will inevitably vary.

The Department recognizes that it would be virtually impossible to provide immediate access to complete communication services to every Department Member. Department Members must assess each situation and consider the length, complexity and importance of the communication, as well as the individual's preferred method of communication, when determining the type of resources to use and whether a Qualified interpreter is needed. Where Department Members know or have reason to suspect that an individual is deaf or hard of hearing prior to encountering such individual (such as when serving warrant), Department Members shall contact Communications

Pueblo Police Department

Policy Manual

Hearing Impaired/Disabled Communications

Center to determine if the individual has indicated their preferred method of communication on the Police Department's Special Needs Registry and if so, provide that preferred method at the time of the encounter.

Although not every situation can be addressed in this policy, it is important that Department Members are able to effectively communicate the reason for a contact, the need for information and the meaning or consequences of any enforcement action. For example, it would be meaningless to verbally request consent to search if the Department Member is unable to effectively communicate with an individual who is deaf or hard of hearing and requires communications assistance.

Except when exigent circumstances exist, the Department Member must offer a Qualified interpreter, using the process set forth in 370.5, and if chosen Department Members shall obtain the assistance of a Qualified interpreter before placing an individual who is deaf or hard of hearing under arrest; however, the Department Member may take the individual into custody pending the arrival of the Qualified interpreter. As a courtesy, the Department Member should advise the individual of the anticipated wait for a Qualified interpreter and offer the individual to choose an alternative method of communication, if the wait will exceed one hour.

370.13.1 FIELD RESOURCES

Examples of methods that may be sufficient for transactions, such as checking a license or giving directions to a location or for urgent situations such as responding to a violent crime in progress, may, depending on the circumstances, include such simple things as:

- (a) Hand gestures or visual aids with an individual who is deaf, hard of hearing.
- (b) Exchange of written notes or communications.
- (c) Verbal communication with an individual who can speechread by facing the individual and speaking slowly and clearly.
- (d) Use of computer, word processing, personal communication device or similar device to exchange texts or notes.

Department Members should never assume effective communication is being achieved. In the absence of a Qualified interpreter, for instance, Department Members should confirm the person fully comprehends the communication by having them follow commands or having the person repeat what is being said in their own words, before proceeding.

370.13.2 QUALIFIED INTERPRETER REQUIRED FOR VICTIMS AND WITNESSES

A Department Member shall provide a Qualified interpreter to assist in an interview or questioning of a victim or witness who is deaf or hard of hearing and uses sign language for effective communication (CRS § 13-90-204(1)(f)). A Department Member shall also provide other appropriate auxiliary aids and services, if requested.

Hearing Impaired/Disabled Communications

370.14 CUSTODIAL INTERROGATIONS

In an effort to ensure that the rights of individuals who are deaf, hard of hearing or have speech impairment are protected during a custodial interrogation, this department will provide interpreter services before beginning an interrogation, unless exigent circumstances exist or the individual has executed a written waiver of the use of a Qualified interpreter after the Department Members provide the individual with an opportunity to make a choice using Appendix 1. Once a suspect has requested a Qualified interpreter pursuant to Section 370.5 and Appendix 1, no other questioning, interviews, or interrogations will be conducted without a Qualified interpreter present unless an imminent threat or exigent circumstance requires an attempt at communication. The use of a video remote interpreting service should be considered, where appropriate, if a live Qualified interpreter is not available. *Miranda* warnings shall be provided to suspects who are deaf or hard of hearing by a Qualified interpreter or, if the suspect declines a Qualified interpreter pursuant to the procedures set forth in Sections 370.5 and 370.14.1, by providing a written *Miranda* warning card.

In order to ensure that communications during custodial investigations are accurately documented and are admissible as evidence, interrogations shall be recorded whenever reasonably possible. See guidance on recording custodial interrogations in the Investigation and Prosecution Policy.

370.14.1 WAIVER

After the procedure set forth in 370.5 and Appendix 1 has been followed, and the person who is deaf or hard of hearing declines an interpreter, any waiver to a Qualified interpreter or auxiliary service shall be in writing. The person may have access to counsel for advice and shall have actual, full knowledge of the right to effective communication (CRS § 13-90-208). If there is no written waiver, *Miranda* warnings must be given by a Qualified interpreter prior to any attempt to interrogate or take a statement from the person (CRS § 13-90-204(1)(d)).

370.15 ARRESTS AND BOOKING

If an individual who is deaf or hard of hearing is arrested, the arresting Department Member shall use Appendix 1 to determine whether the individual prefers the services of a Qualified interpreter at the place of arrest or booking as soon as reasonably practicable, unless the individual indicates that he/she does not want a Qualified interpreter by indicating "No" using Appendix 1, prefers a different auxiliary aid or service, and executes a written waiver.

When gathering information during the booking process, Department Members should remain alert to the impediments that often exist when communicating with those who are deaf, hard of hearing. In the interest of the arrestee's health and welfare, the safety and security of the facility and to protect individual rights, it is important that accurate medical screening and booking information be obtained. If at the time of arrest, the deaf or hard of hearing individual selects an interpreter using the procedure in 370.5 and Appendix 1, Department Members shall seek the assistance of a Qualified interpreter for the booking and medical screening process. Individuals who require and possess personally owned communication aids (e.g., hearing aids, cochlear processors) shall be permitted to retain them while in custody.

Pueblo Police Department

Policy Manual

Hearing Impaired/Disabled Communications

370.16 COMPLAINTS

The Department shall ensure that individuals who are deaf or hard of hearing who wish to file a complaint regarding Department Members are able to do so. The Department will offer and provide a Qualified interpreter if requested pursuant to the procedure set forth in 370.5 and Appendix 1. The ADA Coordinator shall be notified of all complaints made by individuals who are deaf or hard of hearing. Deaf and hard of hearing individuals who have requested an interpreter and who have demonstrated an inability to read and write effectively shall not be required to complete written grievance forms in order to perfect administrative grievance procedures.

Investigations into such complaints shall be handled in accordance with the Personnel Complaints Policy. All such complaints shall be documented, whether classified as Formal, Informal or Incomplete. Qualified interpreters used during the investigation of a complaint should not be Department Members.

370.17 COMMUNITY OUTREACH

Community outreach programs and other such services offered by this department are important to the ultimate success of more traditional law enforcement duties.

This department will continue to work with community groups, local businesses and neighborhoods to provide equal access to such programs and services.

370.18 TRAINING

To ensure that all Department Members who may have contact with individuals who are deaf or hard of hearing are properly trained, the Department will provide periodic training that should include:

- (a) Awareness and understanding of this policy and related procedures, related forms and available resources.
- (b) Procedures for accessing Qualified interpreters and other available resources.
- (c) Working with in-person and telephone interpreters and related equipment.

The Training Sergeant shall be responsible for ensuring new Department Members receive training related to interacting with individuals who are deaf or hard of hearing. Those who may have contact with such individuals should receive refresher training at least once every two years thereafter. The Training Sergeant shall maintain records of all training provided, and will retain a copy in each Department Member's training file in accordance with established records retention schedules.

370.18.1 CALL-TAKER TRAINING

Emergency call-takers shall be trained in the use of TTY equipment protocols for communicating with individuals who are deaf or hard of hearing. Such training and information should include:

- (a) The requirements of the ADA and Section 504 of the Rehabilitation Act for telephone emergency service providers.

Pueblo Police Department

Policy Manual

Hearing Impaired/Disabled Communications

- (b) ASL syntax and accepted abbreviations.
- (c) Practical instruction on identifying and processing TTY, TDD, or videophone calls, including the importance of recognizing silent TTY or TDD calls, using proper syntax, abbreviations and protocol when responding to TTY, TDD, or videophone calls.
- (d) Hands-on experience in TTY and TDD communications, including identification of TTY or TDD tones.

Training should be mandatory for all the Communications Center Department Members who may have contact with individuals from the public who are deaf or hard of hearing. Refresher training should occur periodically thereafter, on a schedule as determined by the Dispatch Manager.

School Employee Arrest Reporting

372.1 PURPOSE AND SCOPE

The purpose of this policy is to describe the procedures to follow when a public or private school employee, teacher or non-teacher, has been arrested under certain circumstances.

372.2 SCHOOL EMPLOYEE ARREST REPORTING

In the event a school employee is arrested for any controlled substance offense, a felony involving moral turpitude, child abuse or sexual abuse, the Chief of Police or the authorized designee should report the arrest as follows:

- Public school teacher - Notify the superintendent of the school district employing the teacher by telephone and give written notice of the arrest to the superintendent of schools in the county where the person is employed.
- Public school non-teacher employee - Notify the superintendent of the school district employing the non-teacher by telephone; may give written notice of the arrest to the governing board of the school district employing the person.
- Private school or licensed day-care teacher - Notify the private school or licensed day-care authority employing the teacher by telephone; may give written notice of the arrest to the private school authority employing the teacher.
- Private school or licensed day-care non-teacher employee - May notify the private school or licensed day-care authority employing the non-teacher by telephone; may give written notice of the arrest to the private school authority employing the person.

Pupil Arrest Reporting

373.1 PURPOSE AND SCOPE

The purpose of this policy is to describe the procedures to follow when a pupil is arrested on school grounds and during school hours.

373.2 PUPIL ARREST REPORTING

In the event a school pupil is arrested on school grounds and during school hours, the arresting officer shall notify the chief administrative officer of the school or the appropriate designee of the arrest of a pupil. If the arrest involved alcohol or a controlled substance, the arresting officer shall explain such to the school's chief administrative officer or appropriate designee to ensure the chemical abuse pre-assessment team of the school is aware of the arrest, as allowed by law.

373.2.1 PUPIL ARREST AFTER NOTIFICATION

Based upon the circumstances of the investigation, it may be appropriate to notify the school prior to the arrest. Prior notification and assistance from the school may reduce disruption to school operations and other students.

373.2.2 PUPIL ARREST BEFORE NOTIFICATION

Based upon the circumstances of the investigation, it may be appropriate to arrest the pupil before notifying the school. This may be appropriate if the pupil is a flight risk, if prior notification will impede the investigation or if notification creates additional risks to students, faculty, the officer or the public.

Proper notification to the school after the pupil's arrest should then be made when circumstances reasonably allow.

373.2.3 PARENTAL NOTIFICATION

Upon arrest, it is the arresting officer's responsibility to ensure the parents of the arrested pupil are properly notified. Notification shall be made by the officer, regardless of subsequent notifications by the juvenile detention facility. Notifications should be documented and include the charges against the pupil and information as to where the pupil will be taken.

Biological Samples

374.1 PURPOSE AND SCOPE

This policy provides guidelines for the collection of biological samples from those individuals required to provide samples upon conviction or arrest for certain offenses. This policy does not apply to biological samples collected at a crime scene or taken from a person in conjunction with a criminal investigation. Nor does it apply to biological samples collected from those required to register, for example, as sex offenders.

Under normal circumstances, as part of the booking process, the Pueblo County Detention Center will collect biological samples from those individuals required to provide samples upon conviction or arrest for certain offenses. While it is the policy of the Pueblo Police Department to comply with all state laws governing the collection of biological samples, regardless of the circumstances, the Department will normally limit its scope of biological sample collection to that required for investigative purposes.

374.2 POLICY

The Pueblo Police Department will assist in the expeditious collection of required biological samples from arrestees and offenders in accordance with the laws of this state and with as little reliance on force as practicable.

374.3 PERSONS SUBJECT TO DNA COLLECTION

The following persons must submit a biological sample (CRS § 16-23-103; CRS § 16-11-102.4):

- (a) Every adult arrested for a felony offense, as part of the booking process, or who is charged with a felony by an indictment, information or felony complaint
- (b) In all other cases, upon the adult's first appearance in court following the filing of charges, when a court requires the adult to submit a sample to the investigating agency responsible for fingerprinting pursuant to CRS 16-21-104
- (c) Persons who have been convicted and are required to submit a sample under CRS § 16-11-102.4

374.4 PROCEDURE

When an individual is required to provide a biological sample, a trained employee shall attempt to obtain the sample in accordance with this policy.

374.4.1 COLLECTION

The following steps should be taken to collect a sample:

- (a) Verify that the individual is required to provide a sample pursuant to CRS § 16-23-103 or CRS § 16-11-102.4.

Biological Samples

- (b) Verify that a biological sample has not been previously collected from the offender by querying the person's criminal history. There is no need to obtain a biological sample if one has been previously obtained.
- (c) Use the designated collection kit provided by the Colorado Bureau of Investigation (CBI) to perform the collection and take steps to avoid cross contamination.

374.5 USE OF FORCE TO OBTAIN SAMPLES

If a person refuses to cooperate with the sample collection process, officers should attempt to identify the reason for refusal and seek voluntary compliance without resorting to using force. Force will not be used in the collection of samples except as authorized by court order and only with the approval of a supervisor. Methods to consider when seeking voluntary compliance include contacting:

- (a) The person's parole or probation officer when applicable.
- (b) The prosecuting attorney to seek additional charges against the person for failure to comply or to otherwise bring the refusal before a judge.
- (c) The judge at the person's next court appearance.
- (d) The person's attorney.
- (e) A chaplain.
- (f) Another custody facility with additional resources, where an arrestee can be transferred to better facilitate sample collection.
- (g) A supervisor who may be able to authorize custodial disciplinary actions to compel compliance, if available.

The supervisor shall review and approve any plan to use force and be present to document the process.

374.5.1 VIDEO RECORDING

A video recording should be made any time force is used to obtain a biological sample. The recording should document all staff participating in the process, in addition to the methods and all force used during the collection. The recording should be part of the investigation file, if any, or otherwise retained in accordance with the department's records retention schedule.

374.6 LEGAL MANDATES AND RELEVANT LAWS

Colorado law provides for the following:

374.6.1 LITIGATION

The Chief of Police or the authorized designee shall immediately notify the Colorado Attorney General's Office in the event this department is named in a lawsuit involving the DNA database.

Pueblo Police Department

Policy Manual

Biological Samples

374.6.2 FORWARDING BIOLOGICAL SAMPLES

Chaplains may not accept gratuities for any services or any subsequent actions or follow-up that was provided while on-duty as a chaplain for the Pueblo Police Department.

376.7 CLERGY-PENITENT CONFIDENTIALITY

No person who provides chaplain services to members of the Department may work or volunteer for the Pueblo Police Department in any capacity other than that of chaplain.

Department chaplains shall be familiar with state evidentiary laws and rules pertaining to the limits of the clergy-penitent privilege and shall inform department members when it appears reasonably likely that the department member is discussing matters that are not subject to the clergy-penitent privilege. In such cases, the chaplain should consider referring the member to a non-department counseling resource.

The training may include stress management, death notifications, post-traumatic stress syndrome, burnout for officers and chaplains, legal liability and confidentiality, ethics, responding to crisis situations, the law enforcement family, substance abuse, suicide, officer injury or death, and sensitivity and diversity, as approved by the Training Sergeant.

Remote Camera Technology

378.1 PURPOSE AND SCOPE

The Pueblo Police Department makes use of remote camera technology for the general purpose of creating a safer environment for all those who live, work and visit the City. This policy provides guidelines for the operation of the cameras and for the storage of captured images.

378.2 POLICY

Cameras may be placed in strategic locations throughout the City at the direction or with the approval of the Chief of Police or his/her designee. These cameras may be used for, but are not limited to, conducting surveillance, planning tactical field operations, collecting intelligence and monitoring suspects and/or persons of interest in criminal cases. Cameras deployed in the field by the Department will be used for covert operations only.

378.3 PROCEDURE

The following procedures have been established for the effective operation of remote camera technology.

378.3.1 MONITORING

Images from each camera will be recorded while in use. These images will be transmitted via the Internet and will be password protected. The personnel conducting the investigations are authorized to adjust the cameras to more effectively view a particular area for any legitimate investigatory purpose.

The cameras only record images and do not record sound. Recorded images may be used for a variety of purposes, including criminal investigations and the monitoring of the activities of suspects and/or persons of interest in criminal cases. In addition, the cameras may be useful for the following purposes:

- (a) To assist in identifying, apprehending and prosecuting offenders
- (b) To assist in gathering evidence for criminal court actions
- (c) To monitor high-value targets as part of proactive law enforcement operations
- (d) To gather intelligence

378.3.2 TRAINING

Personnel involved in video monitoring will be appropriately trained and continuously supervised.

378.3.3 PROHIBITED ACTIVITY

Video monitoring will be conducted in a professional, ethical and legal manner. The cameras will not be used to invade the privacy of individuals, to look into private areas or areas where the reasonable expectation of privacy exists. All reasonable efforts will be taken to protect these rights.

Pueblo Police Department

Policy Manual

Remote Camera Technology

Video monitoring shall not be used to harass, intimidate or discriminate against any individual or group.

378.3.4 CAMERA MARKINGS

All cameras used for covert operations shall be inconspicuously marked to avoid detection.

378.4 MEDIA STORAGE

All media will be stored in a secure area with access restricted to authorized persons.

Any recordings needed as evidence in a criminal proceeding shall be copied to a suitable medium and booked into evidence in accordance with current evidence procedures.

378.5 REVIEW OR RELEASE OF VIDEO IMAGES

Video images of evidentiary value in criminal proceedings shall only be reviewed and released in accordance with standard procedures for handling evidence.

378.5.1 PUBLIC AND OTHER AGENCY REQUESTS

Videos collected for purposes of investigating crime are not public records (CRS § 24-72-202(6)(b)(I)). Videos collected for purposes of investigating crimes are criminal justice records (CRS § 24-72-303(4)). These videos are not "official actions" as defined by the Colorado Criminal Justice Records Act, CRS § 24-72-302(7). Therefore, the Pueblo Police Department has discretion to release or not release these records, except as otherwise provided by law, after considering the criteria set forth in the Criminal Justice Records Act, including but not limited to the City's need to keep the information confidential, how sensitive or personal the information is, the need to protect witnesses and informants, whether release would jeopardize a criminal investigation, the need to protect persons from humiliation, whether release would be contrary to the public interest, whether juveniles are involved, whether the video involves a sexual assault, and the legitimate need of any individual requesting the records to obtain the same.

All requests for recorded video images shall be directed to the Investigations Bureau Chief. The release of recorded video images to outside law enforcement agencies shall be left to the discretion of the Investigations Bureau Chief. Requests for recorded video images from the public by the submission of a court order or subpoena shall be researched by the Investigations Bureau Chief, who shall submit the results through the Chief of Police to the City Law Department for further handling. Every reasonable effort should be made to preserve the data requested until the request has been fully processed by the City Law Department.

378.6 ANNUAL REVIEW OF THE PUBLIC SAFETY CAMERA SYSTEM

The Chief of Police or the authorized designee will conduct an annual review of the operation of the remote camera technology, including an inspection of the physical equipment. The annual review will include an inventory of video monitoring installations, dates of deployment, summary of the purpose, adherence to this policy and any proposed policy changes. Any concerns or deviations from this policy will be addressed promptly and effectively.

Child and Dependent Adult Safety

380.1 PURPOSE AND SCOPE

This policy provides guidelines to ensure that children and dependent adults are not left without appropriate care in the event their caregiver or guardian is arrested or otherwise prevented from providing care due to actions taken by members of this department.

This policy does not address the actions to be taken during the course of a child abuse or dependent adult investigation. These are covered in the Child Abuse Policy and the Abuse of At-Risk Adults Policy.

380.2 POLICY

It is the policy of this department to mitigate, to the extent reasonably possible, the stressful experience individuals may have when a parent or caregiver is arrested. The Pueblo Police Department will endeavor to create a strong cooperative relationship with local, state and community-based social services to ensure an effective, collaborative response that addresses the needs of those affected.

380.3 PROCEDURES DURING AN ARREST

When encountering an arrest or prolonged detention situation, officers should make reasonable attempts to determine if the arrestee is responsible for children or dependent adults. In some cases this may be obvious, such as when children or dependent adults are present. However, officers should inquire if the arrestee has caregiver responsibilities for any children or dependent adults who are without appropriate supervision. The following steps should be taken:

- (a) Inquire about and confirm the location of any children or dependent adults.
- (b) Look for evidence of children and dependent adults. Officers should be mindful that some arrestees may conceal the fact that they have a dependent for fear the individual may be taken from them.

Whenever reasonably possible, officers should take reasonable steps to accomplish the arrest of a parent, guardian or caregiver out of the presence of his/her child or dependent adult. Removing children or dependent adults from the scene in advance of the arrest will generally ensure the best outcome for the individual.

Whenever it is safe to do so, officers should allow the parent or caregiver to assure children or dependent adults that they will be provided care. If this is not safe or if the demeanor of the parent or caregiver suggests this conversation would be non-productive, the officer at the scene should explain the reason for the arrest in age-appropriate language and offer reassurance to the child or dependent adult that he/she will receive appropriate care.

Pueblo Police Department

Policy Manual

Child and Dependent Adult Safety

380.3.1 AFTER AN ARREST

Whenever an arrest is made, the officer should take all reasonable steps to ensure the safety of the arrestee's disclosed or discovered children or dependent adults.

Officers should allow the arrestee reasonable time to arrange for care of children and dependent adults. Temporary placement with family or friends may be appropriate. However, any decision should give priority to a care solution that is in the best interest of the child or dependent adult. In such cases the following guidelines should be followed:

- (a) Allow the person reasonable time to arrange for the care of children and dependent adults with a responsible party, as appropriate.
 - 1. Unless there is evidence to the contrary (e.g., signs of abuse, drug use, unsafe environment), officers should respect the parent or caregiver's judgment regarding arrangements for care. It is generally best if the child or dependent adult remains with relatives or family friends that he/she knows and trusts because familiarity with surroundings and consideration for comfort, emotional state and safety are important.
 - 2. Except when a court order exists limiting contact, the officer should attempt to locate and place children or dependent adults with the non-arrested parent, guardian or caregiver.
- (b) Provide for the immediate supervision of children or dependent adults until an appropriate caregiver arrives.
- (c) Notify the Department of Social Services, if appropriate.

If children or dependent adults are at school or another known location outside the household at the time of arrest, the arresting officer should attempt to contact the school or other known location and inform the principal or appropriate responsible adult of the caregiver's arrest and of the arrangements being made for the care of the arrestee's dependents. The result of such actions should be documented in the associated report.

380.3.2 DURING THE BOOKING PROCESS

During the booking process, the arrestee should be allowed to make additional telephone calls to relatives or other responsible individuals as is reasonably necessary to arrange for the care of any child or dependent adult. These telephone calls should be given as soon as practicable and are in addition to any other telephone calls allowed by law.

If an arrestee is unable to resolve the care of any child or dependent adult through this process, a supervisor should be contacted to determine the appropriate steps to arrange for care. These steps may include additional telephone calls.

380.3.3 REPORTING

- (a) For all arrests where children are present or living in the household, the reporting member will document the following information:

Pueblo Police Department

Policy Manual

Child and Dependent Adult Safety

1. Name
 2. Sex
 3. Age
 4. How, where and with whom or which agency the child was placed
- (b) For all arrests where dependent adults are present or living in the household, the reporting member will document the following information:
1. Name
 2. Sex
 3. Age
 4. Whether he/she reasonably appears able to care for him/herself
 5. Disposition or placement information if he/she is unable to care for him/herself

380.3.4 SUPPORT AND COUNSELING REFERRAL

If, in the judgment of the handling officers, the child or dependent adult would benefit from additional assistance, such as counseling services, contact with a victim advocate or a crisis telephone number, the appropriate referral information may be provided.

380.4 DEPENDENT WELFARE SERVICES

Whenever an arrestee is unwilling or incapable of arranging for the appropriate care of any child or dependent adult, the handling officer should consider contacting the appropriate welfare service or other department-approved social service to determine whether protective custody is appropriate.

Only when other reasonable options are exhausted should a child or dependent adult be transported to the police facility, transported in a marked law enforcement vehicle or taken into formal protective custody.

Under no circumstances should a child or dependent adult be left unattended or without appropriate care.

Service Animals

382.1 PURPOSE AND SCOPE

Service animals play an important role in helping to overcome the limitations often faced by people with disabilities. The Pueblo Police Department recognizes this need and is committed to making reasonable modifications to its policies, practices and procedures in accordance with Title II of the Americans with Disabilities Act (ADA) to permit the use of service animals that are individually trained to assist a person with a disability.

382.2 SERVICE ANIMALS

The ADA defines a service animal as any dog or miniature horse that is individually trained to do work or perform tasks for the benefit of an individual with a disability, including a physical, sensory, psychiatric, intellectual or other mental disability. The work or tasks performed by a service animal must be directly related to the owner's disability (28 CFR 35.104).

Service animals also include assistance dogs that are in the process of being trained and are accompanied by a trainer (CRS 24-34-803).

382.2.1 USE OF SERVICE ANIMALS

Some service animals may be readily identifiable. However, many do not have a distinctive symbol, harness or collar. Service animals are not pets and may be trained by an individual or organization to assist people with disabilities.

Service animals may be used in a number of ways to provide assistance, including:

- Guiding people who are blind or have low vision.
- Alerting people who are deaf or hard of hearing.
- Retrieving or picking up items, opening doors or flipping switches for people who have limited use of their hands, arms or legs.
- Pulling wheelchairs.
- Providing physical support and assisting with stability and balance.
- Doing work or performing tasks for persons with traumatic brain injury, intellectual disabilities or psychiatric disabilities, such as reminding a person with depression to take medication.
- Alerting a person with anxiety to the onset of panic attacks, providing tactile stimulation to calm a person with post-traumatic stress disorder, assisting people with schizophrenia to distinguish between hallucinations and reality, and helping people with traumatic brain injury to locate misplaced items, or follow daily routines.

382.3 MEMBER RESPONSIBILITIES

Service animals that are assisting individuals with disabilities are permitted in all public facilities and areas where the public is allowed. Department members are expected to treat individuals with

Pueblo Police Department

Policy Manual

Service Animals

service animals with the same courtesy and respect that the Pueblo Police Department affords to all members of the public.

If an animal exhibits vicious behavior, poses a direct threat to the health of others or unreasonably disrupts or interferes with normal business operations, an officer may direct the owner to remove the animal from the premises. Barking alone is not a threat nor does a direct threat exist if the person takes prompt, effective action to control the animal. Each incident must be considered individually. Past incidents alone are not cause for excluding a service animal. Removal of a service animal may not be used as a reason to refuse service to an individual with disabilities. Members of this department are expected to provide all services as are reasonably available to an individual with the disability.

If it is apparent or if an officer is aware the animal is a service animal, the owner should not be asked any questions as to the status of the animal. If it is unclear whether an animal meets the definition of a service animal, the officer should ask the individual only the following questions:

- Is the animal required because of a disability?
- What task or service has the animal been trained to perform?

If the individual explains that the animal is required because of a disability and has been trained to work or perform at least one task, the animal meets the definition of a service animal, and no further question as to the animal's status should be asked. The person should not be questioned about his/her disabilities nor should the person be asked to provide any license, certification or identification card for the service animal.

Service animals are not pets. Department members should not interfere with the important work performed by a service animal by talking to, petting or otherwise initiating contact with a service animal.

When handling calls of a complaint regarding a service animal, members of this department should remain neutral and should be prepared to explain the ADA requirements concerning service animals to the concerned parties. Businesses are required to allow service animals to accompany their owner in all areas that other customers or members of the public are allowed.

Absent a violation of law independent of the ADA, officers should take no enforcement action beyond keeping the peace. Individuals who believe they have been discriminated against as a result of a disability should be referred to the Civil Rights Division of the U.S. Department of Justice.

Volunteer Program

384.1 PURPOSE AND SCOPE

It is the policy of this department to use qualified volunteers for specified tasks and duties in order to create efficiencies for the Department and improve services to the community. Volunteers are intended to supplement and support, rather than supplant, certified officers and civilian personnel. Volunteers can be an important part of any organization and have proven to be a valuable asset to law enforcement agencies. Volunteers help to increase department responsiveness, delivery of services, information output, and provide new program opportunities. In addition, volunteers bring new skills and expertise to the Department and prompt new enthusiasm.

384.1.1 DEFINITIONS

Definitions related to this policy include:

Volunteer - An individual who performs a service for the Department without promise, expectation or receipt of compensation for services rendered. This may include unpaid chaplains, unpaid officers, interns, persons providing administrative support and youth involved in a law enforcement Explorer Post, among others.

384.1.2 VOLUNTEER ELIGIBILITY

Requirements for participation as an Pueblo Police Department volunteer include:

- (a) At least 18 years of age for all positions other than Explorer.
- (b) At least 14 years of age for Explorer.
- (c) A valid driver's license if the position requires vehicle operation.
- (d) Liability insurance for any personally owned equipment, vehicles or horses utilized during volunteer work.
- (e) No conviction of a felony, any crime of a sexual nature, any crime related to assault, any crime related to moral turpitude or any crime related to impersonating a law enforcement officer.

384.2 VOLUNTEER MANAGEMENT

384.2.1 VOLUNTEER COORDINATOR

The Chief of Police shall designate a department member to serve as the Volunteer Coordinator. The function of the Volunteer Coordinator is to provide a central coordinating point for effective volunteer management within the Department, and to direct and assist staff and volunteer efforts to jointly provide more productive services. The Volunteer Coordinator or the authorized designee shall be responsible for the following:

- (a) Recruiting, selecting and training qualified volunteers for various positions
- (b) Maintaining records for each volunteer
- (c) Tracking and evaluating the contribution of volunteers
- (d) Maintaining the volunteer handbook and outlining expectations, policies and responsibilities for all volunteers
- (e) Maintaining a record of volunteer schedules and work hours
- (f) Completion and dissemination as appropriate of all necessary paperwork and information
- (g) Planning periodic recognition events
- (h) Maintaining liaison with other community volunteer programs and assisting in community-wide efforts to recognize and promote volunteering

384.2.2 RECRUITMENT

Volunteers should be recruited on a continuous and ongoing basis in accordance with department policy on equal opportunity nondiscriminatory employment. A primary qualification for participation in the application process should be an interest in, and an ability to assist, the Department in serving the public.

Requests for volunteers should be submitted in writing by interested staff to the Volunteer Coordinator through the chain of command. A complete position description and a requested time frame should be included in the request. All parties should understand that the recruitment of volunteers is enhanced by creative and interesting assignments. The Volunteer Coordinator may withhold assignment of any volunteer until such time as the requesting unit is prepared to make effective use of volunteer resources.

384.2.3 SCREENING

All prospective volunteers should complete the volunteer application form. The Volunteer Coordinator or the authorized designee should conduct a face-to-face interview with the applicant.

A documented background investigation shall be completed on each volunteer applicant and shall include, but not necessarily be limited to, the following:

(c) References

A truth verification exam may be required of each applicant depending on the type of assignment.

A volunteer whose assignment requires the use of, access to or places him/her in the vicinity of criminal histories, investigative files or information portals shall require submission of prints and clearance through the Colorado Bureau of Investigation.

384.2.4 SELECTION AND PLACEMENT

Service as a volunteer shall begin with an official notice of acceptance or appointment to a volunteer position. Notice may only be given by an authorized representative of the Department, who will normally be the Volunteer Coordinator. No volunteer should begin performance of any position until he/she has been officially accepted for that position and completed all necessary screening and documentation.

At the time of final acceptance, each volunteer should complete all necessary enrollment documentation and will receive a copy of the job description and agreement of service with the Department. All volunteers shall be required to sign a volunteer agreement.

Volunteers should be placed only in assignments or programs that are consistent with their knowledge, skills, abilities and with the needs of the Department.

384.2.5 EMPLOYEES WORKING AS RESERVE

Certified employees of this department, when authorized, may also serve as reserve officers. However, the Department must not utilize the services of a reserve or volunteer in such a way that it would violate employment laws or labor agreements (example: a detention officer working as a reserve officer for reduced or no pay). Therefore, the Reserve Coordinator should consult the Department of Human Resources prior to an employee serving in a reserve, auxiliary or volunteer capacity (29 CFR 553.30).

384.2.6 TRAINING

Volunteers will be provided with an orientation program to acquaint them with the Department, personnel, policies and procedures that have a direct impact on their work assignment.

Volunteers should receive position-specific training to ensure they have adequate knowledge and skills to complete tasks required by the position and should receive periodic ongoing training as deemed appropriate by their supervisor or the Volunteer Coordinator.

Training should reinforce to volunteers that they should not intentionally represent themselves as, or by omission infer, that they are certified officers or other full-time members of the Department. They shall always represent themselves as volunteers.

All volunteers shall comply with the rules of conduct, general regulations, policies, procedures, orders and directives governing employees, either oral or written, issued by the Pueblo Police Department and the City of Pueblo. Whenever a rule, regulation or guideline refers to a certified officer, it shall also apply to a volunteer, unless by its nature it is inapplicable.

384.3 SUPERVISION OF VOLUNTEERS

Each volunteer who is accepted to a position with the Department must have a clearly identified supervisor who is responsible for direct management of that volunteer. This supervisor will be responsible for day-to-day management and guidance of the work of the volunteer and should be available to the volunteer for consultation and assistance.

A volunteer may be assigned as, and act as, a supervisor of other volunteers, provided the supervising volunteer is under the direct supervision of a paid staff member.

Pueblo Police Department

Policy Manual

Volunteer Program

Functional supervision of volunteers is the responsibility of the supervisor in charge of the unit where the volunteer is assigned. Following are some considerations to keep in mind while supervising volunteers:

- (a) Take the time to introduce volunteers to employees on all levels.
- (b) Ensure volunteers have work space and the necessary office supplies.
- (c) Make sure the work is challenging. Do not hesitate to give them an assignment or task that will tap these valuable resources.

384.4 CONFIDENTIALITY

With appropriate security clearance, volunteers may have access to private and confidential information, such as criminal histories or investigative files. Unless otherwise directed by a supervisor, the duties of the position or department policy, all information shall be considered confidential. Only that information specifically identified and approved by authorized personnel shall be released. Confidential information shall be given only to persons who have a need and a right to know as determined by department policy and supervisory personnel.

Each volunteer will receive training in data practices and be required to sign a nondisclosure agreement (included in Volunteer Service Agreement) before being given an assignment with the Department. Subsequent unauthorized disclosure of any private or confidential information, verbally, in writing or by any other means, by the volunteer is grounds for immediate dismissal and possible criminal prosecution.

Volunteers shall not address public gatherings, appear on radio or television, prepare any article for publication, act as correspondents to a newspaper or other periodical, release or divulge any information concerning the activities of the Department, or maintain that they represent the Department in such matters without permission from the proper department personnel.

384.5 PROPERTY AND EQUIPMENT

Volunteers will be issued an identification card that must be worn and visible at all times while on-duty. Any fixed and portable equipment issued by the Department shall be for official and authorized use only. Any property or equipment issued to a volunteer shall remain the property of the Department and shall be returned at the termination of service, including identification cards.

Volunteers shall not operate a marked patrol car unless it is being operated during an approved skills course off of public roadways. Volunteers are not authorized to operate a marked patrol car for enforcement activities, but shall use a vehicle specifically marked and designated as a volunteer vehicle.

384.5.2 RADIO AND MDT USAGE

Volunteers shall successfully complete state and federal database access training and radio procedures training prior to using the law enforcement radio or MDT and shall comply with all related provisions. The Volunteer Coordinator should ensure that radio and database access training is provided for volunteers whenever necessary.

384.6 DISCIPLINARY PROCEDURES/TERMINATION

A volunteer may be removed from the volunteer program at the discretion of the Chief of Police. Should the Volunteer Coordinator feel a volunteer needs to be removed from the volunteer program, he/she shall submit his/her recommendations to the Chief of Police via the chain of command for approval to remove the volunteer. Volunteers shall have no property interests in their continued appointment.

Volunteers may resign from volunteer service with this department at any time. It is requested that volunteers who intend to resign provide advance notice of their departure and a reason for their decision.

384.6.1 EXIT INTERVIEWS

Exit interviews, where possible, should be conducted with volunteers who are leaving their positions. The interview should be conducted by the Volunteer Coordinator, who should ascertain why the volunteer is leaving the position and solicit the volunteer's suggestions on improving the position. When appropriate, the interview should also include a discussion on the possibility of involvement in some other capacity with the Department.

384.7 EVALUATION

An evaluation of the overall volunteer program will be conducted on an annual basis by the Volunteer Coordinator. Regular evaluations should be conducted with volunteers to ensure the best use of human resources, to ensure personnel problems can be identified and dealt with promptly and fairly, and to ensure optimum job satisfaction on the part of volunteers.

Officers volunteering their time in a police capacity for charitable and/or nonprofit functions are subject to the policies and procedures of this department.

384.11 STUDENT INTERN PROGRAM

It shall be the policy of the Pueblo Police Department to sponsor a Student Intern Program. The goal of the program shall be to provide undergraduate and graduate students who are considering a career in the law enforcement field with a structured program which will enable the student to acquire skills and knowledge useful for employment in a criminal justice agency, while providing services of benefit to the City. Native American Graves Protection and Repatriation

386.1 PURPOSE AND SCOPE

This policy is intended to ensure the protection and security of ancient or historic grave sites, including notification of personnel responsible for cultural items, in compliance with the Native American Graves Protection and Repatriation Act (NAGPRA) (25 USC § 3001). The protection of Native American human remains, funerary objects, sacred objects or objects of cultural patrimony on federal lands while in the performance of duties is the responsibility of all members. Such protection includes minimizing destruction, contamination, inadvertent disruption or complicated custody transfer processes.

386.2 DEFINITIONS

Definitions related to NAGPRA include (43 CFR 10.2):

Native American human remains - The physical remains of the body of a person of Native American ancestry.

Funerary objects and associated funerary objects - Items that, as part of the death rite or ceremony of a culture, are reasonably believed to have been placed intentionally at the time of death or later, with or near individual human remains, or that were made exclusively for burial purposes or to contain human remains.

Sacred objects - Specific ceremonial objects needed by traditional Native American religious leaders for the practice of traditional Native American religions by their present-day adherents.

Objects of cultural patrimony - Items having ongoing historical, traditional or cultural importance central to the Indian tribe or Native Hawaiian organization itself, rather than property owned by an individual tribal or organization member.

386.3 COMPLIANCE WITH NAGPRA

Upon discovery or arrival upon a scene where it reasonably appears a Native American grave, human remains, funerary objects, sacred objects or objects of cultural patrimony are exposed or otherwise unsecured, members shall secure the site in the same manner as a crime scene. All activity at the scene, other than scene preservation activity, must cease (43 CFR 10.4, et seq.).

No photography or video recording may be permitted by the media or any group or individual who may wish to exhibit the remains.

Without delay, the appropriate agency or group shall be notified to respond and take control of the scene (CRS § 24-80-1302(4)(a) and 43 CFR 10.4(d)):

- When appropriate, notify the Coroner (CRS § 24-80-1302(1)).

- Tribal land - Notify the responsible Indian tribal official.

386.4 EVIDENCE AND PROPERTY RELEASE

If the scene has been investigated as a possible homicide prior to identification as a NAGPRA site, investigators shall work with other agencies and individuals to ensure the proper transfer and repatriation of material collected, photographs and other records, to the appropriate agency or individual responsible for disposition of the site, and that any remains or artifacts are expediently processed (43 CFR 10.6).

Off-Duty Law Enforcement Actions

388.1 PURPOSE AND SCOPE

The decision to become involved in a law enforcement action when off-duty can place an officer as well as others at great risk and must be done with careful consideration. This policy is intended to provide guidelines for officers of the Pueblo Police Department with respect to taking law enforcement action while off-duty. This policy is for internal use only and is not intended to create any duty to third-parties on behalf of the Department or form the basis for any civil or criminal liability. It is intended that violations of this policy may only form the basis for administrative actions by the Department.

388.2 POLICY

Officers of the Pueblo Police Department have neither a duty nor a responsibility to take any off-duty enforcement action. The Pueblo Police Department places no obligations or expectations on officers to take off-duty enforcement actions. The decision of an officer to take off-duty enforcement action is solely at his/her discretion.

Officers generally should not initiate law enforcement action while off-duty. Officers should not attempt to initiate enforcement action when witnessing minor crimes, such as suspected intoxicated drivers, reckless driving or minor property crimes. Such incidents should be promptly reported to the appropriate law enforcement agency.

When the safety of the public or the prevention of major property damage requires immediate action, officers should first consider reporting and monitoring the activity and only take direct action as a last resort.

Officers are not expected to place themselves in unreasonable peril. However, any certified member of this department who becomes aware of an incident or circumstance that he/she reasonably believes poses an imminent threat of serious bodily injury or death or significant property damage may take reasonable action to minimize the threat.

388.3 FIREARMS

Officers of this department may carry firearms while off-duty in accordance with federal regulations, state law and Department policy. When carrying firearms while off-duty, officers shall also carry their department-issued badge and identification.

Officers should refrain from carrying firearms when the consumption of alcohol is likely or when the need to carry a firearm is outweighed by safety considerations. Firearms shall not be carried by any officer who has consumed an amount of an alcoholic beverage or taken any drugs that would tend to adversely affect the officer's senses or judgment. The carrying of firearms is prohibited while under the influence of alcohol or a controlled substance (CRS § 18-12-106(d)).

Off-Duty Law Enforcement Actions

388.4 DECISION TO INTERVENE

There is no legal requirement for off-duty officers to take law enforcement action. However, should officers decide to intervene, they must evaluate whether the action is necessary or desirable and should take into consideration:

- (a) The tactical disadvantage of being alone and that there may be multiple or hidden suspects.
- (b) The inability to communicate with responding units.
- (c) The lack of equipment, such as handcuffs, oleoresin capsicum (OC) spray or a baton.
- (d) The lack of cover.
- (e) The potential for increased risk to bystanders if the off-duty officer were to intervene.
- (f) Unfamiliarity with the surroundings.
- (g) The potential for the off-duty officer to be misidentified by other peace officers or members of the public.

Officers should consider waiting for on-duty uniformed officers to arrive and gather as much accurate intelligence as possible, instead of immediately intervening.

388.4.1 INTERVENTION PROCEDURE

If involvement is reasonably necessary, the officer should attempt to call or have someone else call 9-1-1 to request immediate assistance. The operator should be informed that an off-duty officer is on-scene and should be provided a description of the officer if possible.

Whenever practicable, the officer should loudly and repeatedly identify him/herself as an Pueblo Police Department officer until acknowledged. Official identification should also be displayed.

388.4.2 INCIDENTS OF PERSONAL INTEREST

Officers should refrain from handling incidents of personal interest, (e.g., family or neighbor disputes) and should remain neutral. In such circumstances, officers should call the responsible agency to handle the matter.

388.4.3 RESPONSIBILITIES

Civilian personnel should not become involved in any law enforcement actions while off-duty except to notify the local law enforcement authority and remain at the scene, if safe and practicable.

388.4.4 OTHER CONSIDERATIONS

When encountering a non-uniformed officer in public, uniformed officers should wait for acknowledgement by the non-uniformed officer in case he/she needs to maintain an undercover capability.

388.5 REPORTING

Any officer, prior to taking any off-duty enforcement action, shall notify and receive approval of a supervisor (or other applicable law enforcement authority if acting outside the jurisdiction of the Pueblo Police Department). If prior contact is not reasonably possible, an officer shall

Pueblo Police Department

Policy Manual

Off-Duty Law Enforcement Actions

notify the applicable local law enforcement agency as soon as reasonably practicable. The Watch Commander shall determine whether a report should be filed by the employee.

Officers should cooperate fully with the agency having jurisdiction in providing statements or reports as requested or as appropriate.

Incident Command System

391.1 PURPOSE AND SCOPE

In the event of any critical incident, man-made or natural disaster, or other emergency situation for which the Pueblo Police Department has not developed specific emergency operations plans, or during responses to incidents in which use of the Incident Command System is federally mandated, the Pueblo Police Department shall implement the Incident Command System, in compliance with the National Incident Management System (NIMS), to aid in the safeguarding of life and property by making maximum use of available manpower and resources, either public or private.

391.2 INCIDENT COMMAND SYSTEM POLICY

The Incident Command System has been adopted by a variety of emergency service organizations at the Federal, State, and local levels nationally, and federal law requires that the Incident Command System be used in managing specific types of incidents, such as hazardous material emergencies. The Incident Command System, as established by NIMS, is the foundation for all-risk emergency planning and response, and provides for common elements in organization, terminology, and procedures. The Incident Command System includes the following concepts, principles, and structures:

- (a) Unity of command
- (b) Modular organization
- (c) Consolidated action plan
- (d) Common terminology
- (e) Unified command
- (f) Effective span of control
- (g) Designated incident facilities

391.3 USE OF THE INCIDENT COMMAND SYSTEM

Federal law requires the use of the Incident Command System for response to hazardous material (HazMat) incidents and as part of the National Incident Management System (NIMS). Any other large-scale incident that requires the coordination of different agencies and resources under a formalized management structure shall necessitate the use of the Incident Command System. Unless otherwise mandated by the Federal Government, the Pueblo Police Department may implement the Incident Command System in the following situations:

- (a) HazMat incidents
- (b) Planned events
- (c) Natural and man-made disasters

Incident Command System

- (d) Single and multi-agency law enforcement incidents
- (e) Fires
- (f) Mass casualties
- (g) VIP protection
- (h) Explosives removal
- (i) Methamphetamine lab response
- (j) Civil disorders
- (k) Civil Defense emergencies

391.4 INCIDENT COMMAND SYSTEM PROCEDURES

The Incident Command System structure develops from the "first in unit" at any incident and is based on the incident's management needs. In small-scale incidents, all of the components may be managed by one person, the Incident Commander.

There are five functional elements of incident command: command, operations, logistics, planning and finance/administration. A sixth area, intelligence, may be established if required.

The command function is always established. The Incident Commander's initial tasks are to:

- (a) Size up the incident
- (b) Identify contingencies
- (c) Determine response objectives
- (d) Identify needed resources
- (e) Build a plan and organizational structure
- (f) Take action

The specific Incident Command System organizational structure for any incident is based on the incident's management needs. A modular organization can expand or contract, depending on the magnitude of the incident or operational necessity.

The Command Post is the location from which all incident operations are directed. There is only one command post. The command post is the location from which direction, control, coordination, and resource management are exerted over the incident. Unless the circumstances of the incident make it impractical to house all of these persons in a single location (which would therefore necessitate separate areas clearly designated for the specific purpose), the command post ideally houses the following:

- (a) Incident Commander
- (b) Planning Function

Incident Command System

- (c) Communications
- (d) All agency representatives

Functional elements of the Incident Command System:

- (a) Incident Commander
- (b) Information
- (c) Safety
- (d) Liaison
- (e) Operations
- (f) Planning
- (g) Logistics
- (h) Finance/Administration

Unity of Command - The Incident Command System establishes lines of supervisory authority and formal reporting relationships. There is complete unity of command as each position and person within the system has a designated supervisor. Direction and supervision follow established organizational lines at all times.

Unified Command - Unified command is shared responsibility for overall incident management as a result of a multi-jurisdictional or multi-agency/single jurisdictional incident. In the event of conflicting priorities or goals, or where resources are scarce, there must be a clear line of authority for decision-making. Individuals representing involved agencies or jurisdictions share command responsibility.

Written action plans may be required when:

- (a) Resources from multiple agencies are used.
- (b) Several jurisdictions are involved.
- (c) Personnel and/or equipment are changed.
- (d) In prolonged incidents, it may be necessary to develop action plans covering specific operational periods.

Span of Control - Span of Control is defined as the number of subordinates one supervisor can manage effectively. Guidelines for the desirable span of control recommend from three to seven persons. The optimum number of subordinates is five per supervisor.

Procedures for operation of the Incident Command System shall be based upon the National Incident Management System, U.S. Department of Homeland Security. An electronic copy of the National Incident Management System will be maintained on the Pueblo Police Department Intranet site for reference by department members.

391.5 INCIDENT COMMAND SYSTEM TRAINING

Incident Command System training shall be provided in the Pueblo Police Department Law Enforcement Academy and in annual in-service training sessions. The Department will participate with other agencies in annual, multi-agency exercises. All such training shall be documented.

391.6 INCIDENT COMMAND SYSTEM EVALUATION

Any incidents that require more than normally scheduled resources, or that require the activation of the SWAT or HazMat teams, or that require written advance plans shall have after-action reports.

The Operations Bureau Chief shall document an analysis of incidents and training effectiveness every three years, at a minimum.

Special Events

393.1 PURPOSE AND SCOPE

The City of Pueblo hosts several special events on an annual basis. The special events are generally large and result in a significant increase in population and traffic in concentrated areas. It shall therefore be the policy of the Pueblo Police Department to plan for special events to be prepared to provide adequate law enforcement services.

393.2 SPECIAL EVENT PROCEDURES

The Operations Bureau Chief or designee shall be responsible for the coordination and supervision of manpower needs for any special event within the City of Pueblo requiring more than ordinary law enforcement presence.

The Watch Commander or designee shall formulate a plan for each special event to include a written estimate of traffic density, the best avenues of ingress and egress (i.e. street closing, special one-way streets, emergency no parking zones), and a plan for traffic control in the affected area.

The Operations Bureau Chief or designee shall formulate a plan for each special event that will ensure adequate control and safety for participants and spectators of each special event. This plan shall include an estimate of crowd size, any potential for violence by participants or spectators and delineation of areas where the potential for criminal activity could arise as a result of crowds associated with the special event. Additionally, the Operations Bureau Chief or designee shall advise the Pueblo County Sheriff's Office to make arrangements to accommodate a possible mass arrest situation, if anticipated.

The Operations Bureau Chief or designee shall notify and coordinate with the Tactical Commander and other City departments affected by the special event (e.g. Fire Department, Transportation Department, Public Works Department), as well as those agencies in adjacent jurisdictions that could potentially be affected. The Tactical Commander will be responsible for coordinating and overseeing any tactical response necessitated by the event.

The Operations Bureau Chief or designee shall coordinate with the sponsor of the special event to ensure the sponsor understands his/her responsibilities with respect to the special event.

The Operations Bureau Chief or designee shall coordinate with the affected Watch Commander(s) as to manpower needs and requirements.

The Operations Bureau Chief or designee shall coordinate with the Watch Commander or designee to ensure that all necessary material for the handling of a special event are procured, to include but not be limited to, traffic and crowd control barricades, special signs and other equipment required to ensure a successful operation.

Pueblo Police Department

Policy Manual

Special Events

At the conclusion of the special event, an after-action debriefing and critique shall take place. The Operations Bureau Chief or designee shall be responsible for completing a detailed narrative report of the operation, with copies of all case reports and other documentation attached.

Executive Protection

395.1 PURPOSE AND SCOPE

The Pueblo Police Department, when requested, shall coordinate VIP security with outside agencies whose primary duty is the protection and security of VIPs. For the purpose of this directive, a "Very Important Person" (VIP) shall be defined as a dignitary, famous personality, notorious person, or any other notable person in need of special security.

395.2 EXECUTIVE PROTECTION PROCEDURES

In the event of a VIP either visiting or staying overnight in the City of Pueblo, the following provisions and considerations shall be addressed prior to their arrival:

- (a) The Tactical Commander shall be the supervisor and coordinator of any such security detail. If the Tactical Commander is unavailable, an Incident Commander shall be designated by the Chief of Police.
- (b) Local, state and federal intelligence agencies shall be consulted regarding known or suspected personalities residing in the City of Pueblo who might pose a threat to the VIP.
- (c) Other law enforcement agencies that could be affected by the VIP visit shall be consulted in reference to the VIP itinerary.
- (d) Primary and alternate motorcade travel routes within the City of Pueblo shall be established.
- (e) Building sites as well as concealment sites along motorcade routes shall be inspected.
- (f) The Pueblo Fire Department and emergency medical providers shall be alerted of impending VIP visits in preparation of the potential need for emergency medical treatment.
- (g) The Tactical Commander shall make a determination if a Special Weapons and Tactics deployment is necessary for tactical considerations such as counter-sniper operations.
- (h) All department personnel assigned to VIP escort duty shall be equipped with portable radios and body armor. Body armor shall also be available to the VIP, if necessary.
- (i) Methods of identifying non-uniformed escort personnel shall be established with other participating agencies.
- (j) Armored or other special vehicle requirements shall be coordinated with the VIP escort agency in sufficient time prior to VIP arrival, if a need exists.

Undercover and Decoy Operations

397.1 PURPOSE AND SCOPE

The Pueblo Police Department recognizes that undercover investigations, including surveillance and decoy operations, are valuable tools and are often the only investigative technique available to identify the clandestine sources, couriers and recipients of narcotics, stolen goods or contraband; locations of vice activity; and the co-defendants and co-conspirators in criminal activity. It shall therefore be the policy of the Pueblo Police Department to utilize such investigative tools in a controlled and professional manner to maximize the level of safety of the involved personnel, and to ensure the balance between the Department's need to protect the citizens of Pueblo and the public's right to privacy.

397.2 UNDERCOVER OPERATIONS

Officers shall, when practical, have prior approval of their supervisors before initiating undercover investigations. Undercover investigations are defined as covert investigations where officers make contact with and/or gather information about suspected criminals without disclosing their role as police officers. In cases where officers are already deployed in an undercover capacity and they begin another assignment unrelated to the existing assignment, they shall notify their supervisor as soon as possible.

All undercover operations shall be closely monitored by the immediate supervisor in charge of the operation, who shall confer with the appropriate captain before authorizing undercover operations. Additionally, supervisors shall be responsible for developing and/or reviewing tactical plans, authorizing and monitoring the use of electronic surveillance equipment, and keeping the appropriate command staff personnel abreast of operations development.

397.3 DECOY OPERATIONS

A decoy operation is defined as an investigative technique where officers assume the identity or physical appearance of a victim or potential victim of a crime with the goal of apprehending a suspect in the commission of a crime. Decoy operations require a great deal of planning and coordination, due to the fact that the operation is intended to place officers in the commission of a crime. Decoy operations, therefore, shall only be conducted with the express approval of the appropriate Bureau Chief.

Chapter 4 - Patrol Operations

Patrol Function

400.1 PURPOSE AND SCOPE

The purpose of this policy is to define the functions of the patrol unit of the Department to ensure intraorganizational cooperation and information sharing.

400.1.1 FUNCTION

Officers will generally patrol in clearly marked vehicles. They will patrol assigned jurisdictional quadrants of Pueblo, identify community needs, provide support and assistance to the community, respond to calls for assistance, act as a deterrent to crime, enforce state and local laws and respond to emergencies 24 hours a day seven days a week.

Patrol will generally provide the following services within the limits of available resources:

- (a) Patrol that is directed at the prevention of criminal acts, traffic violations and collisions, the maintenance of public order and the discovery of hazardous situations or conditions.
- (b) Crime prevention activities, such as residential inspections, business inspections and community presentations.
- (c) Calls for service, both routine and emergency.
- (d) Investigation of both criminal and non-criminal acts.
- (e) The apprehension of criminal offenders.
- (f) Community Oriented Policing and problem-solving activities, such as citizen assists and individual citizen contacts of a positive nature.
- (g) The sharing of information between the patrol and other bureaus within the Department, as well as other government agencies.
- (h) The application of resources to specific problems or situations within the community that may be improved or resolved by Community Oriented Policing and problem-solving strategies.
- (i) Traffic direction and control.
- (j) Response to disasters, civic unrest and natural emergencies.

400.1.2 TERRORISM

The Office of Preparedness and Security (OPS) coordinates Colorado's response to terrorism (CRS § 24-33.5-1601(1)(g); CRS § 24-33.5-1606).

It is the goal of the Pueblo Police Department to make every reasonable effort to accurately and appropriately gather and report any information that may relate to either foreign or domestic terrorism. Officers should advise a supervisor as soon as practicable of any activity believed to be terrorism related and should document such incidents with a written report, field interview module entry (FI record), or a Suspicious Activity Report (SAR).

Pueblo Police Department

Policy Manual

Patrol Function

The supervisor should ensure that all terrorism-related reports and FI records are forwarded to the Investigations Bureau Chief in a timely fashion.

The Investigations Bureau Chief should forward the information as soon as practicable to the OPS Colorado Information Analysis Center, or to the Federal Bureau of Investigation.

400.2 PATROL INFORMATION SHARING PROCEDURES

The following guidelines are intended to develop and maintain intraorganizational cooperation and information flow between the various bureaus of the Pueblo Police Department.

400.2.1 CRIME ANALYSIS UNIT

While all criminal information and reports will be submitted to the Records Section for storage, routing and distribution, the Crime Analysis Unit will be the central unit for information exchange. The Crime Analysis Unit will analyze the information submitted to the Records Section, translate such into usable data and distribute such to the appropriate areas of the Department for proactive crime fighting efforts.

400.2.2 CRIME REPORTS

A crime report may be completed by any patrol officer who receives criminal information. The report will be processed and forwarded to the appropriate investigative area of the Department for review or follow-up investigation when appropriate.

400.2.3 PATROL BRIEFINGS

Patrol supervisors, investigative sergeants and special unit sergeants are encouraged to share information as much as reasonably possible. All supervisors and/or officers will be provided an opportunity to share information at roll calls, as time permits.

400.2.4 INFORMATION CLIPBOARDS

Several information clipboards will be maintained in the Briefing Room and will be available for review by officers from all bureaus within the Department. These may include, but are not limited to, clipboards containing quadrant-specific information, a clipboard containing wanted persons information and a clipboard containing current written directives.

400.3 CROWDS, EVENTS AND GATHERINGS

Officers may encounter gatherings of people, including but not limited to, civil demonstrations, civic, social and business events, public displays, parades and sporting events. Officers should monitor such events as time permits in an effort to keep the peace and protect the safety and rights of those present. A patrol supervisor should be notified when it becomes reasonably foreseeable that such an event may require increased monitoring, contact or intervention.

Officers responding to an event or gathering that warrants law enforcement involvement should carefully balance the speech and association rights of those present with applicable public safety concerns before taking enforcement action. Officers are encouraged to contact organizers or responsible persons to seek voluntary compliance that may address relevant public safety/order concerns.

Pueblo Police Department

Policy Manual

Patrol Function

Officers should consider enforcement of applicable state and local laws when the activity blocks the entrance or egress of a facility or location and when voluntary compliance with the law is not achieved.

400.4 BEAT PLAN

The City of Pueblo is divided into four distinct geographic areas, or quadrants, for purposes of officer assignment. This division is referred to as a beat plan.

The beat plan is structured to divide the City into two sectors. Sector I will generally include City areas north of the Arkansas River. Sector II will generally include City areas south of the Arkansas River. Each of these sectors will be divided into two beat quadrants. The beat plan is demonstrated graphically as follows:

400.5 WORKLOAD ASSESSMENTS

The allocation of personnel to the Patrol Division, and distribution of personnel therein, shall be based upon an annual workload assessment. The workload assessment shall be completed by the Operations Bureau Deputy Chief, which shall be submitted to the Chief of Police upon request.

Community Oriented Policing

401.1 PURPOSE AND SCOPE

It shall be the policy of the Pueblo Police Department to employ the tenets of Community Oriented Policing at all levels and areas of the Department, when practicable.

401.2 COMMUNITY ORIENTED POLICING DEFINED

Community Oriented Policing is defined as a philosophy that promotes organizational strategies, which support the systematic use of partnerships and problem-solving techniques, to proactively address the immediate conditions that give rise to public safety issues such as crime, social disorder, and fear of crime. The problem solving component of Community Oriented Policing is defined as the process of engaging in the proactive and systematic examination of identified problems to develop and rigorously evaluate effective responses. The following four steps make up the problem solving component of Community Oriented Policing:

- (a) Scanning - Identifying and prioritizing problems.
- (b) Analysis - Researching what is known about the problem.
- (c) Response - Developing solutions to bring about lasting reductions in the number and extent of problems.
- (d) Assessment - Evaluating the success of the responses.

Members of the Pueblo Police Department shall employ the tenets of Community Oriented Policing when practicable.

Literature on Community Oriented Policing from the United States Department of Justice will be maintained on the Pueblo Police Department Intranet site for reference.

Racial- or Bias-Based Profiling

402.1 PURPOSE AND SCOPE

This policy provides guidance to department members and establishes appropriate controls to ensure that employees of the Pueblo Police Department do not engage in racial- or bias-based profiling or violate any related laws while serving the community.

402.1.1 DEFINITIONS

Definitions related to this policy include:

Racial- or bias-based profiling - An inappropriate reliance on factors such as race, ethnicity, national origin, religion, sex, sexual orientation, economic status, age, cultural group, disability or affiliation with any other similar identifiable group as a factor in deciding whether to take law enforcement action or to provide service.

402.2 POLICY

The Pueblo Police Department is committed to providing law enforcement services to the community with due regard for the racial, cultural or other differences of those served. It is the policy of this department to provide law enforcement services and to enforce the law equally, fairly and without discrimination toward any individual or group.

Race, ethnicity or nationality, religion, sex, sexual orientation, economic status, age, cultural group, disability or affiliation with any other similar identifiable group shall not be used as the basis for providing differing levels of law enforcement service or the enforcement of the law (CRS § 24-31-309).

402.3 RACIAL- OR BIAS-BASED PROFILING PROHIBITED

Racial- or bias-based profiling is strictly prohibited. However, nothing in this policy is intended to prohibit an officer from considering factors such as race or ethnicity in combination with other legitimate factors to establish reasonable suspicion or probable cause (e.g., suspect description is limited to a specific race or group).

402.4 MEMBER RESPONSIBILITY

Every member of this department shall perform his/her duties in a fair and objective manner and is responsible for promptly reporting any known instances of racial- or bias-based profiling to a supervisor.

Officers shall provide, without being asked, a business card to any person who was detained in a traffic stop and was not cited or arrested. The business card shall include identifying information including, but not limited to, the officer's name, rank, commission number and a telephone number that may be used to report any comments, either positive or negative, regarding the traffic stop (CRS § 24-31-309(4)(a)).

Pueblo Police Department

Policy Manual

Racial- or Bias-Based Profiling

402.4.1 REASON FOR DETENTION

Officers detaining a person shall be prepared to articulate sufficient reasonable suspicion to justify a detention, independent of the individual's membership in a protected class.

To the extent that written documentation would otherwise be completed (e.g., arrest report, Field Interview (FI) card), the involved officer should include those facts giving rise to the officer's reasonable suspicion or probable cause for the detention, as applicable.

Nothing in this policy shall require any officer to document a contact that would not otherwise require reporting.

402.4.2 REPORTING TRAFFIC STOPS

Each time an officer makes a traffic stop, the officer shall report any information required in the Traffic Function and Responsibility Policy.

402.5 SUPERVISOR RESPONSIBILITY

The Department will maintain educational pamphlets for public distribution at the front desk regarding the complaint process. This policy shall be made available to the public for inspection during business hours (CRS § 24-31-309(6)).

The Pueblo Police Department will investigate all complaints of alleged racial- or bias-based profiling against its members as any other complaint is investigated. The identity of the reporting person and the report shall initially be kept confidential to the extent permitted by law, unless further processing is required (CRS § 24-31-309(4)(a)).

Supervisors shall monitor those individuals under their command for any behavior that may conflict with the purpose of this policy and shall handle any alleged or observed violation of this policy in accordance with the Personnel Complaints Policy.

- (a) Supervisors should discuss any issues with the involved officer in a timely manner.
- (b) Supervisors should periodically review MAV recordings, MDT data and any other available resource used to document contact between officers and the public to ensure compliance with this policy.
- (c) Supervisors shall initiate investigations of any actual or alleged violations of this policy.
- (d) Supervisors should ensure that no retaliatory action is taken against any member of this department who discloses information concerning racial- or bias-based profiling.

402.6 STATE REPORTING

The Department shall compile, on at least an annual basis, any information derived from complaints received due to the distribution of business cards, as provided in this policy that allege profiling. The information shall be made available to the public but shall not include the names of officers or the names of persons alleging profiling (CRS § 24 31 309(4)(c)).

Racial- or Bias-Based Profiling

402.7 ADMINISTRATION

Each year, the Operations Bureau Chief shall review the efforts of the Department to prevent racial- or bias-based profiling and submit an overview, including public concerns and complaints, to the Chief of Police. This report should not contain any identifying information regarding any specific complaint, citizen or officers. It should be reviewed by the Chief of Police to identify any changes in training or operations that should be made to improve service.

402.8 TRAINING

Training on racial- or bias-based profiling and review of this policy should be conducted as directed by the Training Section.

All certified members will attend regular training on the subject of racial- or bias-based profiling (CRS § 24-31-309). All newly employed officers shall receive a copy of this policy and initial training on the subject of racial- or bias-based profiling.

Roll Call

404.1 PURPOSE AND SCOPE

Roll Call will be conducted at the beginning of the officer's assigned shift. Roll Call provides an opportunity for important exchange between employees and supervisors. The Watch Commander will conduct roll call. However, officers may conduct roll call for training purposes with Watch Commander approval.

Roll Call should accomplish, at a minimum, the following basic tasks:

- (a) Briefing officers with information regarding daily patrol activity, with particular attention given to unusual situations and changes in the status of wanted persons, stolen vehicles and major investigations.
- (b) Notifying officers of changes in schedules and assignments.
- (c) Notifying officers of new Departmental Directives or changes in Departmental Directives.
- (d) Reviewing recent incidents for training purposes.
- (e) Providing training on a variety of subjects.

404.2 ROLL CALL TRAINING

In addition to information exchange and other purposes, Roll Call may be used to conduct training sessions. Roll call training should incorporate short training segments on a variety of subjects and may include:

- (a) Review and discussion of new or updated policies.
- (b) Presentation and discussion of the proper application of existing policy to routine daily activities.
- (c) Presentation and discussion of the proper application of existing policy to unusual activities.
- (d) Reviewing recent incidents for training purposes.

404.3 PREPARATION OF MATERIALS

The Watch Commander conducting roll call and/or roll call training, or his/her designee, is responsible for collection and preparation of the materials necessary for a constructive briefing and/or roll call training. The Watch Commander may delegate this responsibility to a subordinate officer in his/her absence or for training purposes.

404.4 RETENTION OF ROLL CALL TRAINING RECORDS

Roll call training materials and a curriculum or summary shall be forwarded to the Training Sergeant for inclusion in training records, as appropriate.

Crime and Disaster Scene Integrity

406.1 PURPOSE AND SCOPE

The protection and integrity of a crime scene is of the utmost importance for the successful apprehension of criminals and successful prosecution. The integrity of a disaster scene is equally as critical for the protection of life and property and investigation by proper authorities.

406.2 CRIME SCENE RESPONSIBILITIES

The first officer at the scene of a crime or major incident is generally responsible for taking reasonable efforts to preserve the scene. Officers shall also consider officer safety and public safety, including reasonable efforts to render medical aid to any obviously injured parties. Once an officer has assumed or been assigned to maintain the integrity of the crime/disaster scene, the officer shall continue the assignment until properly relieved.

406.2.1 FIRST RESPONDER CONSIDERATIONS

The following list generally describes the functions which the first responder should reasonably attempt to take at a crime or disaster scene. This list is not intended to be all-inclusive, is not necessarily in order and may be altered according to the demands of each situation, the availability of resources, capacity of personnel and totality of each circumstance:

- (a) Ensure no suspects are still in the area.
- (b) Broadcast emergency information, including all requests for additional assistance.
- (c) Provide first aid to injured parties if it can be done safely.
- (d) Evacuate the location as required.
- (e) Identify hazards or dangerous conditions to responding personnel.
- (f) Secure the inner and outer perimeter if needed.
- (g) Protect items of apparent evidentiary value.
- (h) Identify potential witnesses.
- (i) Start a chronological log noting critical times and personnel allowed access.
- (j) Prevent unauthorized access of personnel, the media or the public.

406.2.2 EXECUTION OF HEALTH ORDERS

Any certified member of this department is authorized to execute and enforce all orders of the local health officer, which have been issued for the purpose of preventing the spread of any contagious, infectious or communicable disease.

406.3 SEARCHES AT CRIME OR DISASTER SCENES

Officers arriving at crime or disaster scenes are often faced with the immediate need to search for and render aid to victims and to determine if suspects are present and pose a threat. Once

Crime and Disaster Scene Integrity

officers are satisfied that no additional suspects are present and/or there are no injured persons to be treated, those exigent circumstances will likely no longer exist. Officers should thereafter secure the scene and conduct no further search until proper authority for the search is obtained.

406.3.1 CONSENT

Officers should obtain consent to search from authorized individuals where possible. However, in the case of serious crimes or major investigations it may be prudent to obtain a search warrant. Consent may be sought even in cases where a search warrant has been granted.

Tactical Services Group

408.1 PURPOSE AND SCOPE

The Tactical Services Group (TSG) is comprised of two specialized teams: the Crisis Negotiation Team (CNT) and the Special Weapons and Tactics Team (SWAT). The unit has been established to provide specialized support in handling critical field operations where intense negotiations and/or special tactical deployment methods beyond the capacity of field officers appears to be necessary.

408.1.1 OPERATIONAL AND ADMINISTRATIVE POLICY

The Policy Manual sections pertaining to the Tactical Services Group are divided into Administrative and Operational Policy and Procedures. Since situations that necessitate the need for such a law enforcement response vary greatly from incident to incident, and because such events often demand on-scene evaluation, the Operational Policy outlined in this section serves as a guideline to department personnel, allowing for appropriate on-scene decision-making as required. The Administrative Procedures, however, are more restrictive and few exceptions should be taken.

408.1.2 SWAT TEAM DEFINED

SWAT team - A designated unit of law enforcement officers that is specifically trained and equipped to work as a coordinated team to resolve critical incidents that are so hazardous, complex or unusual that they may exceed the capabilities of first responders or investigative units. This includes, but is not limited to, hostage taking, barricaded suspects, snipers, terrorist acts and other high-risk incidents. As a matter of department policy, such a unit may also be used to serve high-risk warrants, both search and arrest, where public and officer safety issues warrant the use of such a unit.

408.1.3 CRISIS NEGOTIATION TEAM DEFINED

CNT - A designated unit of law enforcement officers that has been established to provide skilled verbal communicators, who may be utilized to attempt to de-escalate and effect surrender in critical situations where suspects have taken hostages, barricaded themselves or have suicidal tendencies. The purpose of the unit is to bring peaceful resolutions to conflicts that otherwise pose increased potential for harm to the persons causing the conflicts as well as to others.

408.2 POLICY

It is the policy of this department to maintain a SWAT team and to provide the equipment, manpower and training necessary to maintain a SWAT team. The SWAT team should develop sufficient resources to perform three basic operational functions:

- (a) Command and control
- (b) Containment
- (c) Entry/apprehension/rescue

Pueblo Police Department

Policy Manual

Tactical Services Group

It is understood that it is difficult to categorize specific capabilities for critical incidents. Training needs may vary based on the experience level of the team personnel, team administrators and potential incident commanders. Nothing in this policy shall prohibit individual teams from responding to a situation that exceeds their training levels due to the exigency of the circumstances. The preservation of innocent human life is paramount.

408.2.1 POLICY CONSIDERATIONS

A needs assessment should be conducted to determine the type and extent of SWAT missions and operations that are appropriate to this department. The assessment should consider the team's capabilities and limitations and should be reviewed annually by the Tactical Commander or the authorized designee.

408.2.2 ORGANIZATIONAL PROCEDURES

This department shall develop a separate written set of organizational procedures that should address, at minimum, the following:

- (a) Locally identified specific missions the team is capable of performing
- (b) Team organization and function
- (c) Personnel selection and retention criteria
- (d) Training and required competencies
- (e) Procedures for activation and deployment
- (f) Command and control issues, including a clearly defined command structure
- (g) Multi-agency response
- (h) Extrajurisdictional response
- (i) Specialized functions and supporting resources

408.2.3 OPERATIONAL PROCEDURES

This department shall develop a separate written set of operational procedures, in accordance with its level of capability, using sound risk reduction practices. The operational procedures should be patterned after the National Tactical Officers Association's Suggested SWAT Best Practices. Because such procedures are specific to TSG members and will outline tactical and officer safety issues, they are classified as confidential security data and are not included within this policy. The operational procedures should include, at minimum, the following elements:

- (a) Personnel responsible for developing an operational or tactical plan should be designated prior to, and/or during SWAT operations (time permitting).
 - 1. All SWAT team members should have an understanding of operational planning.
 - 2. SWAT team training should consider planning for both spontaneous and planned events.

Pueblo Police Department

Policy Manual

Tactical Services Group

3. SWAT teams should incorporate medical emergency contingency planning as part of the SWAT operational plan.
- (b) Plans for mission briefings should be conducted prior to an operation, unless circumstances require immediate deployment.
 1. When reasonably possible, briefings should include the specialized units and supporting resources.
- (c) Protocols for a sustained operation should be developed. These may include relief, rotation of personnel and augmentation of resources.
- (d) A generic checklist to be worked through prior to initiating a tactical action should be developed. This will provide a means of conducting a threat assessment to determine the appropriate response and resources necessary, including the use of SWAT.
- (e) The appropriate role for a trained negotiator should be defined.
- (f) A standard method of determining whether a warrant should be regarded as high risk should be developed.
- (g) A method for deciding how best to serve a high-risk warrant should be developed, with all reasonably foreseeable alternatives being reviewed in accordance with risk/benefit criteria prior to selecting the method of response.
- (h) The elements of post-incident scene management should include:
 1. Documentation of the incident.
 2. Transition to investigations and/or other units.
 3. Debriefing after every deployment of the SWAT team.
 - (a) After-action team debriefing provides evaluation and analysis of critical incidents and affords the opportunity for individual and team assessments. It also helps to identify training needs and reinforces sound risk management practices.
 - (b) Debriefing should not be conducted until involved officers have had the opportunity to individually complete the necessary reports or provide formal statements.
 - (c) To maintain candor and a meaningful exchange, debriefing will generally not be recorded.
 - (d) When appropriate, debriefing should include specialized units and resources.
- (i) Sound risk management analysis should be included.
- (j) Standardization of equipment should be addressed.

Tactical Services Group

408.3 TRAINING NEEDS ASSESSMENT

The Services Bureau Chief and the Tactical Commander shall jointly conduct an annual SWAT training needs assessment to ensure that training is conducted within team capabilities and department policy.

408.3.1 INITIAL TRAINING

SWAT team operators and SWAT supervisors/team leaders should not be deployed until successful completion of an approved basic SWAT course or its equivalent.

- (a) To avoid unnecessary or redundant training, previous training completed by members may be considered equivalent when the hours and content or topics meet or exceed requirements determined by the Department.

408.3.2 UPDATED TRAINING

Appropriate team training for the specialized SWAT functions and other supporting resources should be completed prior to full deployment of the team.

SWAT team operators and SWAT supervisors/team leaders should complete refresher training per current National Tactical Officers Association standards.

408.3.3 SUPERVISION AND MANAGEMENT TRAINING

Command and executive personnel are encouraged to attend training for managing the SWAT function at the organizational level. This is to ensure that personnel who provide active oversight at the scene of SWAT operations understand the purpose and capabilities of the team.

Command personnel who may assume incident command responsibilities should attend a SWAT or critical incident commander course or its equivalent. SWAT command personnel should attend a SWAT commander or tactical commander course or its equivalent that has been approved by the Department.

408.3.4 SWAT ONGOING TRAINING

Training shall be coordinated by the Tactical Commander to comply with current National Tactical Officers Association standards. The training exercises should include a review and critique of personnel and their performance in the exercise, in addition to specialized training. Training shall consist of the following:

- (a) Each SWAT member shall perform a physical fitness test twice each year. A minimum qualifying score must be attained by each team member.
- (b) Any SWAT team member failing to attain the minimum physical fitness qualification score will be notified of the requirement to retest. Within 30 days of the previous physical fitness test date, the member required to qualify shall report to a team supervisor and complete the entire physical fitness test. Failure to qualify after a second attempt may result in dismissal from the team.
- (c) Those members who are on vacation, ill or are on limited duty status with a medical provider's note of approval on the test date shall be responsible for reporting to a team supervisor and

Continual evaluation of a team member's performance and efficiency as it relates to the positive operation of the team shall be conducted by the Tactical Commander. A minimum performance and efficiency level will be met and maintained by all SWAT team members. Any member of the SWAT team who performs or functions at a level less than satisfactory shall be subject to dismissal from the SWAT team.

408.8 OPERATIONAL GUIDELINES FOR TACTICAL SERVICES GROUP

The following procedures serve as guidelines for the operational deployment of the Tactical Services Group. Generally, the SWAT team and the CNT will be activated together. The decision to activate, or not to activate, certain elements of the TSG shall be at the discretion of the Tactical Commander based on his/her assessment of the situation.

408.8.1 ON-SCENE DETERMINATION

The supervisor in charge at the scene of a particular event will assess whether the Tactical Services Group should respond. The supervisor may use the Pueblo Police Department Arrest/Search Warrant Risk Assessment Form to conduct this assessment. Ride-Along Program

410.1 PURPOSE AND SCOPE

The ride-along program provides an opportunity for persons to experience the law enforcement function firsthand. This policy provides the requirements, approval process and hours of operation for the ride-along program.

410.1.1 ELIGIBILITY

The Pueblo Police Department ride-along program is offered to residents, students and those employed within the City. Reasonable efforts should be made to accommodate interested persons. Any applicant may be disqualified without cause from participating in the program.

The following factors may be considered in disqualifying an applicant and are not limited to:

- Being under 16 years of age.
- Prior criminal history.
- Pending criminal action.
- Pending lawsuit against the Department.
- Denial by any supervisor.

410.1.2 AVAILABILITY

The ride-along program is available every day of the week, subject to advanced scheduling and officer availability.

410.2 PROCEDURE TO REQUEST A RIDE-ALONG

Persons who wish to participate in the ride-along program shall complete and sign a ride-along waiver form available at the front desk in the Department lobby. Information requested will include a valid driver's license, address and telephone number. If the participant is under 18 years of age, a parent/guardian must be present to complete the ride-along form. The completed form will then be forwarded to the appropriate Watch Commander based on when the participant wishes to ride. The Watch Commander will schedule a date, based on availability, at least one week after the date of application, and advise the applicant of the appointment. All ride-along requests will be scheduled by the Watch Commander.

If the ride-along is denied after the request has been made, a representative of the Department will contact the applicant and advise him/her of the denial.

410.2.1 PROGRAM REQUIREMENTS

Once approved, civilian ride-alongs will be allowed to ride no more than once every six months. An exception would apply to the following: cadets, Explorers, qualified volunteers, chaplains, reserves, auxiliary and police applicants with approval of the Watch Commander.

Pueblo Police Department

Policy Manual

Ride-Along Program

An effort will be made to ensure that no more than one citizen will participate in a ride-along during any given time period. Under no circumstances will more than one ride-along will be allowed in the officer's vehicle at a given time. When practicable, ride-alongs who request multiple opportunities to participate in the ride-along program should be rotated among officers.

Ride-along requirements for police cadets are covered in the Police Cadets Policy.

410.2.2 SUITABLE ATTIRE

Any person approved to ride-along is required to be suitably dressed in a collared shirt, blouse or jacket, slacks and shoes. Sandals, T-shirts, tank tops, shorts and ripped or torn blue jeans are not permitted. The Watch Commander or field supervisor may refuse a ride-along to anyone not properly dressed.

410.2.3 PEACE OFFICER RIDE-ALONGS

Off-duty members of this department or any other law enforcement agency will not be permitted to ride-along with on-duty officers without the express consent of the Watch Commander. In the event that such a ride-along is permitted, the off-duty employee shall not be considered on-duty and shall not represent him/herself as a peace officer or participate in any law enforcement activity except as emergency circumstances may require.

410.2.4 RIDE-ALONG CRIMINAL HISTORY CHECK

All ride-along applicants are subject to a criminal history check. The criminal history check may include a local records check and a Colorado Crime Information Center (CCIS) and National Crime Information Center (NCIC) criminal history check prior to approval as a ride-along with an officer (provided that the ride-along is not an employee of the Pueblo Police Department).

410.2.5 PROHIBITION AGAINST PERSONAL RIDE-ALONGS

An officer who takes his/her spouse, significant other or family member on a ride-along is at increased risk of becoming personally involved in a situation if the ride-along participant becomes involved in the conflict (e.g., the ride-along participant is assaulted, called an offensive name, etc.). Due to this potential conflict of interest, officers are prohibited from taking their spouses, significant others and family members as participants in the ride-along program. Should an officer be erroneously assigned a personal ride-along by the Watch Commander, the officer shall immediately notify the Watch Commander of the conflict. The Watch Commander will then make a reassignment, if available.

Spouses, significant others and family members of police officers are encouraged to participate in the ride-along program, as long as the ride-along is with another officer.

410.3 OFFICER'S RESPONSIBILITIES

The officer shall advise the dispatcher that a ride-along is present in the vehicle before going into service. Officers shall consider the safety of the ride-along at all times.

Officers should use sound discretion when encountering a potentially dangerous situation, such as a high-speed pursuit. If practicable, the participant should be let out of the vehicle in a safe,

Pueblo Police Department

Policy Manual

Ride-Along Program

well-lighted place. The dispatcher will be advised of the situation and as soon as practicable have another police unit respond to pick up the participant at that location. The ride-along may be continued or terminated at this time.

Conduct by a person participating in a ride-along that results in termination of the ride or is otherwise inappropriate should be immediately reported to the Watch Commander.

The Watch Commander is responsible for maintaining and scheduling ride-alongs. Upon completion of the ride-along, a copy of the ride-along waiver form shall be returned to the Watch Commander with any comments that may be offered by the officer.

410.4 CONTROL OF RIDE-ALONG

The assigned employee shall maintain control over the ride-along at all times and instruct him/her in the conditions that necessarily limit participation. These instructions should include the following:

- (a) The ride-along will follow the directions of the officer.
- (b) The ride-along will not become involved in any investigation, handling of evidence, discussions with victims or suspects or handling any police equipment.
- (c) The ride-along may terminate the ride at any time and the officer may return the observer to his/her home, the place of the ride origin or to the station if the ride-along interferes with the performance of the officer's duties.
- (d) Ride-alongs may be allowed to continue riding during the transportation and booking process, provided this does not jeopardize their safety.
- (e) Officers will not allow any ride-alongs to be present in any residence or situation that would jeopardize their safety or cause undue stress or embarrassment to a victim or any other person.
- (f) Under no circumstance shall a civilian ride-along be permitted to enter a private residence with an officer without the express consent of the resident or other authorized person.

Hazardous Material Response

412.1 PURPOSE AND SCOPE

Hazardous materials present a potential harm to employees and others as a result of their exposure. To comply with applicable law, the following represents the policy of this department.

412.1.1 HAZARDOUS MATERIAL DEFINED

Hazardous material - A substance which by its nature, containment and reactivity, has the capability of inflicting harm to people, other living organisms, property or the environment during exposure. Hazardous materials are characterized as being toxic, corrosive, flammable, explosive, oxidizing, asphyxiating, pathogenic, allergenic, biohazardous, or radioactive and pose a threat to health when improperly managed.

412.2 HAZARDOUS MATERIAL RESPONSE

Employees may encounter situations involving suspected hazardous materials, such as at the scene of a traffic collision, chemical spill or fire. When employees come into contact with a suspected hazardous material, they should take certain steps to protect themselves and other persons.

The Fire Department is the agency trained and equipped to properly respond and mitigate most hazardous materials and biohazards.

Responders should not perform tasks or use equipment without proper training.

A responder entering the area may require decontamination before he/she is allowed to depart the scene and should be evaluated by appropriate technicians and medical professionals for signs of exposure.

The following steps should be considered at any scene involving suspected hazardous materials:

- (a) Make the initial assessment of a potential hazardous material from a safe distance.
- (b) Remain upwind, uphill and at a safe distance, maintaining awareness of weather and environmental conditions, until the material is identified and a process for handling has been determined.
- (c) Wear personal protective gear, being cognizant that some hazardous material may quickly volatilize into a form which is readily inhaled.
- (d) Attempt to identify the type of hazardous material from a safe distance using optical aids (binoculars/spotting scopes) if they are available. Identification can be determined by:
 1. Placards and use of the Emergency Response Guidebook.
 2. Driver's statements or shipping documents from the person transporting the material.
 3. Information obtained from any involved person with knowledge regarding the hazardous material.

Pueblo Police Department

Policy Manual

Hazardous Material Response

- (e) Obtain information from any involved party who has knowledge regarding the hazardous material. Information should include:
 - 1. The identity of the material.
 - 2. How to secure and contain the material.
 - 3. Any other information to protect the safety of those present, the community and the environment.
- (f) Notify the appropriate fire department. Provide weather conditions, wind direction, a suggested safe approach route and any other information pertinent to responder safety.
- (g) Provide first aid to injured parties if it can be done safely and without contamination.
- (h) Begin evacuation of the immediate and surrounding areas, dependent on the material. Voluntary evacuation should be considered. Depending on the material, mandatory evacuation may be necessary.
- (i) Make reasonable efforts to secure the scene to prevent access from unauthorized personnel.
- (j) Establish a decontamination area when needed.
- (k) Contact the local Colorado State Patrol Dispatch to request assistance from the Colorado State Patrol Hazardous Materials Unit.
- (l) If available, activate reverse 9-1-1 calling to the affected area.

412.3 REPORTING EXPOSURE

Department personnel who believe they have been exposed to a hazardous material shall immediately report the exposure to a supervisor. Each exposure shall be documented by the employee in a memorandum as part of the casualty report process, which shall be forwarded via chain of command to the Bureau Chief as soon as practicable. Should the affected employee be unable to document the exposure for any reason, it shall be the responsibility of the notified supervisor to complete the memorandum.

Injury or illness caused or believed to be caused from exposure to hazardous materials shall be reported the same as any other on-duty injury or illness, as part of the casualty report process.

412.3.1 SUPERVISOR RESPONSIBILITIES

When a supervisor has been informed that an employee has been exposed to a hazardous material, he/she shall ensure that immediate medical treatment is obtained and appropriate action is taken to treat the exposure.

Hostage and Barricade Incidents

414.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for situations where officers have legal cause to contact, detain or arrest a person, and the person refuses to submit to the lawful requests of the officers by remaining in a structure or vehicle and/or by taking a hostage.

The scope of this policy is not intended to address all variables that officers encounter during their initial response or when a hostage or barricade situation has developed. This policy does not require or purport to recommend specific strategies or tactics for resolution as each incident is a dynamic and rapidly evolving event.

414.1.1 DEFINITIONS

Definitions related to this policy include:

Barricade situation - An incident where a person maintains a position of cover or concealment and ignores or resists law enforcement personnel, and it is reasonable to believe the subject is armed with a dangerous or deadly weapon.

Hostage situation - An incident where it is reasonable to believe a person is unlawfully held by a hostage-taker as security so that specified terms or conditions will be met.

414.2 POLICY

It is the policy of the Pueblo Police Department to address hostage and barricade situations with due regard for the preservation of life and balancing the risk of injury, while obtaining the safe release of hostages, apprehending offenders and securing available evidence.

414.3 COMMUNICATION

When circumstances permit, initial responding officers should try to establish and maintain lines of communication with a barricaded person or hostage-taker. Officers should attempt to identify any additional subjects, inquire about victims and injuries, seek the release of hostages, gather intelligence information, identify time-sensitive demands or conditions and obtain the suspect's surrender.

When available, department-authorized negotiators should respond to the scene as soon as practicable and assume communication responsibilities. Negotiators are permitted to exercise flexibility in each situation based upon their training, the circumstances presented, suspect actions or demands and the available resources.

414.3.1 EMERGENCY COMMUNICATIONS

Any department member supervising a hostage or barricade situation in this jurisdiction may order a security employee of a communications or Internet access provider to cut, reroute or divert telephone lines or a cellular or digital communications signal to prevent the suspect from communicating with any person other than a law enforcement officer (CRS § 18-9-312).

Hostage and Barricade Incidents

Any department member supervising a hostage or barricade situation may also order a telecommunication provider to disclose location information of any hostage's or other named person's telecommunications device if the supervising member reasonably believes that the time required to obtain a court order would increase the risk of death or serious bodily injury to the hostage or any person with the named person (CRS § 18-9-312). The supervising member shall ensure that a court order is obtained within 48 hours of the initial request for the location information (CRS § 18-9-312).

414.4 FIRST RESPONDER CONSIDERATIONS

First responding officers should promptly and carefully evaluate all available information to determine whether an incident involves, or may later develop into, a hostage or barricade situation.

The first responding officer should immediately request a supervisor's response as soon as it is determined that a hostage or barricade situation exists. The first responding officer shall assume the duties of the supervisor until relieved by a supervisor or a more qualified responder. The officer shall continually evaluate the situation, including the level of risk to officers, to the persons involved and to bystanders, and the resources currently available.

The handling officer should brief the arriving supervisor of the incident, including information about suspects and victims, the extent of any injuries, additional resources or equipment that may be needed, and current perimeters and evacuation areas.

414.4.1 BARRICADE SITUATION

Unless circumstances require otherwise, officers handling a barricade situation should attempt to avoid a forceful confrontation in favor of stabilizing the incident by establishing and maintaining lines of communication while awaiting the arrival of specialized personnel and trained negotiators. In the interim, the following options, while not all-inclusive or in any particular order, should be considered:

- (a) Ensure injured persons are evacuated from the immediate threat area if it is reasonably safe to do so. Request medical assistance.
- (b) Assign personnel to a contact team to control the subject should he/she attempt to exit the building, structure or vehicle, and attack, use deadly force, attempt to escape or surrender prior to additional resources arriving.
- (c) Request additional personnel, resources and equipment as needed.
- (d) Provide responding emergency personnel with a safe arrival route to the location.
- (e) Evacuate non-injured persons in the immediate threat area if it is reasonably safe to do so.
- (f) Attempt or obtain a line of communication and gather as much information on the subject as possible, including weapons, other involved parties, additional hazards or injuries.
- (g) Establish an inner and outer perimeter as circumstances require and resources permit to prevent unauthorized access.

Hostage and Barricade Incidents

- (h) Evacuate bystanders, residents and businesses within the inner and then outer perimeter as appropriate. Check for injuries, the presence of other involved subjects, witnesses, evidence or additional information.
- (i) Determine the need for and notify the appropriate persons within and outside the Department, such as command officers and the Highest Ranking Officer On Scene.
- (j) If necessary and available, establish a tactical or exclusive radio frequency for the incident.
- (k) Establish a command post.

414.4.2 HOSTAGE SITUATION

Officers presented with a hostage situation should attempt to avoid a forceful confrontation in favor of controlling the incident in anticipation of the arrival of specialized personnel and trained hostage negotiators. However, it is understood that hostage situations are dynamic and can require that officers react quickly to developing or changing threats. The following options, while not all-inclusive or in any particular order, should be considered:

- (a) Ensure injured persons are evacuated from the immediate threat area if it is reasonably safe to do so. Request medical assistance.
- (b) Assign personnel to a contact team to control the subject should he/she attempt to exit the building, structure or vehicle, and attack, use deadly force, attempt to escape or surrender prior to additional resources arriving.
- (c) Establish a rapid response team in the event it becomes necessary to rapidly enter a building, structure or vehicle, such as when the suspect is using deadly force against any hostages (see the Rapid Response and Deployment Policy).
- (d) Assist hostages or potential hostages to escape if it is reasonably safe to do so. Hostages should be kept separated if practicable pending further interview.
- (e) Request additional personnel, resources and equipment as needed.
- (f) Provide responding emergency personnel with a safe arrival route to the location.
- (g) Evacuate non-injured persons in the immediate threat area if it is reasonably safe to do so.
- (h) Coordinate pursuit or surveillance vehicles and control of travel routes.
- (i) Attempt or obtain a line of communication and gather as much information about the suspect as possible, including any weapons, victims and their injuries, additional hazards, other involved parties and any other relevant intelligence information.
- (j) Establish an inner and outer perimeter as resources and circumstances permit to prevent unauthorized access.
- (k) Evacuate bystanders, residents and businesses within the inner and then outer perimeter as appropriate. Check for injuries, the presence of other involved subjects, witnesses, evidence or additional information.

Hostage and Barricade Incidents

- (l) Determine the need for and notify the appropriate persons within and outside the Department, such as command officers and the Highest Ranking Officer On Scene.
- (m) If necessary and available, establish a tactical or exclusive radio frequency for the incident.

414.5 SUPERVISOR RESPONSIBILITIES

Upon being notified that a hostage or barricade situation exists, the supervisor should immediately respond to the scene, assess the risk level of the situation, establish a proper chain of command and assume the role of Incident Commander until properly relieved. This includes requesting a Tactical Services Group response if appropriate and apprising the Tactical Commander of the circumstances. In addition, the following options, listed here in no particular order, should be considered:

- (a) Ensure injured persons are evacuated and treated by medical personnel.
- (b) Ensure the completion of necessary first responder responsibilities or assignments.
- (c) Request crisis negotiators, specialized units, additional personnel, resources or equipment as appropriate.
- (d) Establish a command post location as resources and circumstances permit.
- (e) Designate assistants who can help with intelligence information and documentation of the incident.
- (f) If it is practicable to do so, arrange for video documentation of the operation.
- (g) Consider contacting utility and communication providers when restricting such services (e.g., restricting electric power, gas, telephone service).
- (h) Ensure adequate law enforcement coverage for the remainder of the City during the incident. The supervisor should direct nonessential personnel away from the scene unless they have been summoned by the supervisor or the Communications Center.
- (i) Identify a media staging area outside the outer perimeter and have the department Highest Ranking Officer On Scene or Public Information Officer provide media access in accordance with the News Media Relations Policy.
- (j) Identify the need for mutual aid and the transition or relief of personnel for incidents of extended duration.
- (k) Debrief personnel and review documentation as appropriate.

414.6 CRISIS RESPONSE UNIT RESPONSIBILITIES

In the event of a hostage or barricade situation, the Incident Commander will notify the Tactical Commander. Upon TSG deployment, the Tactical Commander or the authorized designee will be responsible for the tactical portion of the operation. The Incident Commander shall continue supervision of the command post operation, outer perimeter security and evacuation, media

access and support for the TSG. The Incident Commander and the Tactical Commander or the authorized designee shall maintain communications at all times.

414.6.1 REPORTING

The initial officer on scene will generally be designated as the primary officer and will be responsible for completion of the original incident report. All other department members responding to the scene and taking official action shall document their participation via supplemental reports covering their involvement. The primary supervisor shall be responsible for coordinating all reports and ensuring their timely completion.

Response to Bomb Calls

416.1 PURPOSE AND SCOPE

These guidelines have been prepared to assist officers in their initial response to incidents involving explosives, explosive devices, suspected explosive devices, suspicious packages or explosion/bombing incidents. Under no circumstances should these guidelines be interpreted as compromising the safety of first responders or the public. When confronted with an incident involving explosives, safety shall always be the primary consideration.

416.2 FOUND EXPLOSIVES/SUSPECT DEVICES

When an officer responds to a call of a suspected explosive device, the following guidelines shall be followed:

- (a) The device should not be touched or transported to any other location.
- (b) No known or suspected explosive item should be considered safe regardless of its size or apparent packaging. The Bomb Squad should be summoned for assistance.
- (c) A perimeter should be secured for a minimum of 300 feet around the location, or an otherwise safe distance depending on the surrounding physical environment and allowing for an entrance for support personnel.
- (d) As much initial information as possible should be relayed to the Watch Commander without touching the device, including:
 - 1. The stated threat.
 - 2. Exact comments.
 - 3. Time of discovery.
 - 4. Exact location of the device.
 - 5. Full description (e.g., size, shape, markings, construction).
- (e) Officers should not transmit on any equipment that produces radio frequency energy within 300 feet.
- (f) Consideration should be given to the possibility of evacuation if a device is located within a building.
- (g) An additional perimeter should be secured around any suspected device.
- (h) Officers should consider the ingress/egress of additional support personnel, such as paramedics and fire department personnel.
- (i) A search of the area should be conducted for secondary devices or other objects that are either hazardous or foreign to the area.

Pueblo Police Department

Policy Manual

Response to Bomb Calls

- (j) Explosive or military ordnance of any type should be handled only by bomb squad technicians.
- (k) When in doubt, call for assistance from the Bomb Squad.

416.3 EXPLOSION/BOMBING INCIDENTS

When an explosion has occurred, there are multiple considerations that may confront an officer. As in other catastrophic incidents, a rapid response will help to minimize such things as further injury to victims, contamination of the scene by gathering crowds, additional damage from resulting fires or unstable structures.

Whether the explosion was the result of an accident or a criminal act, the following concerns may confront the officer:

- Injury to victims
- Existence of additional or secondary devices
- First aid
- Evacuation of victims

416.3.1 NOTIFICATIONS

When an explosion has occurred, the following people shall be notified as soon as practicable if their assistance is needed:

- (a) Fire Department
- (b) Bomb Squad
- (c) Additional officers
- (d) Field supervisor
- (e) Watch Commander
- (f) Investigators
- (g) Identification Section
- (h) Colorado Bureau of Investigation (CBI)
- (i) Bureau of Alcohol, Tobacco, Firearms and Explosives (BATF)

416.3.2 CROWD CONTROL

Scene access should be restricted to those with a legitimate public safety purpose.

416.3.3 SCENE OF INCIDENT

As in any other crime scene, steps should immediately be taken to preserve the scene. The scene could extend over a wide area. Evidence may be imbedded in nearby structures or hanging in trees and bushes.

Response to Bomb Calls

416.4 BOMB THREATS AT POLICE FACILITY

This procedure shall be followed should a bomb threat be received at a police facility and a search initiated for a destructive device.

416.4.1 BOMB THREATS RECEIVED BY TELEPHONE

The following questions shall be asked if a call of a bomb threat is received at a police facility:

- When is the bomb going to explode?
- When did you place the bomb?
- What would cause the bomb to explode?
- Where is the bomb?
- What kind of bomb is it?
- What does it look like?
- Why did you place the bomb?
- Where are you?
- Who are you? To avoid possible termination of the call, this should be asked after the preceding questions.

Attempt to keep the caller on the line as long as possible and obtain expanded answers to these prior questions. During this time, document the following:

- Time of the call
- Exact words of the person as accurately as possible
- Estimated age and gender of the caller
- Speech patterns and/or accents
- Background noises

If the threat is received at a police facility on a recorded line, steps should be taken to ensure that the recording is preserved in accordance with current Department evidence procedures.

416.4.2 RESPONSIBILITIES

As soon as a bomb threat has been received, the Watch Commander will be advised and fully informed of the details. The Watch Commander will then direct and assign officers as required for coordinating a general building search or evacuation as deemed appropriate.

416.5 BOMB THREATS AT PUBLIC OR PRIVATE FACILITY

This procedure shall be followed should a bomb threat occur at a private facility or another public facility and the Department is informed of the threat.

416.5.1 BOMB THREAT RESPONSE OPTIONS

The options available to the person in charge of the facility are generally:

Response to Bomb Calls

- (a) No search and no evacuation.
- (b) Search without evacuation.
- (c) Evacuation without search.
- (d) Evacuation and search.

416.5.2 REQUEST FOR ASSISTANCE

Should the person in charge of the facility request assistance, the immediate supervisor shall be notified and will make the decision whether the Department renders assistance and to what level. Should the information and circumstances indicate a reasonably apparent imminent threat to safety, a more active approach, including law enforcement control over the facility, may be considered with the approval of the Watch Commander.

416.5.3 EVACUATION OR SEARCH ASSISTANCE

Should the immediate supervisor determine that the Department will assist in a bomb threat incident, he/she will determine:

- (a) The level of assistance.
- (b) The plan for assistance.
- (c) The appropriate support necessary.

Should the immediate supervisor determine that the Department will control a bomb threat incident, he/she shall consult with the Watch Commander before determining whether or not an evacuation and search will be conducted.

Considerations regarding the involvement of the facility staff in searching and evacuating is important. A search or evacuation can be difficult without a working familiarity of the facility. The person in charge of the facility should be made aware of the possibility of damage to the facility as a product of a search. The safety of all participants is the paramount concern.

Consideration for additional support resources should include notification and response, or standby notice, for fire, medical and ambulance.

416.5.4 BOMB THREATS AT A FEDERAL BUILDING OR PROPERTY

A bomb threat incident at a federal building or property shall be reported to the Federal Protective Service (877-437-7411). The Federal Protective Service will provide a uniformed police response, which may include use of its Explosive Detector Dog Teams.

Civil Commitments

418.1 PURPOSE AND SCOPE

This policy provides guidelines for when officers may place an individual under protective custody for civil commitment (CRS § 27-65-105).

418.2 POLICY

It is the policy of the Pueblo Police Department to protect the public and individuals through legal and appropriate use of the civil commitment process.

418.3 AUTHORITY

An officer who has probable cause to believe that a person is either gravely disabled or an imminent danger to him/herself or others may take the person into custody and transport him/her to a facility designated by the local mental health authority (Spanish Peaks Behavioral Health Centers) for a 72-hour treatment and evaluation (CRS § 27-65-105).

418.3.1 DETENTION

Detention of a person under this policy does not constitute an arrest. When a person is taken into custody, that person shall not be detained in a jail facility (i.e., Pueblo County Detention Center and Pueblo Youth Services Center) unless no other suitable place of confinement for treatment and evaluation is readily available (CRS § 27-65-105(2)(a)).

418.3.2 VOLUNTARY EVALUATION

If officers encounter an individual who may qualify for a civil commitment, they may inquire as to whether the person desires to voluntarily be evaluated at an appropriate facility. If the individual so desires, the officers should:

- (a) Transport the individual to an appropriate facility that is able to conduct the evaluation and admit the person pursuant to a voluntary application.
- (b) If at any point the individual changes his/her mind regarding voluntary evaluation, officers should proceed with the civil commitment, if appropriate.
- (c) Document the circumstances surrounding the individual's desire to pursue voluntary evaluation and/or admission.

418.4 CONSIDERATIONS AND RESPONSIBILITIES

Any officer handling a call involving an individual who may qualify for a civil commitment should consider, as time and circumstances reasonably permit:

- (a) Assistance from a Crisis Intervention Team member.
- (b) Available information that might assist in determining the cause and nature of the individual's action or stated intentions.
- (c) Community or neighborhood mediation services.

Civil Commitments

- (d) Conflict resolution and de-escalation techniques.
- (e) Community or other resources available to assist in dealing with mental health issues.

While these steps are encouraged, nothing in this section is intended to dissuade officers from taking reasonable action to ensure the safety of the officers and others.

Civil commitments should be preferred over arrest for people who have mental health issues and are suspected of committing minor crimes or creating other public safety issues.

418.5 TRANSPORTATION

When transporting any individual for a civil commitment, the transporting officer should have the Communications Center notify the receiving facility of the estimated time of arrival, the level of cooperation of the individual and whether any special medical care is needed.

Officers may transport individuals in a patrol unit and shall secure them in accordance with the Handcuffing and Restraints Policy. Should the detainee require transport in a medical transport vehicle and the safety of any person, including the detainee, requires the presence of an officer during the transport, supervisor notification is required before transport commences.

418.6 TRANSFER TO APPROPRIATE FACILITY

Upon arrival at the facility, the officer will escort the individual into a treatment area designated by a facility staff member. If the individual is not seeking treatment voluntarily, the officer should provide the staff member with the written application for a civil commitment and remain present to provide clarification of the grounds for detention, upon request.

Absent exigent circumstances, the transporting officer should not assist facility staff with the admission process, including restraint of the individual. However, if the individual is transported and delivered while restrained, the officer may assist with transferring the individual to facility restraints and will be available to assist during the admission process, if requested. Under normal circumstances, officers will not apply facility-ordered restraints.

418.7 DOCUMENTATION

The officer shall complete an application for emergency admission, provide it to the facility staff member assigned to that patient and retain a copy of the application for inclusion in the case report (CRS § 27-65-105).

The officer should also provide a verbal summary to any evaluating staff member regarding the circumstances leading to the involuntary detention.

418.8 CRIMINAL OFFENSES

Officers investigating an individual who is suspected of committing a minor criminal offense and who is being taken into custody for a civil commitment should resolve the criminal matter by issuing a warning or a citation, as appropriate.

Pueblo Police Department

Policy Manual

Civil Commitments

When an individual who may qualify for a civil commitment has committed a serious criminal offense that would normally result in an arrest and transfer to a jail facility, the officer should:

- (a) Arrest the individual when there is probable cause to do so.
- (b) Notify the appropriate supervisor of the facts supporting the arrest and the facts that would support the civil commitment.
- (c) Facilitate the individual's transfer to jail.
- (d) Thoroughly document in the related reports the circumstances that indicate the individual may qualify for a civil commitment.

In the supervisor's judgment, and upon concurrence of the Watch Commander, the individual may be arrested and transported directly to the appropriate mental health facility. The supervisor and the Watch Commander should consider the seriousness of the offense, the treatment options available, the ability of this department to regain custody of the individual, department resources (e.g., posting a guard) and other relevant factors in making this decision.

418.9 FIREARMS AND OTHER WEAPONS

Whenever an individual is taken into custody for a civil commitment, the handling officers should seek to determine if the individual owns or has access to any firearm or other deadly weapon. Officers should consider whether it is appropriate and consistent with current search and seizure law under the circumstances to seize any such firearms or other dangerous weapons (e.g., safekeeping, evidence, consent).

Officers are cautioned that a search warrant may be needed before seizing weapons or entering a residence or other place to search, unless lawful, warrantless entry has already been made (e.g., exigent circumstances, consent).

The handling officer should further advise the individual of the procedure for the return of any firearm or other weapon that has been taken into custody.

418.10 TRAINING

This department will endeavor to provide department-approved training on interaction with mentally disabled persons, civil commitments and crisis intervention.

Citation/Summons and Release Policy

420.1 PURPOSE AND SCOPE

State law permits law enforcement agencies to use citation/summons release or a penalty assessment notice procedure in lieu of taking a person into custody and before a judge for traffic, misdemeanor or petty offenses, with certain exceptions.

420.2 STATUTORY REQUIREMENTS

This department authorizes citation releases for certain traffic, misdemeanor or petty offenses. Release by citation with a promise to appear can be accomplished by issuing a notice to appear from a citation book or an electronic device (CRS § 16-3-105 and CRS § 42-4-1707).

In addition, for a Class 2 petty offense and certain parking violations, an officer may give the offender a penalty assessment notice and release the offender upon its terms (CRS § 16-2-201). The penalty assessment notice is required to be a summons and complaint containing:

- (a) The identification of the alleged offender.
- (b) Specifications of the offense and applicable fine.
- (c) A requirement that the offender pay the fine or appear to answer the charge at a specified time and place.
- (d) Other details that are reasonably necessary to meet the requirements of law.

420.2.1 DISCRETION TO ARREST

While this department recognizes the statutory power of peace officers to make arrests throughout the state, officers are encouraged to use sound discretion in the enforcement of the law. On-duty arrests will not generally be made outside the jurisdiction of this department, except in cases of hot or fresh pursuit, while following up on crimes committed within the City, when acting under a joint powers agreement or mutual aid agreement, or while assisting another agency. On-duty officers who discover criminal activity outside the jurisdiction of the City should, when circumstances reasonably permit, consider contacting the agency having primary jurisdiction before attempting an arrest.

Off-duty officers observing criminal activity should generally take enforcement action only when it reasonably appears that imminent risk to life or property exists and the reasonable opportunity does not exist to contact the law enforcement agency with primary jurisdiction. In such situations, the involved officer shall clearly identify him/herself as a police officer.

Officers are authorized to use verbal or written warnings in lieu of arrest or citation to resolve minor traffic and criminal violations when appropriate.

420.3 DEPARTMENT PROCEDURE

The following procedure will be followed to comply with the law.

Pueblo Police Department

Policy Manual

Citation/Summons and Release Policy

420.3.1 FIELD CITATIONS

Upon obtaining satisfactory identification and verifying that there are no outstanding warrants for the individual, officers may issue citations for misdemeanors and release subjects in the field. The officer may also release subjects who were taken into custody on a private person's arrest whenever appropriate (CRS § 16-3-105 and CRS § 42-4-1707).

420.3.2 JAIL RELEASE

In certain cases, it may be impracticable to release a person arrested for misdemeanor offenses in the field. The person arrested may instead be released after being held at the Pueblo Police Department temporary holding facility or the Pueblo County Detention Center (per the Center's policy).

420.3.3 PENALTY ASSESSMENTS

A decision to use the penalty assessment procedure shall be based upon circumstances which reasonably persuade the officer that the offender is likely or unlikely to comply with the terms of the penalty assessment notice (CRS § 16-2-201(1)).

420.4 JUVENILE CITATIONS

Completion of citations for juveniles is generally only appropriate for misdemeanor traffic violations and minor misdemeanor ordinance violations.

All misdemeanor violations for juveniles shall be documented with a case number. Cases not closed by citation should be referred to the Criminal Investigation Division, if necessary, for further investigation and diversion or forwarded to the prosecutor.

420.5 REQUESTING CASE NUMBERS

Many cases involving a criminal citation release can be handled without requesting a case number. Traffic situations and local code violations can be documented in a narrative field included with the citation. However, most state statute sections will require a case number to document the incident properly in a report. This section does not preclude an officer from requesting a case number if he/she feels the situation should be documented more thoroughly in a case report.

Diplomatic and Consular Contacts

422.1 PURPOSE AND SCOPE

The Vienna Convention on Consular Relations sets forth certain rights of foreign nationals from member countries when they are arrested, detained or imprisoned by law enforcement officials in this country. This policy provides direction to officers when considering a physical arrest or detention of a foreign national. All foreign service personnel shall be treated with respect and courtesy, regardless of the level of established immunity. As noted herein, the United States is a party to several bilateral agreements that obligate authorities to notify the consulate upon the person's detention, regardless of whether the detained person requests that his/her consulate be notified. The list of specific countries that the United States is obligated to notify can be found on the U.S. Department of State (DOS) website, <http://www.travel.state.gov>.

422.1.1 DEFINITIONS

Definitions related to this policy include:

Foreign national - Anyone who is not a citizen of the United States. A person with dual U.S. and foreign citizenship is not a foreign national.

Immunity- Refers to various protections and privileges extended to the employees of foreign governments who are present in the U.S. as official representatives of their home governments. These privileges are embodied in international law and are intended to ensure the efficient and effective performance of their official missions (i.e., embassies and consulates) in foreign countries. Proper respect for the immunity to which an individual is entitled is necessary to ensure that U.S. diplomatic relations are not jeopardized and to maintain reciprocal treatment of U.S. personnel abroad.

Although immunity may preclude U.S. courts from exercising jurisdiction, it is not intended to excuse unlawful activity. It is the policy of the DOS Office of Foreign Missions (OFM) that illegal acts by foreign service personnel should always be pursued through proper channels. The host country's right to protect its citizens supersedes immunity privileges. Peace officers may intervene to the extent necessary to prevent the endangerment of public safety or the commission of a serious crime, regardless of immunity claims.

422.2 ARREST OR DETENTION OF FOREIGN NATIONALS

Officers should take appropriate enforcement action for all violations observed, regardless of claims of diplomatic or consular immunity by violators. A person shall not, however, be subjected to in-custody arrest when diplomatic or consular immunity is claimed by the individual or suspected by the officer, and the officer has verified or reasonably suspects that the claim of immunity is valid.

422.3 LEVELS OF IMMUNITY

The specific degree of immunity afforded to foreign service personnel within the U.S. is directly related to their function and position in this country.

Pueblo Police Department

Policy Manual

Diplomatic and Consular Contacts

422.3.1 DIPLOMATIC AGENTS

Diplomatic agents (e.g., ambassadors and United Nations representatives) are afforded the highest levels of immunity. They are exempt from arrest or detention and are immune from all criminal (and most civil) prosecution by the host state. The family members of diplomatic agents enjoy these same immunities.

422.3.2 CONSULAR OFFICERS

Consular officers are the ranking members of consular posts, who perform various formal functions on behalf of their own governments. Typical titles include consul general, consul and vice consul. These officials are immune from arrest or detention, except pursuant to a felony warrant. They are only immune from criminal and civil prosecution arising from official acts. Official acts immunity must be raised as an affirmative defense in the court of jurisdiction, and its validity determined by the court. Under this defense, the prohibited act itself must have been performed as an official function. It is not sufficient that the consular agent was on-duty or in an official capacity at the time of the violation. The family members of consular officers generally enjoy no immunity. However, any family member who has a higher level of immunity is issued an identification card by DOS enumerating any privileges or immunities on the back of the card. Examples are consular officers and family members from Russia or China.

422.3.3 HONORARY CONSULS

Honorary consuls are part-time employees of the country they represent and are either permanent residents of the U.S. or U.S. nationals (unlike career consular officers, who are foreign nationals on temporary assignment to the U.S.). Honorary consuls may be arrested and detained. Limited immunity for official acts may be available as a subsequent defense. Family members have no immunity.

422.4 IDENTIFICATION

All diplomatic and consular personnel who are entitled to immunity are registered and issued distinctive identification cards by the DOS Protocol Office. These cards are the best means of identifying Foreign Service personnel. They include a photograph, identifying information, and on the reverse side, a brief description of the bearer's immunity status. These identification cards are not always promptly issued by DOS. In addition to the DOS identification card, Foreign Service personnel should have a driver's license issued by the DOS Diplomatic Motor Vehicle Office (DMVO), which in most circumstances replaces the operator's license issued by the state (22 USC § 4301).

422.4.1 VEHICLE REGISTRATION

Vehicles that are owned by foreign missions or Foreign Service personnel and their dependents are registered with DOS OFM, and display distinctive red, white and blue license plates. Vehicles assigned to diplomatic or consular officers will generally have license plates labels with the words "diplomat" or "consul." Vehicles owned by honorary consuls are not issued OFM license plates but may have Colorado license plates with an "honorary consul" label. A driver's identity or immunity status should not be presumed from the type of license plates displayed on the vehicle. The status

Diplomatic and Consular Contacts

of an OFM license plate should be run via the National Law Enforcement Telecommunications System (NLETS), designating "U.S." as the state, if the officer has reason to question the legitimate possession of the license plate.

422.5 ENFORCEMENT PROCEDURES

The following procedures provide a guideline for handling enforcement of foreign nationals.

422.5.1 CITABLE OFFENSES

An enforcement document shall be issued at the scene for all violations warranting such action, regardless of the violator's immunity status. The issuance of a citation is not considered an arrest or detention under current DOS guidelines. Whenever the equivalent of a notice to appear is issued to an immunity claimant, the following additional procedures shall be followed by the issuing officer:

- (a) Identification documents are to be requested of the claimant.
- (b) The title and country represented by the claimant are to be recorded in the narrative field of the notice to appear for later reference. Do not include this information on the face of the notice to appear.
- (c) Verified diplomatic agents and consular officers, including the staff and family members from countries with which the U.S. has special agreements, are not required to sign the notice to appear. The word "Refused" shall be entered in the signature box and the violator shall be released.
- (d) Claimants other than verified diplomatic agents and consular officers shall be requested to sign the notice to appear. If the claimant refuses, the identity and immunity status of the individual shall be conclusively established.
- (e) Verified consular staff members, excluding those from countries with which the U.S. has special agreements, are generally obligated to sign the notice to appear. But a signature shall not be required if the immunity status is uncertain.
- (f) All other claimants are subject to the provisions of policy and procedures outlined here.
- (g) The violator shall be provided with the appropriate copy of the notice to appear.

422.5.2 IN-CUSTODY ARRESTS

Diplomatic agents and consular officers are immune from arrest or detention unless they have no identification and the detention is to verify their diplomatic status. Proper identification of immunity claimants is imperative in potential in-custody situations. Claimants who are not entitled to immunity shall be placed in custody in accordance with the provisions outlined in this policy.

A subject who is placed under arrest and claims diplomatic or consular immunity shall not be physically restrained before verification of the claim, unless restraint is necessary for the protection of the officer or others. A supervisor shall be promptly notified and should respond to the scene when reasonably possible. Field verification of the claimant's identity is to be attempted as follows:

Pueblo Police Department

Policy Manual

Diplomatic and Consular Contacts

- (a) An identification card issued by the DOS Protocol Office is the only valid evidence of diplomatic or consular immunity. The following types of identification cards are issued: Diplomatic (blue bordered), Consular (red bordered) and Official (green bordered). The DOS identification cards are 3-3/4 inch by 1-1/2 inch and contain a photograph of the bearer.
- (b) Newly arrived members of diplomatic or consular missions may not yet have official DOS identity documents. Verify immunity by telephone with the DOS any time an individual claims immunity and cannot present satisfactory identification, if the officer has reason to doubt the claim of immunity, or there is a possibility of physical arrest. Department personnel should use the following numbers in order of preference:

Members of diplomatic or consular missions also may have other forms of identification. These include identification cards issued by the Colorado Consular Corps, local law enforcement agencies, the foreign embassy or consulate, a driver's license issued by DOS, and DOS license indicia on the vehicle. All these items are only an indication that the bearer may have some form of immunity.

Subjects verified through the above procedures as being officials entitled to immunity (diplomatic agent, consular officers and consular staff and family members from countries with which the U.S. has special agreements) may not be arrested. The procedures below shall be followed. These procedures should also be used in the event immunity cannot be verified but another form of identification indicates that immunity is probable.

If the release of the violator will not create an additional hazard, adequate information to properly identify the violator shall be obtained before the official is released. A supervisor's approval for the

Pueblo Police Department

Policy Manual

Diplomatic and Consular Contacts

release shall be obtained whenever reasonably possible. The necessary release documents and/or a Certificate of Release Form should only be issued under the proper conditions.

If the violator appears to have been driving while under the influence, field sobriety tests, including Preliminary Alcohol Screening (PAS) device tests and chemical tests should be offered and obtained whenever reasonably possible. However, these tests cannot be compelled. The subject shall not be permitted to drive. A supervisor's approval for release shall be obtained whenever reasonably possible and alternative transportation should be arranged.

All facts of the incident shall be documented in accordance with this policy in an Driving While Impaired (DWI) Arrest - Investigation Report, and/or any other relevant report form. Notwithstanding the field release of the subject, prosecution is still appropriate and should be pursued if the violator is either stopped or issued a notice to appear for a violation while operating a motor vehicle. The officer shall either complete a notice to appear or a written report documenting the incident.

This department shall then contact DOS as soon as practicable to verify the violator's status and immunity. Within five working days of the stop, this department shall send to the Bureau of Diplomatic Security, OFM of the DOS, a copy of the notice to appear and any collision or other written report documenting the incident. The DOS will take appropriate sanctions against errant Foreign Service personnel, even where prosecution is not undertaken by the Department.

422.6 TRAFFIC COLLISIONS

Persons involved in traffic collisions who possess a DOS OFM Diplomatic Driver License, issued by the DMVO, shall have "D" coded in the license "class" box of the Traffic Accident Report. The actual driver's license class (e.g., 1, 2, 3, or A, B, C, M) shall be entered in the miscellaneous box on page two of the traffic report. If subsequent prosecution of the claimant is anticipated, the claimant's title, country and type of identification presented should be recorded for future reference. Issuance of a citation to, or arrest of, an immunity claimant at the accident scene should be handled in accordance with the procedures specified in this policy.

422.6.1 VEHICLES

Vehicles which are owned by subjects with full immunity may not be searched, stored or impounded without the owner's permission. Such permission may be assumed if the vehicle has been stolen. These vehicles may, however, be towed the necessary distance to remove them from obstructing traffic or creating any other hazard.

422.6.2 REPORTS

A photocopy of each Traffic Accident Report involving an identified diplomat and/or immunity claimant shall be forwarded to the Office of the Chief of Police within 48 hours, regardless of whether the claim is verified. The words "Immunity Claim" shall be marked on the photocopy, together with a notation of the claimant's title, country and type of identification presented, if applicable. In addition to the report, a follow-up cover memorandum should be submitted if the violation was flagrant, if the claimant was uncooperative, or if there were any other unusual

Diplomatic and Consular Contacts

aspects of the enforcement contact that should be reported to DOS for further action. The Watch Commander/supervisor apprised of the incident/collision shall also send a copy of all documents and reports submitted by the investigating officer, along with any supervisor's notes, materials and/or logs, to the Chief of Police's office within 48 hours of the incident. The Chief of Police's office will check to ensure the notification of DOS and all necessary follow-up occurs.

422.7 FOREIGN NATIONALS WHO DO NOT CLAIM IMMUNITY

These policies and procedures apply to foreign nationals who do not claim diplomatic or consular immunity.

Officers shall arrest foreign nationals only under the following circumstances:

- (a) There is a valid warrant issued for the person's arrest.
- (b) There is probable cause to believe that the foreign national has violated a federal criminal law, a state law or a local ordinance.
- (c) Officers shall not arrest foreign nationals solely for alleged undocumented entry into the U.S. unless the undocumented entry is committed in the officer's presence.

After a lawful detention or criminal arrest, officers may detain foreign nationals solely for alleged undocumented presence in the U.S. if the U.S. Immigration and Customs Enforcement (ICE) is contacted and can respond to take custody within a reasonable time. Officers shall not arrest foreign nationals for undocumented presence. Federal courts have consistently held that undocumented presence is not a crime but a federal civil violation only enforceable by federal officers.

- Officers shall not stop or detain persons solely for determining immigration status.
- International treaty obligations provide for notification of foreign governments when foreign nationals are arrested or otherwise detained in the U.S.
- Whenever an officer arrests and incarcerates a foreign national or detains a foreign national for investigation for over two hours, the officer shall promptly advise the individual that he/she is entitled to have his/her government notified of the arrest or detention. If the individual wants his/her government notified, the officer shall begin the notification process.

422.7.1 ARREST PROCEDURE

Whenever an officer physically arrests or detains an individual for criminal investigation and the officer reasonably believes the person to be a foreign national, the officer shall inquire to determine the person's citizenship.

If the individual indicates that he/she is other than a U.S. citizen, the officer shall advise the individual that he/she has a right to have the nearest appropriate embassy or consulate notified of the arrest/detention (Vienna Convention on Consular Relations, Art. 36, (1969)).

Pueblo Police Department

Policy Manual

Diplomatic and Consular Contacts

If the individual requests such notification, the officer shall contact the Communications Center as soon as practicable and request the appropriate embassy/consulate be notified. Officers shall provide the Communications Center with the following information concerning the individual:

- Country of citizenship
- Full name of the individual, including paternal and maternal surname, if used
- Date of birth or age
- Current residence
- Time, date, place, location of incarceration/detention and the 24-hour telephone number of the place of detention, if the place of detention is different from the Department itself

If the individual claims citizenship of one of the countries for which notification of the consulate/embassy is mandatory, officers shall provide the Communications Center with the information above as soon as practicable, regardless of whether the individual desires that the embassy/consulate be notified. This procedure is critical because of treaty obligations with the particular countries. The list of countries and jurisdictions that require notification can be found on the DOS website, <http://www.travel.state.gov>.

422.7.2 DOCUMENTATION

Officers shall document on the face page and in the narrative of the appropriate arrest or investigation report the date and time the Communications Center was notified of the foreign national's arrest/detention and his/her claimed nationality.

Rapid Response And Deployment Policy

424.1 PURPOSE AND SCOPE

Violence in schools, workplaces and other locations by any individual or group of individuals presents a difficult situation for law enforcement. The purpose of this policy is to identify guidelines and factors that will assist officers in implementing rapid response and deployment to such situations.

424.2 POLICY

The policy of this department in dealing with a crisis situation shall be:

- (a) To obtain and maintain complete operative control of the incident.
- (b) To explore every reasonably available source of intelligence regarding the circumstances, location and suspect in the incident.
- (c) To attempt, by every means available, to attain any tactical advantage over the responsible individual.
- (d) To attempt, whenever practicable, a negotiated surrender of the suspect and release of the hostages through the expertise of the members of Crisis Negotiation Team and others.

Nothing in this policy shall preclude the use of necessary force, deadly or otherwise, by members of this department in protecting themselves or others from death or injury.

424.3 PROCEDURE

When violent acts by the suspect continue or lives are in imminent danger, a decision to advance on the suspect may be made by the officers at the scene. This decision should include the following considerations:

- (a) It is highly recommended that any advance on a suspect be made in teams of two or more officers. However, if an officer is alone, it is within his/her discretion whether to advance.
- (b) The development and implementation of immediate and planned tactics and communicating the plan to others in the field, the Communications Center and the supervisor.
- (c) The potential deployment of rifles, shotguns, shields, control devices and any other appropriate tools that will provide tactical advantage.

424.3.1 DECISION TO ADVANCE ON A SUSPECT

On-scene first responders shall make the decision whether to advance on the suspect. The multitude of variables in such a circumstance requires a rapid assessment of the situation and a decision as to the best tactics to implement and the timely action necessary to resolve the incident. The following factors individually and collectively should be considered in deciding whether to advance on a suspect:

- (a) The suspect's actions are or may be causing death or serious bodily injury.

Rapid Response And Deployment Policy

- (b) The incident is not contained and there continues to be an immediate risk of death or serious injury to law enforcement and others.
- (c) The suspect is in a position of advantage (e.g. barricaded in a room or building).
- (d) The suspect is armed and has displayed or threatened violence.
- (e) A hostage situation exists.
- (f) The suspect refuses to submit to arrest.

Examples of circumstances and possible decisions may include the following:

- If there is a barricaded suspect with no hostages, the officer should wait for additional assistance, including possible SWAT response, unless the incident is resolved in a timely manner.
- If there is a barricaded suspect with hostages and no harm done to the hostages, the officer should wait for additional assistance or SWAT response.
- If a suspect is actively engaged in the infliction of serious bodily harm or other life-threatening activity that may result in death to hostages or others in the area, the officer should take immediate action, if reasonably possible, to stop the threat presented by the suspect, while calling for additional assistance.

Reporting Law Enforcement Activity Outside of the Jurisdiction

426.1 PURPOSE AND SCOPE

This policy provides general guidelines for reporting law enforcement activity, while on- or off-duty, that is occurring outside the jurisdiction of the Pueblo Police Department.

426.1.1 ASSISTANCE TO AGENCIES OUTSIDE THE CITY

When an officer is on-duty and is requested by an outside agency to participate in law enforcement activity in another jurisdiction, he/she shall obtain prior approval from the immediate supervisor or the Watch Commander and shall respond to the request as outlined in the Mutual Aid and Outside Agency Assistance Policy. If the request is of an emergency nature, the officer shall notify the Communications Center before responding and thereafter notify a supervisor as soon as practicable.

426.1.2 LAW ENFORCEMENT ACTIVITY OUTSIDE THE CITY

Any on-duty officer who engages in self-initiated law enforcement activities of any type outside the immediate jurisdiction of the Pueblo Police Department that are not part of a mutual aid request shall notify his/her supervisor or the Watch Commander at the earliest possible opportunity. Any off-duty officer who engages in any law enforcement activities, regardless of jurisdiction, shall notify the Watch Commander as soon as reasonably practicable.

The supervisor shall determine if a case report or other documentation of the officer's activity is required. The report or other documentation shall be forwarded to the officer's Bureau Chief.

Immigration Violations

428.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines to employees of the Pueblo Police Department in reporting, investigating and enforcing immigration laws. It is incumbent upon all employees of this department to make a personal commitment to equal enforcement of the law and equal service to the public. Confidence in this commitment will increase the effectiveness of the Department in protecting and serving the entire community and recognizing the dignity of all persons, regardless of their immigration status.

428.2 PUEBLO POLICE DEPARTMENT IMMIGRATION VIOLATION POLICY

The U.S. Immigration and Customs Enforcement (ICE) has primary jurisdiction for enforcement of the provisions of Title 8, United States Code (USC) dealing with illegal entry. When assisting ICE at its specific request, or when suspected criminal violations are discovered as a result of inquiry or investigation based on probable cause originating from activities other than the isolated violations of Title 8, USC §§ 1304, 1324, 1325 and 1326, this department may assist in the enforcement of federal immigration laws.

428.3 PROCEDURES FOR IMMIGRATION COMPLAINTS

Persons wishing to report immigration violations should be referred to the local office of ICE. The Employer Sanction Unit of ICE has primary jurisdiction for enforcement of Title 8, USC.

428.3.1 BASIS FOR CONTACT

Officers must make legitimate contact with and have reasonable suspicion that an individual is an undocumented alien prior to investigating immigration status. The fact that an individual is suspected of being an undocumented alien should generally not be the sole basis for contact, detention or arrest.

428.3.2 SWEEPS

The Pueblo Police Department does not independently conduct sweeps or other concentrated efforts to detain suspected undocumented aliens.

When enforcement efforts are increased in a particular area, equal consideration should be given to all suspected violations and not just those affecting a particular race, ethnicity, age, gender, sexual orientation, religion, socioeconomic status or other group.

The disposition of each contact (e.g., warning, citation or arrest), while discretionary in each case, should not be affected by such factors as race, ethnicity, age, gender, sexual orientation, religion or socioeconomic status.

428.3.3 IDENTIFICATION

Whenever an individual is reasonably suspected of a criminal violation (e.g., infraction, misdemeanor or felony), the investigating officer should take reasonable steps to determine the

Pueblo Police Department

Policy Manual

Immigration Violations

individual's identity through valid identification or other reliable sources. If an individual would have otherwise been released for an infraction or misdemeanor on a citation, the person should be taken to the station and given a reasonable opportunity to verify his/her true identity (e.g., telephone calls). If the person's identity is thereafter reasonably established, the original citation release should be completed without consideration of immigration status.

428.3.4 ARRESTS

If the officer intends to take enforcement action and the individual is unable to reasonably establish his/her true identity, the officer may take the person into custody on the suspected criminal violation if there is a substantial likelihood that the individual will not show up at a later date. A field supervisor shall approve all such arrests.

428.3.5 BOOKING

If there is a substantial likelihood that a person will not show up at a later date because he/she cannot reasonably establish his/her true identity, the individual may, upon approval of a supervisor, be booked into jail for the suspected criminal violation and held for bail.

428.3.6 DETENTION

A person detained exclusively for a traffic violation or misdemeanor should not be detained longer than necessary for the purpose of establishing his/her true identity.

428.4 CONSIDERATIONS PRIOR TO REPORTING TO ICE

The Pueblo Police Department is concerned for the safety of local citizens and thus detection of criminal behavior is of primary interest in dealing with any persons. The decision to arrest shall be based upon those factors which establish probable cause and not on arbitrary aspects. Race, ethnicity, age, gender, sexual orientation, religion and socioeconomic status alone are of no bearing on the decision to arrest.

All individuals, regardless of their immigration status, must feel secure that contacting law enforcement will not make them vulnerable to deportation. Members of this Department should not attempt to determine the immigration status of crime victims and witnesses or take enforcement action against them absent exigent circumstances or reasonable cause to believe that a crime victim or witness is involved in violating criminal laws. Generally, if an officer suspects that a victim or witness is an undocumented immigrant, the officer need not report the person to ICE unless circumstances indicate such reporting is reasonably necessary.

Nothing in this policy is intended to restrict officers from exchanging legitimate law enforcement information or otherwise abrogate the duty to cooperate with federal, state or local government entities (8 USC § 1373; 8 USC § 1644).

428.4.1 U-VISA/T-VISA NON-IMMIGRANT STATUS

Under certain circumstances, federal law allows temporary immigration benefits to victims and witnesses of certain qualifying crimes (8 USC § 1101(a)(15)(U and T)). A declaration/certification for a U-Visa/T-Visa from the U.S. Citizenship and Immigration Services may be completed on

Pueblo Police Department

Policy Manual

Immigration Violations

the appropriate U.S. Department of Homeland Security (DHS) Form supplements (I-918 or I-914) by law enforcement and must include information on how the individual can assist in a criminal investigation or prosecution in order for a U-Visa/T-Visa to be issued.

Any request for assistance in applying for U-Visa/T-Visa status should be forwarded in a timely manner to the Criminal Investigation Division supervisor assigned to supervise the handling of any related case. The Criminal Investigation Division supervisor should do the following:

- (a) Consult with the assigned detective to determine the current status of any related case and whether further documentation is warranted.
- (b) Review the instructions for completing the declaration/certification if necessary. Instructions for completing Form I-918/I-914 may be found on the U.S. DHS website.
- (c) Contact the appropriate prosecutor assigned to the case, if applicable, to ensure the declaration/certification has not already been completed and whether a declaration/certification is warranted.
- (d) Make a documented recommendation and forward to the Chief of Police in a timely manner for a final determination.
- (e) Based on the decision made by the Chief of Police, either complete or not complete the declaration/certification.
- (f) Ensure that any decision to complete or not complete the form is documented in the case file and forwarded to the appropriate prosecutor. Include a copy of any completed certification in the case file.

Requests for Assistance From Bail Bondsmen

429.1 PURPOSE AND SCOPE

At times, the Pueblo Police Department is called upon to assist bondsmen in what they may consider to be their civil authority to enter into a private residence and seize a wanted person. A police presence, whether to keep the peace or serve as an active participant, can place the Department in situations of potential liability. The purpose of this policy is to delineate the Department's role and responsibilities in these situations.

429.2 COMMUNICATIONS CENTER RESPONSIBILITIES

Call takers who receive non-emergency calls from bondsmen, wanting to effect the arrest of a wanted person, shall ask the reporting person to verify that there is an active court ordered warrant for the person for which they are looking. If there is no court ordered warrant, the Pueblo Police Department will not respond. The Pueblo Police Department will only respond when the bondsmen can present a stamped, verified copy of the warrant to the officers upon their arrival.

429.3 OFFICER RESPONSIBILITIES

Officers who respond to calls where a bondsman wants to contact and arrest a party are to first view the verified copy of the warrant and then confirm, through normal procedures, that there is an active court ordered warrant for the person being sought by the bondsman. When it has been confirmed that an active warrant exists, officers shall ask the bondsman to remain away from the contact site. Once a police presence has been made, only officers are to approach the site and attempt to contact the wanted person. The bondsman may remain on public property near the contact location. Once officers have made contact and arrested the wanted person, only the officers are to transport the prisoner to the Pueblo County Detention Center for processing. A search warrant is required to enter into a third party residence if officers are not invited in by a person living at that residence.

Emergency Utility Service

430.1 PURPOSE AND SCOPE

The City Public Works Department has personnel available to handle emergency calls 24 hours a day, seven days a week. Calls for service during non-business hours are directed to the Police Department. Requests for such service received by this department should be handled in the following manner.

430.1.1 BROKEN WATER LINES

The City's responsibility ends at the water meter. Any break or malfunction in the water system from the water meter to the citizen's residence or business is the customer's responsibility. Public Works can only turn off the valve at the meter. The citizen can normally accomplish this.

If a break occurs on the City side of the meter, emergency personnel should be called as soon as practicable by the Communications Center.

430.1.2 ELECTRICAL LINES

City Public Works does not maintain electrical lines to street light poles. When a power line poses a hazard, an officer should be dispatched to protect against personal injury or property damage that might be caused by power lines. The Communications Center should ensure that the proper maintenance utility company is promptly notified, as appropriate.

430.1.3 FLOODING AND DRAINAGE EMERGENCIES

Public Works maintains public water equipment, such as the automated drainage pump station at West 29th Street and Frontage Road. When said pump is activated in response to flooding, a message is automatically sent to the Communications Center. Upon receipt of such a message, the Communications Center will notify Public Works and dispatch officers to the scene to protect the public. Should an entity other than Public Works, such as a utility company, be responsible for the water/equipment emergency, Communications Center will notify the responsible entity and dispatch officers as needed.

430.1.4 EMERGENCY NUMBERS

A current list of emergency personnel who are to be called for municipal utility emergencies will be maintained by the Communications Center.

430.2 TRAFFIC SIGNAL MAINTENANCE

The Public Works Department provides maintenance for all traffic signals within the City, other than those maintained by the Colorado Department of Transportation (CDOT).

430.2.1 OFFICER'S RESPONSIBILITIES

Upon observing a damaged or malfunctioning signal, the officer will advise the Communications Center of the location and problem with the signal. The dispatcher should make the necessary notification to the proper maintenance agency.

Patrol Rifles

432.1 PURPOSE AND SCOPE

To more effectively and accurately address the increasing level of firepower and body armor utilized by criminal suspects, the Pueblo Police Department will authorize qualified department members to carry patrol rifles as an additional and more immediate tactical resource.

432.2 PATROL RIFLE

432.2.1 DEFINITIONS

Definitions related to this policy include:

Patrol rifle - An authorized weapon, owned by individual department members, which properly trained and qualified officers are allowed to carry as a supplemental resource to their duty handgun and shotgun.

432.3 SPECIFICATIONS

Only weapons and ammunition that meet agency authorized specifications may be used by officers in their law enforcement responsibilities. The patrol rifle authorized for use by qualified department members is the authorized carbine, as outlined in the Firearms and Qualification Policy.

432.4 RIFLE MAINTENANCE

- (a) Officers are responsible for the care and maintenance of their patrol rifles.
- (b) Officers shall inspect their patrol rifles at the start of each tour of duty to ensure that their patrol rifles are in sound operational condition.
- (c) Patrol rifles are subject to inspection in accordance with the Firearms and Qualification Policy and the Inspection Policy.
- (d) Modifications to patrol rifles shall be in accordance with the Firearms and Qualification Policy.

432.5 TRAINING

Officers shall not carry or utilize the patrol rifle unless they have successfully completed department-approved training and demonstrated proficiency by meeting qualification standards with the weapon. The training shall consist of an initial eight-hour patrol rifle user's course with a certified patrol rifle instructor. Ammunition for the training course and qualification shall be provided by, and paid for by the officer requesting to carry the weapon. Officers shall thereafter be required to successfully complete semi-annual firearms proficiency qualification in accordance with the Firearms and Qualification Policy.

Patrol Rifles

432.6 DEPLOYMENT OF THE PATROL RIFLE

Officers may deploy the patrol rifle in any circumstance where the officer can articulate a reasonable expectation that the rifle may be needed. Examples of some general guidelines for deploying the patrol rifle may include, but are not limited to:

- (a) Situations where the officer reasonably anticipates an armed encounter.
- (b) When an officer is faced with a situation that may require the delivery of accurate and effective fire at long range.
- (c) Situations where an officer reasonably expects the need to meet or exceed a suspect's firepower.
- (d) When an officer reasonably believes that there may be a need to deliver fire on a barricaded person or a person with a hostage.
- (e) When an officer reasonably believes that a suspect may be wearing body armor.
- (f) When authorized or requested by a supervisor.
- (g) When appropriate to aid in the dispatch of an animal.

432.7 DISCHARGE OF THE PATROL RIFLE

The discharge of the patrol rifle shall be governed by the Use of Force Policy and the Duty Firearms Policy.

432.8 PATROL READY

Any qualified officer carrying a patrol rifle in the field shall maintain the weapon in a patrol ready condition until deployed. A rifle is considered in a patrol ready condition when it has been inspected by the assigned officer, the fire selector switch is in the safe position, the chamber is empty and a fully loaded magazine is inserted into the magazine well.

432.9 RIFLE STORAGE

In-service patrol rifles shall be carried in a protective case, in a patrol ready condition, and secured in the trunk of the police car or in a rifle lock in the passenger compartment if the vehicle is so equipped. Patrol rifles shall not be carried in the shotgun lock in the passenger compartment of the car. When not in service, patrol rifles stored at the Department shall be secured in a locked area (e.g., locker).

Aircraft Crashes

434.1 PURPOSE AND SCOPE

This policy describes situations involving aircraft crashes and the responsibilities of personnel, making proper notification and documentation.

434.2 RESPONSIBILITIES

In the event of an air crash, the employee responsibilities are as follows.

434.2.1 OFFICER RESPONSIBILITIES

Officers should treat an aircraft crash site as a crime scene until it is determined that such is not the case. Be aware that hazardous materials and hazardous conditions may be present. If a military aircraft is involved, additional dangers such as live ordnance may be present and the scene may require additional security due to the potential presence of confidential equipment or information.

The duties of the field officer at the scene of an aircraft crash include the following:

- (a) Determine the extent of the crash.
- (b) Request additional personnel and other resources to respond as needed.
- (c) Provide assistance for the injured parties until the arrival of the Fire Department personnel and/or other emergency personnel.
- (d) Cordon off and contain the area to exclude unauthorized individuals as soon as practicable.
- (e) Provide traffic and crowd control and other assistance until directed otherwise by a supervisor.
- (f) Ensure the Coroner's Office is notified if a death occurs.
- (g) Consider implementation of Incident Command System (ICS).

Entering an aircraft or tampering with parts or debris is only permissible for the purpose of removing injured or trapped occupants, protecting the wreckage from further damage or protecting the public from danger. If reasonably possible, the investigating authority should first be consulted before entering or moving any aircraft or any crash debris. Photographs or sketches of the original positions should be made whenever practicable.

The Fire Department will be responsible for control of the crash scene until the injured parties are cared for and the crash scene has been rendered safe for containment. Thereafter, police personnel will be responsible for preserving the scene until relieved by the investigating authority.

Once the scene is relinquished to the investigating authority, personnel from this agency may assist in containment of the scene until the investigation is completed or assistance is no longer needed.

Local aviation professionals may respond to the scene to assist the Incident Commander with technical expertise, should it be needed during the operation.

Aircraft Crashes

434.2.2 NATIONAL TRANSPORTATION SAFETY BOARD

The National Transportation Safety Board (NTSB) has the primary responsibility for investigating crashes involving civil aircraft. In the case of a military aircraft incident, the appropriate branch of the military will be involved in the investigation. The NTSB is concerned with several aspects of a crash as described in this section.

Every effort should be made to preserve the scene to the extent reasonably possible in the condition in which it was found until such time as the NTSB or other authorized personnel arrive to take charge of the scene.

Military personnel will respond to take charge of any military aircraft involved, regardless of any injury or death.

If the crash did not result in a death or injury and the NTSB elects not to respond, the pilot or owner may assume control of the aircraft.

Removal of the wreckage shall be done under the guidance of the NTSB or military authorities. If the NTSB is not responding for an on-site investigation, it will be removed at the discretion of the pilot or the owner.

434.2.3 THE COMMUNICATIONS CENTER RESPONSIBILITIES

Dispatchers are responsible to make notifications as directed once an aircraft crash has been reported. The notifications will vary depending on the type of crash, extent of injuries or damage and the type of aircraft involved. Generally, the dispatcher will need to notify the following agencies or individuals when an aircraft crash has occurred.

- (a) Fire Department
- (b) The affected airport tower
- (c) Closest military base if a military aircraft is involved
- (d) Ambulances or other assistance as required

When an aircraft crash is reported to the Police Department by the airport tower personnel, the dispatcher receiving such information should verify that the tower personnel will contact the Colorado Department of Transportation Division of Aeronautics, Federal Aviation Administration (FAA) Flight Standards District Office and the National Transportation Safety Board (NTSB). In the event that airport personnel are not involved, the dispatcher should notify the Colorado Department of Transportation Division of Aeronautics, the FAA and the NTSB.

434.2.4 RECORDS MANAGER RESPONSIBILITIES

The Records Manager is responsible for the following:

- (a) Forwarding and maintaining an approved copy of the report to the Colorado Department of Transportation Division of Aeronautics.
- (b) Forwarding a copy of the report to the manager of the affected airport.

Pueblo Police Department

Policy Manual

Aircraft Crashes

434.2.5 HIGHEST RANKING OFFICER ON SCENE RESPONSIBILITIES

The Police Department Highest Ranking Officer On Scene is responsible for the following:

- (a) Obtaining information for a press release.
- (b) When practicable, the Department Highest Ranking Officer On Scene should coordinate with the FAA Press Information Officer on preparing a press release and distributing it to the media.

Information released to the press regarding any aircraft crash should be handled by the Department Highest Ranking Officer On Scene or in accordance with existing policy.

434.3 DOCUMENTATION

Any aircraft crash within the City, regardless of whether injuries or deaths occur, shall be documented.

Police Training Officer Program

436.1 PURPOSE AND SCOPE

The Police Training Officer (PTO) Program is intended to provide a standardized program to facilitate the officer's transition from the academic setting to the actual performance of general law enforcement duties of the Pueblo Police Department.

It is the policy of this department to assign all new police officers to the PTO Program, which is designed to prepare the new officer to perform in a patrol assignment and to acquire all of the skills needed to operate in a safe, productive and professional manner.

436.2 FIELD TRAINING OFFICER

The Field Training Officer (FTO), referred to as the Police Training Officer in the PTO Program, is an experienced officer trained in the art of supervising, training and evaluating entry level and lateral police officers in the application of their previously acquired knowledge and skills.

436.2.1 SELECTION PROCESS

FTOs will be selected based on an evaluation of the following:

- (a) Desire to be an FTO
- (b) Years of patrol experience
- (c) Demonstrated ability as a positive role model
- (d) Evaluation by supervisors and current FTOs

In addition to being strong performers, FTO candidates must possess a Colorado Peace Officer Standards and Training (POST) Basic Certificate.

436.2.2 TRAINING

An officer selected as an FTO shall successfully complete basic 40-hour PTO Program training prior to being assigned as an FTO.

436.3 FIELD TRAINING OFFICER PROGRAM SUPERVISOR

The PTO Program will be managed and supervised by the PTO Program administrator and various PTO Program supervisors, respectively.

436.3.1 PATROL TRAINING OFFICER PROGRAM ADMINISTRATOR

The PTO Program administrator will be selected from the rank of captain by the Operations Bureau Chief and shall complete the 40-hour PTO Program training within one year of appointment to this position. The PTO Program administrator will be responsible for the management of the entire program.

Pueblo Police Department

Policy Manual

Police Training Officer Program

436.3.2 PATROL TRAINING PROGRAM SUPERVISORS

Each shift to which recruits may be assigned shall be staffed by a minimum of one PTO Program supervisor, who shall be responsible for the following:

- (a) Assign trainees to FTOs.
- (b) Conduct PTO meetings with the PTO Program administrator and FTOs.
- (c) Ensure trainee performance evaluations are completed and maintain such records.
- (d) Issue the Pueblo Police Department PTO Manual to each trainee.
- (e) Work with PTO Program administrator, other PTO Program supervisors and FTOs to update and maintain the PTO Manual.
- (f) Monitor individual FTO performance.
- (g) Maintain liaison with academy staff on recruit performance during the academy.

A sergeant selected as a PTO Program supervisor shall successfully complete basic 40-hour PTO Program training prior to being assigned as a PTO Program supervisor.

436.4 TRAINEE DEFINED

Trainee - Any entry level or lateral police officer newly appointed to the Pueblo Police Department, who has successfully completed a POST-approved basic academy and possesses a Colorado POST Basic Certificate within one year of commencing employment as a peace officer.

436.5 REQUIRED TRAINING

Entry level officers shall be required to successfully complete the Police Training Officer Program.

The required training will take place on at least two different shifts, including rotation between FTOs consistent with PTO Program guidelines.

436.5.1 FIELD TRAINING MANUAL

Each new officer will be issued a Pueblo Police Department PTO Manual at the beginning of his/her training. This manual is an outline of the subject matter and skills necessary to properly function as an officer with the Pueblo Police Department. The officer shall become knowledgeable of the subject matter as outlined. He/she shall also become proficient with those skills as set forth in the manual.

The PTO Manual will specifically cover the program processes and guidelines, but shall not be considered inclusive of the policies, procedures, rules and regulations of the Pueblo Police Department.

436.6 EVALUATIONS

Evaluations are an important component of the training process and shall be completed in accordance with the guidelines set forth in the Pueblo Police Department PTO Manual.

Pueblo Police Department

Policy Manual

Police Training Officer Program

436.7 DOCUMENTATION

All documentation of the Police Training Officer Program will be retained in the officer's training files, including, at a minimum, evaluations and a Certificate of Completion, certifying that the trainee has successfully completed the required number of hours of field training.

Detentions, Contacts and Photographing Detainees

440.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for conducting field interviews (FI) and pat-down searches, and the taking and retention of photographs of persons detained in the field but not arrested. Due to a variety of situations confronting the officer, the decision to FI or photograph a field detainee shall be left to the discretion of the involved officer based on the totality of the circumstances available at the time of the detention.

440.2 DEFINITIONS

Definitions related to this policy include:

Detention - Occurs when an officer intentionally, through words, actions or physical force causes an individual to reasonably believe he/she is being required to restrict his/her movement. Detentions also occur when an officer actually restrains a person's freedom of movement.

Consensual encounter - Occurs when an officer contacts an individual but does not create a detention through words, actions or other means. In other words, a reasonable individual would believe that his/her contact with the officer is voluntary.

Consensual search - A search performed by an officer following the voluntary consent of the person being searched, or the person having control of the place or item being searched.

Field Interview (FI) - The brief detainment of an individual, whether on foot or in a vehicle, based on reasonable suspicion for the purpose of determining the individual's identity and resolving the officer's suspicions.

Field photographs - Posed photographs taken of a person during a contact, detention or arrest in the field. Undercover surveillance photographs of an individual and recordings captured by the normal operation of a Mobile Video Recorder (MAV) system when persons are not posed for the purpose of photographing are not considered field photographs.

Pat-down search - This type of search is used by officers in the field to check an individual for weapons. It involves a thorough patting down of clothing to locate any weapons or dangerous items that could pose a danger to the officer, the detainee or others.

Reasonable suspicion - Occurs when, under the totality of the circumstances, an officer has articulable facts that criminal activity may be afoot and a particular person is connected with that possible criminal activity.

440.3 FIELD INTERVIEWS

Officers may stop individuals for the purpose of conducting an FI where reasonable suspicion is present. In justifying the stop, the officer should be able to point to specific facts which, when

Pueblo Police Department

Policy Manual

Detentions, Contacts and Photographing Detainees

taken together with rational inferences, reasonably warrant the stop. Such facts include, but are not limited to:

- (a) The appearance or demeanor of an individual that suggests he/she is part of a criminal enterprise or is engaged in a criminal act.
- (b) The actions of the suspect that suggest he/she is engaged in a criminal activity.
- (c) Whether the hour of day or night is inappropriate for the suspect's presence in the area.
- (d) The suspect's presence in the particular area is suspicious.
- (e) The suspect is carrying a suspicious object.
- (f) The suspect's clothing bulges in a manner that suggests he/she is carrying a weapon.
- (g) The suspect is located in proximate time and place to an alleged crime.
- (h) The officer has knowledge of the suspect's prior criminal record or involvement in criminal activity.

440.3.1 INITIATING A FIELD INTERVIEW

Based on observance of suspicious circumstances or upon information from investigation, an officer may initiate the stop of a person when there is articulable, reasonable suspicion to do so. A person, however, should not be detained longer than is reasonably necessary to resolve the officer's suspicions.

Nothing in this policy is intended to discourage consensual contacts. Frequent and random casual contacts with consenting individuals is encouraged by the Pueblo Police Department to strengthen community involvement, community awareness and problem identification.

440.3.2 WITNESS IDENTIFICATION AND INTERVIEWS

Because potential witnesses to an incident may be lost or the integrity of their statements compromised with the passage of time, officers should, when warranted by the seriousness of the case, take reasonable steps to promptly coordinate with an on-scene supervisor and/or criminal investigator to utilize available personnel for the following:

- (a) Identifying all persons present at the scene and in the immediate area.
 - 1. When feasible, a recorded statement should be obtained from those persons who claim not to have witnessed the incident but who were present at the time it occurred.
 - 2. Any potential witness who is unwilling or unable to remain available for a formal interview should not be detained absent reasonable suspicion to detain or probable cause to arrest. Without detaining the individual for the sole purpose of identification, officers should attempt to identify the witness prior to his/her departure.
- (b) Witnesses who are willing to provide a formal interview should be asked to meet at a suitable location where criminal investigators may obtain a recorded statement. Such witnesses, if willing, may be transported by department personnel.

Pueblo Police Department

Policy Manual

Detentions, Contacts and Photographing Detainees

1. A written, verbal or recorded statement of consent should be obtained prior to transporting a witness in a Department vehicle. When the witness is a minor, consent should be obtained from the parent or guardian, if available, prior to transport.

440.3.3 DURATION OF DETENTION

A subject may be detained to conduct an FI only for the period reasonably necessary to determine the individual's identity and resolve the officer's suspicions. The interview should not extend beyond the immediate vicinity of the place of detention unless the detainee is arrested or further steps are required to verify identification.

440.4 CONSENSUAL SEARCHES

An officer may conduct a consensual search of a person who is not under arrest, and any effects of the person or a vehicle as follows (CRS § 16-3-310):

- (a) The person has apparent or actual authority to provide permission to search the vehicle or effects, if any.
- (b) The person is informed that he/she is being asked to voluntarily consent to a search.
- (c) The person is informed that he/she has the right to refuse the request to search.
- (d) The person voluntarily provides consent.

When asking for consent, officers should explain the scope of the search. Officers should stop a consent search if the person withdraws consent.

Officers should, whenever practicable, obtain written consent. If written consent is not possible, the officer should record any verbal consent.

440.5 PAT-DOWN SEARCHES

A pat-down search of a detained subject may be conducted whenever an officer reasonably believes the person may possess an object that can be utilized as an offensive weapon or whenever the officer has a reasonable fear for his/her own safety or the safety of others. Circumstances that may establish justification for performing a pat-down search include, but are not limited to, the following (see also CRS § 16-3-103(2)):

- (a) The type of crime suspected, particularly in crimes of violence where the use or threat of weapons is involved.
- (b) Where more than one suspect must be handled by a single officer.
- (c) The hour of the day and the location or area where the stop takes place.
- (d) Prior knowledge of the suspect's use of force and/or propensity to carry weapons.
- (e) The appearance and demeanor of the suspect.
- (f) Visual indications that suggest the suspect is carrying a firearm or other weapon.

Detentions, Contacts and Photographing Detainees

(g) The age and gender of the suspect.

When reasonably possible, pat-down searches should be performed by officers of the same gender as the suspect.

440.6 FIELD PHOTOGRAPHS

Whenever a field photograph is taken, the nature and circumstances of the contact shall be documented in the associated report. If a case number is not generated, a field interview module entry (FI record) shall be completed documenting said information. All detainee photographs must be adequately labeled (i.e., attached to the correct name) in the computer name database.

All available databases should be searched before photographing any field detainee. If a photograph is not located, or if an existing photograph no longer resembles the detainee, the officer shall carefully consider, among other things, the factors listed below.

440.6.1 FIELD PHOTOGRAPHS TAKEN WITH CONSENT

Field photographs may be taken when the subject of the photograph knowingly and voluntarily gives consent. Such consent should be documented in an associated FI record or report.

440.6.2 FIELD PHOTOGRAPHS TAKEN WITHOUT CONSENT

Field photographs may be taken without consent only if they are taken during a detention that is based upon reasonable suspicion of criminal activity, and the photograph serves a legitimate law enforcement purpose related to the detention. The officer must be able to articulate facts that reasonably indicate that the subject was involved in or was about to become involved in criminal conduct.

If, prior to taking a photograph, the officer's reasonable suspicion of criminal activity has been dispelled, the detention must cease and the photograph should not be taken.

The immediate supervisor should be notified when non-consensual photographs are taken under these circumstances. All field photographs and related reports shall be retained in compliance with this policy.

The provisions set forth in this section do not apply to non-consensual photographs taken for evidentiary purposes as part of criminal investigations. All photographs taken for evidentiary purposes shall be handled in accordance with established policies and procedures governing evidence collection, retention, release and disposition.

440.7 SUPERVISOR RESPONSIBILITIES

While it is recognized that field photographs often become valuable investigative tools, supervisors should monitor such practices in view of the above listed considerations. This is not to imply that supervisor approval is required before each photograph is taken. Access to, and use of, field photographs shall be strictly limited to law enforcement purposes.

440.8 DISPOSITION OF PHOTOGRAPHS

Photographs taken as evidence in criminal investigations shall be handled in accordance with established policies and procedures governing evidence collection, retention, release and disposition. Photographs that are not evidence in an investigation with an assigned case number will be purged in compliance with the procedures set forth in Section 440.8.1.

When uploading a photograph into the computer name database, officers must use the check box to indicate whether or not the photograph is appropriate for use in photo lineups. Upon being uploaded into the computer name database and identified as appropriate for use in photo lineups, said photographs may then be used in photo lineups by other members of the Department in separate investigations.

When a photograph is taken in association with a particular case, the investigator may use such photograph in a photo lineup. Thereafter, the individual photograph should be retained as a part of the case file.

When a photograph of a child is taken in association with a particular case, before filing a complaint regarding the offense, the photograph may only be used in the investigation of the original offense and may only be released to the court.

440.8.1 PURGING THE FIELD PHOTOGRAPH/FI CARD FILE

The Records Manager will be responsible for ensuring that photographs maintained by the computer database that are more than one year old and no longer serve a law enforcement purpose shall be purged and disposed in compliance with the established records retention schedule. No record may be destroyed unless it is done in compliance with such a schedule or as ordered by a court or pursuant to other applicable statute. Photographs that continue to serve a law enforcement purpose may be retained longer than one year, such as photographs maintained in a criminal gang intelligence database, provided that a notation of that fact is added to the file for each additional year they are retained. Access to the field photograph/FI record shall be strictly limited to law enforcement purposes and personnel.

A photograph need not be purged but may be retained as an updated photograph if it replaces a pre-existing booking photograph.

440.9 PHOTO REVIEW POLICY

Any person who has been the subject of a field photograph or an FI by this department during any contact other than an arrest may file a written request within 30 days of the contact, requesting a review of the status of the photograph or FI. The request shall be directed to the Chief of Police, who will ensure that the status of the photograph or FI is properly reviewed according to this policy as described below. Upon a verbal request, the Department shall send a request form to the requesting party along with a copy of this policy.

Pueblo Police Department

Policy Manual

Detentions, Contacts and Photographing Detainees

440.9.1 REVIEW PROCESS

Upon receipt of such a written request, the Chief of Police or the authorized designee will permit the individual to appear in person. Any minor must be accompanied by a parent or legal guardian for a review of the status of the photograph/FI record.

Such a meeting will generally be scheduled during regular business hours within 30 days of the receipt of the written request. An extension of the 30-day limit may be made either upon the mutual convenience of the parties or if, at the discretion of the Chief of Police, there appears to be an ongoing legitimate law enforcement interest which warrants a delay. If the delay could jeopardize an ongoing investigation, nothing in this policy shall require the Chief of Police to disclose the reason for the delay.

A meeting for the review of the status of any non-arrest photograph/FI record is not intended to be a formal hearing, but simply an informal opportunity for the individual to meet with the Chief of Police or the authorized designee to discuss the matter.

After carefully considering the information available, the Chief of Police or the authorized designee will determine, generally within 30 days of the original meeting, whether the photograph/FI record was obtained in accordance with existing law and Pueblo Police Department policy and, even if properly obtained, whether there is any ongoing legitimate law enforcement interest in retaining the photograph/FI record.

If the Chief of Police or the authorized designee determines that the photograph/FI record was obtained in accordance with existing law and Department policy and that there is an ongoing legitimate law enforcement interest in retaining the non-arrest photograph/FI record, the photograph/FI record shall be retained according to this policy and applicable law.

If the Chief of Police or the authorized designee determines that the original legitimate law enforcement interest in retaining a non-arrest photograph/FI record no longer exists or that it was obtained in violation of existing law or Pueblo Police Department policy, the original photograph/FI record shall be purged and disposed. All other associated reports or documents, however, will be retained according to Department policy and applicable law.

If the Chief of Police or the authorized designee determines that any involved Pueblo Police Department personnel violated existing law or Department policy, the Chief of Police or the authorized designee shall initiate a separate internal investigation that may result in additional training, discipline or other appropriate action for the involved employee.

The person photographed or who was the subject of an FI will be informed in writing within 30 days of the Chief of Police's determination whether the photograph/FI record will be retained. This does not entitle any person to any discovery or access to any law enforcement records not otherwise authorized by law.

Criminal Street Gangs

442.1 PURPOSE AND SCOPE

It is the policy of this department to establish a procedure for identifying criminal street gangs, participants of criminal street gangs and patterns of criminal or delinquent activity (CRS § 24-33.5-415.3).

The intent of this policy is to establish a procedure that will be used to develop and maintain information used for enhancing criminal prosecution of criminal street gang participants.

442.1.1 DEFINITIONS

The following is the Pueblo Police Department Gang Strategy, which was issued by Chief Luis Velez on April 25, 2011:

"To identify, arrest, and prosecute gang members and dismantle active criminal gangs, by actively targeting all gangs, and their criminal activities, and all gang members within the City of Pueblo."

ACTION PLAN

Goal #1. Proactive gang enforcement will commence by all members of the Pueblo Police Department by end of April, 2011.

- (a) All members of the Department, regardless of assignment, will focus enforcement efforts on gang related crimes and gang activity.
- (b) All members of the Department will develop intelligence and forward information related to gangs, gang members, and gang activity to the SAFE Section* through field contacts, intelligence reports, and other methods.
- (c) With the assistance of other investigative elements, and utilizing all available investigative resources, the SAFE Section will initiate a comprehensive investigation of the activities of local gangs and gang members.

Goal #2. Improve relations between the SAFE Section and other elements of the Department and the criminal justice system by mid April, 2011.

- (a) SAFE Section detectives will conduct regularly scheduled meeting with counterparts in the District Attorney's Office and the Municipal Court for purposes of discussing current developments in gang enforcement efforts and issues related to the prosecution of gang members.
- (b) SAFE Section detectives will coordinate periodic meetings with other area law enforcement agencies regarding the status of gang related investigations and enforcement efforts.
- (c) SAFE Section detectives will compile and continually update a list of active Pueblo gangs and gang members, with photographs, and make said list available to all officers on the PPD intranet.

Pueblo Police Department

Policy Manual

Criminal Street Gangs

- (d) SAFE Section detectives will compile and continually update a list of top twenty wanted gang members, and post said list, with photographs, in a location visible to Patrol and Traffic Division officers in the Patrol roll-call room.
- (e) SAFE Section detectives will regularly visit Patrol Division roll-call sessions to share information relative to gangs and gang activity.
- (f) SAFE Section detectives will assist in gang related training of other officers, including training in mobile field contacts.
- (g) SAFE Section detectives will work cooperatively with other law enforcement agencies to conduct a multi-agency/multi-disciplined approach to gang investigations.

Goal #3. Improve relations and line of communication with community organizations and citizens on gangs and gang activity by mid May, 2011.

- (a) Patrol Division officers, SAFE Section detectives, and other members of the Police Department, will organize and present public educational programs related to gangs and gang activity to service clubs, civic groups, and interested neighborhood associations.
- (b) The SAFE Section will create a 'Gang Information Brochure', and make it available to citizens and community groups, and the public at large.
- (c) The SAFE Section will publish and disseminate information regarding the 'Gang Hotline', 719-553-2939, and regularly monitor that line, and, when appropriate, respond to calls received by the Gang Hotline."

*The SAFE Section has since been replaced by the Criminal Information Section.

442.2 POLICY

Definitions related to this policy include:

Criminal street gang - Any ongoing organization, association or group of three or more persons, whether formal or informal:

- (a) Which has as one of its primary objectives or activities the commission of one or more predicate criminal acts, and
- (b) Whose members individually or collectively engage in or have engaged in a pattern of criminal gang activity (CRS § 18-23-101(1)).

Pattern of criminal gang activity - The commission, attempt, conspiracy or solicitation of two or more predicate criminal acts which are committed on separate occasions or by two or more persons (CRS § 18-23-101(2)).

442.3 CRIMINAL INTELLIGENCE SYSTEMS

The Criminal Information Section (CIS) shall be authorized to collect information on individuals who are suspected of participating in a criminal street gang and groups that are suspected of being criminal street gangs.

Pueblo Police Department

Policy Manual

Criminal Street Gangs

- (a) A group of three or more individuals shall be designated a criminal street gang when:
 - 1. They have a common name or common identifying sign or symbol.
 - 2. There is evidence, substantiated by crime and informational reports, that a primary activity of the group is the commission of one or more criminal or delinquent acts.
 - 3. One or more members individually or collectively have engaged in a pattern of criminal gang activity.
 - 4. The District Attorney's Office reviews the available evidence and concurs with a Department finding that the group meets the criteria for being a criminal street gang.
- (b) An individual shall be designated as a participant in a criminal street gang when at least two of the following elements have been verified by a member of the CIS and there is a reasonable basis for believing such affiliation has been established. Inclusion in a criminal gang intelligence database shall be approved by the CIS Sergeant.
 - 1. An individual admits membership in a criminal street gang.
 - 2. A reliable informant or known gang member identifies an individual as a participant in a criminal street gang.
 - 3. An informant of previously untested reliability identifies an individual as a participant in a criminal street gang when that identification is corroborated by independent information.
 - 4. An individual resides in or frequents a particular criminal street gang's area and affects the gang's style of dress, color of dress, use of jewelry, tattoos, monikers or any other identifiable mannerism associated with that particular criminal street gang, and where the officer documents reasonable suspicion that the individual is involved in criminal street gang activity or enterprise.
 - 5. A person has been arrested in the company of identified criminal street gang members for offenses that are consistent with criminal street gang activity or criminal street gang-related crimes.
 - 6. An individual is identified as a gang member in a criminal street gang document or the individual is depicted in a criminal street gang member's photograph in such a manner as to clearly indicate membership in a criminal street gang.
- (c) An individual may be designated as a gang affiliate only when the individual is known to associate with active criminal street gang members and an officer has established that there is reasonable suspicion that the individual is involved in criminal activity or delinquent acts. An officer's belief must be premised upon reasoning and logic coupled with sound judgment based upon law enforcement experience.

Criminal Street Gangs

442.4 TEMPORARY INFORMATION FILE

The CIS Sergeant may maintain a temporary file of reports and information that is separate from any criminal gang intelligence database when an individual or group has been identified as a suspected street gang participant or a suspected street gang but does not meet the criteria necessary for entry into a criminal gang intelligence database.

Inclusion in a temporary file may be done only if there is a reasonable likelihood that, within one year of the contact, the individual or group will meet the criteria for entry into a criminal gang intelligence database approved by the Department. Reports and information will only be included in a temporary gang file with the written authorization of the CIS Sergeant. A temporary file of street gang participants should include the following, if known:

- (a) Names, aliases, monikers, addresses and other relevant identifying information
- (b) Gang name
- (c) Justification used to identify an individual as a criminal street gang participant
- (d) Vehicles known to be used
- (e) Cross references to other identified gangs or gang members

442.4.1 FILE CONTENTS

Temporary files shall not be retained longer than one year. At the end of one year, temporary files must be purged if the information does not qualify for entry into a criminal gang intelligence database approved by the Department.

The CIS Sergeant shall periodically review temporary files to verify that the information was properly obtained and meets the criteria for retention. Validation and purging of temporary criminal gang files is the responsibility of the CIS Sergeant. Retention and purging shall correspond to the established records retention schedule requirements.

442.4.2 FILE REVIEW AND PURGING

While this policy does not establish a criminal gang intelligence database, the Chief of Police may approve one or more criminal gang intelligence databases for use by members of the CIS. Any such database must be compliant with 28 CFR § 23.20 regulating criminal intelligence systems. Employees must obtain the requisite training before accessing any such database.

It is the CIS Sergeant's responsibility to determine whether a report or FI record contains information that would meet the criteria for entry into a criminal gang intelligence database approved by the Department. After giving approval for entry of the record, the CIS Sergeant should ensure that any such reports/FI records are appropriately entered into the correct criminal gang intelligence database(s).

It is the responsibility of the CIS Sergeant to retain reports and FI records in compliance with the procedures of the department-approved gang/intelligence file and 28 CFR § 23.20. No reports or FI records maintained in a criminal gang intelligence database may be purged without the approval of the CIS Sergeant.

Criminal Street Gangs

Validation and purging of gang intelligence databases is the responsibility of the CIS Sergeant.

442.4.3 INQUIRY BY PARENT OR GUARDIAN

When an inquiry is made by a parent or guardian as to whether a juvenile's name is in the street gang participant's file, such information shall be provided by the CIS Sergeant unless the release of such information can be clearly shown to jeopardize an ongoing criminal investigation.

Employees must strictly comply with the procedures governing the release of information from a criminal gang intelligence database approved by the Department.

442.4.4 RIGHT TO REQUEST REVIEW OF CRIMINAL INFORMATION

When the parent or guardian of a juvenile who is documented as a criminal gang member submits a written request challenging the accuracy of the information contained within that file, the Chief of Police or the authorized designee shall review the information in the file. If, after conducting a review of the information, it is determined that the information is not accurate, all records shall be purged and disposed in compliance with the established records retention schedule.

442.5 INFORMATION RECOGNITION

Officers who contact individuals who are, or may be, participants in criminal street gang activity should complete a field interview module entry (FI record) and document the reasonable suspicion underlying the contact and the exact circumstances leading to the suspicion that the individual is a criminal street gang participant (e.g., subject states he/she is a member of XYZ gang, has XYZ tattoo on right hand near thumb, is wearing a ball cap with the gang name printed in blue or red ink).

Photographing known or suspected criminal street gang participants shall be done in accordance with the provisions of the Detentions and Photographing Detainees Policy.

442.6 RELEASE OF INFORMATION

Information from the temporary criminal gang participant files may only be furnished to department personnel and other public law enforcement agencies on a need-to-know basis. This means information that may be of use in the prevention of gang-related criminal activity or information concerning the investigation of gang-related crimes shall only be released to members of this department and other law enforcement agencies.

The release of information from any department-approved gang intelligence file must comply with the rules established for that particular temporary file or database.

442.7 CRIMINAL STREET GANGS

Incidents that appear to be criminal gang related shall be documented on a report form and shall at minimum include:

- (a) A description of any document, statements, actions, dress or other information that would tend to support the officer's belief that the incident may be related to the activities of a criminal gang.

Criminal Street Gangs

- (b) Whether any photographs were taken and a brief description of what they depict.
- (c) What physical evidence, if any, was observed, collected or booked.
- (d) A specific request that a copy of the report be routed to the CIS.

Any photographs taken or evidence collected shall be booked in accordance with current evidence booking procedures.

442.8 TRAINING

Officers may submit data on an individual at least 14 years of age to the criminal gang investigative data system maintained by the Colorado Bureau of Investigation if (CRS § 24-33.5-415.3(3) and CRS § 24-33.5-412(1)(i)):

- (a) The individual has met at least three of the criteria or identifying characteristics of gang membership, and
- (b) The individual has been convicted of a gross misdemeanor or felony or has been adjudicated or has a stayed adjudication as a juvenile for an offense that would be a gross misdemeanor or felony if committed by an adult. Information entered into the criminal gang investigative data system will be purged after three years have elapsed from the date of entry, unless this department requests an earlier date.

Watch Commanders

444.1 PURPOSE AND SCOPE

Each patrol shift must be directed by supervisors who are capable of making decisions and communicating in a manner consistent with Department policies, procedures, practices, functions and objectives. To accomplish this goal, a Captain heads each watch.

444.2 DESIGNATION AS ACTING WATCH COMMANDER

When a Captain is unavailable for duty as Watch Commander, the qualified senior sergeant shall be designated as acting Watch Commander.

Mobile Audio Video

446.1 PURPOSE AND SCOPE

The Pueblo Police Department has equipped marked patrol cars with Mobile Audio Video (MAV) recording systems to provide records of events and assist officers in the performance of their duties. This policy provides guidance on the use of these systems.

446.1.1 DEFINITIONS

Definitions related to this policy include:

Activate - Any process that causes the MAV system to transmit or store video or audio data in an active mode.

In-car camera system and Mobile Audio Video (MAV) system - Synonymous terms which refer to any system that captures audio and video signals, that is capable of installation in a vehicle, and that includes at minimum, a camera, microphone, recorder and monitor.

MAV technician - Personnel, certified or civilian, trained in the operational use and repair of MAVs, duplicating methods, storage and retrieval methods and procedures, and who possess a working knowledge of video forensics and evidentiary procedures.

Recorded media - Audio-video signals recorded or digitally stored on a storage device or portable media.

446.2 POLICY

It is the policy of the Pueblo Police Department to use mobile audio and video technology to more effectively fulfill the Department's mission and to ensure these systems are used securely and efficiently.

446.3 OFFICER RESPONSIBILITIES

Officers are responsible for ensuring the MAV system in each and every vehicle they use during their shift is powered on and left on for the duration of the shift.

DVDs will not be assigned to vehicles. Rather, officers will be issued individually-assigned DVDs for which they shall be personally responsible. Prior to going into service, each officer shall insert one of his/her individually-assigned DVDs into the MAV system. When the DVD becomes full and the recording space has been exhausted, the officer shall submit the full DVD to the Identification Section and place one of his/her individually-assigned, degaussed DVDs into the MAV system.

Whenever an event of evidentiary value is recorded onto a DVD, the event shall be properly labeled with the corresponding case number in the MAV system and the DVD shall be immediately submitted to the Identification Section. The DVD which has been submitted to the Identification Section shall then be replaced by a degaussed DVD which has been individually assigned to the affected officer.

Pueblo Police Department

Policy Manual

Mobile Audio Video

The same DVD shall be used, shift in and shift out, until it is either full or has captured an event of evidentiary value. Provided a DVD has not exhausted all recording space or has not captured an event of evidentiary value, the officer to which the DVD has been assigned shall eject such from the MAV system at the end of his/her tour of duty and reinsert it into the MAV system at the start of his/her next shift.

DVDs shall be submitted to the Identification Section according to established check-in procedures. Only approved media shall be used.

Officers should test the MAV system operation in accordance with manufacturer specifications and in accordance with training at the start of each shift. Testing includes:

- (a) The remote audio transmitter is functional and has an adequate power source.
- (b) It is connected to the recording equipment.
- (c) The transmitter can remotely activate the system.
- (d) The view of all cameras is free of obstruction.
- (e) All camera lenses are operational.
- (f) The camera is facing the intended direction.
- (g) The recording mechanism captures both audio and video information.
- (h) The system plays back both audio and video tracks.

System documentation is accomplished by the officer recording his/her name, serial, badge or PIN number and the current date and time at the start and again at the end of each shift. If the system is malfunctioning, the officer shall take the vehicle out of service unless a supervisor requests the vehicle remain in service.

446.3.1 MAV SYSTEM AUDIO RECORDER EQUIPMENT

All Operations Bureau personnel working in field assignments shall be issued MAV system audio recording equipment, subject to availability. The issued equipment will consist of a portable microphone that shall be worn on the officer's person. Prior to going into service in the field, each uniformed officer will be responsible for making sure that he/she is equipped with audio recording equipment issued by the Department that is in good working order.

Anytime the MAV system is used to function in replacement of or as a portable audio recorder, the Use of Audio/Video Recorders Policy shall apply.

446.3.2 ACTIVATION OF AUDIO RECORDING EQUIPMENT

The MAV system audio recording equipment has the capability of remotely activating the MAV system when officers are outside of their units. Officers shall be responsible for remotely activating the MAV system in required situations as delineated in this policy. At no time should a member jeopardize his/her safety, however, in order to activate the audio recording equipment.

Mobile Audio Video

446.4 ACTIVATION OF THE MAV

The MAV system is designed to turn on whenever the unit's emergency lights are activated. Although the audio recording equipment is automatically activated when the emergency equipment is activated, it can also be manually activated by the officer whenever appropriate. When audio is being recorded, the video will also record.

446.4.1 REQUIRED ACTIVATION OF THE MAV

This policy is not intended to describe every possible situation in which the MAV system may be used, although there are many situations where its use is appropriate. An officer may activate the system any time the officer believes its use would be appropriate and/or valuable to document an incident.

In some circumstances it is not possible to capture images of the incident due to conditions or the location of the camera. However, the audio portion can be valuable evidence and is subject to the same activation requirements as the MAV. The MAV system should be activated in any of the following situations.

- (a) All field contacts involving actual or potential criminal conduct within video or audio range:
 - 1. Traffic stops (to include, but not limited to, traffic violations, stranded motorist assistance and all crime interdiction stops)
 - 2. Priority responses
 - 3. Vehicle pursuits
 - 4. Suspicious vehicles
 - 5. Arrests
 - 6. Vehicle searches
 - 7. Physical or verbal confrontations or use of force
 - 8. Pedestrian checks
 - 9. DVVI/DUI investigations including field sobriety tests
 - 10. Consensual encounters
 - 11. Crimes in progress
 - 12. Responding to an in-progress call
- (b) All self-initiated activity in which an officer would normally notify the Communications Center
- (c) Any call for service involving a crime where the recorder may aid in the apprehension and/or prosecution of a suspect:
 - 1. Domestic violence calls
 - 2. Disturbance of peace calls

Mobile Audio Video

3. Offenses involving violence or weapons

- (d) Any other contact that becomes adversarial after the initial contact in a situation that would not otherwise require recording
- (e) Any other circumstance where the officer believes that a recording of an incident would be appropriate

Upon completion of the recording of any of the aforementioned events, officers shall enter the required data into the MAV system to properly indicate that the recording is of evidentiary value.

446.4.2 CESSATION OF RECORDING

Once activated, the MAV system should remain on until the incident has concluded. For purposes of this section, conclusion of an incident has occurred when all arrests have been made, arrestees have been transported and all witnesses and victims have been interviewed. Recording may cease if an officer is simply waiting for a tow truck or a family member to arrive or in other similar situations.

446.4.3 WHEN ACTIVATION IS NOT REQUIRED

Activation of the MAV system is not required when exchanging information with other officers or during breaks, lunch periods, when not in service or actively on patrol.

No member of this department may surreptitiously record a conversation of any other member of this department except with a court order or when lawfully authorized by the Chief of Police or the authorized designee for the purpose of conducting a criminal or administrative investigation.

446.4.4 SUPERVISOR RESPONSIBILITIES

Supervisors should determine if vehicles with non-functioning MAV systems should be placed into service. If these vehicles are placed into service, the appropriate documentation should be made, including notification of the Communications Center.

At reasonable intervals, supervisors should validate that their direct reports are in compliance with this policy.

When an incident arises that requires the immediate retrieval of the recorded media (e.g., serious crime scenes, officer-involved shootings, department-involved collisions), a supervisor shall respond to the scene, remove the recorded media and turn the media over to the Identification Section. The media may need to be treated as evidence and should be handled in accordance with current evidence procedures for recorded media.

446.5 REVIEW OF MAV RECORDINGS

All recording media, recorded images and audio recordings are the property of the Department. Dissemination outside of the agency is strictly prohibited, except to the extent permitted or required by law.

To prevent damage to, or alteration of, the original recorded media, it shall not be copied, viewed or otherwise inserted into any device not approved by the department MAV technician or forensic

Pueblo Police Department

Policy Manual

Mobile Audio Video

media staff. When reasonably possible, a copy of the original media shall be used for viewing (unless otherwise directed by the courts) to preserve the original media in pristine condition.

Recordings may be reviewed in any of the following situations:

- (a) For use when preparing reports or statements
- (b) By a supervisor investigating a specific act of officer conduct
- (c) By a supervisor to assess officer performance
- (d) To assess proper functioning of MAV systems
- (e) By department investigators who are participating in an official investigation, such as a personnel complaint, administrative inquiry or a criminal investigation
- (f) By department personnel who request to review recordings
- (g) By an officer who is captured on or referenced in the video or audio data and reviews and uses such data for any purpose relating to his/her employment.
- (h) By court personnel through proper process or with permission of the Chief of Police or the authorized designee
- (i) By the media through proper process or with permission of the Chief of Police or the authorized designee
- (j) To assess possible training value
- (k) Recordings may be shown for training purposes. If an involved officer objects to showing a recording, his/her objection will be submitted to the staff to determine if the training value outweighs the officer's objection.

Employees desiring to view any MAV recording should submit a request in writing to the Watch Commander to ensure that a copy is made available and to document the request. Oral requests should be reduced to writing by the receiving supervisor. Requests should be forwarded to the Identification Section for processing.

In no event shall any recording be used or shown for the purpose of ridiculing or embarrassing any employee.

446.6 DOCUMENTING MAV USE

If any incident is recorded with either the video or audio system, the existence of that recording shall be documented in the officer's report. If a citation is issued, the officer shall make a notation on the back of the records copy of the citation indicating that the incident was recorded.

446.7 RECORDING MEDIA STORAGE AND INTEGRITY

All media that is not booked as evidence will be uploaded into a secure computer storage area by the Identification Section before being degaussed, formatted or erased. All audio and video media submitted to the Identification Section shall be maintained in a designated secure storage area

Pueblo Police Department

Policy Manual

Mobile Audio Video

until the media can be uploaded into a secure computer storage area. Stored audio and video shall be disposed of in compliance with the established records retention schedule.

446.7.1 COPIES OF ORIGINAL RECORDING MEDIA

Original recording media shall not be used for any purpose other than for initial review by a supervisor. Upon proper request, a copy of the original recording media will be made for use as authorized in this policy.

Original recording media may only be released in response to a court order or upon approval by the Chief of Police or the authorized designee. In the event that an original recording is released to a court, a copy shall be made and placed in storage until the original is returned.

446.7.2 MAV RECORDINGS AS EVIDENCE

Officers who reasonably believe that a MAV recording is likely to contain evidence relevant to a criminal offense, potential claim against the officer or against the Pueblo Police Department should indicate this in an appropriate report. Officers should ensure relevant recordings are preserved.

446.8 SYSTEM OPERATIONAL STANDARDS

- (a) MAV system vehicle installations should be based on officer safety requirements and vehicle and device manufacturer recommendations.
- (b) The MAV system should be configured to minimally record for 30 seconds prior to an event.
- (c) The MAV system may not be configured to record audio data occurring prior to activation.
- (d) With the exception of law enforcement radios or other emergency equipment, other electronic devices shall not be used inside a MAV-equipped law enforcement vehicle in order to intentionally interfere with the capability of the MAV system to record audio data.
- (e) Officers shall not erase, alter, reuse, modify or tamper with MAV recordings. Only a supervisor, MAV technician or other authorized designee may erase and reissue previous recordings and may only do so pursuant to the provisions of this policy.
- (f) To prevent damage, original recordings shall not be viewed on any equipment other than the equipment issued or authorized by the MAV technician.

446.9 IDENTIFICATION SECTION RESPONSIBILITIES

The Identification Section is responsible for the following:

- (a) Ordering, storing, degaussing and duplicating of all recorded media.
- (b) Collecting all completed media. Once collected, the Identification Section:
 - 1. Ensures it is stored in a secured location with authorized controlled access.
 - 2. Makes the appropriate chain of custody entries.
- (c) Degaussing of media:

Pueblo Police Department

Policy Manual

Mobile Audio Video

1. Pursuant to a court order.
 2. In accordance with established records retention policies, including reissuing all other media deemed to be of no evidentiary value.
- (d) Ensuring that an adequate supply of recording media is available.
- (e) Managing the long-term storage of media that has been deemed to be of evidentiary value in accordance with the Department evidence storage protocols and the records retention schedule.

446.10 TRAINING

All members who are authorized to use the MAV system shall successfully complete an approved course of instruction prior to its use.

Mobile Data Terminal Use

448.1 PURPOSE AND SCOPE

The Mobile Data Terminal (MDT) accesses confidential records from the State of Colorado, Bureau of Investigation and Division of Motor Vehicles databases. Employees using the MDT shall comply with all appropriate federal and state rules and regulations.

448.2 MDT USE

The MDT shall be used for official police communications only. Messages that are of a sexual, racist or offensive nature or are otherwise critical of any member of the Department are strictly forbidden. MDT use is also subject to the Department Technology Use Policy.

Messages may be reviewed by supervisors at any time without prior notification. Employees generating or transmitting messages not in compliance with this policy are subject to discipline.

All calls dispatched to patrol units should be communicated by voice and MDT, unless otherwise authorized by the Watch Commander.

448.2.1 USE WHILE DRIVING

Use of the MDT by the vehicle operator should generally be limited to times when the vehicle is stopped. When the vehicle is in motion, the operator should only attempt to read messages that are likely to contain information that is required for immediate enforcement, investigative or safety needs. At no time when the vehicle is in motion should the display be viewed by the driver for visual entertainment, including Internet browsing or the use of social media or e-mail (CRS § 42-4-201).

Short transmissions, such as a license plate check, are permitted if it reasonably appears that it can be done safely. In no case shall an operator attempt to send or review lengthy messages while the vehicle is in motion.

448.2.2 DOCUMENTATION OF ACTIVITY

MDT's and voice transmissions are used to record the officer's daily activity. To ensure the most accurate recording of these activities, the following are required:

- (a) All contacts or activity shall be documented at the time of the contact.
- (b) Whenever the activity or contact is initiated by voice, it shall be entered into the Computer Aided Dispatch (CAD) system by a dispatcher.
- (c) Whenever the activity or contact is not initiated by voice, the officer shall record it on the MDT.

448.2.3 STATUS CHANGES

All changes in status (e.g., arrival at scene, meal periods, in service) will be transmitted verbally over the police radio or through the MDT system.

Mobile Data Terminal Use

Officers responding to in-progress calls shall advise changes in status verbally over the radio to assist other officers responding to the same incident.

Other changes in status may be entered by depressing the appropriate keys on the MDT.

448.2.4 EMERGENCY ACTIVATION ON MDT

If the emergency button is depressed on the MDT, the dispatcher will call the officer and ask whether the officer needs assistance. If the officer answers that no additional assistance is required, all officers will resume normal activity. If there is no response or the officer answers in some other way, the dispatcher shall proceed as follows:

- (a) If the unit is not on a call, the dispatcher will send available officers to assist in locating the unit transmitting the emergency. Whenever a location is known, the dispatcher will immediately dispatch the nearest available unit as an emergency call response.
- (b) The dispatcher will notify the field sergeant and Watch Commander of the incident without delay.

Officers not responding to the emergency call shall refrain from transmitting on the radio until a no-further-assistance broadcast is made, unless they are also handling an emergency.

448.3 MDT CONSIDERATIONS

448.3.1 NON-FUNCTIONING MDT

When an MDT is not functioning properly, the officer shall replace the unit with another MDT per the established procedures.

448.3.2 BOMB CALLS

When investigating reports of possible bombs, officers should not operate an MDT within 300 feet of a suspected device. Operating the MDT may cause some devices to detonate.

Portable Audio/Video Recorders

450.1 PURPOSE AND SCOPE

This policy provides guidelines for the use of portable recorders by members of the Pueblo Police Department while in the performance of their duties. Unless otherwise specified, the provisions set forth in this policy shall apply to all portable audio/video recording devices.

This policy is intended to provide officers with instructions on when and how to use these portable recorders so that members may reliably record their contacts with the public in accordance with the law.

This policy does not apply to lawful surreptitious audio/video recording, interception of communications for authorized investigative purposes or to mobile audio/video recordings (see the Investigation and Prosecution and Mobile Audio/Video policies).

450.1.1 DEFINITIONS

Definitions related to this policy include:

BWC - Body-worn camera.

BWC Equipment Control Officer - Sergeant who manages the Pueblo Police Department's BWC equipment, including the assignment of BWC equipment to individual members, the tracking of repairs to BWC equipment by TASER® AXON, and the management of replacement BWC equipment through TASER® AXON representatives.

Pueblo Police Department

Policy Manual

Portable Audio/Video Recorders

450.2 POLICY

The Pueblo Police Department may provide members with access to portable recorders, either audio or video or both, for use during the performance of their duties. The use of portable recorders is intended to enhance the mission of the Pueblo Police Department by accurately capturing contacts between members of the Department and the public.

It is the policy of this department that members shall activate their BWC when such use is appropriate to the proper performance of his or her official duties, where the recordings are consistent with this policy and law.

The Pueblo Police Department has adopted the use of BWCs to accomplish several objectives. The primary objectives are as follows:

- (a) BWCs allow for accurate documentation of police-public contacts, arrests, and critical incidents. They also serve to enhance the accuracy of officer reports and testimony in court.
- (b) Audio and video recordings enhance the Department's ability to review probable cause for arrest, officer and suspect interaction and evidence for investigative and prosecutorial purposes, and also provide additional information for officer evaluation and training.
- (c) The BWC may also be useful in documenting crime and accident scenes or other events that include the confiscation and documentation of evidence or contraband.

450.3 MEMBER PRIVACY EXPECTATIONS

All recordings made by members acting in an official capacity shall remain the property of the Pueblo Police Department, regardless of whether those recordings were made with department-issued or personally-owned portable recorders. Members shall have no expectation of privacy or ownership interest in the content of these recordings.

450.4 MEMBER RESPONSIBILITIES

BWC equipment is issued primarily to uniformed personnel as authorized by this agency. Members who are assigned BWC equipment must use the equipment unless otherwise authorized by supervisory personnel.

Members shall use only BWCs issued by this department. Personally-owned BWCs may be used, provided that the equipment is compatible with Evidence.com and the member obtains approval from the Chief of Police or his/her authorized designee. All data, images, video, and metadata captured, recorded, or otherwise produced by BWC equipment, whether the equipment is department-issued or personally-owned, are the sole property of the Pueblo Police Department and shall be entered into evidence prior to the end of the member's tour of duty.

Police personnel who are assigned BWCs must complete an agency approved and/or provided training program to ensure proper use and operations. Additional training may be required at periodic intervals to ensure the continued effective use and operation of the equipment, proper calibration and performance, and to incorporate changes, updates, or other revisions in policy and equipment.

Pueblo Police Department

Policy Manual

Portable Audio/Video Recorders

Prior to going into service, each member who is assigned a BWC will be responsible for making sure that he/she is equipped with a BWC issued by the Department, and that the equipment is in good working order. If the BWC is not in good working order or malfunctions at any time, the member shall promptly report the failure to his/her supervisor and obtain a functioning device as soon as practicable. Uniformed members shall wear the BWC equipment in a conspicuous manner on their person, unless otherwise authorized by his/her supervisor.

Members shall not edit, alter, erase, duplicate, copy, share, or otherwise distribute in any manner recordings without prior written authorization and approval of the Chief of Police or his/her designee.

Members are encouraged to inform their supervisor of any recordings that may be of value for training purposes.

Members may review recordings as they relate to:

- (a) Their involvement in an incident for the purposes of completing a criminal investigation and preparing official reports.
- (b) Prior to courtroom testimony or for courtroom presentation.
- (c) Providing a statement pursuant to an administrative inquiry, including officer-involved shooting investigations.
- (d) Critical incidents: members are encouraged to consult legal representation and may review their recordings prior to providing a statement pursuant to an administrative inquiry.

Requests for deletion of portions of the recordings (e.g., in the event of a personal recording) must be submitted in writing and approved by the Chief of Police or his/her designee in accordance with state record retention laws. All requests and final decisions shall be kept on file.

Any member assigned to a non-uniformed position may carry an approved portable recorder at any time the member believes that such a device may be useful. Unless conducting a lawful recording in an authorized undercover capacity, non-uniformed members should wear the portable recorder in a conspicuous manner on their person.

When using a portable recorder, the assigned member shall record his/her name, their individual employee number and the current date and time at the beginning and the end of the shift or other period of use, regardless of whether any activity was recorded. This procedure is not required when the portable recorder and related software captures the user's unique identification and the date and time of each recording.

Members shall document the existence of a recording in any report or other official record of the contact. The member shall also document any instance where the portable recorder malfunctioned or the member deactivated the recording. Members shall include the reason for deactivation.

Recordings are not a replacement for written reports.

Portable Audio/Video Recorders

450.5 ACTIVATION OF THE PORTABLE RECORDER

This policy is not intended to describe every possible situation in which the portable recorder should be used, although there are many situations where its use is appropriate. Members shall activate the portable recorder any time the member believes it would be appropriate or valuable to record an incident.

BWCs shall be activated in any of the following situations:

- (a) All enforcement and investigative contacts including stops and field interviews (FI) situations;
- (b) Traffic stops including, but not limited to, traffic violations, stranded motorist assistance and all crime interdiction stops;
- (c) Self-initiated activity in which a member would normally notify the Communications Center; and
- (d) Any other contact that becomes adversarial after the initial contact in a situation that would not otherwise require recording.

At no time is a member expected to jeopardize his/her safety in order to activate a portable recorder or change the recording media. However, the portable recorder shall be activated in situations described above as soon as practicable.

Members should remain sensitive to the dignity of all individuals being recorded and exercise sound discretion to respect privacy by discontinuing recording whenever it reasonably appears to the member that such privacy may outweigh any legitimate law enforcement interest in recording. Requests by members of the public to stop recording should be considered using this same criterion. Recording should resume when privacy is no longer at issue unless the circumstances no longer fit the criteria for recording.

450.5.1 SURREPTITIOUS USE OF THE PORTABLE RECORDER

Colorado law permits an individual to surreptitiously record any conversation in which one party to the conversation has given his/her permission (CRS § 18-9-303).

Members may surreptitiously record any conversation during the course of a criminal investigation in which the member reasonably believes that such a recording will be lawful and beneficial to the investigation.

Members shall not surreptitiously record another department member without a court order unless lawfully authorized by the Chief of Police or the authorized designee.

450.5.2 CESSATION OF RECORDING

Once activated, the BWC shall remain on continuously until the member's direct participation in the incident is complete or the situation no longer fits the criteria for activation. Recording may be stopped during significant periods of inactivity such as report writing or other breaks from direct participation in the incident.

Pueblo Police Department

Policy Manual

Portable Audio/Video Recorders

450.5.3 EXPLOSIVE DEVICE

Portable recorders, including body-worn cameras and audio/video transmitters, emit radio waves if utilizing Bluetooth® or any type of data transmission system. These transmissions could trigger an explosive device depending on the proximity to the possible explosive device or the power of the transmission. Therefore, do not utilize Bluetooth® or any transmission system when an explosive device may be present.

450.6 PROHIBITED USE OF PORTABLE RECORDERS AND IPODS®

Portable recorders shall be used only in conjunction with official law enforcement duties. Portable recorders should not generally be used to record:

- (a) Personal communications with other police personnel without the permission of the Chief of Police;
- (b) Encounters with undercover officers or confidential informants;
- (c) When on break or otherwise engaged in personal activities; or
- (d) In any location where individuals have a reasonable expectation of privacy, such as a restroom or locker room.

Members are prohibited from using department-issued portable recorders and recording media for personal use and are prohibited from making personal copies of recordings created while on-duty or while acting in their official capacity.

Members are also prohibited from retaining recordings of activities or information obtained while on-duty, whether the recording was created with department-issued or personally-owned recorders. Members shall not duplicate or distribute such recordings, except for authorized legitimate department business purposes. All such recordings shall be retained by the Pueblo Police Department.

Members are prohibited from using personally-owned BWCs while on-duty without the express consent of the Chief of Police or his/her authorized designee. Any member who uses a personally-owned portable recorder for department-related activities shall comply with the provisions of this policy, including retention and release requirements.

Recordings shall not be used by any member for the purpose of embarrassment, intimidation or ridicule.

iPods® are multi-purpose devices with numerous functions and features. iPods® shall be used only in conjunction with official law enforcement duties. Members are prohibited from using department-issued iPods® for personal use.

450.7 RETENTION OF RECORDINGS

Any time a member records any portion of a contact with a BWC that the member reasonably believes constitutes evidence in a criminal case, the member shall record the related case number, transfer the file via the Evidence Transfer Manager, and document the existence of the recording in the related case report. BWC recordings that do not constitute evidence in a criminal case

Pueblo Police Department

Policy Manual

Portable Audio/Video Recorders

shall be recorded with the related CAD event number and transferred via the Evidence Transfer Manager. Transfers shall occur at the end of the member's shift, or any time the storage capacity is nearing its limit.

Any time a member reasonably believes a recorded contact may be beneficial in a non-criminal matter (e.g., a hostile contact), the member should promptly notify a supervisor of the existence of the recording.

- (a) All files shall be securely downloaded periodically and no later than the end of each shift. Each file shall contain information related to the date, BWC identifier, and assigned officer.
- (b) All images and sounds recorded by the BWC are the exclusive property of this department. Accessing, copying, or releasing files for non-law enforcement purposes is strictly prohibited.
- (c) All access to BWC files must be specifically authorized by the Chief of Police or his/her designee, and all access is to be audited to ensure that only authorized users are accessing the data for legitimate and authorized purposes.
- (d) Files should be securely stored in accordance with state records retention laws and no longer than useful for purposes of training or for use in an investigation or prosecution. In capital punishment prosecutions, recordings shall be kept for the minimum amount of time as required by law.

450.7.1 RETENTION REQUIREMENTS

All recordings shall be retained for a period consistent with the requirements of the Department's records retention schedule but in no event for a period less than 90 days.

450.8 REVIEW OF RECORDINGS

When preparing written reports, members should review their recordings as a resource. However, members shall not retain personal copies of recordings. Members should not use the fact that a recording was made as a reason to write a less detailed report.

Supervisors are authorized to review relevant recordings any time they are investigating alleged misconduct, reports of meritorious conduct, or whenever such recordings would be beneficial in reviewing the member's performance.

Supervisors shall randomly review BWC recordings no less than on a monthly basis to ensure that their subordinates are using the devices appropriately and in accordance with policy, to identify any areas in which additional training or guidance is required, and to ensure that the equipment is operating properly.

Recorded files may also be reviewed:

- (a) Upon approval by a supervisor, by any department member who is participating in an official investigation, such as a personnel complaint, administrative investigation or criminal investigation.
- (b) Pursuant to lawful process or by court personnel who are otherwise authorized to review evidence in a related case.

450.9 RELEASE OF RECORDINGS TO THIRD-PARTIES AND PUBLIC

Recordings may be released to third-parties and the public pursuant to the provisions of the Colorado Open Records Act and/or the Colorado Criminal Justice Records Act, and policies and procedures of the Records Custodian (see the Records Release and Security Policy).

Medical Marijuana

452.1 PURPOSE AND SCOPE

The purpose of this policy is to provide members of this department with guidelines for investigating the acquisition, possession, transportation, delivery, production or use of marijuana under Colorado's medical marijuana laws.

452.1.1 DEFINITIONS

Definitions related to this policy include:

Allowed amount of marijuana - No more marijuana than is medically necessary to address a debilitating medical condition. Though the amount may be greater, anything at or below the following amount qualifies as an allowed amount (Colorado Const. Art. 18, § 14):

- (a) No more than two ounces of a usable form of marijuana
- (b) No more than six marijuana plants, with three or fewer being mature, flowering plants that are producing a usable form of marijuana

Medical use - The acquisition, possession, production, use or transportation of marijuana or paraphernalia related to the administration of such marijuana to address the symptoms or effects of a patient's debilitating medical condition, which may be authorized only after a diagnosis of the patient's debilitating medical condition by a physician (Colorado Const. Art. 18, § 14).

Patient - A person who has a debilitating medical condition (Colorado Const. Art. 18, § 14).

Primary care-giver - A person, other than the patient and the patient's physician, who is 18 years of age or older and has significant responsibility for managing the well-being of a patient who has a debilitating medical condition (Colorado Const. Art. 18, § 14).

Registry Identification Card (RIC) - That document, issued by the Colorado Department of Public Health and Environment, which identifies a patient authorized to engage in the medical use of marijuana and such patient's primary caregiver, if one has been designated (Colorado Const. Art. 18, § 14).

Usable form of marijuana - The seeds, leaves, buds and flowers of the plant (genus) cannabis, and any mixture or preparation thereof, which are appropriate for medical use. It does not include the plant's stalks, stems and roots.

452.2 POLICY

It is the policy of the Pueblo Police Department to prioritize resources to avoid making arrests related to marijuana that the arresting officer reasonably believes would not be prosecuted by state or federal authorities.

Colorado medical marijuana laws are intended to provide protection from prosecution to those who acquire, possess, manufacture, produce, use, sell, distribute, dispense or transport marijuana for debilitating medical conditions. However, Colorado medical marijuana laws do not affect federal

Pueblo Police Department

Policy Manual

Medical Marijuana

laws and there is no medical exception under federal law for the possession or distribution of marijuana. The Pueblo Police Department will exercise discretion to ensure laws are appropriately enforced without unreasonably burdening both those individuals protected under Colorado law and the resources of the Department.

452.3 INVESTIGATION

Investigations involving the acquisition, possession, manufacture, production, use, sale, distribution, dispensing or transportation of marijuana generally fall into one of the following categories:

- (a) Investigations when no person makes a medicinal claim.
- (b) Investigations when a medical use claim is made by an adult who has not been issued a RIC.
- (c) Investigations when a medical use claim is made by an adult who has been issued a RIC.
- (d) Investigations when a medical use claim is made by a juvenile.

452.3.1 INVESTIGATIONS WITH NO MEDICINAL CLAIM

In any investigation involving the possession, delivery, production or use of marijuana or drug paraphernalia where no person claims that the marijuana is being used for medicinal purposes, the officer should proceed with a criminal investigation if the amount is greater than permitted for personal use of marijuana under the Colorado Constitution (Colorado Const. Art. 18, § 16). A medicinal defense may be raised at any time, so officers should document any statements and observations that may be relevant as to whether the marijuana was possessed or produced for medicinal purposes.

452.3.2 INVESTIGATIONS INVOLVING A MEDICAL USE CLAIM BY AN ADULT WHO HAS NOT BEEN ISSUED A RIC

An adult making a medical use claim, either as a patient or primary caregiver should not be arrested for a marijuana related offense when:

- (a) The patient or primary caregiver (Colorado Const. Art. 18, § 14(2)):
 - 1. Was previously diagnosed by a physician as having a debilitating medical condition.
 - 2. Was advised by his/her physician, in the context of a bona fide physician-patient relationship, that the patient might benefit from the medical use of marijuana in connection with a debilitating medical condition.
 - 3. Was collectively in possession of an allowed amount of marijuana.
- (b) The amount is permitted for personal use of marijuana under the Colorado Constitution (Colorado Const. Art. 18, § 16).

A copy of an application submitted to the Colorado Department of Public Health and Environment, including the written documentation and proof of the date of mailing or other transmission of the

Medical Marijuana

written documentation shall be accorded the same legal effect as a RIC, until such time as the patient receives notice that the application has been denied (Colorado Const. Art. 18, § 14(3)(d)).

452.3.3 INVESTIGATIONS INVOLVING A MEDICAL USE CLAIM BY AN ADULT WHO HAS BEEN ISSUED A RIC

An adult making a medical use claim, either as a patient or primary caregiver, shall not be arrested for a marijuana related offense when all of the following exist (Colorado Const. Art. 18, § 14(2)):

- (a) The patient or primary caregiver is in lawful possession of a RIC.
- (b) The marijuana in question is for medical use.
- (c) The patient or primary caregiver is in possession no more than two ounces of a usable form of marijuana; and no more than six marijuana plants, with three or fewer being mature, flowering plants that are producing a usable form of marijuana.

A patient or primary caregiver in lawful possession of a RIC should not be arrested for any quantity of marijuana above the specified amounts of marijuana (two ounces, six plants) if the amount is no more than is medically necessary to address a debilitating medical condition.

452.3.4 INVESTIGATIONS RELATED TO A MEDICAL USE CLAIM BY A JUVENILE

A juvenile under the age of 18 shall not be arrested for a marijuana related offense if all of the following conditions exist (Colorado Const. Art. 18, § 14(6)):

- (a) The juvenile is in lawful possession of a RIC.
- (b) The juvenile and parental primary caregiver collectively possesses no more than an allowed amount of marijuana.
- (c) The parental primary caregiver controls the acquisition, dosage and frequency of use of the marijuana.

452.3.5 ADDITIONAL CONSIDERATIONS

Officers should consider the following when investigating an incident involving marijuana possession, delivery, production or use:

- (a) Officers shall immediately notify the Colorado Department of Public Health and Environment when any person in possession of a RIC has been determined by a court of law to have willfully violated the provisions of medical marijuana laws or has pled guilty to such an offense (Colorado Const. Art. 18, § 14(3)).
- (b) Because enforcement of medical marijuana laws can be complex, time consuming and call for resources unavailable at the time of initial investigation, officers may consider submitting a report to the prosecutor for review, in lieu of making an arrest. This can be particularly appropriate when:
 - 1. The suspect has been identified and can be easily located at another time.

Pueblo Police Department

Policy Manual

Medical Marijuana

2. The case would benefit from review by a person with expertise in medical marijuana investigations.
 3. Sufficient evidence, such as photographs or samples, has been lawfully obtained.
 4. Any other relevant factors, such as available department resources and time constraints.
- (c) Whenever the initial investigation reveals an amount of marijuana greater than that specified by law, officers should consider:
1. The amount of marijuana recommended by a medical professional to be ingested.
 2. The quality of the marijuana.
 3. The method of ingestion (e.g., smoking, eating, nebulizer).
 4. The timing of the possession in relation to a harvest (patient may be storing marijuana).
 5. Whether the marijuana is being cultivated indoors or outdoors, the climate, etc.
- (d) Before proceeding with enforcement related to a locally approved business that cultivates, manufactures, or sells medical marijuana or medical marijuana-infused products, officers should consider conferring with appropriate legal counsel.

452.3.6 EXCEPTIONS

Officers may take enforcement action against a patient or primary caregiver who (Colorado Const. Art. 18, § 14(5); CRS § 25-1.5-106):

- (a) Engages in the medical use of marijuana in a way that endangers the health or well-being of any person.
- (b) Engages in the medical use of marijuana in plain view of, or in a place open to, the general public.
- (c) Undertakes any task while under the influence of medical marijuana, when doing so would constitute negligence or professional malpractice.
- (d) Possesses medical marijuana or otherwise engages in using medical marijuana on school grounds or in a school bus.
- (e) Engages in the use of medical marijuana in a correctional facility, community corrections facility or in a vehicle, aircraft or motorboat.
- (f) Engages in the use of medical marijuana while sentenced to jail/prison.
- (g) Operates, navigates or is in actual physical control of any vehicle, aircraft or motorboat while under the influence of medical marijuana.

452.4 FEDERAL LAW ENFORCEMENT

Officers should provide information regarding a marijuana investigation to federal law enforcement authorities when it is requested by federal law enforcement authorities or whenever the officer believes those authorities would have a particular interest in the information.

Bicycle Patrol Unit

454.1 PURPOSE AND SCOPE

The Pueblo Police Department has established the Bicycle Patrol Unit for the purpose of enhancing patrol efforts in the community. Bicycle patrol has been shown to be an effective way to increase officer visibility in congested areas. A bicycle's quiet operation can provide a tactical approach to crimes in progress. The purpose of this policy is to provide guidelines for the safe and effective operation of the patrol bicycle.

454.2 POLICY

Patrol bicycles may be used for regular patrol duty, traffic enforcement, parking control or special events. Its mobility and visibility in the community are hallmarks of its usefulness.

Bicycles may be deployed to any area at all hours of the day or night, according to Department needs and as staffing levels allow.

Requests for specific deployment of bicycle patrol officers shall be coordinated through the Watch Commander.

454.3 SELECTION OF PERSONNEL

Interested certified personnel shall submit a request through the chain of command to the Operations Bureau Chief. Interested personnel shall be evaluated by the following criteria:

- (a) Recognized competence and ability as evidenced by performance
- (b) Self-initiated patrol activity
- (c) Special skills or training as they pertain to the assignment
- (d) Good physical condition
- (e) Willingness to perform duties using the bicycle as a mode of transportation
- (f) Public relation skills
- (g) Use of sick leave

454.3.1 BICYCLE PATROL UNIT SUPERVISOR

- (f) Other activities as required to maintain the efficient operation of the program

454.4 TRAINING

Participants in the program must complete an initial department-approved bicycle-training course after acceptance into the program. Thereafter, bicycle patrol officers should receive yearly in-service training to improve skills and refresh safety, health and operational procedures. The initial training shall minimally include the following:

- Bicycle patrol strategies
- Bicycle safety and accident prevention
- Operational tactics using bicycles

454.5 UNIFORMS AND EQUIPMENT

Officers shall wear the department-approved uniform and safety equipment while operating the police bicycle. Safety equipment includes department-approved helmet, riding gloves, protective eyewear and approved footwear.

The bicycle uniform specifications consist of the following:

- (a) Navy blue polo shirt clearly marked and labeled with a white printed department-approved badge on the front and "POLICE" on the back
- (b) Black mountain bike pants or shorts
- (c) Black, white or silver helmet as approved by the Bicycle Patrol Unit Sergeant.
- (d) Black bicycle gloves
- (e) Athletic or non-cleated shoes
- (f) White ankle socks

Optional equipment includes a jacket or sweater, provided it is marked in the same fashion as the bicycle uniform shirt or it complies with the standards set forth in the Uniform Regulations Policy. Insulated clothing is permitted when worn under uniform clothing.

Officers shall carry the same equipment on the bicycle patrol duty belt as they would on a regular patrol assignment.

Officers will be responsible for obtaining the necessary forms, citation books and other needed equipment, and shall keep it available while on bike patrol.

454.6 CARE AND USE OF PATROL BICYCLES

Prior to the beginning of the shift the officer will sign out a bicycle from the designated storage area and perform an ABC Quick Check. At the end of the shift, the bicycle will be cleaned and signed back in. All problems must be noted and reported to the program supervisor. Bicycles owned by

Pueblo Police Department

Policy Manual

Bicycle Patrol Unit

the Department will be used for bicycle patrol. Officers may use their personally-owned bicycles, however, provided they have been previously inspected and approved by the Bicycle Patrol Unit Sergeant. In all instances, bicycles used for bicycle patrol will meet the safety and equipment standards set forth in this policy.

Bicycles utilized for uniformed bicycle patrol shall have a "POLICE" decal affixed to each side of the crossbar or the bike's saddlebag or attached gear bag. Every such bicycle shall be equipped with a headlamp and front and rear reflectors. Headlamps and reflectors must meet legal requirements.

Bicycles utilized for uniformed bicycle patrol shall be equipped with a rear rack for attached gear bags and/or saddle bags sufficient to carry the necessary equipment for handling routine patrol calls, including report writing and citations.

Each bicycle gear bag shall include a first-aid kit, tire pump, repair tool, tire tube and security lock with chain/cable. These items are to remain with/on the bicycle at all times.

Each bicycle shall be equipped with flashing, oscillating or rotating red signal light that is visible from the front, sides or rear of the bicycle (CRS § 42-4-213).

Officers shall conduct an inspection of the bicycle and equipment prior to use to ensure proper working order of the equipment. Officers are responsible for the routine care and maintenance of the equipment (e.g., tire pressure, chain lubrication, overall cleaning). If a needed repair is beyond the ability of the officer, the program supervisor should be immediately notified for future repair by an approved repair shop/technician.

Each bicycle will have an annual scheduled maintenance, to be performed by a repair shop/technician that is approved by the Department. The program supervisor shall be responsible for arranging said maintenance.

At the end of a bicycle assignment, the bicycle shall be returned clean and ready for the next tour of duty.

Officers shall not modify the patrol bicycle, remove, modify or add components except with the express approval of the bicycle supervisor or in the event of an emergency.

Bicycles shall be properly secured when not in the officer's immediate presence. Bicycles shall be stored in the designated area of the Pueblo Municipal Justice Center when not in use.

454.7 OFFICER RESPONSIBILITIES

Officers should operate the bicycle in compliance with Colorado law, unless their duties require otherwise. Officers may operate the bicycle without lighting equipment during hours of darkness only when it reasonably appears necessary for officer safety and tactical considerations. Officers must use caution and care when operating the bicycle without lighting equipment or in violation of routine rules of the road.

Foot Pursuit Policy

458.1 PURPOSE AND SCOPE

Foot pursuits are inherently dangerous and require common sense, sound tactics and heightened officer safety awareness. This policy sets forth guidelines to assist officers in making the decision to initiate or continue the pursuit of suspects on foot by balancing the objective of apprehending the suspect with the risk of potential injury to the officer, the public or the suspect.

458.1.1 POLICY

It is the policy of this department when deciding to initiate or continue a foot pursuit that officers must continuously balance the objective of apprehending the suspect with the risk and potential for injury to department personnel, the public or the suspect.

Officers are expected to act reasonably, based on the totality of the circumstances. Absent exigent circumstances, the safety of department personnel and the public should be the primary consideration when determining whether a foot pursuit should be initiated or continued. Officers must be mindful that immediate apprehension of a suspect is rarely more important than the safety of the public and department personnel.

458.2 DECISION TO PURSUE

Officers may be justified in initiating a foot pursuit of any individual the officer reasonably believes is about to engage in, is engaging in or has engaged in criminal activity. However, this decision must be continuously reevaluated in light of the circumstances presented at the time.

Mere flight by a person who is not suspected of criminal activity shall not serve as the sole justification for engaging in an extended foot pursuit without the development of reasonable suspicion regarding the individual's involvement in criminal activity.

Deciding to initiate or continue a foot pursuit is a decision that an officer must make quickly and under unpredictable and dynamic circumstances. It is recognized that foot pursuits potentially place department personnel and the public at significant risk. Therefore, no officer or supervisor shall be criticized or disciplined for deciding not to engage in a foot pursuit because of the perceived risk involved.

If circumstances reasonably permit, surveillance and containment are generally the safest tactics for apprehending fleeing persons. In deciding whether to initiate or continue a foot pursuit, an officer should continuously consider reasonable alternatives to pursuit based upon the circumstances and resources available, such as the following:

- (a) Containment of the area
- (b) Canine search
- (c) Saturation of the area with patrol personnel

Pueblo Police Department

Policy Manual

Foot Pursuit Policy

- (d) Apprehension at another time, when the identity of the suspect is known or there is information available that would likely allow for later apprehension, and the need to immediately apprehend the suspect does not reasonably appear to outweigh the risk of continuing the pursuit.

458.3 GUIDELINES FOR FOOT PURSUIT

Unless the officer reasonably believes that exigent circumstances exist (e.g. a serious threat to the safety of personnel or members of the public), officers should consider alternatives to engaging in or continuing a foot pursuit under the following conditions:

- (a) When directed by a supervisor to terminate the foot pursuit, such an order shall be considered mandatory.
- (b) The officer is acting alone.
- (c) When two or more officers become separated, lose visual contact with one another or obstacles separate them to the degree that they cannot immediately assist each other should a confrontation take place. In such circumstances, it is generally recommended that a single officer keep the suspect in sight from a safe distance and coordinate the containment effort.
- (d) The officer is unsure of his/her location and direction of travel.
- (e) When pursuing multiple suspects and the pursuing officers do not reasonably believe that they would be able to control the suspect should a confrontation occur.
- (f) When the physical condition of the officers renders them incapable of controlling the suspect if apprehended.
- (g) When the officer loses radio contact with the Communications Center or with backup officers.
- (h) When the suspect enters a building, structure, confined space or a wooded or otherwise isolated area and there are insufficient officers to provide backup and containment. The primary officer should consider discontinuing the pursuit and coordinating containment pending the arrival of sufficient officers.
- (i) The officer becomes aware of unanticipated or unforeseen circumstances that unreasonably increase the risk to officers or the public.
- (j) The officer reasonably believes that the danger to the pursuing officers or public outweighs the objective of immediate apprehension.
- (k) The officer loses possession of his/her firearm or other essential equipment.
- (l) The officer or a third party is injured during the pursuit, requiring immediate assistance and there are no other emergency personnel available to render assistance.
- (m) The suspect's location is no longer definitely known.

Foot Pursuit Policy

- (n) The identity of the suspect is established or other information exists that will allow for the suspect's apprehension at a later time, and it reasonably appears that there is no immediate threat to department personnel or the public if the suspect is not immediately apprehended.
- (o) The officer's ability to safely continue the pursuit is impaired by inclement weather, darkness or other conditions.

458.4 RESPONSIBILITIES IN FOOT PURSUITS

458.4.1 INITIATING OFFICER RESPONSIBILITIES

Unless relieved by another officer or a supervisor, the initiating officer shall be responsible for coordinating the progress of the pursuit. When acting alone and when practicable, the initiating officer should not attempt to overtake and confront the suspect but should attempt to keep the suspect in sight until sufficient officers are present to safely apprehend the suspect.

Early communication of available information from the involved officers is essential so that adequate resources can be coordinated and deployed to bring a foot pursuit to a safe conclusion. Officers initiating a foot pursuit should broadcast the following information as soon as it becomes practicable and available:

- (a) Unit identifier
- (b) Location and direction of travel
- (c) Reason for the foot pursuit
- (d) Number of suspects and description
- (e) Whether the suspect is known or believed to be armed

Officers should be mindful that radio transmissions made while running may be difficult to understand and may need to be repeated.

Absent extenuating circumstances, any officer unable to promptly and effectively broadcast this information should terminate the pursuit. If the foot pursuit is discontinued for any reason, immediate efforts for containment should be implemented and alternatives considered based upon the circumstances and available resources.

When a foot pursuit terminates, the officer will notify the Communications Center of his/her location and the status of the pursuit termination (e.g., suspect in custody, lost sight of suspect), and will direct further actions as reasonably appear necessary.

458.4.2 ASSISTING OFFICER RESPONSIBILITIES

Whenever any officer announces that he/she is engaged in a foot pursuit, all other officers should minimize nonessential radio traffic to permit the involved officers maximum access to the radio frequency.

Pueblo Police Department

Policy Manual

Foot Pursuit Policy

Any officer who is in a position to intercept a fleeing suspect or who can assist the primary officer with the apprehension of the suspect, shall act reasonably and in accordance with Department policy, based upon available information and his/her own observations.

458.4.3 SUPERVISOR RESPONSIBILITIES

Upon becoming aware of a foot pursuit, the supervisor shall make every reasonable effort to ascertain sufficient information to direct responding resources and to take command, control and coordination of the foot pursuit. The supervisor should respond to the area whenever reasonably possible. The supervisor does not, however, need to be physically present to exercise control over the pursuit. The supervisor should continuously assess the situation in order to ensure the foot pursuit is conducted within established Department guidelines.

The supervisor should terminate the foot pursuit when the danger to pursuing officers or the public appears to unreasonably outweigh the objective of immediate apprehension of the suspect.

Upon apprehension of the suspect, the supervisor should promptly proceed to the termination point to direct the post-pursuit activity.

458.4.4 THE COMMUNICATIONS CENTER RESPONSIBILITIES

Upon being notified or becoming aware that a foot pursuit is in progress, the Communications Center personnel shall, as soon as practicable, notify the field supervisor and provide available information. In addition, the Communications Center personnel shall also:

- (a) Clear the radio channel of nonemergency traffic.
- (b) Repeat the transmissions of the pursuing officer as needed.
- (c) Ensure that a field supervisor is notified of the pursuit.
- (d) Relay all pertinent information to responding personnel.
- (e) Contact additional resources as indicated.
- (f) Coordinate response of additional resources to assist with the foot pursuit.

458.5 REPORTING

The initiating officer shall complete the appropriate crime/arrest reports documenting, at minimum:

- (a) The reason for initiating the foot pursuit.
- (b) The identity of involved personnel.
- (c) The course and approximate distance of the pursuit.
- (d) Whether a suspect was apprehended as well as the means and methods used.
 - 1. Any use of force shall be reported and documented in compliance with the Use of Force Policy.
- (e) Any injuries or property damage.

Pueblo Police Department

Policy Manual

Foot Pursuit Policy

Assisting officers taking an active role in the apprehension of the suspect shall complete supplemental reports as necessary or as directed.

In any case in which a suspect is not apprehended and there is insufficient information to warrant further investigation, a supervisor may advise the initiating officer that he/she need not complete a report to document the incident.

Automated License Plate Readers (ALPR)

460.1 PURPOSE AND SCOPE

Automated License Plate Reader (ALPR) technology, also known as License Plate Recognition, provides automated detection of license plates. The ALPR is used by the Pueblo Police Department to convert data associated with vehicle license plates for official law enforcement purposes, including identifying stolen or wanted vehicles, stolen license plates and missing persons. The ALPR may also be used to gather information related to active warrants, homeland security, electronic surveillance, suspect interdiction and stolen property recovery.

460.2 ADMINISTRATION OF ALPR DATA

All installation and maintenance of ALPR equipment, as well as ALPR data retention and access, shall be managed by the Operations Bureau Chief. The Operations Bureau Chief will assign personnel under his/her command to administer the day-to-day operation of the ALPR equipment and data.

460.3 ALPR OPERATION

Use of an ALPR is restricted to the purposes outlined below. Department personnel shall not use, or allow others to use, the equipment or database records for any unauthorized purpose.

- (a) An ALPR shall only be used for official and legitimate law enforcement business.
- (b) An ALPR may be used in conjunction with any patrol operation or official department investigation. Reasonable suspicion or probable cause is not necessary before using an ALPR.
- (c) While an ALPR may be used to canvass license plates around any crime scene, particular consideration should be given to using ALPR-equipped cars to canvass areas around homicides, shootings and other major incidents. Partial license plates reported during major crimes should be entered into the ALPR system in an attempt to identify suspect vehicles.
- (d) No member of this department shall operate ALPR equipment or access ALPR data without first completing department-approved training.
- (e) If practicable, the officer should verify an ALPR response through the Colorado Bureau of Investigation before taking enforcement action that is based solely upon an ALPR alert.
- (f) No ALPR operator may access the Colorado Bureau of Investigation data unless authorized to do so.

460.4 ALPR DATA COLLECTION AND RETENTION

All data and images gathered by ALPR are for the official use of the Pueblo Police Department and because such data may contain confidential information, it is not open to public review. ALPR information gathered and retained by this department may be used and shared with prosecutors or others only as permitted by law.

Pueblo Police Department

Policy Manual

Automated License Plate Readers (ALPR)

The Operations Bureau Chief is responsible to ensure proper collection and retention of ALPR data, and for transferring ALPR data stored in department vehicles to the department server on a regular basis, not to exceed 30 days between transfers.

All ALPR data downloaded to the server should be stored for the minimum period established by department records retention guidelines and thereafter may be purged unless it has become, or it is reasonable to believe it will become, evidence in a criminal or civil action or is subject to a lawful action to produce records. In those circumstances the applicable data should be downloaded from the server onto portable media and booked into evidence.

460.5 ACCOUNTABILITY AND SAFEGUARDS

All saved data will be closely safeguarded and protected by both procedural and technological means. The Pueblo Police Department will observe the following safeguards regarding access to and use of stored data:

- (a) All non-law enforcement requests for access to stored ALPR data shall be referred to the Records Manager and processed in accordance with applicable law.
- (b) All ALPR data downloaded to the mobile work station and server shall be accessible only through a login/password-protected system capable of documenting all access of information by name, date and time.
- (c) Persons approved to access ALPR data under these guidelines are permitted to access the data for legitimate law enforcement purposes only, such as when the data relate to a specific criminal investigation or department-related civil or administrative action.
- (d) Such ALPR data may be released to other authorized and verified law enforcement officials and agencies at any time for legitimate law enforcement purposes.
- (e) ALPR system audits should be conducted on a regular basis.

Homeless Persons

464.1 PURPOSE AND SCOPE

The purpose of this policy is to ensure that personnel understand the needs and rights of the homeless and to establish procedures to guide officers during all contacts with the homeless, whether consensual or for enforcement purposes. The Pueblo Police Department recognizes that members of the homeless community are often in need of special protection and services. The Pueblo Police Department will address these needs in balance with the overall mission of this department. Therefore, officers will consider the following policy when serving the homeless community.

464.1.1 POLICY

It is the policy of the Pueblo Police Department to provide law enforcement services to all members of the community while protecting the rights, dignity and private property of the homeless. Homelessness is not a crime and members of this department will not use homelessness as a basis for detention or law enforcement action.

464.2 HOMELESS COMMUNITY LIAISON

The Chief of Police will designate a member of this department to act as the homeless liaison officer. The responsibilities of the homeless liaison officer include:

- (a) Maintaining and making available to all Department employees a list of assistance programs and other resources that are available to the homeless.
- (b) Meeting with social services and representatives of other organizations that render assistance to the homeless.
- (c) Maintaining a list of the areas within and near this jurisdiction that are used as frequent homeless encampments.
- (d) Remaining abreast of laws dealing with the removal and/or destruction of the personal property of the homeless. This will include:
 - 1. Proper posting of notices of trespass and cleanup operations.
 - 2. Proper retention of property after cleanup, to include procedures for owners to reclaim their property in accordance with the Property Procedures Policy and other established procedures.
- (e) Being present during cleanup operations conducted by this department involving the removal of personal property of the homeless to ensure the rights of the homeless are not violated.
- (f) Attempting to solve problems by engaging community agencies prior to taking official law enforcement action against the homeless.

Pueblo Police Department

Policy Manual

Homeless Persons

- (g) Communicating and/or notifying community agencies of significant health/public safety information known by the Department as well as significant law enforcement actions taken by the Department as it relates to the homeless.
- (h) Development of training to assist officers in understanding current legal and social issues relating to the homeless.

464.3 FIELD CONTACTS

Officers are encouraged to contact the homeless for purposes of rendering aid, support and for Community Oriented Policing purposes. Nothing in this policy is meant to dissuade an officer from taking reasonable enforcement action when facts support a reasonable suspicion of criminal activity. However, when encountering a homeless person who has committed a nonviolent misdemeanor and continued freedom is not likely to result in a continuation of the offense or a breach of the peace, officers are encouraged to consider long-term solutions to problems that may relate to the homeless, such as shelter referrals, counseling and summons and release in lieu of physical arrest.

Officers should provide homeless persons with resource and assistance information whenever it is reasonably apparent such services may be appropriate.

464.3.1 OTHER CONSIDERATIONS

Homeless members of the community will receive the same level and quality of service provided to other members of our community. The fact that a victim or witness is homeless can, however, require special consideration for a successful investigation and prosecution. Officers should consider the following when handling investigations involving homeless victims, witnesses or suspects:

- (a) Document alternate contact information. This may include obtaining addresses and telephone numbers of relatives and friends.
- (b) Document places the homeless person may frequent.
- (c) Provide homeless victims with victim/witness resources when appropriate.
- (d) Obtain statements from all available witnesses in the event a homeless victim is unavailable for a court appearance.
- (e) Consider whether the person may be a dependent adult or elder and if so, proceed in accordance with the Vulnerable Adult Abuse Policy.
- (f) Arrange for transportation for investigation-related matters, such as medical exams and court appearances.
- (g) Consider whether a crime should be reported and submitted for prosecution even when a homeless victim indicates he/she does not desire prosecution.

Homeless Persons

464.4 PERSONAL PROPERTY

The personal property of homeless persons must not be treated differently than the property of other members of the public. Officers should use reasonable care when handling, collecting and retaining the personal property of homeless persons and should not destroy or discard the personal property of a homeless person.

When a homeless person is arrested or otherwise removed from a public place, officers should make reasonable accommodations to permit the person to lawfully secure his/her personal property. Otherwise, the arrestee's personal property should be collected for safekeeping. If the arrestee has more personal property than can reasonably be collected and transported by the officer, a supervisor should be consulted. The property should be photographed and measures should be taken to remove or secure the property. It will be the supervisor's responsibility to coordinate the removal and safekeeping of the property.

Officers should not conduct or assist in cleanup operations of belongings that reasonably appear to be the property of homeless persons without the prior authorization of a supervisor or the Department homeless liaison officer. When practicable, requests by the public for cleanup operations of a homeless encampment should be referred to the homeless liaison officer.

Officers who encounter unattended encampments, bedding or other personal property in public areas that reasonably appear to belong to a homeless person should not remove or destroy such property and should inform the Department homeless liaison officer if such property appears to involve a trespass, is blight to the community or is the subject of a complaint. It will be the responsibility of the homeless liaison officer to address the matter in a timely fashion.

464.5 MENTAL ILLNESSES AND MENTAL IMPAIRMENTS

Some homeless persons may suffer from a mental illness or a mental impairment. Officers shall not detain a homeless person for an emergency admission to a mental health facility unless facts and circumstances warrant such a detention.

When a mental illness hold is not warranted, the contacting officer should provide the homeless person with contact information for mental health assistance, as appropriate. In these circumstances, officers may provide transportation to a mental health specialist if requested by the person and approved by a supervisor.

464.6 ECOLOGICAL ISSUES

In consideration of the potential for substance abuse and chemical dependency among the homeless population, officers are encouraged to take the least coercive among reasonable alternatives when dealing with homeless persons who are suspected of being under the influence of alcohol and/or drugs. Officers should consider referral to available community resources as an alternative to the Criminal Justice System. This policy shall not prohibit officers from taking lawful, legal enforcement action, however, when circumstances indicate that such is the most favorable course of action.

Homeless Persons

464.7 ECOLOGICAL ISSUES

Sometimes homeless encampments can affect the ecology and natural resources of the community and may involve criminal offenses beyond mere littering. Officers are encouraged to notify other appropriate agencies or departments when a significant impact to the environment has or is likely to occur. Significant impacts to the environment may warrant a crime report, investigation, supporting photographs and supervisor notification.

Crisis Intervention Team

465.1 PURPOSE AND SCOPE

The mentally ill, emotionally disturbed, developmentally disabled, suicidal, and persons who otherwise suffer from any of various forms of mental disabilities can pose a significant challenge to police officers. Persons with these conditions can behave in an erratic and unpredictable manner and can often pose a serious officer safety hazard. It is the policy of the Pueblo Police Department to deal with these persons in a compassionate, humane and safe manner to protect the individual, their family members, the public and department members. To this end, this department shall use, whenever possible, members of a specially trained group of sworn officers known as the Crisis Intervention Team, to intervene and de-escalate persons who are suspected to be and/or are verifiably mentally ill, emotionally disturbed, developmentally disabled, suicidal, or who otherwise suffer from mental disabilities, who are in crisis.

For the purposes of this directive, the term "mentally ill" shall refer to persons with any suspected or known mental or emotional deficiency.

465.2 TEAM COMPOSITION

The Crisis Intervention Team shall be composed of sworn personnel who have successfully completed Crisis Intervention Team certified training, including one sergeant who will act as the team coordinator. Additionally, in the interest of approaching Crisis Intervention Team as a multifaceted community partnership, the Crisis Intervention Team shall include mental health care providers, hospitals, advocacy groups, local and state law enforcement agencies and other interested entities.

Department members who wish to be considered for the Crisis Intervention Team shall submit a letter of interest to the Chief of Police via chain of command. Selection will be based on the following criteria:

- (a) Available openings on the team,
- (b) Candidate must have at least two years of Patrol Division experience,
- (c) Candidate must be recommended by his or her immediate supervision, and
- (d) Candidate must have demonstrated outstanding communication skills, an ability to diffuse volatile situations, sound judgment and strong officer safety skills.

465.3 TEAM USAGE

Whenever possible, a Crisis Intervention Team member shall be dispatched as the primary unit to calls for service involving the mentally ill. The Communications Center will be provided with updated lists of Crisis Intervention Team certified officers as well as community resources available via Crisis Intervention Team involvement.

Pueblo Police Department

Policy Manual

Crisis Intervention Team

Crisis Intervention Team members shall be permitted and encouraged to cross beat boundaries to handle appropriate calls for service, and shall be allowed to use all the time they deem necessary to successfully de-escalate individuals in crisis. When not acting in a Crisis Intervention Team capacity, Crisis Intervention Team members shall perform their normal duty functions.

Crisis Intervention Team members shall complete a Crisis Intervention Teams-Referral Management System (CIT-RMS) electronic data collection form, available on the Intranet site, in all intervention situations, which will be forwarded to the Spanish Peaks Mental Health Center upon submission of the electronic form. The CIT-RMS shall be completed regardless of whether the subject is committed on a mental health hold.

If the circumstances of a situation warrant the activation of the Special Weapons and Tactics Team and/or the Crisis Negotiation Team, continued use of the Crisis Intervention Team member will be at the discretion of the Tactical Commander.

When circumstances warrant, Crisis Intervention Team members may follow-up with the consumer (subject) or mental health agency to determine the outcome and to identify further action that may be required.

465.4 TEAM COORDINATOR RESPONSIBILITIES

The responsibilities of the Crisis Intervention Team Coordinator include, but are not limited to, the following activities:

- (a) Collecting completed Crisis Intervention Team Data Collection Forms and forwarding copies of them to the Colorado Division of Criminal Justice (The original forms will be kept on file by the CIT Coordinator),
- (b) Coordinating Crisis Intervention Team certification and continuing education training,
- (c) Serving as needed as a liaison to advocacy groups and other community stakeholders in regards to mental health issues,
- (d) Maintaining current lists of Crisis Intervention Team certified officers and community resources and providing such to the Pueblo Police Department Communications Center, Training Section and all Bureau Commanders, and
- (e) Completing other duties as assigned.

Dangerous Animal Situations at Pueblo Zoo

467.1 PURPOSE AND SCOPE

The Pueblo Zoo is a nationally accredited facility that covers 25 acres in the southwest quadrant of Pueblo City Park. It is home to more than 300 animals of over 100 different species. Some of those animals could be considered dangerous to human beings should they escape from their environments, or should human beings enter into their enclosures. Among the potentially dangerous animals residing at the zoo are African lions, sun bears, bobcats, bison, zebras, and other large hoofed stock.

As the safety of zoo visitors, staff members, the general public, and the animal inhabitants of the zoo is a top priority of both the Pueblo Zoo and the Pueblo Police Department, several joint procedures have been established to better manage dangerous zoo animal situations. It shall be the policy of the Pueblo Police Department to respond immediately to all reported animal emergencies at the zoo, and to assist zoo staff and personnel in implementing those procedural guidelines.

467.2 ANIMAL ESCAPES ON ZOO GROUNDS

It is the responsibility of the Zoo Firearms Team to handle animal emergencies on zoo grounds. The primary responsibility of the Department during an escape incident on zoo property is to assist zoo personnel. Should a dangerous animal escape onto zoo grounds, the Zoo Firearms Team will immediately respond and an emergency call will be placed to the Communications Center. Upon receipt of the emergency call, the dispatcher will immediately dispatch at least two officers and a supervisor, along with an ALS engine company. The police and fire/medical personnel will respond to the parking lot at the front gate of the zoo, and there establish a command post. Officers shall stand by at the command post until directed otherwise. Zoo staff will contact and maintain a liaison with the police/fire command post. The ALS engine company will stand by at the command post, unless human injuries are reported at a location inside zoo grounds.

The responding police officers will not enter zoo grounds unless requested by zoo staff. Generally, the assistance requested will involve evacuation of humans from all or part of the zoo, as determined by zoo staff. The officers may also be asked to assist the Zoo Firearms Team in locating the escaped animal, however the officer will allow the Zoo Firearms Team to recapture, immobilize, or terminate the animal, utilizing the specialized equipment, munitions and training at their disposal.

467.3 HUMAN INTRUSION INTO ANIMAL ENCLOSURES

The Zoo Firearms Team is responsible for handling emergencies involving unauthorized human intrusion into animal environments. In many situations, zoo staff may be able to rescue a human without having to use immobilization drugs or firearms. It is imperative that police officers do not enter into animal enclosures to assist with the control or termination of animals, or the rescue of unauthorized persons inside the habitat, while the Zoo Firearms Team is so engaged. Officers

Dangerous Animal Situations at Pueblo Zoo

shall only enter zoo grounds when requested by zoo staff. If the Zoo Firearms Team is unable to respond, officers may then enter the grounds and the enclosures to rescue the intruder. Though every effort should be made to corral and separate the animal(s) from the intruder and other human beings prior to extrication of the intruder, the officers may take any action necessary, including the use of deadly force against the animal, to protect human life.

467.4 ANIMAL ESCAPES OFF ZOO GROUNDS

Should a dangerous animal escape zoo grounds into the community, the responsibility of the responding officers will shift from providing assistance to managing the search for, and recapture of, the animal. As the Zoo Firearms Team has specialized training in specific animal behavior and methods of animal control and capture, the officers will work with the Zoo Firearms Team to recapture or neutralize the animal. Though the desired outcome of any escape incident is recapture without harm or damage to the animal, the safety of the public, and of police and zoo personnel, is of primary importance. Accordingly, officers may take any action necessary to counter any imminent threat to humans posed by the escaped animal.

During the active search for the animal, officers should be armed with shotguns or rifles; handgun fire may not effectively neutralize certain wild animals. The officers should rely upon the expertise of the Zoo Firearms Team members for guidance in potential encounters with dangerous animals.

Alarm Responses

469.1 PURPOSE AND SCOPE

The purpose of this policy is to provide employees of this department with guidelines for enforcement of the City of Pueblo Alarm Code (Ord. No. 8400 § 2, 11-14-11). The purpose of the Alarm Code is to protect and promote the health, safety and general welfare of the residences of the City of Pueblo by reducing the number of false alarms to emergency response agencies. False alarms contribute to ineffective utilization of public safety manpower and equipment. In addition, false alarms require emergency responses which may cause vehicular accidents and delayed responses to genuine emergencies. It is in the public interest of the residents of the City of Pueblo and a proper exercise of the police authority to require the licensing and regulation of alarm companies.

469.2 DEFINITIONS

Definitions related to this policy include:

Alarm Administrator - The Chief of Police or any person designated by the City Manager to be responsible for the administration of the Alarm Code as it pertains to registration, false alarms, false alarm reduction and the Department's response to activated alarms.

Alarm company - A person or entity, other than a governmental entity, engaged in the business of selling, altering, installing, leasing, maintaining, repairing, replacing, servicing, monitoring or responding to an alarm system located within the City of Pueblo.

Alarm permit - A permit issued by the City of Pueblo allowing the operation of an alarm system within the City.

Alarm signal - A detectable signal, audible, visual or electronic, generated by an alarm system to which law enforcement is requested to respond.

Alarm site - A single premises or location served by an alarm system. In a multi-tenant building or complex, each tenant unit shall be considered a separate alarm site if individually controlled.

Alarm system - Any single device or assembly of equipment designed to detect unauthorized entry and to signal the occurrence of an illegal or unauthorized entry or other illegal activity requiring immediate attention to which law enforcement is requested to respond. An alarm system does not include:

- (a) An alarm installed on a vehicle, unless the vehicle is permanently located at a site,
- (b) An alarm designed to alert only the inhabitants of the premises that does not have a sounding device audible outside of the alarm site,
- (c) Medical panic alarms or fire alarms, or
- (d) Proprietary alarm systems which are not monitored by a licensed alarm company and which result in the notification of only private, on-site personnel when activated.

Pueblo Police Department

Policy Manual

Alarm Responses

Alarm user - Any person, tenant, lessee, firm, partnership, company, association, proprietorship, corporation or government entity owning, leasing or operating an alarm system, or on whose premises an alarm system is maintained for the protection of the premises.

Computer Aided Dispatch (CAD) - System used to generate, analyze, track and record all calls for service and the associated data for same. Data captured includes time received, time dispatched, time of arrival, case report number, officers assigned, and additional narrative pertinent to the call for service.

Enhanced Call Verification (ECV) - Protocol that requires the alarm company to make a minimum of two calls to two different alarm user contact numbers, by telephone or other electronic means, in order to attempt to determine whether the alarm is false prior to making a dispatch request to the Department. ECV does not apply to robbery alarms and/or panic alarms.

False alarm - The accidental, unintended, inadvertent or erroneous activation of an alarm by the alarm user, or the unintended activation of an alarm through equipment malfunction, causing law enforcement to respond when no crime or other physical emergency has actually occurred. A false alarm response means that a police officer arrived on the scene. Cancellation of the request for response prior to a police officer arriving at the scene shall not be considered a false alarm response. Notwithstanding the foregoing, a false alarm shall not include an alarm which can reasonably be determined to have been caused or activated by unusually violent natural conditions or other events beyond the control of the alarm user (e.g. power outage).

Panic alarm - An alarm generated by the manual activation of any system, device or mechanism to signal a life-threatening or emergency situation requiring immediate police response in order to avoid bodily harm.

Robbery alarm - An alarm signal generated by the manual or automatic activation of a device, or any system, device or mechanism on or near the premises intended to signal that a robbery is in progress and that a person is in need of immediate police assistance in order to avoid bodily harm.

469.3 CIVIL PENALTIES

(a) Two or more false alarms within a calendar year is excessive, constitutes a public nuisance and shall be unlawful. Civil penalties for false alarms within a permit (calendar) year may be assessed against an alarm user as follows:

1. First false alarm - No civil penalty
2. Second false alarm - \$50 penalty
3. Third false alarm - \$100 penalty
4. Fourth false alarm - \$150 penalty
5. Fifth false alarm - \$200 penalty

- (b) After the fifth false alarm from any alarm site within any calendar year, the Department shall have the discretion to suspend police response. Should the Department, in its sole discretion, choose to respond to a subsequent alarm condition at an alarm site that has had five or more false alarms within any permit year and determine that the subsequent alarm condition was false, the alarm user shall be assessed a civil penalty charge of four hundred dollars.
 - (c) Any alarm company or alarm user that fails to obtain a license, alarm permit, or to update information associated with a license or alarm permit as required shall be assessed a civil penalty in the amount of one hundred dollars.
 - (d) If an alarm user or alarm company fails to remit a false alarm penalty, the Department shall have the discretion to deny response to any subsequent alarm condition received from the alarm company, alarm site or alarm system.
 - (e) The decision to respond to any alarm condition, regardless of the number of false alarms recorded at the alarm site previously, if any, shall be made in the sole discretion of the Department. A decision to respond to an alarm condition at an alarm site shall not impose upon the Department a duty to respond to any future alarm conditions at that site.

469.4 APPEAL PROCESS

The City of Pueblo Alarm Code allows for written appeals related to assessments of penalties, denial, suspension or revocation of permits or license and suspension of response.

The Chief of Police, or anyone designated by the City Manager, shall conduct all appeal hearings pursuant to Chapter 7 of the Pueblo Municipal Code. The Chief of Police, or anyone designated by the City Manager, shall determine whether there is sufficient evidence to support the Alarm Administrator's decision, and shall have discretion to modify or refund any fees or false alarm penalties collected.

469.5 DOCUMENTATION OF RESPONSE

Citizens who have a false alarm event at their alarm site are entitled to due process in the form of an appeal. Keeping this appeal process in mind, officers shall document the cause of a false alarm in CAD notes, if known. The notes shall indicate the cause of the alarm (e.g., employee error, hail, wind, power outage, etc.). If the cause of the alarm is unknown, officers shall document such in CAD notes as well. If a resident or employee is contacted, the name should be documented in the CAD narrative. Providing this additional information assists the Alarm Administrator during call reviews and will also provide written documentation during an alarm appeal.

Public Recording of Law Enforcement Activity

470.1 PURPOSE AND SCOPE

This policy provides guidelines for handling situations in which members of the public photograph or audio/video record law enforcement actions and other public activities that involve members of this department. In addition, this policy provides guidelines for situations where the recordings may be evidence.

470.2 POLICY

The Pueblo Police Department recognizes the right of persons to lawfully record members of this department who are performing their official duties. Members of this department will not prohibit or intentionally interfere with such lawful recordings. Any recordings that are deemed to be evidence of a crime or relevant to an investigation will only be collected or seized lawfully.

Officers should exercise restraint and should not resort to highly discretionary arrests for offenses such as interference, failure to comply or disorderly conduct as a means of preventing someone from exercising the right to record members performing their official duties.

470.3 RECORDING LAW ENFORCEMENT ACTIVITY

Members of the public who wish to record law enforcement activities are limited only in certain aspects.

- (a) Recordings may be made from any public place or any private property where the individual has the legal right to be present.
- (b) Beyond the act of photographing or recording, individuals may not interfere with the law enforcement activity. Examples of interference include, but are not limited to:
 - 1. Tampering with a witness or suspect.
 - 2. Inciting others to violate the law.
 - 3. Being so close to the activity as to present a clear safety hazard to the officers.
 - 4. Being so close to the activity as to interfere with an officer's effective communication with a suspect or witness.
- (c) The individual may not present an undue safety risk to the officers, him/herself or others.

470.4 OFFICER RESPONSE

Officers should promptly request a supervisor respond to the scene whenever it appears that anyone recording activities may be interfering with an investigation or it is believed that the recording may be evidence. If practicable, officers should wait for the supervisor to arrive before taking enforcement action or seizing any cameras or recording media.

Whenever practicable, officers or supervisors should give clear and concise warnings to individuals who are conducting themselves in a manner that would cause their recording or behavior to be unlawful. Accompanying the warnings should be clear directions on what an

Public Recording of Law Enforcement Activity

individual can do to be compliant; directions should be specific enough to allow compliance. For example, rather than directing an individual to clear the area, an officer could advise the person that he/she may continue observing and recording from the sidewalk across the street.

If an arrest or other significant enforcement activity is taken as the result of a recording that interferes with law enforcement activity, officers shall document in a report the nature and extent of the interference or other unlawful behavior and the warnings that were issued.

470.5 SUPERVISOR RESPONSIBILITIES

A supervisor should respond to the scene when requested or any time the circumstances indicate a likelihood of interference or other unlawful behavior.

The supervisor should review the situation with the officer and:

- (a) Request any additional assistance as needed to ensure a safe environment.
- (b) Take a lead role in communicating with individuals who are observing or recording regarding any appropriate limitations on their location or behavior. When practical, the encounter should be recorded.
- (c) When practicable, allow adequate time for individuals to respond to requests for a change of location or behavior.
- (d) Ensure that any enforcement, seizure or other actions are consistent with this policy and constitutional and state law.
- (e) Explain alternatives for individuals who wish to express concern about the conduct of department members, such as how and where to file a complaint.

470.6 SEIZING RECORDINGS AS EVIDENCE

Officers should not seize recording devices or media unless (42 USC § 2000aa):

- (a) There is probable cause to believe the person recording has committed or is committing a crime to which the recording relates, and the recording is reasonably necessary for prosecution of the person.
 - 1. Absent exigency or consent, a warrant should be sought before seizing or viewing such recordings. Reasonable steps may be taken to prevent erasure of the recording.
- (b) There is reason to believe that the immediate seizure of such recordings is necessary to prevent serious bodily injury or death of any person.
- (c) The person consents.
 - 1. To ensure that the consent is voluntary, the request should not be made in a threatening or coercive manner.
 - 2. If the original recording is provided, a copy of the recording should be provided to the recording party, if practicable. The recording party should be permitted to be present while the copy is being made, if feasible.

Public Recording of Law Enforcement Activity

Recording devices and media that are seized will be submitted within the guidelines of the Property and Evidence Policy.

Chapter 5 - Traffic Operations

Traffic Function and Responsibility

500.1 PURPOSE AND SCOPE

The goal of traffic law enforcement is to reduce traffic collisions and improve the safety and quality of life for the community through traffic law compliance. This may be achieved through the application of such techniques as geographic/temporal assignment of personnel and equipment and the establishment of preventive patrols to deal with specific categories of unlawful driving behavior. Traffic enforcement techniques are based on accident data, enforcement activity records, traffic volume, traffic conditions and other data. This department provides enforcement efforts toward violations, not only in proportion to the frequency of their occurrence in accident situations but also in terms of traffic-related needs.

500.2 TRAFFIC OFFICER DEPLOYMENT

Several factors are considered in the development of deployment schedules for officers of the Pueblo Police Department. Information provided by the Colorado Department of Transportation (CDOT) is a valuable resource for traffic accidents and therefore officer deployment. Some of the factors for analysis include:

- Location
- Time
- Day
- Violation factors

All officers assigned to patrol or traffic enforcement functions will emphasize enforcement of traffic laws and address accident-causing violations during those periods and at those locations where the incidence of collisions is increased. As a matter of routine, all officers will take directed enforcement action on request, and random enforcement action when appropriate, against violators. All officers shall maintain high visibility while working general enforcement, especially at high-accident incidence locations.

Other factors to be considered for deployment are citizen requests, construction zones, school zones or special events.

500.3 ENFORCEMENT

Enforcement actions are commensurate with applicable laws and take into account the degree and severity of the violation committed. This department does not establish ticket quotas and the number of arrests or citations issued by any officer shall not be used as the sole criterion for evaluating officer overall performance. The visibility and quality of an officer's work effort will be commensurate with the philosophy of this policy. Several methods are effective in the reduction of collisions (CRS § 42-4-101 and CRS § 42-4-104):

Traffic Function and Responsibility

500.3.1 WARNINGS AND STOPS WITHOUT CITATION OR ARREST

Warnings should be considered in minor traffic infractions and substituted for arrests or citations when circumstances warrant. Circumstances that do not result in a citation or arrest require providing a business card in compliance with the law, as outlined in the Racial/Bias Based Profiling Policy.

500.3.2 TRAFFIC CITATIONS

Traffic citations may be issued when an officer believes it is appropriate. It is essential that officers fully explain the rights and requirements imposed on motorists upon issuance of a citation for a traffic violation. Officers should provide the following information at minimum:

- (a) Explanation of the violation or charge
- (b) Court appearance procedure, including the optional or mandatory appearance by the motorist
- (c) Notice of whether the motorist can enter a plea and pay the fine by mail or at the court
- (d) The court contact information

500.3.3 TRAFFIC CITATION COURT JURISDICTION

An officer who issues a traffic citation shall ensure that the place specified in the summons, complaint or penalty assessment notice is a court within the county in which the offense is alleged to have been committed.

500.3.4 REFUSAL TO SIGN TRAFFIC CITATION

A person who refuses to sign a traffic citation, and thereby declines to make a written promise to appear in court, may immediately be taken before a magistrate (CRS § 42-4-1705(1)(e)). However, if a person's identity can be reasonably determined, a summons should be issued rather than making an arrest with "served" entered into the signature field. Should a person's identity be undetermined, a supervisor should be requested to assist with resolution of the incident prior to resorting to an arrest.

500.3.5 PHYSICAL ARREST

Physical arrest can be made on a number of criminal traffic offenses. These physical arrest cases usually deal with, but are not limited to (CRS § 42-4-1705(1)):

- (a) Negligent homicide.
- (b) Driving under the influence of alcohol/drugs.
- (c) Hit-and-run resulting in serious injury or death.

500.4 SUSPENDED OR REVOKED DRIVER'S LICENSE

If an officer contacts a traffic violator for driving on a suspended, revoked or restricted license and the violation is not an unclassified misdemeanor, the officer may, without a warrant, arrest the violator for a misdemeanor (CRS § 42-2-138).

Traffic Function and Responsibility

500.5 HIGH-VISIBILITY VESTS

The Department has provided American National Standards Institute (ANSI) Class II high-visibility vests to reduce the danger to employees who may be exposed to hazards presented by passing traffic, construction vehicles and disaster recovery equipment (Federal Manual on Uniform Traffic Control Devices, 23 C.F.R. § 655.601).

Although intended primarily for use while performing traffic-related assignments, high-visibility vests should be worn at any time increased visibility would improve the safety or efficiency of the employee. Insurance coverage may decrease substantially should an officer become involved in an accident outside of a vehicle, on a roadway, without wearing a high-visibility vest.

500.5.1 REQUIRED USE

Except when working in a potentially adversarial or confrontational role, such as during vehicle stops, high-visibility vests should be worn at any time it is anticipated that an employee will be exposed to the hazards of approaching traffic or construction and recovery equipment. Examples of when high-visibility vests should be worn include traffic control duties, accident investigations, lane closures and while at disaster scenes, or anytime high visibility is desirable. When emergency conditions preclude the immediate donning of the vest, officers should retrieve and wear the vest as soon as conditions reasonably permit. Use of the vests shall also be mandatory when directed by a supervisor.

500.5.2 CARE AND STORAGE OF HIGH-VISIBILITY VESTS

High-visibility vests shall be maintained in the designated storage area of each motorcycle, patrol and investigation vehicle. Each vest should be stored in such a manner as to protect and maintain the vest in a serviceable condition. Before going into service each employee shall ensure a serviceable high-visibility vest is properly stored in the vehicle.

Traffic Accident Response And Reporting

502.1 PURPOSE AND SCOPE

The public safety responsibilities of law enforcement include responding to traffic accidents, providing aid and assistance, documentation of the incident and identification of criminal activity. The Pueblo Police Department prepares traffic accident reports in compliance with CRS § 42-4-1606 and as a public service makes traffic accident information available to the public.

502.2 CALL RESPONSE

Officers should respond without delay when dispatched to a traffic accident. A traffic accident with injuries reported may include an emergency response if the officer reasonably believes such a response is appropriate. All reported traffic accidents that occur on Interstate-25 shall require an emergency response.

502.2.1 RESPONSE CONSIDERATIONS

An officer responding to and upon arrival at an accident, should consider the following:

- (a) The most appropriate route to the incident
- (b) Proper placement of the emergency vehicle to provide protection for officers and the scene
- (c) Potential for involvement of hazardous materials
- (d) Additional support that may be necessary (e.g., traffic control, medical aid, HAZMAT, ambulance, tow vehicles and airship landing)
- (e) Providing first aid to any injured parties if it can be done safely, and obtaining medical assistance as necessary
- (f) Traffic control and protection of the scene
- (g) Clearance of the roadway

502.3 ACCIDENT INVESTIGATION

Investigation of traffic collisions should include, at minimum, the following:

- (a) Identification and interview of all involved parties
- (b) Identification and interview of any witnesses
- (c) Determination if any crime has occurred and taking appropriate enforcement action
- (d) Identification and protection of items of apparent evidentiary value
- (e) Documentation of the incident as necessary (e.g., statements, measurements, photographs, collection of evidence and reporting) on appropriate report forms

Traffic Accident Response And Reporting

502.4 TAKING ENFORCEMENT ACTION

After a thorough investigation in which physical evidence or independent witness statements indicate that a violation of Colorado law led to the accident, officers should issue a traffic citation to the offending driver. Officers may arrest a person when there is probable cause to believe that an offense was committed by the person to be arrested (CRS § 16-3-102).

Incidents involving more serious violations, such as driving under the influence of drugs or alcohol, vehicular manslaughter or other felonies, shall be enforced immediately. If a driver subject to enforcement is admitted to a hospital, a supervisor shall be contacted to determine the best enforcement option.

502.4.1 WHEN CITATIONS ARE NOT ISSUED

In the vast majority of accident investigations, the investigating officer will be expected to issue a traffic citation to the driver(s) determined to have violated Colorado law and caused the traffic collision. Not all situations are the same, however, as special circumstances may exist that lead the officer to believe that the issuance of a traffic citation is not appropriate. Such "special circumstances" will normally be limited to mitigating factors that lessen the fault/negligence of the offending driver (e.g., inclement weather, forces of nature, wildlife crossing the roadway, etc.). Examples of situations in which a traffic citation may not be appropriate include, but are not limited to, traffic collisions with special circumstances, single vehicle accidents reported for insurance purposes and accidents on private property. Situations in which traffic citations are not appropriate are rare, however, and officers are expected to obtain prior approval from their supervisor to not issue a citation before releasing the scene and/or concluding the investigation.

In situations in which a traffic accident report is completed but no traffic citation is issued, the fields on the accident report that indicate a citation number shall be left blank and the officer shall clearly indicate in the narrative field that no citation was issued.

502.5 TRAFFIC ACCIDENT REPORTING

502.5.1 OFFICER RESPONSIBILITIES

Department members shall utilize forms approved by the Department of Revenue, Motor Vehicle Division (CRS § 42-4-1608) for the reporting of traffic accidents. All traffic accident reports taken by members of this department shall be forwarded to the Administrative Traffic Sergeant for approval and data entry into the records management system.

502.5.2 TRAFFIC COMMANDER RESPONSIBILITIES

The Administrative Traffic Sergeant will be responsible for:

- (a) Monthly and quarterly reports on traffic accident statistics, to be forwarded to the Operations Bureau Chief or other persons as required.
- (b) Forwarding the traffic accident report to the Department of Revenue, Motor Vehicle Division within five days of receiving information regarding the accident or upon the completion of

Pueblo Police Department

Policy Manual

Traffic Accident Response And Reporting

the investigation if the accident did not involve injury or death and the property damage is reasonably believed to be no more than \$1,000 (CRS § 42-4-1606).

- (c) Obtaining all updates in the Colorado Traffic Accident Reporting Manual, distribution of the manual and updates and ensuring conformity with this policy.

502.5.3 MODIFICATIONS TO TRAFFIC ACCIDENT REPORTS

A change or modification of a written report that alters a material fact in the report may be made only by the person who prepared the report. A written supplemental report may be made by any authorized employee.

502.6 REPORTING SITUATIONS

502.6.1 TRAFFIC ACCIDENTS INVOLVING CITY VEHICLES

Traffic accident investigation reports shall be taken when a City-owned vehicle is involved in a traffic accident on a roadway or highway, wherein any damage or injury results. A general information report may be taken in lieu of a traffic accident report at the direction of a supervisor when the accident occurs on private property or does not involve another vehicle. Whenever there is damage to a City vehicle, a vehicle damage report shall be completed and forwarded to the appropriate Bureau Chief.

Photographs of the accident scene and vehicle damage shall be taken, and a diagram of the accident shall be included in the report. The involved employee's immediate supervisor shall complete a Pueblo Vehicle Accident Investigation Report.

502.6.2 INJURY OR FATALITY TRAFFIC ACCIDENTS WITH POLICE DEPARTMENT OFFICE EMPLOYEES

When an on-duty employee of this department is involved in a traffic accident within the jurisdiction of the Pueblo Police Department and it results in a serious injury or fatality, the Watch Commander should notify the Chief of Police via the chain of command. Incidents that meet the criteria for a response by the Tenth Judicial District Critical Incident Team shall be investigated in accordance with the protocol established in the Officer-Involved Incident Protocol of the Tenth Judicial District. Assistance may be requested from the CSP or other outside agency for the investigation of incidents that do not meet the criteria for a response and investigation by the Tenth Judicial District Critical Incident Team, subject to the discretion of the Chief of Police.

The term serious bodily injury is defined as bodily injury that involves a substantial risk of death, serious permanent disfigurement, protracted loss or impairment of bodily function (CRS § 18-1-901(3)(p)).

502.6.3 TRAFFIC COLLISIONS WITH OTHER CITY EMPLOYEES OR OFFICIALS

The Watch Commander may request assistance from the CSP or other outside agency for the investigation of any traffic accident involving any City official or employee where a serious injury or fatality has occurred.

Pueblo Police Department

Policy Manual

Traffic Accident Response And Reporting

502.6.4 TRAFFIC COLLISIONS INVOLVING INJURED ANIMALS

Department members should summon Animal Control when a traffic accident involves disposition of an injured animal.

502.7 NOTIFICATION OF TRAFFIC COMMANDER

In the event of a serious injury or death-related traffic accident, the Communications Center shall notify the Watch Commander to relate the circumstances of the traffic accident and seek assistance from the traffic officers.

Vehicle Towing and Release Policy

510.1 PURPOSE AND SCOPE

This policy provides the procedures for towing a vehicle by or at the direction of the Pueblo Police Department and under the authority of CRS § 42-4-1803.

510.2 RESPONSIBILITIES

The responsibilities of those employees storing or impounding a vehicle are as follows.

510.2.1 COMPLETION OF VEHICLE IMPOUND/STORAGE FORM

Department members requesting towing of a vehicle shall complete and submit a Tow/Impound module that includes authorization pursuant to CRS § 42-4-1803(1)(b) for the tow truck operator to possess the vehicle. Two copies will be printed and signed by the vehicle operator/owner: one copy to be given to the tow truck operator and one copy to be given to the operator/owner of the vehicle.

510.2.2 REMOVAL OF A VEHICLE DISABLED IN A TRAFFIC ACCIDENT

When a vehicle has been involved in a traffic accident and must be removed from the scene, the officer shall have the driver select a towing company, if reasonably possible, and shall relay the request for the specified towing company to the Communications Center. The tow company selected by the driver must be on the established rotational list. When there is no preferred company requested, or the company requested is not on the established rotational list, a company will be selected from the rotational list of towing companies in the Communications Center.

If the owner is incapacitated or for any reason it is necessary for the Department to assume responsibility for a vehicle involved in an accident, the officer shall request the dispatcher to call a company selected from the rotational list of towing companies.

510.2.3 DRIVING A NON-CITY VEHICLE

Vehicles that have been towed by or at the direction of the Department should not be driven by police personnel unless it is necessary to move a vehicle a short distance to eliminate a hazard, prevent the obstruction of a fire hydrant or to comply with parking regulations.

510.2.4 DISPATCHER'S RESPONSIBILITIES

Upon receiving a request for towing, the dispatcher shall promptly telephone the specified towing company. The officer shall be advised when the request has been made and the towing company has been dispatched.

When there is no preferred company requested, the dispatcher shall call the next tow company in rotation from the list of approved towing companies and shall make appropriate entry to ensure the next tow company is called.

Pueblo Police Department

Policy Manual

Vehicle Towing and Release Policy

The dispatcher should promptly enter pertinent data (i.e., vehicle identification number and/or license plate number) into National Crime Information Center (NCIC) or Colorado Crime Information Center (CCIC) to determine if the vehicle has been reported stolen.

510.2.5 RECORDS SECTION RESPONSIBILITY

As soon as possible, but in no event later than 10 working days after having an abandoned motor vehicle towed, the Impounded Vehicle Unit shall report the same to the Department of Revenue, Motor Vehicle Division, by first class or certified mail, by personal delivery, or by Internet communication, as required by CRS § 42-4-1804(1)(b).

Impounded Vehicles Unit personnel shall make a good faith attempt to notify the owner and lien holder(s) of the abandoned vehicle within 10 working days pursuant to CRS § 42-4-1804(4)(a) and CRS § 42-4-1804(4)(b). The notice shall inform the owner that he/she can request a hearing concerning the legality of the towing of the abandoned motor vehicle (CRS § 42-4-1804(4)(c)).

The Impounded Vehicles Unit should use the notice forms available from the Department of Revenue, Motor Vehicle Division when sending required notices to the owners or lien holders of stolen or abandoned vehicles (CRS § 42-4-1804(5)).

510.3 TOWING SERVICES

The City of Pueblo periodically selects one or more firms to act as official tow companies. Those tow companies will be used in the following situations:

- (a) When it is necessary to safeguard a vehicle due to the inability of the owner or operator to take the required action.
- (b) When a vehicle is being held as evidence in connection with an investigation.
- (c) When it is otherwise necessary to store a motor vehicle. This would include situations involving the recovery of stolen or abandoned vehicles and the removal of vehicles obstructing traffic in violation of state or local regulations.

If more than one tow company has been selected, they shall be placed on a rotational list. Nothing in this policy shall require the Department to tow a vehicle.

510.4 TOWING AT ARREST SCENES

Whenever a person in charge or in control of a vehicle is arrested, it is the policy of this department to provide reasonable safekeeping by towing the arrestee's vehicle subject to the exceptions described below. However, a vehicle shall be towed whenever it is needed for the furtherance of an investigation or prosecution of the case, or when the community caretaker doctrine would reasonably suggest that the vehicle should be towed. For example, a vehicle shall be towed if it would present a traffic hazard or if it would be in jeopardy of theft or damage if left at the scene in a high-crime area.

Pueblo Police Department

Policy Manual

Vehicle Towing and Release Policy

The following are examples of situations where consideration should be given to leaving a vehicle at the scene in lieu of towing, provided the vehicle can be lawfully parked and left in a reasonably secured and safe condition:

- Traffic-related warrant arrest
- Situations where the vehicle was not used to further the offense for which the occupant was arrested or is not subject to forfeiture proceedings
- Whenever the vehicle otherwise does not need to be stored and the owner requests that it be left at the scene

In such cases, the handling employee shall note in the report that the owner was informed that the Department will not be responsible for theft or damages.

510.5 VEHICLE INVENTORY

The contents of an impounded vehicle shall be inventoried and listed on an inventory form. The inventory search should include all open and unlocked areas of the vehicle, including the trunk and any other compartments. For the purpose of this section, an impounded vehicle is defined as a vehicle that has been taken into police custody by a department member and placed in a police facility for any reason and for any amount of time.

The purposes of an inventory search include protection of the owner's or occupant's property, protection of department members from liability based upon fraudulent claims of missing or damaged property, and protection of department members and the public from dangerous instrumentalities inside the vehicle. The scope and extent of inventory searches, therefore, must be reasonable and narrowly focused on achieving these purposes. An inventory search may not be a pretext for a criminal investigation in order to avoid the more stringent requirement of obtaining a search warrant.

Department members conducting inventory searches should be as thorough and accurate as practicable in preparing an itemized inventory. Some vehicles, however, may have extensive contents of little to no value, such as garbage. Department members are not expected to document every item contained in a vehicle (e.g., food wrapper). Rather, department members are only expected to document items of value. Whether or not an item holds enough value to justify its documentation on an inventory form will be left to the discretion of the department member conducting the inventory search.

Items inside a locked container or compartment are presumed to be protected. Department members should note on the inventory form if there are any locked containers or compartments in the vehicle. Locked containers or compartments should not be opened to inventory the contents unless exigent circumstances exist, the owner provides access or a warrant is obtained. If the container can be easily removed from the vehicle and it is apparent from the nature of the container that the items inside are valuable, department members should consider ways to further secure the container including, but not limited to, obtaining access to the locked container from the owner,

Vehicle Towing and Release Policy

placing the locked container into safekeeping or obtaining a written waiver of responsibility for the contents of the locked container.

510.6 PRESERVATION OF EVIDENCE

An officer removing a vehicle pursuant to CRS § 42-4-1803, who has probable cause to believe that the vehicle or its contents constitute any evidence which tends to show that a criminal offense has been committed, or tends to show that a particular person has committed a criminal offense, should ensure that all legally required and reasonably necessary efforts to preserve the evidence, including but not limited to, safe storage, are taken until the evidence is released to the owner or otherwise disposed of according to law.

510.7 SECURITY OF VEHICLES AND PROPERTY

An officer should make reasonable accommodations to permit a driver/owner to retrieve small items of value or personal need (e.g., cash, jewelry, cellular telephone, prescriptions) that are not considered evidence or contraband, unless, however, it would cause an unreasonable delay in the completion of the officer's duties or create an issue of officer safety.

If a search of a vehicle leaves the vehicle or any property contained therein vulnerable to unauthorized entry, theft or damage, personnel conducting the search shall take such steps as are reasonably necessary to secure and/or preserve the vehicle or property.

Impaired Driving

514.1 PURPOSE AND SCOPE

This policy provides guidance to those department members who play a role in the detection and investigation of driving under the influence (DUI).

514.2 POLICY

The Pueblo Police Department is committed to the safety of the roadways and the community and will pursue fair but aggressive enforcement of Colorado's impaired driving laws.

514.3 INVESTIGATIONS

Officers should not enforce DUI laws to the exclusion of their other duties unless specifically assigned to DUI enforcement. All officers are expected to enforce these laws with due diligence.

514.4 FIELD TESTS

The Traffic Sergeant should identify the primary field sobriety tests (FSTs) and any approved alternate tests for officers to use when investigating violations of DUI laws.

514.5 CHEMICAL TESTS

A person is deemed to have consented to a chemical test or tests under any of the following (CRS § 42-4-1301.1):

- (a) The officer has probable cause to believe that the person was driving a motor vehicle in violation of CRS § 42-4-1301 (DUI, DUI per se, DWAI, or UDD).
- (b) The person is dead or unconscious (CRS § 42-4-1301.1(8)).
- (c) The officer has probable cause to believe that the person was driving a motor vehicle in violation of CRS.

514.5.1 CHOICE OF TESTS

Officers shall respect a viable choice of chemical test made by an arrestee as provided for by law. Generally, a person may request either a test of his/her blood or breath for determining alcohol content (CRS § 42-4-1301.1(2)(a)(I)). However, if a person under the age of 21 is suspected of underage drinking and driving (UDD), the person may only submit to a breath test.

If a person is suspected of aggravated vehicular unlawful termination of a pregnancy, the type of test or tests shall be determined by the officer (CRS § 18-3.5-108).

For purpose of determining drug content within a person's system officers may select the most appropriate and viable test of the person's blood, saliva and urine. The arrestee is required to take and complete the selected test or tests (CRS § 42-4-1301.1(2)(b)(I)); CRS § 18-3.5-108).

Impaired Driving

514.5.2 BREATH SAMPLES

The Traffic Sergeant should ensure that all devices used for the collection and analysis of breath samples are properly serviced and tested and that a record of such service and testing is properly maintained.

Officers obtaining a breath sample should monitor the device for any sign of malfunction. Any anomalies or equipment failures should be noted in the appropriate report and promptly reported to the Traffic Sergeant.

514.5.3 BLOOD SAMPLES

Only persons authorized by law to withdraw blood shall collect blood samples (CRS § 42-4-1301.1(6)(a)). The withdrawal of the blood sample should be witnessed by the assigned officer. No officer, even if properly certified, should conduct the blood withdrawal.

Officers should inform an arrestee that if he/she chooses to provide a blood sample, a separate sample can be drawn for alternate testing. Unless medical personnel object, two samples should be drawn and retained as evidence, so long as only one puncture is required.

If an arrestee cannot submit to a blood test because he/she is a hemophiliac or is using an anticoagulant, he/she shall not be required to take a blood test. Such inability to take a blood test shall not be treated as a refusal. However, the person may be required to complete another available and viable test.

514.5.4 URINE SAMPLES

If a urine test will be performed, the person should be promptly transported to the appropriate testing site. The officer shall follow any directions accompanying the urine evidence collection kit.

Urine samples shall be collected and witnessed by an officer or jail staff of the same sex as the person giving the sample. The person tested should be allowed sufficient privacy to maintain his/her dignity, to the extent possible, while still ensuring the accuracy of the specimen.

The collection kit shall be marked with the person's name, offense, Pueblo Police Department case number and the name of the witnessing officer. The collection kit should be refrigerated pending transportation for testing.

514.6 REFUSALS

When a person refuses to provide a chemical sample, officers should:

- (a) Advise the person of the requirement to provide a sample (CRS § 42-4-1301.1).
- (b) Audio-record the admonishment and the response when it is practicable.
- (c) Document the refusal in the appropriate report.

514.6.1 STATUTORY NOTIFICATIONS

Upon refusal to submit to a chemical test as required by law, officers shall personally serve the notice of revocation upon the person and take possession of any state-issued license to operate

Impaired Driving

a motor vehicle that is held by that person and issue the person a seven day temporary permit unless the person already possesses one (CRS § 42-2-126(5)).

514.6.2 BLOOD SAMPLE WITHOUT CONSENT

A blood sample may be obtained from a person who refuses a chemical test when any of the following conditions exist:

- (a) A search warrant has been obtained.
- (b) The officer can articulate that exigent circumstances exist. Exigency does not exist solely because of the short time period associated with the natural dissipation of alcohol in the person's blood stream. Exigency can be established by the existence of special facts such as a lengthy delay in obtaining a blood sample due to an accident investigation or medical treatment of the person.
- (c) Exigent circumstances exist and the officer has probable cause to believe the person committed any of the following offenses (CRS § 42-4-1301.1(3)):
 - 1. Criminally negligent homicide.
 - 2. Vehicular homicide.
 - 3. Assault in the third degree.
 - 4. Vehicular assault.

A blood sample shall be obtained from a person suspected of aggravated vehicular unlawful termination of pregnancy when the person is dead or unconscious (CRS § 18-3.5-108.5). Unless exigent circumstances exist, officers should make reasonable efforts to obtain a search warrant.

514.6.3 FORCED BLOOD SAMPLE

If a person indicates by word or action that he/she will physically resist a blood draw, the officer should request a supervisor to respond.

The responding supervisor should:

- (a) Evaluate whether using force to obtain a blood sample is appropriate under the circumstances.
- (b) Ensure that all attempts to obtain a blood sample through force cease if the person agrees to, and completes a viable form of testing in a timely manner.
- (c) Advise the person of his/her duty to provide a sample (even if this advisement was previously done by another officer) and attempt to persuade the person to submit to such a sample without physical resistance. This dialogue should be recorded on audio and/or video when practicable.
- (d) Ensure that the withdrawal is taken in a medically approved manner.
- (e) Supervise any use of force and ensure the forced withdrawal is recorded on audio and/or video when practicable.

Pueblo Police Department

Policy Manual

Impaired Driving

1. Unless otherwise provided in a warrant, force should generally be limited to handcuffing or similar restraint methods. In misdemeanor cases, if the suspect becomes violent or more resistant, no additional force will be used and a refusal should be noted in the report. In felony cases, force which reasonably appears necessary to overcome the resistance to the blood being withdrawn may be permitted.
- (f) Monitor and ensure that the type and level of force applied is reasonable under the circumstances.
1. Unless otherwise provided in a warrant, force should generally be limited to handcuffing or similar restraint methods.
 - (a) In misdemeanor cases, if the suspect becomes violent or more resistant, no additional force will be used and a refusal should be noted in the report.
 - (b) In felony cases, force which reasonably appears necessary to overcome the resistance to the blood being withdrawn may be permitted. Officers may physically restrain a person for the purpose of obtaining a sample only in cases of criminally negligent homicide, vehicular homicide, assault in the third degree, vehicular assault or aggravated vehicular unlawful termination of pregnancy (CRS § 42-4-1301.1; CRS § 18-3.5-108.5)
- (g) Ensure the use of force and methods used to accomplish the blood sample draw are documented in the related report.

If a supervisor is unavailable, officers are expected to use sound judgment and perform as a responding supervisor, as set forth above.

514.7 ARREST AND INVESTIGATION

514.7.1 PRELIMINARY TESTING

An officer may request that a person provide a breath sample for a preliminary screening test when the officer (CRS § 42-4-1301(6)(i)(I)):

- (a) Has reason to believe the person was driving a motor vehicle while under the influence or impaired by alcohol and,
- (b) Has advised the person that he/she may refuse or agree to provide the preliminary breath sample.

If the person is under the age of 21, the officer may conduct a preliminary screening test, without the person's consent, if there is a reasonable belief the person has consumed alcohol (CRS § 42-4-1301(6)(i)(I)).

An officer may use the results of the preliminary test in determining whether probable cause exists to believe the person was DUI and whether to administer additional testing (CRS § 42-4-1301(6)(i)(II)).

Impaired Driving

514.7.2 COLLECTING SAMPLES

Arrestee samples shall be collected and processed in accordance with standards set by the Department of Public Health and Environment (5 CCR 1005-2).

514.7.3 TIME TO COLLECT SAMPLE

If an officer requests that a person submit to a blood or breath test to determine the alcohol content of the person's blood or breath, the person must cooperate with the request such that the sample can be obtained within two hours of the person's driving (CRS § 42-4-1301.1(2)(a)(III)).

514.7.5 OFFICER RESPONSIBILITIES

An officer believing that a person should be subject to license revocation as a result of driving under the influence shall forward the following to the Division of Motor Vehicles (DMV) on the forms prescribed by the DMV (CRS § 42-2-126(5)):

The person shall then be required to take and complete, and to cooperate in the completing of, the other test (CRS § 42-4-1301.1(2)(a.5)(I)). Extraordinary circumstances include, but are not limited to, weather related delays, high call volume affecting medical personnel, malfunctioning breath test equipment and other circumstances that preclude the timely collection of a sample (CRS § 42-4-1301.1(a.5)(IV)(B)).

514.11 INTOXICATED DRIVER CALL FOR SERVICE

This section provides guidelines on law enforcement responses to reports of suspected intoxicated drivers within the City of Pueblo.

514.11.1 LAW ENFORCEMENT RESPONSE

An "intoxicated driver call for service" includes information received by the Communications Center that the operator of a vehicle is suspected of being under the influence of alcohol, drugs, or both.

Pueblo Police Department

Policy Manual

Impaired Driving

At least one officer will be dispatched to every report of a possible intoxicated driver call for service. To facilitate the quickest response possible, emergency services dispatchers will utilize the Automated Vehicle Locator (AVL) System within the Computer Aided Dispatch (CAD) System to identify and dispatch the closest available unit. Criteria such as the type of unit (e.g., traffic unit, patrol unit, identification unit, etc.) and geographical assignment (i.e., sector or quad) will not be considered.

An officer responding to a report of a suspected intoxicated driver shall thoroughly check the area before clearing the call. If the officer is unable to locate the suspect vehicle, they will clear with a disposition of "clear, no contact." That disposition information will be used by Communications Center personnel to clear the call.

If there is no officer available to immediately respond to the intoxicated driver call for service, the information will be aired to units in the affected geographic area with a note entered into the narrative of the call documenting that the call was aired. The call will be left on the open calls screen for the next available officer.

Intoxicated driver calls for service will not be canceled unless requested or approved by a sergeant or Watch Commander. If a call is canceled at the request or approval of a sergeant or Watch Commander, their unit number will be assigned to the call. The call will then be cleared with the appropriate disposition.

Traffic Citations

516.1 PURPOSE AND SCOPE

This policy outlines the responsibility for traffic citations, the collection of data, the procedure for dismissal, correction and voiding of traffic citations.

516.2 RESPONSIBILITIES

Employees of this department shall use the approved traffic citation for all traffic offense citations.

The Watch Commander shall be responsible for the development and design of all Department traffic citations in compliance with state law (CRS § 42-4-1707).

The Records Section is responsible for the supply and accounting of all traffic citations issued to employees of this department. Citations will be kept in a secure location and issued to officers by the Records Section staff. Officers will sign for the citation books when issued.

516.3 DISMISSAL OF TRAFFIC CITATIONS

Employees of this department do not have the authority to dismiss a citation once it has been issued. Only the court has the authority to dismiss a citation that has been issued. Any request from a recipient to dismiss a citation shall be referred to the Watch Commander. Upon a review of the circumstances involving the issuance of the traffic citation, the Watch Commander may request that the Operations Bureau Chief recommend dismissal of the traffic citation. If approved, the citation will be forwarded to the appropriate prosecutor with a request for dismissal. All recipients of traffic citations whose request for dismissal has been denied shall be referred to the appropriate court.

Should an officer determine during a court proceeding that a traffic citation should be dismissed in the interest of justice or where prosecution is deemed inappropriate, the officer may request that the court dismiss the citation. Upon dismissal of the traffic citation by the court, the officer shall notify his/her immediate supervisor of the circumstances surrounding the dismissal and shall complete any paperwork as directed or required. The citation dismissal shall then be forwarded to the Operations Bureau Chief for review.

516.4 VOIDING TRAFFIC CITATIONS

Voiding a traffic citation may occur when a traffic citation has not been completed or where it is completed and issued. All copies of the citation shall be presented to a supervisor to approve the voiding of the citation. The citation and copies shall then be forwarded to the Patrol Division. Only department members of the rank of captain or higher may void traffic citations.

516.5 CORRECTION OF TRAFFIC CITATIONS

When a traffic citation is issued and in need of correction, the officer issuing the citation shall be responsible for collecting the original citation and reissuing a corrected citation. Both the original and the corrected citation shall then be forwarded to the Administrative Traffic Sergeant.

The Pueblo Police Department has adopted this policy regarding providing assistance to motorists in disabled vehicles within this organization's jurisdiction.

520.2 OFFICER RESPONSIBILITIES

When an on-duty officer observes a disabled vehicle, the officer should make a reasonable effort to provide assistance. If that officer is assigned to a call of higher priority, the dispatcher should be advised of the location of the disabled vehicle and the need for assistance. The dispatcher should then assign another available officer or other department member to respond as soon as practicable.

520.3 EXTENT OF ASSISTANCE

In most cases, a disabled motorist will require assistance. After assistance is rendered or arrangements for assistance are made, continued involvement by department personnel will be contingent on the time of day, the location, the availability of department resources and the vulnerability of the disabled motorist.

520.3.1 MECHANICAL REPAIRS

Department personnel shall not make mechanical repairs to a disabled vehicle. Relocating vehicles to a position of safety or to remove vehicles that are obstructing traffic pursuant to CRS § 42-4-1803(2) is not considered a mechanical repair.

Regardless of where the interrogation occurs, every reasonable effort should be made to secure functional recording equipment to accomplish such recordings.

Officers should also consider electronically recording a custodial interrogation, or any investigative interview, for any other offense when the officer reasonably believes it would be appropriate and beneficial to the investigation and is otherwise allowed by law.

No recording of an interrogation should be destroyed or altered without written authorization from the District Attorney and the Criminal Investigation Division Captain. Copies of recorded interrogations or interviews may be made in the same or different format provided they are true, accurate and complete copies and are made only for authorized and legitimate law enforcement purposes.

Officers should continue to prepare written summaries of custodial questioning and investigative interviews and continue to obtain written statements from suspects when applicable.

600.4 PERSONS WITH COMMUNICATION DISABILITIES

Upon the arrest of a person with a communication disability and before interrogation or the taking of his/her statement, the officer, should make an interpreter available to that person at public expense or in accordance with any applicable law.

The informant files shall be maintained in a secure area within the Narcotics/Vice Section. These files shall be used to provide a source of background information about the informant, enable review and evaluation of information given by the informant, and minimize incidents that could be used to question the integrity of investigators or the reliability of the confidential informant.

Access to the informant files shall be restricted to the Chief of Police, the Investigations Bureau Chief, the Special Investigation Division Captain, the Narcotics/Vice Section Sergeant or their authorized designees.

608.3 USE OF INFORMANTS

Before using an individual as a confidential informant, an officer must receive approval from the Special Investigation Division Captain. Should the requesting officer be from another division, the Special Investigation Division Captain shall consult with the affected captain before providing authorization. The requesting officer shall compile sufficient information through a background investigation to determine the reliability, credibility and suitability of the individual, including age, maturity and risk of physical harm.

608.3.1 JUVENILE INFORMANTS

The use of juvenile informants under the age of 13 years is prohibited. A parent or legal guardian's written consent shall be secured prior to the use of any juvenile informant between the age of 13 and 17. Final approval to use a juvenile informant must be obtained from the Chief of Police or the authorized designee.

For purposes of this policy, a "juvenile informant" means any juvenile who participates, on behalf of this department, in a prearranged transaction or series of prearranged transactions with direct face-to-face contact with any party, when the juvenile's participation in the transaction is for the purpose of obtaining or attempting to obtain evidence of illegal activity by a third party, and where the juvenile is participating in the transaction for the purpose of reducing or dismissing a pending juvenile petition or criminal charge against the juvenile.

608.4 GUIDELINES FOR HANDLING CONFIDENTIAL INFORMANTS

All confidential informants are required to sign and abide by the provisions of the Department informant agreement. The officer using the confidential informant shall discuss each of the provisions of the agreement with the confidential informant.

Details of the agreement are to be approved by the unit supervisor before being finalized with the confidential informant.

608.4.1 RELATIONSHIPS WITH CONFIDENTIAL INFORMANTS

No member of the Pueblo Police Department shall knowingly maintain a social relationship with a confidential informant while off-duty, or otherwise become intimately involved with a confidential informant. Members of the Pueblo Police Department shall neither solicit nor accept gratuities or engage in any private business transaction with a confidential informant.

To maintain officer/informant integrity, the following requirements must be met:

Pueblo Police Department

Officers may meet informants alone in an occupied public place, such as a restaurant. When contacting informants for the purpose of making payments, officers shall arrange for the presence of another officer whenever reasonably possible.
- (h) In all instances when department funds are paid to informants, a voucher shall be completed in advance, itemizing the expenses.

608.5 NARCOTICS INFORMANT PAYMENT PROCEDURES

The potential payment of large sums of money to any confidential informant must be done in a manner respecting public opinion and scrutiny. To maintain a good accounting of such funds requires a strict procedure for disbursements.

608.5.1 PAYMENT PROCEDURE

The amount of funds to be paid to any confidential informant will be evaluated against the following criteria:

- The extent of the informant's personal involvement in the case
- The significance, value or effect on crime
- The amount of assets seized
- The quantity of the drugs seized
- The informant's previous criminal activity
- The level of risk taken by the informant
- Other factors that may motivate the informant

The Narcotics/Vice Section Sergeant will discuss the above factors with the Special Investigation Division Captain and arrive at a recommended level of payment that will be subject to the approval of the Chief of Police or the authorized designee. The amount of payment will be based on the circumstances of the individual case.

608.5.2 PAYMENT PROCESS

The Narcotics/Vice Section buy/expense petty cash fund is a petty cash fund managed by the Narcotics/Vice Section Sergeant in compliance with the Cash Handling Security and Management Policy. These funds shall be maintained in a locked cash box that is secured in a locked cabinet, desk or drawer in the Narcotics/Vice Section Sergeant's office. This office will be secured whenever it is unoccupied.

To complete the transaction with the confidential informant, the case agent shall have the confidential informant initial the cash transfer form. The confidential informant will sign the form indicating the amount received, the date and that the confidential informant is receiving funds in payment for information voluntarily rendered in the case. A unique identification number shall be recorded on the cash transfer form. A copy of the form will be maintained by the Narcotics/Vice Section Sergeant.

608.5.3 REPORTING OF PAYMENTS

Each confidential informant receiving a cash payment shall be informed of his/her responsibility to report the cash to the Internal Revenue Service (IRS) as income.

If funds distributed exceed \$600 in any reporting year, the confidential informant should be provided IRS Form 1099 (26 CFR § 1.6041-1). If such documentation or reporting may reveal the identity of the confidential informant and by doing so jeopardize any investigation, the safety of peace officers or the safety of the confidential informant, then IRS Form 1099 should not be issued. In such cases, the confidential informant shall be provided a letter identifying the amount he/she must report on tax returns as "other income," and shall be required to return a signed acknowledgement of receipt of the letter. The completed acknowledgement form and a copy of the letter shall be retained in the confidential informant's file (26 CFR § 1.6041-3).

608.5.4 AUDIT OF PAYMENTS

A thorough audit of all informant funds shall be conducted as directed by the Chief of Police for the purpose of accountability and security of the funds. The audit will be conducted by the Chief of Police or his/her authorized designee. Petty cash records, transfer forms, invoices, receipts and logs will assist with the audit process.

Criminal Information Section

609.1 PURPOSE AND SCOPE

The purpose of this policy is to ensure that all criminal information systems operated by the Pueblo Police Department or in which the Pueblo Police Department participates, are utilized in conformance with the privacy and constitutional rights of individuals and to establish procedures to regulate the collection, processing and dissemination of criminal information. It is the policy of the Pueblo Police Department to collect, process and disseminate criminal information that is limited to criminal conduct and that relates to activities that present a threat to the community. Criminal information will be collected, processed and disseminated pursuant to all local, state and federal laws.

The Criminal Information Section (CIS) is a section within the Special Investigation Division (SID) and reports to the SID Captain, the Investigations Bureau Chief and the Chief of Police. The CIS is a support function for the entire Department for criminal information gathering and dissemination of criminal information. The CIS does not supplant intelligence operations regarding narcotics investigations or related crimes, but supports the Special Investigation Division. The mission of the Criminal Information Section is to identify, collect, analyze, verify, and disseminate criminal or potentially criminal information to enable a proactive and appropriate response to criminal activity in the community. The CIS values positive relationships with the citizens of the City of Pueblo, with federal, state and local law enforcement, and within the Department. The Criminal Information Section will provide support to all functions of the Department and serve as an information clearinghouse. Each project, task, or investigation will be conducted with consideration of the effect on the citizens for which the CIS serves.

609.3 HATE CRIME INVESTIGATIONS

If an incident is determined to be a potential hate crime or hate incident by the responding officer, the occurrence will be documented in an Incident Report. The following criteria will be used by the responding officer to establish the need for further investigation to determine whether the incident was a hate crime and detail the information in their Incident Report:

- (a) Perceptions of the victim(s) and witnesses about the crime. A victim's perception is the single most important factor to consider, but victims may not always recognize the crime as motivated by bias. Victims should not be asked directly whether they believe they were the victim of a hate crime, but it is appropriate to ask if they have any idea why they were victimized.
- (b) Perpetrator's comments, gestures or written statements that reflect bias, including graffiti or other symbols.
- (c) Victim was engaged in activities promoting his/her group or community (e.g., clothing or conduct).
- (d) Incident coincided with a holiday or date of particular significance.
- (e) Any differences between perpetrator and the victim, whether actual or perceived by the perpetrator. Victims and perpetrators may appear to be from the same race, ethnicity/nationality or religion, but it is the perpetrator's perception of difference (whether accurate or not) motivating his or her criminal behavior that would constitute a hate crime.
- (f) Similar incidents in the same location or neighborhood indicating a possible pattern.
- (g) Localized activity of organized hate groups.
- (h) Absence of any other motive such as economic gain.

The CIS Sergeant will review all hate crime reports through the current Records Management System (RMS) and make a preliminary determination as to whether the case needs to continue investigation as an organized hate crime incident or a singular incident. Information regarding an organized hate crime incident will be forwarded to the appropriate CID section tasked with investigating the incident.

Cases normally assigned to a CID section will continue to be assigned to that section, and a support assignment will be made to the CIS as necessary to provide information regarding individuals or groups with ongoing hate crime involvement or who are the subject of continued hate crime investigations. This will be coordinated by the CIS Sergeant and the applicable CID section sergeant.

The CIS will work jointly with the assigned Crimes Against Persons Section detective on cases in which organized and/or systematic hate crimes are being perpetrated. The assigned CIS detective will assist in the investigation and assist in meeting the requirements listed below:

Pueblo Police Department

Policy Manual

Criminal Information Section

- (a) A media briefing will be completed on hate crime cases that develop extraordinary media attention. This briefing will be provided by the Public Information Officer (PIO), or designee, during normal business hours or the Watch Commander after hours.
- (b) A case synopsis will be forwarded through the chain of command on hate crime cases that have the potential for major media coverage and/or community concern.
- (c) The assigned CIS detective will maintain an active case file on all reported organized hate crimes in the RMS in the module used for maintaining information on groups who might be committing organized hate crimes, keeping their statuses "open/active."
- (d) Each victim will be contacted by the assigned detective(s) regardless of the solvability factors. When reasonable, the assigned detective(s) will personally visit each victim of a hate crime. The victim will be assured of the importance of his or her case and explained procedures that will be used during the investigation.
- (e) Each case will be evaluated for a neighborhood canvass with consideration of the victim's input. If the canvass holds a probability of gaining information about the incident, then the detective will explain this to the victim and investigate the case appropriately. The canvass will be used to obtain information as well as assure the community that the case will be given investigative attention.
- (f) The assigned detective will consider the impact of the crime on the community and utilize appropriate resources to aid the community in dealing with the incident.

CID detectives, with necessary assistance from CIS detectives, will present hate/bias motivated cases to the District Attorney's Office under the enhanced penalty provisions, provided the elements of the offense can be proven by evidence and a direct motivation of hate/bias can be shown.

If a CIS detective responds to the scene of a hate crime, he or she should assist to ensure the following steps are completed when appropriate. If a CID supervisor or detective is on scene, this should be coordinated with the CID. If no CID personnel have arrived, the CIS personnel will initiate the steps:

- (a) Interview the victim and offender separately and prepare a written statement from the victim, including any previous history of hate/bias incidents with the offender.
- (b) Attempt to interview the offender and prepare a written statement.
- (c) Collect any physical evidence to corroborate the motive of the offender.

609.4 DIGNITARY PROTECTION DETAIL

The CIS serves as a support unit and agency liaison for VIP visits to this jurisdiction.

- (a) Preparation

Pueblo Police Department

Policy Manual

Criminal Information Section

1. The CIS will actively maintain partnerships with protecting agencies to ensure advance notice is given to the Department for any visit requiring security detail assistance from our agency.
2. The CIS will work with the protecting agency to determine potential threats or concerns that may need to be addressed prior to or during the time of the visit.
3. When requested by the protecting agency, a CIS detective will accompany that agency to conduct interviews with individuals who may pose a threat to the visit. The CIS will not conduct independent interviews with individuals unless there is a mutual agreement between agencies to do so, or a criminal act has or is about to occur.
4. CIS detectives will aggressively research all outlets of groups, organizations, or agencies that have an interest in the visit and may plan demonstrations, rallies, or protests of any kind. Any criminal information related to this type of activity will immediately be communicated with appropriate entities. A mutual response to this information will be determined.
5. CIS representatives will attend the protecting agency's briefing and meet with the intelligence personnel of the protecting agency's advance team. At minimum, the CIS should have an estimate of manpower needs from the Department.
6. The CIS will not provide "bodyguard" services for individuals requesting personal protection.

(b) Participation

1. At the protecting agency's request, the CIS will conduct an advance security inspection of the anticipated sites to be visited. Any concerns will be reported to the protection agency's supervisor in charge of the visit and the CIS Sergeant. Each concern will be addressed appropriately.
2. The CIS Sergeant will complete a lineup for the visit to include personnel requested by the protecting agency. This lineup will include, but is not limited to, name, radio ID, assignment, and mobile phone number. Each detective working the visit will keep a copy of names and contact numbers of other personnel working the visit.
3. During the visit, CIS personnel will dress accordingly depending on assignment and responsibilities. All CIS personnel are required to keep Pueblo Police Department identification on their person at all times.
4. CIS detectives will remain on the designated police radio channel unless circumstances require an absence of the radio, or for the radio to be turned off. In this instance, alternative communication means will be used. The detective will notify appropriate personnel in the event they must be without a police radio or if it is going to be turned off.

Pueblo Police Department

Policy Manual

Criminal Information Section

5. Detectives will not leave their assignments until notified by a supervisor or relieved by a designated replacement. Completion of any assignment will be determined by a supervisor or appropriate personnel from the protecting agency.
6. Any documents related to the visit that are sensitive in nature will be shredded or disposed of in an appropriate manner immediately after responsibilities of the visit are completed.

609.5 CRIMINAL GANG INFORMATION

The primary function of the criminal gang function is to coordinate the gathering, analyzing and sharing of gang related information. The CIS is not, however, a "Gang Unit." The CIS will coordinate gang enforcement activities, develop and coordinate educational programs for the Department and the community, and develop gang prevention and interdiction strategies.

609.5.1 GANG INFORMATION

All criminal gang information developed by employees will be sent to the CIS.

- (a) All gang contacts will be documented in a field interview module entry (FI record) through the RMS or transmitted by other means, such as email or memorandum, and sent to the CIS.
- (b) The CIS will review the gang information and determine if additional follow-up investigation is necessary.
- (c) The CIS will determine if proper documentation exists to satisfy entry into the Gang Information Database as a gang member or gang associate.
- (d) The CIS will then enter the information into the current RMS gang module.
- (e) All CIS members will comply with standards defined by federal regulation 28 CFR Part 23 as it applies to gang information.

609.5.2 GANG INVESTIGATIONS

The CIS Sergeant will review all gang related reports through the RMS. Any case that would normally be assigned to an investigative unit will continue to be assigned to that unit and CIS will support the investigation with any information available regarding the gang member or the gang. These will include cases such as homicide, rape, crimes against juveniles, robbery, etc. The CIS detective will support the investigation by meeting the requirements listed below:

- (a) Each case will be investigated and the offense will be determined to be gang related, juvenile gang related or not gang related.
- (b) The CIS detective will ensure that the demographics of the offense report accurately reflect that the offense is gang related.
- (c) The CIS detective will document his/her findings in the gang module in the RMS and follow-up supplement in the incident report in the RMS.

Criminal Information Section

- (d) If the offense report indicates that graffiti is involved, the CIS detective will attempt to identify the gang and/or gang member with which the graffiti is associated. This is to include "taggers."

609.6 DOMESTIC AND INTERNATIONAL TERRORISM

The CIS is committed to a proactive stance on terrorism. Any identified terrorist organization or individual engaging in terrorist support, acts, or plans will be fully investigated and targeted for prosecution.

609.6.1 FBI JOINT TERRORISM TASK FORCE (JTTF)

The Department will maintain active participation in the JTTF. Personnel from the CIS assigned either part-time or full-time to the JTTF will utilize only those investigative techniques consistent with Department standards and procedures. Personnel assigned to the JTTF will be sworn as deputized Special Federal Officers and complete Top Secret security clearance through the FBI/DOJ. At least a Secret security clearance will be requested from the FBI for supervisors within the assigned personnel's chain of command. The CIS will keep a current memorandum of understanding with the FBI for assigned JTTF personnel.

609.6.2 INVESTIGATIONS

Cases with significant terrorism indicators will be assigned to department personnel assigned to the JTTF. These investigations will be initiated in accordance with FBI procedures as they pertain to terrorism matters.

- (a) Department personnel working JTTF cases will provide frequent case updates to supervisors chosen by the Chief of Police.
- (b) Cases that are of interest to the Department, but are rejected for follow-up by the JTTF, will be assigned to CIS personnel for follow-up. All cases with a potential for a connection to terrorism will be fully investigated.
- (c) Cases in which leads have been exhausted or non-existent will be reviewed by a supervisor prior to the detective determining it inactive.

609.6.3 INFORMATION

CIS personnel should seek out identifying information that could be an indicator of a terrorist act or terrorist organization. The prevention of terrorist acts is ideal in concept, but all acts of terrorism cannot be prevented. The CIS will strive to do everything possible to recognize and prevent terrorist activity. Internet research, media outlets, informant information, officer information and other sources will be utilized to identify data that may be of interest for terrorist investigations. All identified data will be analyzed for accuracy and appropriately disseminated.

609.7 CRIMINAL INFORMATION ANALYSIS

The CIS will collect, evaluate, analyze (with the assistance of the Department Crime Analyst) and disseminate information from all sources, on any person, group or organization that engages in criminal or potentially criminal activity. The Crime Analyst serves as a supportive resource for

Pueblo Police Department

Policy Manual

Criminal Information Section

the investigation of criminal cases. The analysis of data will be conducted, when possible, using analytical software, report writing, link analysis, data entry, and other tasks.

- (a) The CIS will utilize the Department Crime Analyst until such time an independent Information crime analyst is authorized and staffed.
- (b) The Crime Analyst assists the primary officer/detective to develop hypothetical links related to suspects and cases, identify patterns or trends, perform research and data analysis, and prepare graphs and charts (e.g., link analysis, flow charts, etc.).
- (c) The Crime Analyst will facilitate development sessions with investigative personnel to support the creation of visual presentation media such as link analysis diagrams, event flow analysis illustrations, and activity flow charts as well as supporting statistical graphs and reports through the application of various computer and analytical tools.
- (d) Analysis will include conducting background research and analysis on target subjects or locations to assist in the identification of complex relationships or patterns between people, places or activities through direct access to computer systems.
- (e) The Crime Analyst will maintain current knowledge of collected information data, storage systems, and formats. The Crime Analyst will conduct periodic assessments of support requests to allow identification and development of more effective dissemination methods. This includes the facilitation of stakeholder identification, database creation and information access mechanisms.
- (f) The Crime Analyst is responsible for developing and maintaining effective working relationships with analysts and other personnel from federal, state, and local agencies, private industries and public organizations to facilitate information sharing, joint identification of common problems and mutual development of response strategies.
- (g) The Crime Analyst will help to ensure that all criminal information stored and disseminated is compliant with federal regulation 28 CFR Part 23.

609.8 CRIMINAL INFORMATION SECTION SERGEANT

The CIS Sergeant will be the first line of contact for officers, detectives and other agencies asking for assistance from the CIS. All storage, dissemination, and sharing of information will be compliant to federal regulation 28 CFR Part 23.

- (a) Threat to Officer Bulletins
 - 1. Officers who have encounters with subjects or receive information on subjects who hold a potential threat to police or the community will forward that information to the CIS.
 - 2. Personnel must complete a threat assessment form to properly submit an individual to the CIS as an officer threat. This can be located electronically in the Useful Forms section of the Department Intranet website.

Pueblo Police Department

Policy Manual

Criminal Information Section

3. The CIS will evaluate the provided information and obtain background information on the subject to include a photograph, criminal history, previous police encounters, etc.

The threat bulletin will include the source of the information, date, a summary of the incident, a photograph of the subject, and any personal information available on the subject (i.e., home address, vehicle information and date of birth).
 5. A draft of the threat bulletin will be forwarded to the SID Captain for review prior to dissemination. Upon approval, the bulletin will be sent to appropriate personnel and agencies. All information shared with other agencies must be compliant with 28 CFR Part 23.
- (b) The CIS Sergeant will be responsible for ensuring that the operations of the office move in an effective and efficient manner. Some of these included duties are:
1. Mail pickup and dissemination
 2. Telephone response

609.11 CRIMINAL INFORMATION FILES

The CIS holds a primary responsibility of the collection, storage and dissemination of information based on, or the potential of, criminal behavior. The CIS will follow the guidelines as governed by Federal Rules and Regulations 28 CFR Part 23 and Department directives. Information or data collected, stored (filed) and/or disseminated must comply with all state and federal law, Department directives and federal intelligence guidelines. Department criminal information can only be shared outside or within the agency on a "need to know" basis. All Department information files are to be considered sensitive in nature and not to be released to the media or general public without prior approval from the Chief of Police. In order to remain compliant with all governing laws, rules, regulations and directives, the Department will maintain its CIS based on, but not limited to, the following current standards:

- (a) The office area of the CIS is a secure location with the capacity for controlling access of both law enforcement and non-law enforcement personnel. This office area will be locked during times when no CIS personnel are present and after regular business hours. Only the Chief of Police, Deputy Chiefs, Special Investigation Division Captain, Criminal Investigation Division Captain and CIS personnel will have unlimited access to the office area by way of key or electronic access. Personnel without proper access permissions will not be left in the office area without CIS personnel present.
- (b) The CIS will maintain all electronic files within a restricted shared folder provided in the Local Area Network and in the Intelligence Module in the RMS.
- (c) The CIS will maintain any hard copied files inside the secure office area designated for the unit. This specialized equipment includes, but is not limited to audio and visual monitoring equipment, night vision equipment, dialed number recorders (pen registers), photography equipment, and surveillance vehicles. All members using this equipment will receive training in its proper and lawful use prior to using the equipment.

609.14 ANNUAL REVIEW

Annually, the Internal Affairs Section will conduct a review of all procedures and processes for the collection, processing, destruction and sharing of criminal information relating to criminal and homeland security activities.

Eyewitness Identification

610.1 PURPOSE AND SCOPE

This policy sets forth guidelines to be used when members of this department employ eyewitness identification techniques.

610.1.1 DEFINITIONS

Definitions related to the policy include:

Eyewitness identification process - Any field identification or photographic identification.

Field identification - A live presentation of an individual to a witness following the commission of a criminal offense for the purpose of identifying or eliminating the person as the suspect.

Photographic lineup - Presentation of photographs to a witness for the purpose of identifying or eliminating an individual as the suspect.

610.2 POLICY

This department will strive to use eyewitness identification techniques, when appropriate, to enhance the investigative process and will emphasize identifying persons responsible for crime and exonerating the innocent.

610.3 INTERPRETIVE SERVICES

Officers should make a reasonable effort to arrange for an interpreter before proceeding with eyewitness identification if communication with a witness is impeded due to language or hearing barriers.

Before the interpreter is permitted to discuss any matter with the witness, the investigating officer should explain the identification process to the interpreter. Once it is determined that the interpreter comprehends the process and can explain it to the witness, the eyewitness identification may proceed as provided for within this policy.

610.4 EYEWITNESS IDENTIFICATION FORM

The Criminal Investigation Division Captain shall be responsible for the development and maintenance of an eyewitness identification process for use by members when they are conducting eyewitness identifications. The process and related forms should be reviewed at least annually and modified when necessary.

610.5 EYEWITNESS IDENTIFICATION

Officers are cautioned not to, in any way, influence a witness as to whether any subject or photo presented in a lineup is in any way connected to the case. Officers should avoid mentioning that:

- The individual was apprehended near the crime scene.
- The evidence points to the individual as the suspect.

Pueblo Police Department

Policy Manual

Eyewitness Identification

- Other witnesses have identified, or failed to identify, the individual as the suspect.

In order to avoid undue influence, witnesses should view subjects in the field or a photographic lineup individually and outside the presence of other witnesses. Witnesses should be instructed to avoid discussing details of the incident or of the identification process with other witnesses.

Each witness should be admonished that he/she is not required to make an identification of any person shown during an eyewitness identification process.

Whenever feasible, the eyewitness identification procedure should be audio and/or video recorded and the recording should be retained according to current evidence procedures.

610.5.1 PHOTOGRAPHIC AND LIVE LINEUP CONSIDERATIONS

A department member conducting a photographic lineup shall read and explain the Pueblo Police Department Photographic Lineup Admonition to the witness prior to presenting any photographs to the witness. The member shall ensure that the witness understands the admonition and acknowledges such by signing the form. The Pueblo Police Department Photographic Lineup Admonition reads as follows:

"In a moment you will be shown a group of photographs. This group of photographs may or may not contain the photograph of the person who committed the crime now being investigated. You are not obligated to make an identification. The investigation will continue regardless of whether or not you make an identification.

Please keep in mind that hairstyles, beards and mustaches may be easily changed. Also, photographs may not always depict the true complexion of a person; it may be lighter or darker than shown in the photograph. When you have looked at all of the photographs carefully, tell me if you see the person who committed the crime. DO NOT tell other witnesses that you have or have not made an identification."

The member presenting the lineup must take the utmost care not to communicate the identity of the suspect in any way.

Other photos used in a lineup should bear similar characteristics to the suspect to avoid causing him/her to unreasonably stand out. In cases involving multiple suspects, a separate lineup should be conducted for each suspect. The suspects should be placed in a different order within each lineup.

Generally, the employee presenting the lineup to a witness should do so sequentially and not simultaneously (i.e., show the witness one photo at a time). If the witness desires to look at the photographs a second or subsequent time before making an identification, the employee should allow the witness to look at the photographs simultaneously and compare/contrast the photographs as needed. The witness should view all photos in the lineup.

The order of the photos and the fillers should be randomized before being presented to each witness.

Eyewitness Identification

610.5.2 FIELD IDENTIFICATION CONSIDERATIONS

When initiating a field identification, also known as a show-up, the officer should observe the following guidelines:

- (a) Obtain a complete description of the suspect from the witness.
- (b) Assess whether a witness should be included in a field identification process by considering:
 - 1. The length of time the witness observed the suspect.
 - 2. The distance between the witness and the suspect.
 - 3. Whether the witness could view the suspect's face.
 - 4. The quality of the lighting when the suspect was observed by the witness.
 - 5. Any other circumstances affecting the witness's opportunity to observe the suspect.
 - 6. The length of time that has elapsed since the witness observed the suspect. A factor to consider in this analysis is whether an active field investigation has continued or ceased. If the active field investigation has ceased, the officer should consider opting for a photographic lineup rather than a field identification.
- (c) If safe and practicable, the person who is the subject of the show-up should not be handcuffed or in a patrol vehicle.
- (d) When feasible, officers should bring the witness to the location of the suspect, rather than bring the suspect to the witness.

- (f) A person should not be shown to the same witness more than once.

Crime Stoppers

611.1 PURPOSE AND SCOPE

The Pueblo Crime Stoppers Program is used as an investigative tool to give citizens the opportunity to provide crime related tips based on anonymity and cash rewards. Rewards are offered to persons who furnish information leading to the arrest of individuals for criminal activity, assistance in solving open cases, apprehension of fugitives, recovery of stolen property, seizure of drugs, and any other outcomes determined by the Crime Stoppers Board of Directors. Crime Stoppers is a non-profit organization funded by private contributions outside of the Department; no rewards are paid by the Department or other public funding.

611.2 INTAKE OF INFORMATION

- (a) Crime Stoppers will utilize a 24-hour telephone answering service to receive crime related tips.
- (b) Department personnel assigned to Crime Stoppers will make every effort to validate information received. Information that cannot be validated will be disseminated appropriately with acknowledgment that the information has not been verified.
- (c) Each caller is guaranteed anonymity and will not be required to furnish a name or any other personal identifying information. The caller will be issued a unique identification number in order to track the results of the information provided and assist with future payment verification. The caller will be instructed to periodically check back with the assigned Crime Stoppers detective to see if the information they provided resulted in a solution to criminal activity.
- (d) Callers will be paid a cash reward for information that leads to the arrest of another individual. The Crime Stoppers Board of Directors will determine the amount of the cash reward.

611.3 DISSEMINATION OF INFORMATION

- (a) A Crime Stoppers referral form will be completed with each tip that is provided through Crime Stoppers.
- (b) The referral form will be forwarded to the investigative supervisor responsible for the investigation or other agency of the tip.
- (c) A copy of the referral form will be maintained in the Crime Stoppers office and entered into the Crime Stoppers database.
- (d) The investigating officer is given instructions to complete the bottom of the referral form indicating the results of the follow-up based on the information provided. This will allow for proper documentation of tips and determine the cash reward amount given to the informant.

Pueblo Police Department

Policy Manual

Crime Stoppers

- (e) Department Crime Stoppers personnel will follow up with the investigating officer to determine the status of any referral form not returned within 30 days.
- (f) All returned referral forms will be given a final disposition of: "Valid," "Invalid/Unfounded," or "Retained for Information."
- (g) Referral forms will be purged after one year if the information provided does not involve a payment of funds, the informant did not call back for the status of the investigation, or the informant indicated that he/she was not interested in payment. This ensures a balance of funds and payments for Crime Stoppers financial records.

These written reports, accompanied by the supervisor's written report, shall promptly be forwarded to the appropriate Bureau Chief.

Personal Communication Devices

702.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the use of mobile telephones and communication devices, whether issued by the Department or personally-owned, while on-duty or when used for authorized work-related purposes.

This policy generically refers to all such devices as Personal Communication Devices (PCD) but is intended to include all mobile telephones, personal digital assistants (PDA) and similar wireless two-way communications and/or portable Internet access devices. PCD use includes, but is not limited to, placing and receiving calls, text messaging, blogging and microblogging, e-mailing, using video or camera features, playing games and accessing sites or services on the Internet.

702.2 POLICY

The Pueblo Police Department allows employees to utilize department-issued PCDs and to possess personally-owned PCDs in the workplace, subject to certain limitations. Any PCD used while on-duty, or used off-duty in any manner reasonably related to the business of the Department, will be subject to monitoring and inspection consistent with the standards set forth in this policy.

The inappropriate use of a PCD while on-duty may impair officer safety. Additionally, employees are advised and cautioned that the use of a personally-owned PCD either on-duty or after duty hours for business-related purposes may subject the employee and the employee's PCD records to civil or criminal discovery or disclosure under applicable public records laws.

Employees who have questions regarding the application of this policy or the guidelines contained herein are encouraged to seek clarification from supervisory personnel.

702.3 PRIVACY POLICY

Any employee utilizing any computer, Internet service, telephone service or other wireless service provided by or funded by the Department expressly acknowledges and agrees that the use of such service, whether for business or personal use, shall remove any expectation of privacy the employee, sender and recipient of any communications utilizing such service might otherwise have, including the content of any such communications. The Department also expressly reserves the right to access and audit any and all communications (including content) sent, received and/or stored using such service at any time.

702.4 DEPARTMENT-ISSUED PCD

Depending on an employee's assignment and the needs of the position, the Department may, at its discretion, issue a PCD. Department-issued PCDs are provided as a convenience to facilitate on-duty performance only. Such devices and the associated telephone number shall remain the sole property of the Department and shall be subject to inspection or monitoring (including all related records and content) at any time without notice and without cause.

Personal Communication Devices

702.5 USE OF PERSONAL COMMUNICATION DEVICES

PCDs, whether provided by the Department or personally owned, should only be used by on-duty employees for legitimate Department business except as provided for below. Employees may use a PCD to communicate with other personnel in those situations where the use of the radio is either impracticable or not feasible. PCDs should not be used to replace regular radio communications.

- (a) PCDs shall not be carried in a manner that allows it to be generally visible while in uniform, unless it is contained within a carrier that has been approved by the Department.
- (b) PCDs may not be used to conduct personal business while on-duty, except when brief personal communications may be warranted by the circumstances (e.g., to inform family of extended hours). While employees may use personally owned PCDs for personal business during authorized breaks, such usage should be limited as much as practicable to areas where the communication will not be seen or heard by the public.
- (c) The on-duty use of PCDs, including personally owned PCDs, for purposes other than what is specifically permitted within this policy is prohibited and may be subject to discipline. Employees may be responsible for reimbursing the Department for any charges incurred as a result of personal use.

702.6 SUPERVISORY RESPONSIBILITIES

Supervisors should monitor, to the extent practicable, PCD use in the workplace and take prompt corrective action if an employee is observed or reported to be improperly using a PCD. An investigation into improper conduct should be promptly initiated when circumstances warrant.

If, when carrying out any provision of this policy, the need to contact an employee who is off-duty arises, supervisors should consider delaying the contact, if practicable, until the employee is on-duty as such contact may be compensable.

702.7 USE WHILE DRIVING

The use of a PCD while driving can adversely affect safety, cause unnecessary distractions and present a negative image to the public. Officers operating emergency vehicles should restrict the use of these devices to matters of an urgent nature and should, where practicable, stop the vehicle at an appropriate location to use the PCD.

Vehicle Maintenance

704.1 PURPOSE AND SCOPE

Employees are responsible for assisting in maintaining Department vehicles so that they are properly equipped, maintained, refueled and present a clean appearance.

704.2 DEFECTIVE OR DAMAGED VEHICLES

Proper documentation shall be promptly completed by the employee who becomes aware of the defective condition. Officers who turn in vehicles for repair shall complete an online Mechanical Work Order. When a vehicle is damaged, a Report of Damage to Police Vehicle shall be completed and forwarded to the Watch Commander and the Support Services Manager.

If any of the equipment is missing, is not operational, or needs to be replenished or supplemented, it shall be noted on the electronic form.

If there is an immediate need for replacement of any item, the officer should first attempt to retrieve the item from the Patrol Division Stock Room. If replacements are not available in the Patrol Division Stock Room, the officer shall send an email to the Support Services Manager and the Property and Evidence Section Sergeant informing them of which specific equipment or items have been depleted.

In addition to checking for the required equipment, officers shall also check all fluid levels, tires, all safety and emergency equipment, and also the interior and exterior to ensure the vehicle is in safe operating condition and prepared for emergency service.

The fund managers shall document all transactions on ledgers and other appropriate forms. Each person participating in the transaction shall sign or otherwise validate the ledger attesting to the accuracy of the entry. Each participant of the audit shall sign or otherwise validate the ledger attesting to the accuracy of all documentation and fund accounting. A discrepancy in the audit requires documentation by those performing the audit and immediate reporting of the discrepancy to the Chief of Police.

Should fund management be transferred to any person, each transfer of this responsibility shall require completion of a separate petty cash audit by those persons involved in the transfer.

A separate audit by the Chief of Police or the City should be completed on a random date approximately once each year on each petty cash fund.

Communication Operations

802.1 PURPOSE AND SCOPE

The basic function of the communications system is to satisfy the immediate information needs of the public safety agencies it serves in the course of their normal daily activities and during emergencies. The latter situation places the greatest demand on the communications system and tests the capability of the system to fulfill its functions. Measures and standards of performance are necessary to assess the effectiveness with which any organization, large or small, uses available information technology in the fulfillment of its missions.

802.1.1 FEDERAL COMMUNICATIONS COMMISSION (FCC) COMPLIANCE

Pueblo Police Department radio operations shall be conducted in accordance with FCC procedures and guidelines.

802.2 COMMUNICATION OPERATIONS

This organization provides 24-hour telephone service to the public for information or assistance that may be needed in emergencies. The ability of citizens to telephone quickly and easily for emergency service is critical. This organization provides access to the 9-1-1 system with a single emergency telephone number.

This organization has two-way radio capability providing continuous communication between the Communications Center and officers.

802.2.1 CALL HANDLING

When a call for law enforcement services is received, the dispatcher will determine if the call is an emergency or non-emergency. The dispatcher will determine the call type, location and priority by asking the four key questions:

- Where?
- What?
- When?
- Who?

Unless absolutely necessary, a person reporting an emergency should not be placed on hold until the dispatcher has obtained all necessary information to ensure the safety of the responding units and the affected citizen. Dispatchers should be courteous, kind, patient and respectful in dealing with the public.

Emergency calls should be dispatched as soon as possible. The Watch Commander shall be notified of pending emergency calls for service when units are unavailable for dispatch. Emergency calls are classified as Priority 1 (life threatening) or Priority 2 (in-progress) calls for service.

Communication Operations

802.2.2 COMMUNICATIONS LOG

It shall be the responsibility of the Communications Center to record all relevant information on calls for criminal and noncriminal service or self-initiated activity. Employees shall attempt to elicit, record and share as much information as possible to enhance the safety of the officer and assist in anticipating conditions to be encountered at the scene. Desirable information would include, at a minimum, the following:

- Event ID number
- Date and time of request
- Name, address and telephone number of complainant, if possible
- Type of incident reported
- Involvement of weapons, and if so, type of weapons
- Involvement of drugs and/or alcohol
- Location of incident reported
- Identification of any officer assigned as primary and backup
- Time of dispatch
- Time of the officer's arrival
- Applicable "Special Time Stamps" (e.g., time critical incident page sent, DSS notified, suspect in custody, etc.)
- Time of officer's return to service
- Disposition or status of reported incident

802.3 RADIO COMMUNICATIONS

Operations are more efficient and officer safety is enhanced when dispatchers, supervisors and other officers know the status of officers, their locations and the nature of their cases.

802.3.1 OFFICER IDENTIFICATION

Identification systems are based on factors such as quad assignment and officer identification numbers. Employees should use their entire call sign when calling the Communications Center or another unit. The use of the call sign allows for a brief pause so that the dispatcher or called unit can respond to the appropriate unit. Employees initiating communication with other agencies shall use their entire call sign. This requirement does not apply to continuing conversation between mobile units or between the mobile unit and dispatcher once the mobile unit(s) have been properly identified.

802.3.2 RADIO PROCEDURE

"Disciplined clear speech" is a radio procedure using short, brief verbal terms and abbreviations to send and receive radio messages. "Discipline" is the key to the term, in that persons using the

Pueblo Police Department

Policy Manual

Communication Operations

radio must discipline themselves to keep the transmissions as short as possible. It shall be the policy of the Pueblo Police Department to use "disciplined clear speech".

The audit shall be conducted jointly by the newly assigned Evidence Custodian along with a designee of the Chief of Police to ensure that records are correct and properly annotated. For general property and evidence, the audit should be sufficient to ensure the integrity of the system and accountability of property and evidence. For high risk property (i.e., currency, precious metals, jewelry, firearms and narcotics) a minimum sampling size must be reviewed with respect to documentation and accountability. The table below shall be used to determine the appropriate sample size for high risk items. If the exact number of "Pieces of High Risk Evidence/Property" is not listed, the next higher number should be used. An error rate that exceeds four percent will require a full inventory of high risk items.

806.1 PURPOSE AND SCOPE

The Records Manager shall keep the Department Records Section procedures continuously updated to reflect the procedures being followed within the Records Section. Policies and procedures that apply to all employees of this department are contained in this chapter.

806.1.1 NUMERICAL FILING SYSTEM

Case reports are generated automatically in numerical order via computer.

Reports are numbered commencing with the last two digits of the current year followed by a sequential number beginning with 000001 starting at midnight on the first day of January of each year. As an example, case number 11-000001 would be the first new case beginning January 1, 2011.

806.1.2 PRIVACY POLICY

The Records Manager shall apply, and assist in the development and maintenance of, the organization's policy standardizing the collection, storage, transfer and use of personally identifiable information pursuant to CRS § 24-72-502. Minimally, the policy shall include:

- (a) A declaration supporting the protection of individual privacy.
- (b) Standards which minimize the collection of personally identifiable information to the least amount of information required to complete a particular transaction.
- (c) The applicability of the Colorado Open Records Act.
- (d) A method for feedback from the public on compliance with the privacy policy.
- (e) Notation that the policy applies to the collection of all personally identifiable information, regardless of the source or medium.

The privacy policy shall be published on the organization's website.

806.2 FILE ACCESS

All reports including, but not limited to, initial, supplemental, follow-up, evidence and all reports related to a case shall be maintained in a secure computer database. Physical reports relating to homicides and fatal traffic accidents, generated prior to the Department's transition to computerized reports and contained on media such as microfiche, shall be maintained in a secure area within the Records Section, accessible only to authorized Records Section personnel. Access to physical report files not contained in the computer database may be obtained through Records Section personnel.

806.2.1 REQUESTING ORIGINAL REPORTS

Reports contained on the computer database may be printed by department members as needed.

Pueblo Police Department

Policy Manual

Records Section Procedures

The existing physical reports remaining in the Records Section shall not be removed for any reason. Photocopies of such may be obtained from Records Section personnel.

806.3 RECORDS MANAGER TRAINING

The Records Manager shall receive training in records management, including proper maintenance, retention and disposal of records and the proper release of records under state and federal law.

806.4 LIMITED ACCESS TO RECORDS SECTION

For the purpose of ensuring the integrity of the Records Section, doors to Records Section work spaces (i.e., second floor and lobby offices) shall remain locked at all times. Personnel authorized to enter Records Section work spaces shall be granted access via the permission settings on their department-issued security access cards.

Restoration of Firearm Serial Numbers

808.1 PURPOSE AND SCOPE

The primary purpose for restoring firearm serial numbers is to determine the prior owner or origin of the item. Thus, property can be returned to rightful owners or investigations can be initiated to curb illegal trade of contraband firearms. The purpose of this policy is to develop standards, methodologies and safety protocols for the recovery of obliterated serial numbers from firearms and other objects using procedures that are accepted as industry standards in the forensic community. All personnel who are involved in the restoration of firearm serial numbers will observe the following guidelines.

808.2 PROCEDURE

Any firearm coming into the possession of the Pueblo Police Department as evidence and found property, where the serial numbers have been removed or obliterated, shall be processed in the following manner.

808.2.1 PRELIMINARY FIREARM EXAMINATION

- (a) Always keep the muzzle pointed in a safe direction. Be sure the firearm is in an unloaded condition. This includes removal of the ammunition source (e.g., the detachable magazine, contents of the tubular magazine) as well as the chamber contents.
- (b) If the firearm is corroded shut or in a condition that would preclude inspection of the chamber contents, treat the firearm as if it is loaded. Make immediate arrangements for a firearms examiner or other qualified examiner to render the firearm safe.
- (c) Accurately document the condition of the gun when it is received. Note the positions and conditions of the various components, such as the safeties, cylinder, magazine, slide and hammer. Accurately record/document cylinder chamber and magazine contents. Package the ammunition separately.
- (d) If the firearm is to be processed for fingerprints or trace evidence, it should be processed before the serial number restoration is attempted. First record/document important aspects, such as halos on the revolver cylinder face or other relevant evidence that might be obscured by the fingerprinting chemicals.

808.2.2 PROPERTY BOOKING PROCEDURE

Any department member taking possession of a firearm with removed or obliterated serial numbers shall book the firearm into property following standard procedures. The department member booking the firearm shall indicate in the report and property module that serial numbers have been removed or obliterated.

808.2.3 DOCUMENTATION

Case reports and records shall be prepared and maintained in order to document the chain of custody and the initial examination and handling of evidence, from the time it is received or

Restoration of Firearm Serial Numbers

collected until it is released. The case report shall include a description of the manner in which and/or from whom the firearm was received.

808.2.4 FIREARM TRACE

All firearms with which sworn department members come into contact in the field, regardless of the status of their serial numbers (intact or removed/obliterated), shall be entered into the Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF) National Tracing Center's (NTC) eTrace system via the online National Tracing Center Trace Request Form (ATF E-Form 3312.1). Department members may choose not to enter firearms into the eTrace system, however, when the origin and ownership of the weapons are not in question and appear to be legitimate. Upon completing an eTrace system entry, department members shall send a follow-up email to the ATF Task Force which includes the case report number and any additional notes (e.g., obliterated serial number, entry into the ATF's National Integrated Ballistic Information Network [NIBIN], etc.). The ATF Task Force will then arrange the transfer of the firearm to either the Colorado Bureau of Investigation or the ATF for processing, if needed.

All sworn department members as well as selected non-sworn department members shall have access to, and must enroll in, the eTrace system. The ATF Task Force shall maintain department members' access to the eTrace system. Department members may access the eTrace system at <https://www.atfonline.gov/etrace/logonDisplay.do?langOverride=en>.

808.3 OTHER CONSIDERATIONS

Exemplar bullets and cartridge cases from the firearm, depending upon acceptance criteria and protocol, may be submitted to NIBIN, which uses the Integrated Ballistic Identification System (IBIS) technology to search the national database and compare with ballistic evidence recovered from other crime scenes.

Records Release and Security

810.1 PURPOSE AND SCOPE

The purpose of this section is to establish a reference and procedure for the security and release of Department public records in accordance with the Colorado Open Records Act (CRS § 24-72-200.1 to § 24-72-206) and the Colorado Criminal Justice Records Act (CRS § 24-72-301 to CRS § 24-72-309).

This policy does not prevent the Department from voluntarily making part or all of specific records available to the requesting person, or the public, unless disclosure is deemed exempt, confidential, private or expressly prohibited by law.

The Federal Freedom of Information Act (FOIA) does not apply to state or local records.

810.1.1 DEFINITIONS

Definitions related to this policy include:

Criminal justice records - All books, papers, cards, photographs, tapes, recordings, or other documentary materials, regardless of form or characteristics, that are made, maintained, or kept by any criminal justice agency in the state for use in the exercise of functions required or authorized by law.

Public records - All writings, unless excepted by statute, made, maintained, or kept by the Department for use in the exercise of functions required or authorized by law or administrative rule or involving the receipt or expenditure of public funds. Criminal justice records are not public records.

Records Custodian - A person assigned the responsibility for the public and criminal justice records of Pueblo Police Department, regardless of whether the records are in his/her actual personal custody and control (CRS § 24-72-202(2) and CRS § 24-72-302(5)). For the purpose of this policy, the Records Manager shall serve as the Records Custodian subject to those specific exclusions found within this Policy Manual.

810.2 PUBLIC REQUESTS FOR RECORDS

The Records Custodian is responsible for the retention, archiving, release and destruction of department public records as follows:

- (a) The Records Custodian will maintain a policy for the retention, archiving and destruction of Department public records (CRS § 24-72-203(1)(b)(I)).
- (b) The Records Custodian will maintain either the Colorado Model Municipal Retention Schedule if approved by the State Archivist for use by Pueblo Police Department or other retention schedule signed by the Records Custodian, the Colorado State Archivist, the State Auditor's Office and the Attorney General's Office. The Records Custodian is responsible for requesting authorization to destroy records and for responding to any authorization to destroy records sent by the State Archives.

Pueblo Police Department

Policy Manual

Records Release and Security

- (c) The Records Custodian will establish rules regarding the inspection of department public records and criminal justice records as reasonably necessary for the protection of such records and the prevention of unnecessary interference with the regular discharge of the duties of the custodian or the custodian's office (CRS § 24-72-203(1)(a) and CRS § 24-72-304(1)).
- (d) The Records Custodian should consult periodically with the Colorado Department of Personnel and the Attorney General of Colorado regarding retention and disposition of records to determine whether records are of legal, administrative or historical value (CRS § 24-80-103).
 - 1. Those records unanimously determined to be of no legal, administrative or historical value shall be disposed of by such method as the three officers may specify.
 - 2. The Records Custodian shall file and preserve a list of all records disposed of, together with a statement signed by these three officers certifying compliance.
- (e) The Records Custodian shall maintain a schedule of fees for public records consistent with that adopted by the City of Pueblo.
- (f) The Records Custodian should prepare and make available to the public a description of the basic rights of a person who requests public information, the responsibilities of the Department and the procedures, to include the cost of inspecting or obtaining copies.

810.2.1 PROCESSING OF REQUESTS

Any member of the public, including the media, may request to inspect records of this department by submitting a written and signed request on the form provided by the Department to an authorized employee during normal business hours.

Request for records of the Department will be handled by the Records Section as follows:

- (a) Each request received shall be stamped in red ink with a department stamp identifying the date the request was received.
- (b) Records Section personnel shall determine whether the requested record is subject to the Colorado Open Records Act or the Colorado Criminal Justice Records Act and then whether the requested record is available and/or subject to any exemption from disclosure. Response should be made to a request for public records pursuant to the Colorado Open Records Act within three days of the request, unless the Records Custodian finds there are extenuating circumstances (CRS § 24-72-203(3)(b)).
 - 1. A finding that extenuating circumstances exist shall be made in writing by the Records Custodian and shall be provided to the person making the request within the three-day period.
 - 2. The fact that portions of records are exempt from disclosure shall not preclude portions that are not exempt from being released. If portions of a record are redacted,

Pueblo Police Department

Policy Manual

Records Release and Security

those portions should be identified as redacted or the person requesting the record shall be notified of the redaction.

3. If the Records Custodian finds there are extenuating circumstances, he/she shall make such records available for inspection within seven business days.
- (c) The requesting party should be required to pay in advance any established fee for each record sought.
- (d) Requests for information that the Records Custodian believes is confidential and wishes to withhold from the public that is not specifically allowed by statute or judicial decision should be discussed with legal counsel for the Department.
- (e) If the Records Custodian denies access to any public record, the applicant may request a written statement of the grounds for the denial. The Records Custodian shall provide to the applicant within seventy-two hours, a written statement citing the law or regulation under which access is denied or the general nature of the public interest to be protected (CRS § 24-72-204(4), CRS § 24-72-305(6)).
- (f) The Department is not required to create records which do not otherwise exist. However, existing records may be copied in such a manner as to provide the requesting party with unrestricted portions of any record.

Members shall make a reasonable effort to exclude or redact the Social Security number of any victim and witness from any document released in accordance with this policy to anyone other than the victim, the attorney for the defendant or any criminal justice agency (CRS § 24-4.1-303(18)).

810.3 REPORT RELEASE RESTRICTIONS

Records shall be released in accordance with the Colorado Open Records Act and the Colorado Criminal Justice Records Act. Restrictions to disclosure include but are not limited to the following:

- (a) **Victim compensation information** - Records or portions of records containing any confidential materials concerning an application for victim's compensation shall not be released (CRS § 24-72-204(2)(c); CRS § 24-4.1-107.5).

- (f) **Contrary to the public interest** - The Records Custodian may refuse to disclose or release any criminal justice record when it would appear that the public's interest in accessing such record is outweighed by the reason for nondisclosure (CRS § 24-72-304(1)).
- (g) **Solicitation of business use** - The Records Custodian shall deny any person access to records of official actions and criminal justice records unless such person signs a statement which affirms that such records shall not be used for the direct solicitation of business for pecuniary gain (CRS § 24-72-305.5).
- (h) **Requests from criminal defendants** - Requests from criminal defendants and their authorized representatives, including attorneys, shall be referred to the District Attorney, City Attorney or the courts.

 - 3. Such inspection is prohibited by rules promulgated by the Supreme Court or by the order of any court.

810.3.1 PERSONAL IDENTIFYING INFORMATION

Employees shall not access, use or disclose personal identifying information, including an individual's photograph, Social Security number, driver identification number, name, address, telephone number and the individual's medical or disability information, which is contained in any driver's license record, motor vehicle record or any department record except as authorized by the Department and only when such use or disclosure is permitted or required by law to carry out a legitimate law enforcement purpose (18 USC § 2721, 18 USC § 2722).

810.4 SUBPOENA DUCES TECUM

Any subpoena duces tecum or discovery request should be promptly provided to a supervisor for review and processing. While a subpoena duces tecum may ultimately be subject to compliance, it is not an order from the court that will automatically require the release of the requested information.

Records Release and Security

All questions regarding compliance with any subpoena duces tecum should be promptly referred to the City Law Department and other legal counsel for the Department so that a timely response can be prepared.

810.5 RELEASED RECORDS TO BE STAMPED

Each record released, including those released pursuant to a subpoena duces tecum, shall be stamped in red ink with a Department stamp identifying the date the record was released.

810.6 PRIVACY AND SECURITY OF RECORDS

Records such as offense reports, arrest reports, juvenile records or other sensitive records shall be secured in such a manner as to reasonably protect them from unauthorized disclosure.

812.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for the access, transmission, release and security of protected information by members of the Pueblo Police Department. This policy addresses the protected information that is used in the day-to-day operation of the Department and not the public records information covered in the Records Release and Security Policy.

812.1.1 DEFINITIONS

Only those members who have completed applicable training and met any applicable requirements, such as a background check, may access protected information, and only when the member has a legitimate criminal justice purpose for such access.

Unauthorized access, including access for other than a legitimate work-related purpose, is prohibited and may subject a member to administrative action pursuant to the Personnel Complaints Policy and/or criminal prosecution.

812.5 RELEASE OR DISSEMINATION OF PROTECTED INFORMATION

Protected information may be released only to authorized recipients who have both a right to know and a need to know.

A member who is asked to release protected information that should not be released should refer the requesting person to a supervisor or to the Records Manager for information regarding a formal request.

Unless otherwise ordered or when an investigation would be jeopardized, protected information maintained by the Department may generally be shared with authorized persons from other law enforcement agencies who are assisting in the investigation or conducting a related investigation. Any such information should be released through the Records Section to ensure proper documentation of the release (see the Records Release and Security Policy).

Protected information, such as Criminal Justice Information (CJI), which includes Criminal History Record Information (CHRI), should generally not be transmitted by radio, except in cases where there is an immediate need for the information to further an investigation or where circumstances reasonably indicate that the immediate safety of officers, other department members or the public is at risk.

Nothing in this policy is intended to prohibit broadcasting warrant information.

812.6 SECURITY OF PROTECTED INFORMATION

The Chief of Police will select a member of the Department to work with the Director of Information Technology and/or his/her designee to oversee the security of protected information.

The responsibilities of this position include, but are not limited to:

Members accessing or receiving protected information shall ensure the information is not accessed or received by persons who are not authorized to access or receive it. This includes leaving protected information, such as documents or computer databases, accessible to others when it is reasonably foreseeable that unauthorized access may occur.

812.7 CHALLENGE TO CRIMINAL OFFENDER RECORD

Any person has the right to challenge the accuracy and completeness of criminal justice records pertaining to him/her and to request that said records be corrected (CRS § 24-72-307). Any such requests shall be forwarded to the Records Manager.

Upon receipt of a request to correct the record, the Records Manager will evaluate the request as follows:

- (a) The Records Manager will review the request for correction and make a determination of whether to grant or refuse the request, in whole or in part.
- (b) In the event that the Records Manager requires additional time to evaluate the merit of the request for correction, the Records Manager shall notify the applicant in writing.
 - 1. The Records Manager shall then have 30 days from the date of receipt of the request for correction to evaluate the request and to make a determination of whether to grant or refuse the request, in whole or in part.
 - 2. The Records Manager will communicate that decision to the applicant in writing.
- (c) If the Records Manager refuses to make the requested correction and the person requests a written statement of the grounds for the refusal, the Records Manager shall promptly provide such a written statement.

812.8 TRAINING

All members authorized to access or release protected information shall complete a training program that complies with any protected information system requirements and identifies authorized access and use of protected information, as well as its proper handling and dissemination.

813.4 RELEASE OF CRIMINAL HISTORY RECORDS

Criminal history record information may not be used in any unauthorized manner, for any unauthorized purpose or disclosed to any person who is not entitled to the information.

Computers and Digital Evidence

814.1 PURPOSE AND SCOPE

This policy establishes procedures for the seizure and storage of computers, personal communications devices (PCDs) digital cameras, digital recorders and other electronic devices that are capable of storing digital information. This policy also establishes procedures for the preservation and storage of digital evidence. All evidence seized and/or processed pursuant to this policy shall be done so in compliance with clearly established Fourth Amendment and search and seizure provisions.

814.2 SEIZING COMPUTERS AND RELATED EVIDENCE

Computer equipment requires specialized training and handling to preserve its value as evidence. Officers should be aware of the potential to destroy information through careless or improper handling, and utilize the most knowledgeable available resources. When seizing a computer and accessories the following steps should be taken:

- (a) Photograph each item, front, back and surrounding desktop or office setup, specifically including cable connections to other items. Look for a telephone line or cable to a modem for Internet access.
- (b) Do not overlook the possibility of the presence of physical evidence on and around the hardware relevant to the particular investigation, such as fingerprints, biological or trace evidence and/or documents.
- (c) If the computer is off, do not turn it on.
- (d) If the computer is on, do not shut it down normally and do not click on anything or examine any files.
 - 1. Photograph the screen, if possible, and note any programs or windows that appear to be open and running.
 - 2. Disconnect the power cable from the back of the computer box. If the computer is a portable notebook style, disconnect any power cable from the case and remove the battery.
- (e) Label each item with the case number, evidence sheet number and item number.
- (f) Handle and transport the computer and storage media (e.g., tape, disks, memory cards, flash memory, external drives) with care so that potential evidence is not lost.
- (g) Lodge all computer items into the Property and Evidence Section. Do not store computers where normal room temperature and humidity is not maintained.
- (h) At minimum, officers should document the following in related reports:
 - 1. Where the computer was located and whether it was in operation

Computers and Digital Evidence

2. Who was using it at the time
 3. Who claimed ownership
 4. If it can be determined, how it was being used
 5. Any passwords/codes used to log onto the device
 6. Operating system (e.g., Windows 98, Windows 2007, Mac OS, Linux, etc.)
- (i) In most cases when a computer is involved in criminal acts and is in the possession of the suspect, the computer itself and all storage devices (e.g., printers, remote drives, hard drives, tape drives and disk drives) should be seized along with all media. Accessories (e.g., printers, monitors, mouse, scanner, keyboard, cables, software and manuals) should not be seized unless as a precursor to forfeiture or the equipment is proprietary (e.g., Apple keyboard and mouse) and necessary for examination of the associated media.

814.2.1 BUSINESS OR NETWORKED COMPUTERS

If the computer belongs to a business or is part of a network, it may not be feasible to seize the entire computer. Until properly secured, networked computers can be accessed remotely to alter critical hard drive data. Therefore, cases involving networks require specialized handling. Officers should contact a certified forensic computer examiner as soon as practicable for instructions or a response to the scene. It may be possible to perform an on-site inspection or to image the hard drive only of the involved computer. This should be done by someone specifically trained in processing computers for evidence. The forensic copy of the image of the hard drive shall be marked and maintained as primary evidence.

814.2.2 FORENSIC EXAMINATION OF COMPUTERS

If an examination of the contents of the computer's hard drive, disks or any other storage media is required, forward the following items to a computer forensic examiner:

- (a) A copy of reports involving the computer, including the evidence/property sheet
- (b) A copy of a consent to search form signed by the computer owner or the person in possession of the computer, or a copy of a search warrant authorizing the search of the computer hard drive for evidence relating to the investigation or other legal authority for examination
- (c) A list of the items to search for (e.g., photographs, financial records, email, documents)
- (d) A forensic copy of the media will be made, subsequent forensic examination of the copy will be conducted by a trained digital forensic examiner.

814.3 SEIZING DIGITAL STORAGE MEDIA

Digital storage media, including hard drives, floppy disks, CDs, DVDS, tapes, memory cards or flash memory devices, should be seized and stored in a manner that will protect them from damage.

Computers and Digital Evidence

- (a) If the media has a write-protection tab or switch, it should be activated.
- (b) Do not review, access or open digital files prior to submission. If the information is needed for immediate investigation, request the High Tech Crimes Unit to copy the contents to an appropriate form of storage media.
- (c) Many kinds of storage media can be erased or damaged by magnetic fields. Keep all media away from magnetic devices, electric motors, radio transmitters or other sources of magnetic fields.
- (d) Do not leave storage media where it would be subject to excessive heat, such as in a parked vehicle on a hot day.
- (e) Use plastic cases designed to protect the media, or other protective packaging, to prevent damage.

814.4 SEIZING PERSONAL COMMUNICATION DEVICES

Personal communication devices (PCD), such as cellular phones, Personal Data Assistants (PDA) or other hand held devices connected to any communication network must be handled with care to preserve evidence that may be on the device, including messages, stored data and/or images.

- (a) Officers should not attempt to access, review or search the contents of such devices prior to examination by a forensic expert. Unsent messages can be lost, data can be inadvertently deleted and incoming messages can override stored messages.
- (b) If device is turned off, DO NOT TURN ON. If the device is on, power down the device by removing the battery, if possible, making sure not to damage the device. As a last resort, power down using the power button. The device should be wrapped in no less than six sheets of heavy duty aluminum foil, or placed in a solid metal container, such as a paint can or in a Faraday bag, to prevent the device from sending or receiving information from its host network.
- (c) When seizing the devices, also seize the charging units; they may be required for examination at a later time.

814.5 DIGITAL EVIDENCE RECORDED BY OFFICERS

Officers handling and submitting recorded and digitally stored evidence from digital cameras and audio or video recorders will comply with these procedures to ensure the integrity and admissibility of the evidence.

814.5.1 COLLECTION OF DIGITAL EVIDENCE

This policy is established to ensure proper environmental, occupational and personal health conditions for the protection of persons detained and Pueblo Police Department staff.

The Department shall maintain the custody of detainees in accordance with this policy and in accordance with applicable law.

900.1.1 DEFINITIONS

Definitions related to this policy include:

Booking - For the purpose of this policy, the term "booking" shall not refer to the formal process of creating an administrative record of those arrested by the criminal justice system, as what takes place in a jail or other detention facility. As used in this policy, the term simply refers to the act of introducing detainees into the temporary holding facility.

Detainee - A person locked in a holding cell.

Holding cell area - The area behind doors 1300A, 1300B, 1310B and 1310C.

900.2 DETENTION OF PERSONS IN THE HOLDING FACILITY

No detainee shall be locked in a holding cell for a time length exceeding four hours. The time begins when the detainee is first confined in a holding cell and ends when four chronological hours have elapsed from that point, regardless of whether or not the detainee is removed from the holding cell for any reason during the confinement. For example, if a detainee is placed in a holding cell at 1207 hours, he/she shall not be confined in any holding cell beyond 1607 hours, regardless of the amount of time the detainee may have been removed from the holding cell for any reason (e.g., restroom breaks, interviews, telephone calls, consultation with an attorney, etc.).

900.2.1 NON-DETAINABLE PERSONS

Persons who fall within the following categories should not be detained in the temporary holding facility unless medically cleared. Should circumstances exist that necessitate the detention of a person who falls into one or more of the aforementioned categories, officers should consider maintaining custody of the person without placing him/her in a holding cell. If it is absolutely necessary to place the person in a holding cell, however, officers shall obtain approval from a supervisor and document the circumstances in a related report. In all cases, however, officers shall ensure that persons in need of medical care receive such without delay by either summoning medical aid or transporting such persons to a medical facility.

Specialized Assignment Rotation and Core Position Policy

1005.1 PURPOSE AND SCOPE

It is the intent of the Pueblo Police Department that all officers have the opportunity during their career to serve in specialized assignments. To facilitate that opportunity, the following procedure is established whereby a rotation of positions within specialized sections will occur. In addition, to prevent the specialized section from losing knowledge gained only by experience, core positions will be established within specialized sections which will allow officers to remain in the specialized section indefinitely, as long as they maintain a high level of work performance.

1005.2 ROTATION OF OFFICERS IN SPECIALIZED ASSIGNMENTS

The following conditions apply to officers assigned to specialized sections unless otherwise selected for a core slot position:

- (a) Officers may be assigned to specialized assignments for a maximum of eight years at a time. At the end of eight years, officers must rotate back to the Patrol Division.
- (b) After rotation back to the Patrol Division, regardless of length of service in the specialized assignment, officers will not be eligible to apply for a specialized assignment any sooner than one year from leaving their prior specialized assignment.
- (c) Although officers can apply for transfer to another specialized assignment while in a specialized assignment, the combined total time in specialized assignments cannot exceed eight years at a time.
- (d) If upon advertisement of a specialized assignment there are no individuals qualified or no applicants, the officer holding the position may stay in the assignment for one additional calendar year from the date of vacancy posting. At the end of the one year extension the vacancy must be readvertised. Additional one year extensions shall be granted until the vacancy is filled by a qualified applicant.

1005.3 CORE POSITIONS WITHIN SPECIALIZED SECTIONS

The following conditions apply to core positions within specialized sections:

- (a) Each section is allowed a maximum of 50% of their allotted staffing level to be designated as core positions. A minimum of 25% of the allotted staffing level must be designated as core positions. If there is only one position to be considered, however, it shall be considered a rotating position. If there are two positions to be considered, one will be a core position and one will be a rotating position. If there are three positions to be considered, one will be a core position and two will be rotating positions. If there are four positions to be considered, two will be core positions and two will be rotating positions. If there are five positions to be considered, two will be core positions and three will be rotating positions, etc.

- (c) Officers assigned to a core position may at the discretion of the Chief of Police remain in the core position indefinitely and beyond the maximum eight year period.

1005.4 ROTATION OF FIRST-LINE SUPERVISORS IN SPECIALIZED ASSIGNMENTS

The following conditions apply to first-line supervisors in specialized assignments:

- (a) First-line supervisors may be assigned to a specialized assignment for a maximum of eight years. At the end of eight years, supervisors must rotate back to the Patrol Division.
- (b) After rotation back to the Patrol Division, regardless of length of service in the specialized assignment, first-line supervisors will not be eligible to apply for a specialized assignment any sooner than one year from leaving their prior specialized assignment.
- (c) If upon advertisement of a specialized assignment there are no individuals qualified or no applicants, the first-line supervisor holding the position may stay in the assignment for one additional calendar year from the date of vacancy posting. At the end of the one year extension the vacancy must be readvertised. Additional one year extensions shall be granted until the vacancy is filled by a qualified applicant.

1005.5 ROTATION SCHEDULE

With the exception of officers assigned to the School Resource Officer Section, all officers and first-line supervisors reaching their eight year anniversary date in specialized assignments in any calendar year will rotate to the Patrol Division on January 1st of the following calendar year. The purpose of this schedule is to facilitate Patrol Division shift and vacation sign-ups.

Officers assigned to the School Resource Officer Section who reach their eight year anniversary date in specialized assignments during the school year (September through June) will rotate to the Patrol Division on the first September 1st following such eight year anniversary date. The purpose of this schedule is to facilitate the transition between school years.

1005.6 SPECIAL CIRCUMSTANCES

The following criteria govern special circumstances:

- (a) Officers or first-line supervisors who are temporarily reassigned from the Patrol Division to specialized assignments at the direction of the Chief of Police are not required to serve one year in the Patrol Division after leaving the specialized assignment before applying to a full-time position in a specialized section.
- (b) This policy shall not govern part-time assignments such as the Bomb Squad and the SWAT Team.
- (c) The policy and procedures for rotation may be waived for temporary assignments, emergency situations and training at the discretion of the Chief of Police.

Specialized Assignment Rotation and Core Position Policy

- (a) The rotation schedule outlined in this policy shall begin on the policy effective date (one year from the policy approval date).
- (b) First-line supervisors who have eight or more years in their current specialized assignment will rotate upon a qualified replacement being selected.
- (c) Officers who have eight or more years of combined service in specialized assignments since their last service in the Patrol Division will rotate upon a qualified replacement being selected. If two or more individuals are to be rotated and there are not sufficient qualified applicants, the individual with the greatest amount of time in the current specialized assignment will be the first to rotate. Upon implementation of the rotation schedule, two non-core officers with eight years or greater length of service within any specialized section/unit will be rotated to the Patrol Division. The next two officers with eight or more years of service within the same specialized section/unit will follow one year later. If there are fewer than four non-core positions within the specialized section/unit, then a proportional number of rotations will occur. If all non-core positions are occupied by officers with less than eight years of service, rotation will begin at the first officer to reach his/her eight year anniversary date.
- (d) The captains of all sections/units with rotating positions must identify those officers who will occupy core positions and present those selections to the Chief of Police via the chain of command within 30 days from the policy approval date.

The Services Bureau Chief shall perform an annual audit of all grievances filed the previous calendar year to evaluate whether any policy/procedure changes or training may be appropriate to avoid future filings of grievances. The Services Bureau Chief shall record these findings in a memorandum to the Chief of Police without including any identifying information from any individual grievance. If the audit identifies any recommended changes or content that may warrant a critical revision to this Policy Manual, the Services Bureau Chief should promptly notify the Chief of Police.

1014.2 EMPLOYEE RESPONSIBILITIES

Paid sick leave to the extent the same is accrued and unused shall be granted to employees in case of actual illness, injury or disability of the employee, occurring without negligence of the employee; or for a maximum of three work days in each consecutive twelve months for illness of the employee's spouse, child, parent, parent-in-law, or member of the employee's household, subject to verification thereof. A medical certificate subscribed by the treating physician on forms supplied by the City shall be required for any absence for which paid sick leave is claimed by the employee for his own illness, injury or disability exceeding three consecutive working days; provided, further, the City Manager, or the Chief of Police in any case of suspected abuse of sick leave privileges, may require such medical certificate for any absence for which paid sick leave is claimed by the employee. Use or attempted use of paid sick leave benefits for any reason other than actual illness or disability shall be deemed an activity unbecoming an employee of the City.

Employees on sick leave shall not engage in other employment or self-employment or participate in any sport, hobby, recreational or other activity that may impede recovery from the injury or illness. If an employee is eligible to take protected leave under the Family and Medical Leave Act of 1993 and believes that he/she has a serious medical condition which qualifies him/her for FMLA covered leave, such employee shall contact the Department of Human Resources for information about rights and responsibilities under the act and in accordance with City of Pueblo General Regulation #17.

1014.2.1 NOTIFICATION

1014.4 SUPERVISOR RESPONSIBILITIES

Supervisors should monitor sick leave usage and regularly review the attendance of employees under their command to ensure that the use of sick leave is consistent with this policy. Supervisors should address the use of sick leave in the employee's performance evaluation when it has negatively affected the employee's performance or ability to complete assigned duties and when unusual amounts of sick leave by the employee have a negative affect on department operations. When appropriate, supervisors should counsel employees regarding the excessive use of sick leave and should consider referring the employee to the Employee Assistance Program or initiating the Personnel Early Warning System.

1014.5 OUTSIDE/EXTRA DUTY EMPLOYMENT

Members on sick leave shall not work at any outside or extra duty employment during their scheduled work shift on the same calendar day in which the employee utilizes sick leave. Working an outside or extra job on the same calendar day the employee has called off sick, outside of the regular scheduled work shift may be indicative of abuse of sick leave, depending on the circumstances.

1016.2.2 UNIVERSAL PRECAUTIONS

All human blood and bodily fluids, such as saliva, urine, semen and vaginal secretions, are to be treated as if they are known to be infectious. Where it is not possible to distinguish between bodily fluid types, all bodily fluids are to be assumed potentially infectious.

1016.2.3 PERSONAL PROTECTIVE EQUIPMENT

Personal protective equipment is the last line of defense against communicable disease. Therefore, the following equipment is provided for all personnel to assist in the protection against such exposures:

- Not less than two pair of disposable latex/nitrile gloves (keeping a box in the car is recommended)
- Safety glasses or goggles
- NIOSH N95 particulate respirator
- Alcohol, or similar substance, to flush skin at emergency site
- Keeping alcohol hand wipes in the car is recommended

Pueblo Police Department

Policy Manual

Communicable Diseases

The aforementioned equipment will be maintained in a compartment in the trunk of all department vehicles. Department members are responsible for ensuring that the equipment is fully stocked and in proper condition during the daily pre-shift inspection of their vehicles, and shall replace equipment when needed.

1016.2.4 IMMUNIZATIONS

All department personnel who, in the line of duty, respond to emergency medical calls or may be exposed to or have contact with a communicable disease, are encouraged to obtain appropriate immunization treatment at their own expense. While suggested immunization treatments are Hepatitis B, Tetanus and Influenza, department personnel should consult their personal physicians for individual recommendations.

1016.2.5 WORK PRACTICES

All personnel should use the appropriate barrier precautions to prevent skin and mucous membrane exposure whenever contact with blood or bodily fluid is anticipated.

Disposable gloves should be worn on all medical emergency responses. Disposable gloves should be worn before making physical contact with any patient and/or when handling items (e.g., evidence, transportation vehicle) soiled with blood or other bodily fluids. Should one's disposable gloves become contaminated with blood or other bodily fluids, the gloves shall be disposed of as contaminated waste. Care should be taken to avoid touching other items (e.g., pens, books and personal items in general) while wearing the disposable gloves in a potentially contaminated environment.

All procedures involving blood or other potentially infectious materials shall be done in a way to minimize splashing, spraying or otherwise generating droplets of those materials.

Department members should refrain from eating, drinking, applying lip balm and handling contact lenses in areas where a potential for an exposure exists.

1016.2.6 INFORMATION AND TRAINING

All employees shall participate in annual occupational exposure training commensurate with the requirements of his/her position. The occupational exposure training should meet the minimum standards set by state and federal regulations (29 CFR § 1910.1030(g)(2)(vii)).

1016.3 DISPOSAL AND DECONTAMINATION

The following procedures will apply to the disposal or decontamination of equipment or personnel after responding to an event that involved contact with a person's blood or bodily fluids.

1016.3.1 USE OF WASTE CONTAINERS

Officers shall dispose of biohazards with the on-scene fire response vehicle or ambulance, at the attending clinic or hospital with its approval or in an appropriately marked biohazard waste container immediately upon arrival.

The biohazard waste container shall be collapsible, leakproof, red and appropriately labeled with a biohazard warning, and routinely emptied.

Pueblo Police Department

Policy Manual

Communicable Diseases

1016.3.2 DECONTAMINATION OF SKIN AND MUCOUS MEMBRANES

Personnel shall immediately wash their hands either while on-scene or as soon as practicable following the removal of potentially contaminated gloves. Antibacterial soap and warm water or an approved disinfectant shall be used to wash one's hands, paying particular attention to the fingernails.

If an employee's intact skin contacts someone else's blood or bodily fluids or other potentially infectious materials, the employee shall immediately wash the exposed part of his/her body with soap and warm water and/or an approved disinfectant, as soon as possible. If the skin becomes grossly contaminated, body washing shall be followed by an approved hospital strength disinfectant wash or rinse. If large areas of the employee's skin are contaminated, the employee shall shower as soon as reasonably possible, using warm water and soap and/or an approved disinfectant. Medical treatment should be obtained.

Contaminated non-intact skin (e.g., injured skin, open wound) shall be cleaned using an approved disinfectant and then dressed or bandaged as required. Medical treatment is required.

All hand, skin and mucous membrane washing that takes place in the station shall be done in the designated cleaning or decontamination area. Cleaning shall not be done in the kitchen, bathrooms or other locations not designated as a cleaning or decontamination area.

1016.3.3 SHARPS AND ITEMS THAT CUT OR PUNCTURE

All personnel shall avoid using or holding sharps (e.g., needles, blades) unless they are needed to assist a paramedic or are being collected for evidence. Unless required for evidentiary reasons related to evidence preservation, employees are not to recap sharps. If recapping is necessary, a one-handed method shall be employed to avoid a finger prick. Disposal, when practicable, shall be into a puncture-proof biohazard container.

All sharps and items that cut or puncture (e.g., broken glass, razors and knives) shall be treated cautiously to avoid cutting, stabbing or puncturing one's self or any other person. If a sharp object contains known or suspected blood or other bodily fluids, that item is to be treated as a contaminated item. If the item is not evidence, touching it with the hands shall be avoided. Use a device, such as tongs or a broom and a dustpan, to clean up debris. If the material must be handheld, protective gloves must be worn.

1016.3.4 DISPOSABLE PROTECTIVE EQUIPMENT

Contaminated disposable supplies (e.g., gloves, dressings, CPR mask) shall be transported with the patient or suspect in the ambulance or police vehicle. The waste material shall then be disposed of in a biohazard waste container at the hospital or police station. Disposable gloves are to be worn while placing the waste into the waste biohazard container, placing the gloves in with the waste when finished.

Pueblo Police Department

Policy Manual

Communicable Diseases

1016.3.5 DECONTAMINATION OF PERSONAL PROTECTIVE EQUIPMENT

After using any reusable personal protective equipment, it shall be washed or disinfected and stored appropriately. If the personal protective equipment is not reusable (e.g., disposable gloves), it shall be discarded in a biohazard waste container as described in this policy.

Any personal protective equipment that becomes punctured, torn or loses its integrity, shall be removed as soon as feasible. The employee shall wash up and replace the personal protective equipment if the task has not been completed. If any failure of personal protective equipment results in a contaminated non-intact skin event, decontamination as described in this policy shall be implemented.

Contaminated reusable personal protective equipment that must be transported prior to cleaning shall be placed into a biohazard waste bag and transported in the ambulance, paramedic truck or police vehicle. Gloves shall be worn while handling the biohazard waste bag and during placement into the biohazard waste container, and then included in with the waste.

1016.3.6 DECONTAMINATION OF NON-DISPOSABLE EQUIPMENT

Contaminated non-disposable equipment (e.g., flashlight, gun, baton, clothing, portable radio) shall be decontaminated as soon as reasonably practicable. If it is to be transported, it shall be done by first placing it into a biohazard waste bag.

Grossly contaminated non-disposable equipment items shall be transported to a hospital, fire station or police station for proper cleaning and disinfecting. Porous surfaces, such as nylon bags and straps, shall be brushed and scrubbed with a detergent and hot water, laundered and allowed to dry. Non-porous surfaces (e.g., plastic or metal) shall be brushed and scrubbed with detergent and hot water, sprayed with a bleach solution, rinsed and allowed to dry. Delicate equipment (e.g., radios) should be brushed and scrubbed very carefully using a minimal amount of a type of germicide that is approved by the Environmental Protection Agency (EPA).

While cleaning equipment, pay close attention to handles, controls, corners, crevices, portable radios and external microphones. Equipment cleaning shall not be done in the kitchen, bathrooms or other areas not designated as the cleaning/decontamination area.

Contaminated equipment should be cleaned using an approved EPA germicide or a 1:100 solution of chlorine bleach (one-quarter cup of bleach per one gallon of water) while wearing disposable gloves and goggles. Large particles of contaminants such as vomit, feces and blood clots should first be removed (e.g., using a disposable towel or other means to prevent direct contact) and then properly disposed.

1016.3.7 DECONTAMINATION OF CLOTHING

Contaminated clothing such as uniforms and undergarments shall be removed as soon as feasible and rinsed in cold water to prevent the setting of bloodstains. If the clothing may be washed in soap and hot water, do so as soon as possible. If the clothing must be dry-cleaned, place it in a biohazard waste bag and give it to the ECO. The ECO will secure a dry cleaner that is capable of cleaning contaminated clothing, if available, and will inform them of the potential contamination.

Pueblo Police Department

Policy Manual

Communicable Diseases

This dry cleaning may be done at the Department's expense. The decision whether or not to pay for dry cleaning services will be made by the ECO on a case by case basis, based on the circumstances surrounding the contamination.

Contaminated leather boots shall be brushed and scrubbed with detergent and hot water. If the contaminant soaked through the boot, the boot shall be discarded.

1016.3.8 DECONTAMINATION OF VEHICLES

Contaminated vehicles and components, such as the seats, radios and doors, shall be washed with soap and warm water and disinfected with an approved germicide as soon as feasible.

1016.3.9 DECONTAMINATION OF STATION AND CLEANING AREA

Decontamination Room 1304 within the temporary holding facility shall serve as the area for cleaning/decontamination. This area is to be used to keep equipment clean and sanitary and for the employees to wash any potential contamination from their bodies. This area is to be thoroughly cleaned after each use and maintained in a clean and sanitary order at all times. The application of cosmetics, smoking cigarettes, consuming food and drink are prohibited in this designated area at all times.

1016.4 POST-EXPOSURE REPORTING AND FOLLOW-UP REQUIREMENTS

In actual or suspected exposure incidents, proper documentation and follow-up action must occur to limit potential liabilities and ensure the best protection and care for the employee.

1016.4.1 EMPLOYEE RESPONSIBILITY TO REPORT EXPOSURE

In order to provide appropriate and timely treatment should exposure occur, all employees shall verbally report the exposure to their immediate supervisor and complete a written casualty report as soon as possible following the exposure or suspected exposure. Regardless of the circumstances, all exposures and suspected exposures shall be reported no longer than forty-eight hours after the suspected exposure incidents. The report shall be submitted to the employee's immediate supervisor.

1016.4.2 SUPERVISOR REPORTING REQUIREMENTS

Supervisors shall investigate every exposure that occurs as soon as reasonably practicable following the incident, while gathering the following information:

- (a) Name of the employee exposed
- (b) Date and time of incident
- (c) Location of incident
- (d) The potentially infectious materials involved
- (e) Source of material or person
- (f) Current location of material or person
- (g) Work being done during exposure

Pueblo Police Department

Policy Manual

Communicable Diseases

- (h) How the incident occurred or was caused
- (i) PPE in use at the time of the incident
- (j) Actions taken post-event (e.g., cleanup and notifications)

The supervisor shall advise the employee of the laws and regulations concerning disclosure of the identity and infectious status of a source.

If the ECO is unavailable to seek testing of the person who was the source of the exposure, it is the responsibility of the exposed member's supervisor to ensure testing is sought.

1016.4.3 MEDICAL CONSULTATION, EVALUATION AND TREATMENT

Any employee who was exposed or suspects he/she was exposed to a communicable disease shall be seen by a physician (or qualified health care provider) at any of the three designated worker's compensation providers on the City's Designated Provider List as soon as reasonably possible. The employee may be referred to another provider, such as a hospital, if necessitated by hours of operation restrictions at any of the three designated providers or severity of exposure. Every effort shall be made to go to one of the three designated worker's compensation providers when possible. Any referrals to agencies beyond those on the worker's compensation designated provider list should be coordinated through the City of Pueblo's third party administrator for worker's compensation matters, Summit Point Consulting using the contact information below:

- Ray Wilber / Summit Point Consulting / Post Office Box 5130, Denver, Colorado 80217-5130 / (800) 233-8305 / Ray.Wilber@SummitPointConsulting.com.

The doctor or qualified health care provider should be provided the supervisor's report and the employee's medical records relevant to the visit and examination.

The employee shall be made aware of the laws and regulations concerning disclosure of the identity and infectious status of a source. If possible, the exposed employee will be informed of the source's test results.

The health care professional shall provide the ECO and/or the City's Director of Human Resources with a written opinion/evaluation of the exposed employee's situation. This opinion shall only contain the following information:

- If a post-exposure treatment is indicated for the employee
- If the employee received a post-exposure treatment
- Confirmation that the employee received the evaluation results
- Confirmation that the employee was informed of any medical condition resulting from the exposure incident that will require further treatment or evaluation
- Whether communicable disease testing from the source is warranted, and if so, the possible diseases to be tested

Pueblo Police Department

Policy Manual

Communicable Diseases

All other findings or diagnosis shall remain confidential and are not to be included in the written report.

1016.4.4 COUNSELING

The Department shall make available to the exposed employee, and his/her family if necessary, the opportunity for counseling and consultation. Counseling can be obtained via the Employee Assistance Program and consultation can be obtained via the Pueblo City-County Health Department.

1016.4.5 CONFIDENTIALITY OF REPORTS

Most of the information involved in the process must remain confidential. The ECO shall ensure that all records and reports are kept confidential.

The ECO shall be responsible for maintaining records containing the employee's treatment status and the results of examinations, medical testing and follow-up procedures that took place as a result of an exposure.

The Human Resources Director shall be responsible for maintaining the name of the employee and copies of any information provided to the consulting health care professional as a result of an exposure.

This information is confidential and shall not be disclosed to anyone without the employee's written consent, except as required by law. Test results from persons who may have been the source of an exposure are to be kept confidential as well.

1016.5 SOURCE TESTING

Testing for communicable diseases of a person who was the source of an exposure to an employee of this department should be sought when it is desired by the department member or otherwise appropriate. It is the responsibility of the ECO to ensure the proper testing and reporting occur. These methods include:

- Obtaining voluntary consent that covers testing for any communicable disease from any person who may be the source of an exposure.
- Determining if the source person is compelled to submit to testing under any lawful provision.
- Filing a report with the county health officer when an employee is exposed. The county health officer may assist in pursuing testing on the City's behalf.
- Applying for a court order to compel testing of the source person.

1016.5.1 EXPOSURE FROM A NON-ARRESTEE

Upon notification of an employee's exposure to a person who was not arrested, the ECO should attempt to determine if the person who was the source of the exposure will voluntarily consent to testing. If consent is indicated, the following steps should be taken:

- (a) A licensed health care provider should notify the person to be tested of the exposure and make a good faith effort to obtain voluntary informed consent from the person or his/her

Pueblo Police Department

Policy Manual

Communicable Diseases

authorized legal representative to perform a test for HIV, hepatitis B, hepatitis C and other communicable diseases the health care provider deems appropriate.

- (b) The voluntary informed consent obtained by the health care provider must be in writing and include consent for specimens of blood for testing.
- (c) The result of the tests should be made available to the source and the exposed employee.
- (d) If consent is not obtained, the ECO should promptly consult with City counsel and consider requesting that a court order be sought for appropriate testing.

1016.5.2 EXPOSURE FROM AN ARRESTEE

Upon notification of an exposure to an employee by a person who was arrested, the ECO should take the following steps:

- (a) Seek consent from the person who was the source of the exposure and seek a court order if consent is not given.
- (b) Take reasonable steps to immediately contact the county health officer and provide preliminary information regarding the circumstances of the exposure and the status of the involved individuals to determine whether the county health officer can order testing.
- (c) In all cases, comply with the reporting and testing schemes required by law. This includes completing state or county forms as required by the end of the employee's shift. If submission by the end of the shift is not practicable, it must occur as soon as possible but no later than two days after the incident.
- (d) Remain in contact with the county health officer to determine whether testing of the arrestee will occur and whether the testing satisfies the medical needs of the employee.
- (e) The results of the tests should be made available to the donor and the exposed employee.

Smoking/Tobacco Use Policy

1018.1 PURPOSE AND SCOPE

It is the policy of the Pueblo Police Department to comply with the provisions of all applicable laws and Ordinances, including without limitation, Chapter 6 of Title VII of the Pueblo Municipal Code, concerning smoking of tobacco in public places and places of employment, and to present a positive image by respecting the rights and wishes of others when in public.

1018.2 POLICY

Department members shall refrain from smoking or using tobacco in any form when in direct contact with the public, or in any public place unless such activity is expressly allowed. No department member shall smoke or carry a lighted smoking instrument in any area of the Pueblo Municipal Justice Center.

Smoking and/or the carrying of lighted smoking instruments is expressly prohibited in any vehicle owned or leased by the City of Pueblo.

All restrictions and prohibitions on the use of tobacco and lighted smoking instruments also apply to electronic cigarettes (also known as vapor cigarettes).

Personnel Complaints

1020.1 PURPOSE AND SCOPE

The purpose of this procedure is to provide guidelines for the reporting, investigation and disposition of complaints regarding the conduct of members and employees of this department.

The Department investigates all complaints alleging a violation of law.

Additional guidance, provisions, changes or additions may be contained in the applicable collective bargaining agreements or policy set by the City of Pueblo.

1020.1.1 PERSONNEL COMPLAINTS DEFINED

Personnel complaints consist of any allegation of misconduct or improper job performance against any department employee that, if true, would constitute a violation of department policy, federal, state or local law. Misconduct allegations or complaints may be generated internally or by the public.

Inquiries about employee conduct or performance that, if true, would not qualify as a violation may be handled informally by a department supervisor and shall not be considered a complaint. These may generally include clarifications regarding policy, procedures or the Department's response to specific incidents.

Personnel complaints shall be classified in one of the following categories:

Informal - A matter in which the complaining party is satisfied that appropriate action has been taken by a department supervisor of rank greater than the accused employee. Informal complaints need not be documented and the responsible supervisor shall have the discretion to handle the complaint in any manner consistent with this policy.

Formal - A matter in which the complaining party requests further investigation or which a department supervisor determines that further action is warranted. Such complaints may be investigated by a department supervisor of a rank greater than the accused employee or referred to the Internal Affairs Section depending on the seriousness and complexity of the investigation.

Incomplete - A matter in which the complaining party either refuses to cooperate or becomes unavailable after diligent follow-up investigation. At the discretion of the assigned supervisor or the Internal Affairs Section, such matters need not be documented as personnel complaints, but may be further investigated depending on the seriousness of the complaint and the availability of sufficient information.

1020.1.2 DEFINITIONS

Definitions related to this policy include:

Complainant - A person claiming to be the victim or witness of misconduct by an officer.

Investigation - An administrative investigation, conducted by the Department, of alleged misconduct by an officer that could result in punitive action.

Pueblo Police Department

Policy Manual

Personnel Complaints

Pueblo Police Department Internal Affairs Complaint (PPD FORM #166A Revised 06-17-2011) - Form used by citizens to document complaints against department members. For the purpose of this policy, said form will simply be referred to as "personnel complaint form."

Punitive action - A disciplinary suspension, indefinite suspension, demotion in rank, reprimand, termination or any combination of those actions.

1020.2 AVAILABILITY AND ACCEPTANCE OF COMPLAINTS

1020.2.1 AVAILABILITY OF COMPLAINT FORMS

Personnel complaint forms will be maintained in the public lobby of the Pueblo Municipal Justice Center and on the Pueblo Police Department website. Forms may also be available at other government offices and facilities. Personnel complaint forms in languages other than English may also be provided as determined necessary or practicable.

The Internal Affairs Section shall be responsible for monitoring public satisfaction or inquiries regarding the personnel complaint process and shall forward any suggestions for improvement or changes to the Chief of Police.

1020.2.2 SOURCE OF COMPLAINTS

Complaints will be accepted from:

- (a) An employee of this department who becomes aware of alleged misconduct, who shall immediately notify a supervisor.
- (b) A supervisor receiving a complaint from any source alleging misconduct of an employee which, if true, could result in disciplinary action.

Anonymous complaints and third-party complaints will be accepted and investigated to the extent that sufficient information is provided.

1020.2.3 ACCEPTANCE OF COMPLAINTS

All formal complaints will be documented. Informal complaints do not need to be documented on a personnel complaint form.

All written complaints will be courteously accepted by any employee and promptly given to the appropriate supervisor. Although written complaints are preferred, a complaint may also be filed verbally either in person or by telephoning the Department and will be accepted by any supervisor. If a supervisor is not immediately available to take a verbal complaint, the receiving employee shall obtain contact information sufficient for the supervisor to contact the complainant. The supervisor, upon contact of the complainant, shall complete and submit the personnel complaint form as appropriate.

Although not required, complainants should be encouraged to file complaints in person so that proper identification, signatures, photographs or physical evidence may be obtained. The following should be considered before taking a complaint:

Pueblo Police Department

Policy Manual

Personnel Complaints

- (a) Complaints shall not be prepared unless the alleged misconduct or job performance is of a nature which, if true, would normally result in disciplinary action.
- (b) When a supervisor or captain determines that the reporting person is satisfied that his/her complaint required nothing more than an explanation regarding the implementation of department policy or procedure, a complaint need not be taken.
- (c) When the complainant is intoxicated to the point where his/her credibility appears to be unreliable, identifying information should be obtained and the person should be provided with a personnel complaint form to be completed and submitted at a later time. However, if the intoxicated person insists on filing the complaint, the complaint shall be taken and properly processed.
- (d) Depending on the urgency and seriousness of the allegations involved, complaints from juveniles should generally be taken only with parents or guardians present and after the parents or guardians have been informed of the circumstances prompting the complaint.

Complaints regarding the conduct of department employees may also be made directly to the Pueblo City Manager and/or to any member of the Pueblo City Council pursuant to resolution #4075, as amended November 11, 1977. This resolution establishes guidelines for legislative investigation by the City Council of citizen complaints concerning the Pueblo Police Department and its members. Such complaints may be forwarded to the Chief of Police, who may require an investigation by the Internal Affairs Section or by the accused member's captain.

1020.2.4 COMPLAINT DOCUMENTATION

When a personnel complaint form is completed in person, the complainant should legibly write a detailed narrative of his/her complaint. If circumstances indicate that this is not feasible, the complaint may be dictated to the receiving supervisor. In an effort to ensure accuracy in any complaint, it is recommended that a recorded statement be obtained from the reporting party (preferably in a recorded interview room). A refusal by a party to be recorded shall not alone be grounds to refuse to accept a complaint. Whether handwritten or dictated, the complainant's signature should be obtained at the conclusion of the statement. The complainant should be provided with a copy of his/her original personnel complaint form.

Formal complaints of alleged misconduct that are not reported in person shall be documented by a supervisor on a personnel complaint form. The supervisor shall ensure that the nature of the complaint is defined as clearly as possible. Every effort should be made, however, to have the complainant complete the personnel complaint form him/herself. The supervisor should attempt to have the complainant complete the personnel complaint form online, email the form to the complainant, hand-deliver the form to the complainant or mail the form to the complainant's mailing address.

1020.2.5 TIMELINESS OF COMPLAINTS

The Department has the discretion to not investigate incidents alleged to have occurred more than one year from the date of the complaint.

Personnel Complaints

1020.3 INITIAL SUPERVISOR RESPONSIBILITIES

A supervisor who becomes aware of alleged misconduct or receives a formal complaint shall take reasonable steps to prevent aggravation of the situation.

In general, the primary responsibility for the investigation of a personnel complaint shall rest with the employee's immediate supervisor, unless the supervisor was involved in the alleged incident. The Chief of Police or the authorized designee may, however, direct that another supervisor investigate it. The supervisor shall be responsible for the following:

- (a) A supervisor receiving a formal complaint involving allegations of a potentially serious nature shall ensure that the appropriate captain and Bureau Chief, and Chief of Police, are notified as soon as practicable.
- (b) A supervisor receiving or initiating any formal complaint shall ensure that a personnel complaint form has been completed as fully as possible. The original complaint form will then be directed to the captain of the accused employee, via the chain of command, who will forward a copy of the complaint to the appropriate Bureau Chief, take any appropriate action, and/or forward the complaint to the Internal Affairs Section for further action.
 - 1. During the preliminary investigation of any complaint, the supervisor should make every reasonable effort to obtain names, addresses and telephone numbers of additional witnesses.
 - 2. When appropriate, immediate medical attention should be provided and photographs of alleged injuries as well as accessible areas of non-injury should be taken.
 - 3. In circumstances where the integrity of the investigation could be jeopardized by reducing the complaint to writing or where the confidentiality of a complainant is at issue, a supervisor shall orally report the matter to the employee's captain or Bureau Chief, who will initiate appropriate action.
- (c) A supervisor dealing with an accused employee shall ensure that the procedural rights of the employee are followed pursuant to the applicable collective bargaining agreement, state and federal law.
- (d) When the nature of a personnel complaint relates to sexual, racial, ethnic or other forms of prohibited harassment or discrimination, the supervisor receiving the complaint shall promptly contact the Department of Human Resources and the Chief of Police (via chain of command) for direction regarding his/her role in investigation and/or addressing the complaint.

1020.4 ASSIGNMENT TO ADMINISTRATIVE LEAVE

When a complaint of misconduct is of a serious nature or when circumstances practically dictate that it would impose an unreasonable risk to the Department, the employee, other employees or the public, the Chief of Police may temporarily assign the accused employee to administrative leave pending completion of the investigation or the filing of administrative charges.

Pueblo Police Department

Policy Manual

Personnel Complaints

1020.4.1 ADMINISTRATIVE LEAVE

An employee placed on administrative leave may be subject to the following guidelines:

- (a) An employee placed on administrative leave shall continue to receive regular pay and benefits pending the imposition of any discipline.
- (b) An employee placed on administrative leave may be required by a captain to relinquish any badge, department identification, assigned weapons and any other department equipment.
- (c) An employee placed on administrative leave may be ordered to refrain from taking any action as an employee of the Department or in an official capacity. The employee shall be required to continue to comply with all policies and lawful orders of a supervisor.
- (d) An employee placed on administrative leave may be temporarily reassigned to a different shift, generally within normal business hours, during the pendency of the investigation. The employee may be required to remain available for contact at all times during such shift and report as ordered.
- (e) It shall be the responsibility of the assigning captain to promptly notify the employee's Bureau Chief and the Chief of Police.
- (f) At such time as any employee placed on administrative leave is returned to full and regular duty, all badges, identification cards and other equipment should be returned to the employee.

1020.5 ALLEGATIONS OF CRIMINAL CONDUCT

Where an employee of this department is accused of potential criminal conduct, a separate supervisor or assigned investigator shall be assigned to investigate the criminal allegations apart from any administrative investigation. Any separate administrative investigation may parallel a criminal investigation and/or any prosecution.

The Chief of Police shall be notified as soon as practicable when an employee is formally accused of criminal conduct. In the event of serious criminal allegations, the Chief of Police may request that a criminal investigation by an outside law enforcement or prosecutorial agency be conducted parallel to the administrative investigation.

An employee accused of criminal conduct shall be provided with all rights and privileges afforded to a civilian under the state and federal constitutions and the employee may not be administratively ordered to provide any information to a criminal investigator.

No information or evidence administratively compelled from an employee may be provided to a criminal investigator.

Any law enforcement agency is authorized to release limited information concerning the arrest or detention of a peace officer which has not led to a conviction. However, no disciplinary action, other than paid administrative leave, shall be taken against the accused employee based solely on an arrest or crime report. An independent administrative investigation shall be conducted based upon the allegations in the report in accordance with department policy.

Personnel Complaints

1020.6 ADMINISTRATIVE INVESTIGATION WITH THE EMPLOYEE

Investigations of a minor nature may be assigned to the employee's supervisor, provided the supervisor was not an alleged participant in the incident. More serious complaints will be assigned to the Internal Affairs Section for investigation. Whether conducted by a supervisor or an assigned member of the Internal Affairs Section, the following procedures shall be followed with regard to the accused employee:

- (a) The investigator should not be the ultimate decision-maker regarding disciplinary action or a person who has any personal involvement regarding the alleged misconduct.
- (b) Not less than 48 hours before an investigator begins an interview to obtain facts and statements, the Department should:
 - 1. Provide the name and rank of the individual in charge of the investigation and the individuals who will conduct any interviews.
 - 2. Provide the employee a written summary of the alleged misconduct and/or a copy of the complaint.
 - 3. The employee may, however, waive the 48 hour notice and participate in an interview at his/her discretion.
- (c) Interviews of accused employees should be conducted during reasonable work hours of the employee and, if the employee is off-duty, the employee shall be compensated.
- (d) Off-duty interviews should only be conducted based on the seriousness of the investigation and other factors when time is of the essence.
- (e) An investigator should not interview an employee at that person's home without the employee's prior permission.
- (f) All interviews shall be for a reasonable period or duration and the employee's personal needs shall be accommodated.
- (g) No employee shall be subjected to offensive or threatening language nor shall any promises, rewards or other inducements be used to obtain answers. Any employee refusing to answer questions directly related to the investigation may be ordered to answer questions administratively or be subject to discipline for insubordination. Nothing administratively ordered may be provided to a criminal investigator.
- (h) Absent circumstances preventing it, the interviewer should record all interviews of employees and witnesses. The employee may also record interviews.
- (i) An employee subjected to interviews that could result in punitive action shall have the right to have a representative of his/her choosing during any interrogation. However, in order to maintain the integrity of each individual employee's statement, involved employees shall not consult or meet with representatives or attorneys collectively or in groups prior to and with respect to the interview.

Pueblo Police Department

Policy Manual

Personnel Complaints

- (j) All employees shall provide complete and truthful responses to questions posed during administrative interviews.
- (k) Within a reasonable amount of time, the complainant should be informed of the handling investigator's name.
- (l) Interviews of the complainant should be conducted during reasonable hours.

1020.6.1 ADMINISTRATIVE SEARCHES

Consistent with the requirements of applicable department policies including the Drug- and Alcohol-Free Workplace Policy and the Fitness for Duty Policy, a department member under investigation may be required to submit to chemical tests to determine the presence of controlled or dangerous substances, and to polygraph examinations, voice stress analysis, psychological evaluations, or interrogations which specifically and narrowly relate to any subject matter under investigation. Refusal to submit to any such test or evaluation after having been ordered to do so by a member of the command staff or personnel assigned to the Internal Affairs Section will subject the member to dismissal from the Department.

Employees shall have no expectation of privacy when using telephones, computers, radios or other communications provided by the Department.

All department facilities, fixtures and equipment are subject to search at any time. Searches of department facilities, fixtures and equipment that are assigned to the exclusive use of an employee (e.g., lockers, desks, vehicles, etc.) may be conducted for reasonable administrative purposes, for maintenance of discipline, or for security reasons. Members of the Department shall have no expectation of privacy with respect to their use of such facilities, fixtures, and equipment.

1020.6.2 ADMINISTRATIVE INVESTIGATION FORMAT

Investigations of personnel complaints shall be detailed, complete and essentially follow this format:

- Internal investigation report with synopsis
- Disciplinary recommendations from employee's chain of command
- Related Incident Reports and Response to Aggression/Resistance Reports
- Employee's disciplinary records
- 48 Hour Notice and employee's statement
- Miscellaneous documents and exhibits

1020.7 DISPOSITION OF PERSONNEL COMPLAINTS

Each allegation shall be classified with one of the following dispositions based on a finding of fact and considering the totality of circumstances:

Pueblo Police Department

Policy Manual

Personnel Complaints

Unfounded - When the investigation discloses that the alleged acts did not occur or did not involve department personnel. Complaints that are determined to be frivolous will fall within the classification of unfounded.

Exonerated - When the investigation discloses that the alleged act occurred, but that the act was justified, lawful and/or proper.

Not sustained - When the investigation discloses that there is insufficient evidence to sustain the complaint or fully exonerate the employee.

Sustained - When the investigation discloses sufficient evidence to establish that the act occurred and that it constituted misconduct. Evidence in a sustained complaint will be weighed by a preponderance of the factual evidence.

If an investigation discloses misconduct or improper job performance that was not alleged in the original complaint, the investigator shall take appropriate action with regard to any additional allegations.

1020.8 COMPLETION OF INVESTIGATIONS

Every investigator or supervisor assigned to investigate a personnel complaint shall proceed with due diligence. Recognizing that factors such as witness availability and the complexity of allegations will affect each case, every effort should be made to complete each investigation and impose any disciplinary action within a reasonable period following receipt.

Investigations should be completed within a reasonable time from the date the Department becomes aware of the allegation.

If the nature of the allegation dictates that confidentiality is necessary to maintain the integrity of the investigation, the involved employees need not be notified of the pending investigation unless and until the employee is interviewed or formally charged.

Upon completion, the report should be forwarded to the Chief of Police through the chain of command of the involved employee. Each level of command should review and include their comments in writing before forwarding the report. The Chief of Police may accept or modify the classification and recommendation for disciplinary action contained in the report.

Within 30 days of the final review by the Chief of Police, written notice of the findings shall be sent to the complaining party. This notice shall indicate the findings but will not disclose the amount of discipline, if any, that was imposed.

Any complaining party who is not satisfied with the findings may contact the Department or the authorized designee to discuss the matter further.

1020.8.1 WITHDRAWN COMPLAINTS

If the complainant withdraws his/her complaint or refuses to further cooperate with the administrative investigation, then the investigation may be closed as incomplete and assigned an appropriate disposition.

Personnel Complaints

If the nature of the allegations can be sufficiently determined without the assistance of the complainant, then the investigation will proceed and be completed as normal and assigned an appropriate disposition.

1020.9 CONFIDENTIALITY OF PERSONNEL FILES

All investigations of personnel complaints shall be considered confidential and protected employee personnel files. The contents of such files shall not be revealed to anyone other than the involved employee or authorized personnel subject to the provisions set forth in Policy 1026, or except pursuant to lawful process. Refer to the Policy 1026 for further information on confidentiality and disclosure.

In the event that an accused employee, or the representative of such employee, knowingly makes false representations regarding any internal investigation and such false representations are communicated to any media source, the Department may disclose sufficient information from the employee's personnel file to refute such false representations.

All records of internal investigations regarding police conduct and actions which are determined to be "sustained," including subsequent disciplinary actions resulting therefrom, if any, shall be retained by the Pueblo Police Department on a permanent basis. All other records of internal investigations, including those resulting in dispositions of "not sustained," "unfounded" or "exonerated" shall be retained for a minimum of four calendar years plus the current calendar year. Internal investigation records older than five years which are not required to be retained as set forth above shall be destroyed with the following exceptions:

- (a) A court order specifically requires the retention of a document, or
- (b) A document is part of an ongoing civil or criminal action or is subject to an outstanding subpoena duces tecum.

1020.9.1 SUSTAINED COMPLAINTS

Before being placed in the employee's file, the employee will have an opportunity to read and initial the comment or document. If the employee submits a written response, the response will be attached to the comment or document.

The employee will receive a copy of any comment or document placed in the employee's file.

A copy of the disposition of the allegation of misconduct and a copy of the notice or adjudication of any punitive or remedial action will be the only documents related to the investigation which will be placed in the employee's file.

Sustained complaints shall be maintained in the employee's personnel file for the prescribed period. Complaints that are unfounded, exonerated or not sustained shall be maintained by the Internal Affairs Section apart from the employee's personnel file, in a file created for this purpose.

If an employee has not received a disciplinary action, excluding demotion, suspension or dismissal, for a period of three years, he/she may request that all disciplinary action, excluding demotion, suspension and dismissal, over three years old be removed from his/her file maintained in the Department of Human Resources.

1020.10 INTERDEPARTMENTAL ADMINISTRATIVE INVESTIGATIONS

At times the Internal Affairs Section may be called upon to conduct administrative investigations of personnel in other City departments. The Internal Affairs Section shall only conduct such investigations with the approval of the City Manager. In all such cases, the Internal Affairs Section shall immediately notify the Chief of Police of the investigation.

Administrative investigations of employees in other City departments shall be limited in scope to violations of policies and procedures applicable to the employee under investigation. The conduct of such investigations shall adhere to the applicable policies and procedures outlined in the affected department's rules, regulations, policies and procedures (in whatever form they are documented) and the applicable collective bargaining agreement or other applicable ordinance.

1020.11 CIVIL ACTIONS AGAINST DEPARTMENT MEMBERS

Whenever a department member is served with a civil summons or complaint alleging a claim against the department member arising from actions within the member's scope of employment, he/she shall immediately make two photocopies of the summons or complaint and forward the copies without delay, and in any event no later than fifteen days after the receipt thereof, to the Services Bureau Chief. The department member shall then immediately deliver the original summons or complaint, along with a written notice setting forth the date and time of service upon him/her of such summons or complaint, and any other information concerning the complaint deemed relevant, to the City Law Department.

Seat Belt Procedure

1022.1 PURPOSE AND SCOPE

The use of seat belts and other safety restraints significantly reduces the chance of death or injury in case of a traffic collision. This policy establishes guidelines for seat belt and child safety seat use to promote maximum operator and passenger safety, thus reducing the possibility of death or injury as the result of a motor vehicle collision. This policy will apply to all employees operating or riding in department vehicles.

1022.1.1 DEFINITIONS

Definitions related to this policy include:

Child restraint system - A specially designed seating system that is designed to protect, hold, or restrain a child in a motor vehicle in such a way as to prevent or minimize injury to the child in a motor vehicle accident that is either permanently affixed to a motor vehicle or is affixed to such vehicle by a safety belt or a universal attachment system that meets Federal Motor Vehicle Safety Standards and Regulations set forth in 49 CFR 571 (CRS § 42-4-236).

Safety belt system - A system utilizing a lap belt, a shoulder belt or any other belt or combination of belts installed in a motor vehicle to restrain drivers and passengers, and that conforms to Federal Motor Vehicle Safety Standards and Regulations (CRS § 42-4-237(1)(b)).

1022.2 WEARING OF SAFETY RESTRAINTS

All employees shall wear properly adjusted seat belts when operating or riding in department-owned, leased or rented vehicles or aircraft and while operating or riding in privately owned vehicles while on-duty. Drivers are responsible for ensuring all occupants, including non-employees, are in compliance with this policy (CRS § 42-4-237).

1022.2.1 TRANSPORTING CHILDREN

An approved child restraint system should be used for all children younger than 8 years of age (CRS § 42-4-236(2)).

Rear seat passengers in a cage-equipped vehicle may have reduced clearance that requires careful seating and positioning of seat belts. Due to this reduced clearance, children and the child passenger safety seat system or booster seat should be secured properly in the front seat of these vehicles, provided this positioning meets the vehicle and the child passenger safety seat system manufacturer's design and use recommendations. In the event that a child is transported in the front seat of a vehicle, the passenger side air bag should be deactivated. If this is not possible, officers should consider arranging alternative transportation.

1022.3 TRANSPORTING PRISONERS

Prisoners shall be secured by seat belts in their intended manner at all times the vehicle is in motion. The prisoner should be in a seating position for which seat belts have been provided by the vehicle manufacturer.

Pueblo Police Department

Policy Manual

Seat Belt Procedure

1022.4 INOPERABLE SEAT BELTS

No department vehicle shall be operated if the seat belt in the driver's position is inoperable. No person shall be transported in a seating position in which the seat belt is inoperable.

No person shall modify, remove, deactivate or otherwise tamper with the vehicle safety belt system, except for vehicle maintenance and repair staff, who shall do so only with the express authorization of the Chief of Police.

Employees who discover an inoperable restraint system shall promptly report the defect to the appropriate supervisor. Prompt action will be taken to replace or repair the system.

1022.5 VEHICLES MANUFACTURED WITHOUT SEAT BELTS

Vehicles manufactured and certified for use without seat belts or other restraint systems are subject to the manufacturer's operating requirements for safe use.

Body Armor

1024.1 PURPOSE AND SCOPE

The purpose of this policy is to provide law enforcement officers with guidelines for the proper use of body armor.

1024.2 POLICY

It is the policy of the Pueblo Police Department to maximize officer safety through the use of body armor in combination with prescribed safety procedures. While body armor provides a significant level of protection, it is not a substitute for the observance of officer safety procedures.

1024.3 ISSUANCE OF BODY ARMOR

The Services Bureau Chief shall ensure that body armor is issued to all officers when the officer begins service at the Pueblo Police Department and that, when issued, the body armor meets or exceeds the standards of the National Institute of Justice.

The Services Bureau Chief shall establish a body armor replacement schedule and ensure that replacement body armor is issued pursuant to the schedule or whenever the body armor becomes worn or damaged to the point that its effectiveness or functionality has been compromised.

1024.3.1 USE OF SOFT BODY ARMOR

The use of body armor is required subject to the following:

- (a) Officers shall only wear agency-approved body armor.
- (b) Officers have the option of wearing body armor in an approved external carrier.
- (c) Uniformed officers working in field assignments shall wear body armor.
- (d) Officers working in plainclothes assignments shall wear body armor anytime they are in a situation where they could reasonably be expected to take enforcement action (e.g., when conducting operations in the field).
- (e) Officers are excused from wearing body armor when they are functioning primarily in an administrative or support capacity and could not reasonably be expected to take enforcement action.
- (f) Body armor shall be worn when an officer is taking part in range training.
- (g) An officer may be excused from wearing body armor when he/she is involved in undercover or plainclothes work that his/her supervisor determines could be compromised by wearing body armor, or when a supervisor determines that other circumstances make it inappropriate to mandate wearing body armor.

1024.3.2 INSPECTIONS OF BODY ARMOR

Supervisors should ensure that body armor is worn and maintained in accordance with this policy through routine observation and documented line inspections (see Inspection Policy). Annual

Body Armor

inspections of body armor should be conducted by an authorized designee for fit, cleanliness and signs of damage, abuse and wear.

1024.3.3 CARE AND MAINTENANCE OF SOFT BODY ARMOR

Body armor should never be stored for any period of time in an area where environmental conditions (e.g., temperature, light, humidity) are not reasonably controlled (e.g., normal ambient room temperature/humidity conditions), such as in automobiles or automobile trunks.

Body armor should be cared for and cleaned pursuant to the manufacturer's care instructions provided with the body armor. The instructions can be found on labels located on the external surface of each ballistic panel. The carrier should also have a label that contains care instructions. Failure to follow these instructions may damage the ballistic performance capabilities of the armor. If care instructions for the body armor cannot be located, contact the manufacturer to request care instructions.

Body armor should not be exposed to any cleaning agents or methods not specifically recommended by the manufacturer, as noted on the armor panel label.

Body armor should be replaced in accordance with the manufacturer's recommended replacement schedule.

1024.4 TRAINING SERGEANT RESPONSIBILITIES

The Training Sergeant should:

- (a) Monitor technological advances in the body armor industry for any appropriate changes to Department approved body armor.
- (b) Assess weapons and ammunition currently in use and the suitability of approved body armor to protect against those threats.
- (c) Provide training that educates officers about the safety benefits of wearing body armor.

The Awards Committee shall be established for the purpose of identifying recipients of Meritorious Service Awards. The Committee will meet on a quarterly basis and review all written commendations collected by the administrative secretary in the Office of the Chief of Police and nominations for Meritorious Service Awards received by the Investigations Bureau Chief. The Committee will be headed by the Investigations Bureau Chief and should be representative of the Department (sworn and civilian, uniformed and non-uniformed). The Committee will review all written commendations and nominations, assess their applicability to the various Meritorious Service Awards, and select the recipients of the awards. Recipients of the Chief's Award of Merit, however, shall be solely selected by the Chief of Police at his/her discretion.

1032.3 SUPERVISOR RESPONSIBILITIES

- (a) A supervisor observing an employee, or receiving a report of an employee, who is perceived to be unable to safely perform his/her duties due to a physical, medical or mental condition shall take prompt and appropriate action in an effort to resolve the situation.
- (b) Whenever feasible, the supervisor should attempt to ascertain the reason or source of the problem and in all cases a preliminary evaluation should be made to determine the level of inability of the employee to perform his/her duties.
- (c) In the event the employee appears to be in need of immediate medical or psychiatric treatment, all reasonable efforts should be made to provide such care.
- (d) In conjunction with the employee's captain, a determination should be made whether the employee should be temporarily relieved from his/her duties.

Fitness for Duty

1032.5 WORK-RELATED CONDITIONS

Any employee suffering from a work-related condition that warrants a temporary relief from duty shall be required to comply with departmental and general regulations for processing such claims.

Upon the recommendation of the applicable Bureau Chief and with the concurrence of the Chief of Police, any employee whose actions or use of force in an official capacity result in death or serious injury to another may be temporarily removed from regularly assigned duties and/or placed on paid administrative leave for the well-being of the employee and until such time as the following may be completed:

- (a) A preliminary determination that the employee's conduct appears to be in compliance with policy and law.
- (b) If appropriate, the employee has had the opportunity to receive necessary counseling and/or psychological clearance to return to full duty.

1032.6 PHYSICAL AND PSYCHOLOGICAL EXAMINATIONS

- (a) Whenever circumstances reasonably indicate that an employee is unfit for duty, the Chief of Police may serve that employee with a written order to undergo a physical and/or psychological examination in cooperation with the Department of Human Resources to determine the level of the employee's fitness for duty. The order shall indicate the date, time and place for the examination.
- (b) The examining physician or therapist will provide the Department with a report indicating that the employee is either fit for duty or, if not, list any functional limitations that limit the employee's ability to perform job duties. If the employee places his/her condition at issue in any subsequent or related administrative action or grievance, the examining physician or therapist may be required to disclose any and all information that is relevant to such proceeding.

If injured through no cause of his or her own, the employee, when able to return to work, shall be placed upon the reinstatement list.

Meal Periods and Breaks

1034.1 PURPOSE AND SCOPE

This policy regarding meals and breaks, insofar as reasonably possible, shall conform to the policy governing all City employees.

1034.1.1 MEAL PERIODS

During each workday, when conditions reasonably permit, each certified officer shall be entitled to a 30 minute meal period. Officers assigned to the Operations Bureau shall request clearance from the Communications Center prior to taking a meal period. Upon receiving clearance, officers shall provide the Communications Center with the location of their meal period. Officers on meal period shall be allowed to remain out of service and out of their assigned area of responsibility unless the needs of the Department require their immediate return to police duties. To ensure responsiveness, officers shall monitor their radios while on meal periods.

All General Service employees, except emergency services dispatchers (dispatchers herein), shall be provided an unpaid meal period at or near the middle of the work shift. Dispatchers shall be provided a meal period at or near the middle of the work shift when conditions reasonably permit. During such time as the dispatcher is on meal period, he/she will be fully responsible for the performance of his/her assigned duties unless other qualified and assigned dispatchers are present and able to perform such duties.

Certified officers and dispatchers shall remain on-duty subject to call during meal periods. All other employees are not on-call during meal periods unless directed otherwise by a supervisor. The time spent for the meal period shall not exceed the authorized time allowed.

1034.1.2 15-MINUTE BREAKS

All General Service employees, except dispatchers, are entitled to a 15-minute break, near the midpoint, for each four-hour work period. Only one 15-minute break shall be taken during each four hours of duty. No breaks shall be taken during the first or last hour of an employee's shift unless approved by a supervisor.

Employees normally assigned to the Pueblo Municipal Justice Center shall remain in the facility for their breaks. This does not prohibit them from taking a break if they are outside the facility on official business.

1034.1.3 NUMBER OF OFFICERS AT DINING ESTABLISHMENTS

For the purposes of breaks or meals, there shall be allowed no more than two marked police vehicles and/or uniformed officers, excluding supervisory personnel, at any given dining establishment.

Lactation Break Policy

1035.1 PURPOSE AND SCOPE

The purpose of this policy is to provide reasonable accommodations to employees desiring to express breast milk for the employee's infant child.

1035.2 POLICY

It is the policy of this department to provide, in compliance with the Fair Labor and Standards Act, the Colorado Workplace Accommodations for Nursing Mothers Act and City of Pueblo General Regulation #11 Nursing Mothers, reasonable break time and appropriate facilities to accommodate any employee desiring to express breast milk for her nursing child for up to two years after a child's birth (29 USC § 207, CRS § 8-13.5-101 and CRS § 8-13.5-104(1)).

1035.3 LACTATION BREAK TIME

Employees wishing to express breast milk for their nursing child shall be permitted to do so during any authorized break. A break period should be permitted each time the employee has the need to express breast milk (29 USC § 207). Such breaks, if feasible, should be taken at the same time as the employee's regularly scheduled break or meal periods. In general, lactation breaks that cumulatively total 30 minutes or less during any four-hour work period or major portion of a four-hour work period are reasonable.

While a reasonable effort will be made to provide additional time beyond authorized breaks, any such time exceeding regularly scheduled break time will be considered unpaid.

A reasonable period for such break should be consistent with existing law regulating work breaks under the FLSA, which are generally 5 to 20 minutes in duration (29 CFR § 785.18).

Employees desiring to take a lactation break shall notify the Communications Center or a supervisor prior to taking such a break. Such breaks may be reasonably delayed if they would seriously disrupt department operations.

Once a lactation break has been approved, the break should not be interrupted except for emergency or exigent circumstances.

1035.4 PRIVATE LOCATION

The Department will make reasonable efforts to accommodate employees with the use of an appropriate room or other location to express milk in private. Such room or place should be in close proximity to the employee's work area and shall be other than a bathroom or toilet stall. The location must be shielded from view and free from intrusion from co-workers and the public (29 USC § 207).

The area assigned for this purpose should not be used for storage of any devices, supplies or expressed milk and should be returned to its original state after each use.

Pueblo Police Department

Policy Manual

Lactation Break Policy

Employees occupying such private areas shall either secure the door or otherwise make it clear to others that the area is occupied with a need for privacy. All other employees should avoid interrupting an employee during an authorized break, except to announce an emergency or other urgent circumstance.

Authorized lactation breaks for employees assigned to the field may be taken at the nearest appropriate private area.

Overtime Payment Requests

1038.1 PURPOSE AND SCOPE

It shall be the policy of the Pueblo Police Department to comply with the provisions of any applicable collective bargaining agreements in force regarding assignment and payment for authorized overtime and use of compensatory time. Authorized overtime compensation shall be paid at the agreed upon rate upon administrative processing of the employee's written and properly approved request for same.

1038.1.1 DEPARTMENT POLICY

Nonexempt employees are not authorized to volunteer work time to the Department. All requests to work overtime must be approved in advance by a supervisor.

The individual employee may request compensatory time in lieu of receiving overtime payment. Civilian employees may not exceed 40 hours of banked compensatory time (60 total hours of time off). Officers may not exceed 40 hours of banked compensatory time (60 total hours of time off), unless otherwise authorized by the Chief of Police. In the event an officer feels exceptional circumstances exist which would justify authorization to accumulate additional banked compensatory time hours beyond the established maximum limit, he/she must submit a request via memorandum to the Chief of Police explaining the exceptional circumstances. The Chief of Police will then review the memorandum and decide if sufficient exceptional circumstances exist to honor the request.

1038.2 REQUEST FOR OVERTIME PAYMENT AND COMPENSATORY TIME FORMS

Requests for overtime compensation shall be made by properly executing a "Request for Overtime" slip (PPD Form 206). Requests to receive compensatory time in lieu of overtime shall be made by filling out a yellow "Request for Compensatory Time" slip (PPD Form 142). All forms shall be filled out in their entirety. Said forms must be approved as required, and submitted through the employee's chain of command as provided in this policy. Overtime requested for court shall reflect actual time spent in court starting at the time the employee is actually needed in court, which may be the time indicated on the subpoena or, in the event that a subpoena was not issued, the time the court was called to order or the employee was required to appear. Preparation for court immediately prior to court is considered "Time Spent in Judicial Proceedings". If this time amounts to 15 minutes or less, it shall not be necessary to list it separately as preparation for court. Both the preparation time and the actual time spent in court are included in the two-hour minimum overtime for court under the police contract. Overtime for preparation for court shall reflect such activities as conferences with prosecutors, review of reports, preparation of evidence for court presentation, etc. All such activity in excess of 15 minutes shall require approval in advance from a commanding officer of the rank of captain or higher, or a supervisory officer acting in that capacity.

Pueblo Police Department

Policy Manual

Overtime Payment Requests

1038.2.1 EMPLOYEE RESPONSIBILITY

Employees shall submit requests for overtime payment compensation and requests to receive compensatory time in lieu of overtime to their captain no later than 72 hours after working the overtime.

1038.2.2 CAPTAIN RESPONSIBILITIES

The captain who verifies the overtime earned shall verify that the overtime was worked before approving any request. In addition and with respect to a request to receive compensatory time in lieu of overtime, the captain shall verify compliance with the limitations noted in Section 1038.1.1 of this policy.

After the captain has approved the request for overtime payment or request to receive compensatory time in lieu of overtime, the request will be forwarded to the employee's deputy chief for final approval.

1038.2.3 DEPUTY CHIEF RESPONSIBILITIES

Deputy chiefs, after approving payment, will then forward the request to the Office of the Chief of Police.

1038.3 ACCOUNTING FOR OVERTIME WORKED

Employees are to record the actual time worked in an overtime assignment, and this is required for all overtime assignments including assignments in which the employee may receive a required minimum amount of overtime such as call-back and court time.

1038.3.1 ACCOUNTING FOR PORTIONS OF AN HOUR

When accounting for less than a full hour, time worked shall be rounded up to the nearest quarter of an hour as indicated by the following chart:

<u>TIME WORKED</u>	<u>INDICATE ON REQUEST</u>
Up to 15 minutes	.25 hour
16 to 30 minutes	.50 hour
31 to 45 minutes	.75 hour
46 to 60 minutes	1.0 hour

1038.3.2 VARIATION IN TIME REPORTED

Where two or more employees are assigned to the same activity, case or court trial, and the amount of time for which payment is requested varies between the two, the authorizing captain may require each employee to include the reason for the variation on the back of the overtime payment/compensatory time request.

Outside Employment

1040.1 PURPOSE AND SCOPE

To avoid actual or perceived conflicts of interest for department members engaging in outside employment, all employees shall initially obtain written approval from the Chief of Police prior to engaging in any outside employment. Approval of outside employment shall be at the discretion of the Chief of Police in accordance with the provisions of this policy.

1040.1.1 DEFINITIONS

Definitions related to this policy include:

Outside employment - Outside employment means and includes any secondary work for another employer including self-employment or employment as an independent contractor. Outside employment does not include police activities performed pursuant to a contract entered into between the City and another entity pursuant to which the employee is authorized to use their department uniform and badge.

1040.2 OBTAINING APPROVAL

No member of this department may engage in any outside employment without first obtaining prior written approval of the Chief of Police; provided, however, employees shall have 30 days from the effective date of this policy to submit an application and obtain approval of the Chief of Police with respect to any non-prohibited outside employment engaged in on or before the effective date of this policy. Failure to obtain prior written approval for outside employment or engaging in outside employment prohibited by this policy is grounds for disciplinary action.

To obtain approval for outside employment, the employee must complete an application that shall be submitted to the employee's immediate supervisor. The application will then be forwarded through the appropriate chain of command to the Chief of Police for consideration. The application, titled "Pueblo Police Department Outside Employment Application," will be maintained on the Pueblo Police Department Intranet site.

The employee will be provided with a copy of the application indicating either approval or disapproval by the Chief of Police. Unless otherwise indicated in writing on the application, an approved application will be valid through the end of the calendar year in which it is approved. Any employee seeking to continue outside employment shall submit a new application by December 15th requesting approval for the following year.

Any employee seeking approval of outside employment whose application has been denied shall be provided with a written reason for the denial of the application.

1040.2.1 REVOCATION/SUSPENSION OF AN APPROVED OUTSIDE EMPLOYMENT APPLICATION

Any approved outside employment application may be revoked or suspended after the employee has received written notification of the reasons for revocation or suspension. Revocation or

Pueblo Police Department

Policy Manual

Outside Employment

suspension may be stayed by the Chief of Police pending any grievance or through any step in the grievance process.

The outside employment may be revoked:

- (a) If an employee's performance declines to a point where it is evaluated by a supervisor as needing improvement to reach an overall level of minimum acceptable competency, and the outside employment may be related to the employee's performance. If the employee's performance directly related to the outside employment has been re-established to the minimum level of acceptable competency, the revocation may be withdrawn.
- (b) If, at any time during the term of an approved outside employment application, an employee's conduct or outside employment conflicts with the provisions of Department policy, or any law.
- (c) The outside employment creates an actual or apparent conflict of interest with the Department or City.

1040.3 PROHIBITED OUTSIDE EMPLOYMENT

The Department expressly reserves the right to deny any application submitted by an employee seeking to engage in any employment that:

- (a) Would in any way impair the effectiveness of the employee in performing assigned departmental duties.
- (b) Involves time demands that would render performance of the employee's duties for this department below minimum standards.
- (c) Involves the employee's use of department time, facilities, equipment or supplies, the use of the department badge, uniform, prestige or influence for private gain or advantage.
- (d) May require, as a criteria for employment, that the employee have access to police information files or records, or which may require disclosure of police records or other police information as a condition of employment.
- (e) Involves the employee's receipt or acceptance of any money or other consideration from anyone other than this department for the performance of an act that the employee, if not performing such act, would be required or expected to render in the regular course or hours of employment or as a part of the employee's duties as a member of this department.
- (f) Assists, in any manner, case preparation for the defense in any criminal action or proceeding.
- (g) Involves the performance of an act in other than the employee's capacity as a member of this department that may later be subject directly or indirectly to the control, inspection, review, audit or enforcement of any other employee of this department.
- (h) May foreseeably place the City employee in a position adverse to his or her obligations and responsibilities as a City employee or which may create an appearance of a conflict of interest. By way of example, and not in limitation of the foregoing, a City employee assigned

Pueblo Police Department

Policy Manual

Outside Employment

to perform regulatory functions affecting a class of businesses may not engage in outside employment with one of the regulated businesses.

- (i) Involves employment for a person, partnership, association, corporation, limited liability company or other business, a substantial function of which is the sale or distribution of beer, wine or spirituous liquor or fermented malt beverages for consumption upon the premises; provided, however, that nothing in this paragraph is intended to prohibit off-duty employees from occasional employment as security personnel at duly licensed special events conducted by non-profit organizations.

1040.3.1 SPECIAL RESTRICTIONS

Except upon approval of an application for outside employment by the Chief of Police, undercover officers or officers assigned to covert operations will not be eligible to work outside employment that might reasonably disclose the officer's law enforcement status.

1040.4 DEPARTMENT RESOURCES

Employees are prohibited from using any department equipment including their department uniform and badge or other department resources in the course of or for the benefit of any outside employment. This shall include the prohibition of access to official records or databases of this department or other agencies through the use of the employee's position with this department.

1040.4.1 REVIEW OF FINANCIAL RECORDS

Prior to providing written approval for an outside employment position, the Department may request that an employee provide his/her personal financial records for review/audit in order to determine whether a conflict of interest exists.

Failure of the employee to provide the requested personal financial records could result in revocation of the outside employment application. If, after approving a request for an outside employment position, the Department becomes concerned that a conflict of interest exists based on a financial reason, the Department may request that the employee provide his/her personal financial records for review/audit. If the employee elects not to provide the requested records, his/her outside employment application may be revoked pursuant to this policy.

1040.5 CHANGES IN OUTSIDE EMPLOYMENT STATUS

If an employee terminates his/her outside employment during the period of an approved application, the employee shall promptly submit written notification of such termination to the Chief of Police through the appropriate chain of command. Any subsequent request for renewal or continued outside employment must thereafter be processed and approved through normal procedures set forth in this policy.

Employees shall also promptly submit in writing to the Chief of Police any material changes in outside employment including any change in the number of hours, type of duties or demands of any approved outside employment. Employees who are uncertain whether a change in outside employment is material shall report the change.

Outside Employment

1040.6 OUTSIDE EMPLOYMENT WHILE ON DISABILITY OR ADMINISTRATIVE LEAVE

Department members engaged in outside employment who are placed on sick leave, injury leave, administrative leave or light-duty shall inform their captain in writing within five days whether they intend to continue to engage in outside employment while on such leave or light-duty status. The captain shall review the duties of the outside employment along with any work-related doctor's orders and make a recommendation to the Chief of Police whether such outside employment should continue or the approved application be suspended or revoked.

In the event the Chief of Police determines that the outside employment should be discontinued or if the employee fails to promptly notify the captain of his/her intentions regarding the employment application, a notice of intent to revoke the employee's application will be forwarded to the involved employee and a copy attached to the original employment application. The revocation process outlined in this policy shall be followed.

Criteria for revoking or suspending an approved outside employment application while on such leave or light duty status includes, but is not limited to, the following:

- (a) The outside employment is medically detrimental to the total recovery of the disabled employee, as indicated by the City's professional medical advisers.
- (b) The outside employment performed requires the same or similar physical ability, as would be required of an on-duty employee.
- (c) The employee's failure to make timely notice of his/her intentions to his/her captain.
- (d) The outside employment is not compatible with the reason the employee is on administrative leave.

1040.7 SICK/INJURY LEAVE BENEFITS

Employees engaging in outside employment are prohibited from receiving payment for sick or injury leave benefits from the City if the employee is injured while in the employ of an employer other than the City of Pueblo.

1042.1 PURPOSE AND SCOPE

Temporary Modified-Duty Assignments

1054.1 PURPOSE AND SCOPE

This policy establishes procedures for providing temporary modified-duty assignments. This policy is not intended to affect the rights or benefits of employees under federal or state law, City rules, or current collective bargaining agreements. For example, nothing in this policy affects the obligation of the Department to engage in a good faith, interactive process to consider reasonable accommodations for any employee with a temporary or permanent disability that is protected under federal or state law.

1054.2 POLICY

Subject to operational considerations, the Pueblo Police Department may identify temporary modified-duty assignments for employees who have an injury or medical condition resulting in temporary work limitations or restrictions. Temporary modified-duty assignments are intended to provide an employee with the ability to continue working within the limits of his/her restrictions and limitations on a **temporary** basis while providing the Department with a productive employee during the interim.

1054.3 GENERAL CONSIDERATIONS

Priority consideration for temporary modified-duty assignments will be given to employees with work-related injuries or illnesses that are temporary in nature. Employees having disabilities covered under the Americans with Disabilities Act (ADA) or the Colorado Anti-Discrimination Act (CADA) shall be treated equally, without regard to any preference for a work-related injury (CRS § 24-34-401 et seq.).

No position in the Pueblo Police Department shall be created or maintained as a temporary modified-duty assignment.

Temporary modified-duty assignments are a management prerogative and not an employee right. The availability of temporary modified-duty assignments will be determined on a case-by-case basis, consistent with the operational needs of the Department. Temporary modified-duty assignments are subject to continuous reassessment, with consideration given to operational needs and the employee's ability to perform in a modified-duty assignment.

An injured employee may be assigned to a temporary modified-duty assignment outside of his/her normal assignment or duties if it becomes available. If the injury or illness is not duty related, the employee shall be given the option to either accept the assignment or continue to draw on applicable sick leave or other leave accounts as applicable.

- (a) If an employee cannot adequately perform in a temporary modified-duty assignment, such assignment may be modified or terminated.
- (b) The lack of Department need or a change in priorities may result in the employee's removal from or modification of a temporary modified-duty assignment.

Pueblo Police Department

Policy Manual

Temporary Modified-Duty Assignments

- (c) The Department may place conditions as deemed appropriate upon any temporary modified-duty assignment.

The Chief of Police or the authorized designee may restrict officers working in temporary modified-duty assignments from wearing a uniform, displaying a badge, carrying a firearm, operating an emergency vehicle, engaging in outside employment, or being otherwise limited in employing their peace officer powers.

Effective January 1, 2012, employees of the Pueblo Police Department shall not be permitted to be placed in or continue in a temporary modified-duty assignment for a period of time greater than six months except for reason of pregnancy. Any employee who cannot be placed in a temporary modified-duty assignment because of such time limit, who has exhausted all available leave and who is unable to return to full-duty shall be subject to separation from employment.

Consistent with the requirements of the Americans with Disabilities Act, any employee who believes himself or herself to be a qualified individual with a disability under the ADA is encouraged to contact the Director of Human Resources to request a reasonable accommodation. A reasonable accommodation does not include modification of an essential function of the employee's position or any accommodation which would cause an undue hardship to the City. If there exists no reasonable accommodation whereby the employee is able to perform the essential function of the employee's position, including for all officer positions the ability to effect a forcible arrest and the ability to fire a weapon, such employee shall be subject to separation from employment. An employee subject to separation from employment in these circumstances may request reassignment to an existing, vacant position in the City for which the employee is qualified. Such requests may be granted to the extent required and permitted by the ADA.

1054.4 PROCEDURE

Employees may request assignment to temporary modified duty by providing a signed statement from their health care provider describing their restrictions, limitations and expected duration to their Bureau Chief. The statement must also indicate if the employee requires any workplace accommodations, mobility aids or medical devices.

The Bureau Chief will determine what temporary modified-duty assignments may be available based on the needs of the Department, the limitations of the employee and the suitability of the employee to work a particular assignment. Requests for a temporary modified-duty assignments of 40 hours or less may be approved and facilitated by the Bureau Chief. Assignments of longer duration are subject to the approval of the Chief of Police.

1054.5 ACCOUNTABILITY

Temporary modified-duty assignments and schedules may be adjusted to accommodate department operations and the employee's medical appointments, as mutually agreed upon with the Bureau Chief.

Personnel Early Warning System

1057.1 PURPOSE AND SCOPE

The Pueblo Police Department has a responsibility to its employees and the community to identify and assist employees that demonstrate symptoms of job stress and performance problems. Although no particular set of criteria can determine these traits, it is important that certain risk indicators be reviewed routinely as possible indicators of behavior patterns. The Personnel Early Warning System has been established to provide a systematic review of specific written materials and incidents, and to highlight tendencies that may otherwise be overlooked.

1057.2 RISK INDICATORS

The following list represents examples of risk indicators that may be indicative of job stress or performance problems when demonstrated in a pattern by an employee. The list is not all-inclusive and may include other identifiable risk factors per the supervisor's discretion:

- (a) Disciplinary actions,
- (b) Internal Affairs complaints,
- (c) Response to Aggression/Resistance Reports,
- (d) Pursuit Review Forms (vehicle pursuits),
- (e) Civil litigation,
- (f) Vehicle accidents involving Department vehicles,
- (g) Negative performance evaluations,
- (h) Unsatisfactory Employee Contact Sheets,
- (i) Excessive sick leave usage,
- (j) Worker's Compensation claims, and
- (k) Adverse or extreme personality changes, and other personal issues.

1057.3 INITIATION OF PERSONNEL EARLY WARNING SYSTEM

It shall be immediate supervisor's responsibility to ensure that a review is initiated when certain patterns of behavior, identified above as "risk indicators," are exhibited by the employees he/she supervises. Although there are no specific sets of criteria that delineate when a review should be initiated, it is imperative that the immediate supervisor uses his/her discretion to initiate a review when he/she feels that a pattern of suspicious behavior is developing on the part of his/her individual employees. In order to avoid the escalation of more serious problems and to assist the employee in resolving the situation in a timely manner, the review shall be initiated by the employee's immediate supervisor as soon as practicable. In all cases, the immediate supervisor shall explain his/her rationale for initiating a review by explaining the behaviors/incidents that his/

Personnel Early Warning System

her employee demonstrated in the appropriate fields on the Personnel Early Warning System Review Form.

1057.4 PERSONNEL EARLY WARNING SYSTEM PROCESS

The review shall consist of the following:

- (a) The collection and evaluation of any applicable materials associated with the behavior patterns that prompted the supervisor to initiate a review,
- (b) A conference between the supervisor and the employee,
- (c) The completion of the Personnel Early Warning System Review Form,
- (d) An evaluation of the information contained in the completed Personnel Early Warning System Review Form, and
- (e) The evaluation of any other relevant material.

In order to ensure that a fair and meaningful assessment is made, it is important that all appropriate material is evaluated during the review. The Personnel Early Warning System Review Form shall make no conclusions or determinations concerning job stress or performance problems; this information is intended to assist supervisory personnel in evaluating and guiding the employee.

1057.5 FINAL DETERMINATION

If a resolution can be made during the review process and conference with the employee, the immediate supervisor will make the appropriate notation on the Personnel Early Warning System Review Form summary, initiate any corrective action (if required) and place the form in the employee's Internal Affairs file located in the Internal Affairs Section.

If further review is required, the employee's chain of command, up to the appropriate Bureau Chief, jointly makes a final determination based on an assessment of the previously completed review and conference with the employee. The Personnel Early Warning System Review Form with a summary of the supervisory review determinations and recommendations shall then be placed in the employee's Internal Affairs file housed and retained in the Internal Affairs Section. Determinations and recommendations may result in one or more of the following alternative measures:

- (a) Assessment that no problem exists, terminating further action
- (b) Counseling by the immediate supervisor
- (c) Remedial training
- (d) Referral to Employee Assistance Program for counseling/support
- (e) Referral to drug testing, if reasonable suspicion exists
- (f) Referral to psychological or medical fitness for duty examinations
- (g) Other corrective or disciplinary action as deemed appropriate

Pueblo Police Department

Policy Manual

Personnel Early Warning System

Personnel Early Warning System reports/records shall be maintained by the Internal Affairs Section.

1057.6 INTERNAL AFFAIRS SECTION RESPONSIBILITIES

Considering the unique position of personnel assigned to the Internal Affairs Section to become aware of employees demonstrating risk indicators before their immediate supervisors may become aware of them (e.g., Receipt of personnel complaints and civil litigation), it shall be the responsibility of the Internal Affairs Section to notify the appropriate supervisors when such information becomes available and/or patterns develop.

1057.7 EVALUATION OF PERSONNEL EARLY WARNING SYSTEM

The Internal Affairs Section shall conduct a documented annual evaluation of the Personnel Early Warning System to ensure that all elements of the system are operating efficiently and effectively to meet the needs of the Department. This evaluation may be included in the Internal Affairs Annual Report submitted to the Chief of Police.

1057.8 EMPLOYEE ASSISTANCE PROGRAM

Recognizing that employees, by virtue of their profession, encounter situations that require them to take action which may result in their suffering emotional or psychological trauma, the Pueblo Police Department, via the City of Pueblo, shall assist its members to understand the impact of such incidents by providing employee assistance services via external entities (currently the Parkview Medical Center Employee Assistance Program).

Employees who are interested in obtaining the services of the Parkview Medical Center Employee Assistance Program shall contact the City of Pueblo Human Resources Department for further instructions.

Employee Speech, Expression and Social Networking

1058.1 PURPOSE AND SCOPE

This policy is intended to address issues associated with employee use of social networking sites and to provide guidelines for the regulation and balance of employee speech and expression with the needs of the Department.

Nothing in this policy is intended to prohibit or infringe upon any communication, speech or expression that is protected or privileged under law. This includes speech and expression protected under state or federal constitutions as well as labor or other applicable laws. For example, this policy does not limit an employee from speaking as a private citizen, including acting as an authorized member of a recognized bargaining unit or officer associations, about matters of public concern, such as misconduct or corruption.

Employees are encouraged to consult with their supervisor regarding any questions arising from the application or potential application of this policy.

This policy is in addition to and is not meant to limit employee compliance with General Regulation #7, Political Activity.

1058.1.1 APPLICABILITY

This policy applies to all forms of communication including, but not limited to film, video, print media or public speech, use of all Internet services, including the World Wide Web, e-mail, file transfer, remote computer access, news services, social networking, social media, instant messaging, blogs, forums, wikis, video and other file sharing sites.

1058.2 POLICY

Public employees occupy a trusted position in the community, and thus, their statements have the potential to contravene the policies and performance of this department. Due to the nature of the work and influence associated with the law enforcement profession, it is necessary that employees of this department be subject to certain reasonable limitations on their speech and expression. To achieve its mission and efficiently provide service to the public, the Pueblo Police Department will carefully balance the individual employee's rights against the organization's needs and interests when exercising a reasonable degree of control over employee speech and expression.

1058.3 SAFETY

Employees should carefully consider the implications of their speech or any other form of expression when using the Internet. Speech and expression that may negatively affect the safety of Pueblo Police Department employees, such as posting personal information in a public forum, can result in compromising an employee's home address or family ties. Employees should therefore not disseminate or post any information on any forum or medium that could reasonably be expected to compromise the safety of any employee, an employee's family or associates.

Pueblo Police Department

Policy Manual

Employee Speech, Expression and Social Networking

Examples of the type of information that could reasonably be expected to compromise safety include:

- Disclosing a photograph and name or address of an officer who is working undercover.
- Disclosing the address of a fellow officer.
- Otherwise disclosing where another officer can be located off-duty.

1058.4 PROHIBITED SPEECH, EXPRESSION AND CONDUCT

To meet the department's safety, performance and public-trust needs, the following are prohibited unless the speech is otherwise protected (for example, an employee speaking as a private citizen, including acting as an authorized member of a recognized bargaining unit or officer associations, on a matter of public concern):

- (a) Speech or expression made pursuant to an official duty that tends to compromise or damage the mission, function, reputation or professionalism of the Pueblo Police Department or its employees.
- (b) Speech or expression that, while not made pursuant to an official duty, is significantly linked to or related to the Pueblo Police Department and tends to compromise or damage the mission, function, reputation or professionalism of the Pueblo Police Department or its employees. Examples include statements that indicate disregard for the law or the state or U.S. Constitution; expression that demonstrates support for criminal activity; participating in sexually explicit photographs or videos for compensation or distribution.
- (c) Speech or expression that could reasonably be foreseen as having a negative impact on the credibility of the employee as a witness. For example, posting statements or expressions to a website that glorify or endorse dishonesty or illegal behavior.
- (d) Speech or expression of any form that could reasonably be foreseen as having a negative impact on the safety of the employees of the Department. For example, a statement on a blog that provides specific details as to how and when prisoner transportations are made could reasonably be foreseen to jeopardize employees by informing criminals of details that could facilitate an escape or attempted escape.
- (e) Speech or expression that is contrary to the canons of the Law Enforcement Code of Ethics as adopted by the Pueblo Police Department.
- (f) Use or disclosure, through whatever means, of any information, photograph, video or other recording obtained or accessible as a result of employment with the Department for financial gain, or data classified as confidential by state or federal law, or any disclosure of such materials without the express authorization of the Chief of Police or the authorized designee.
- (g) Posting, transmitting or disseminating any photographs, video or audio recordings, likenesses or images of department logos, emblems, uniforms, badges, patches, marked vehicles, equipment or other material that specifically identifies the Pueblo Police

 - 2. During authorized breaks; such usage should be limited as much as practicable to areas out of the sight and sound of the public and shall not be disruptive to the work environment.

In addition, an employee is required to take reasonable and prompt action to remove any content that is in violation of this policy, whether posted by the employee and/or others, from any web page or website maintained by the employee (e.g., social or personal website).

Nothing herein shall be construed as limiting in any way the right of the Union to process grievances, provide representation, collectively bargain, arbitrate, or utilize documents for such purposes. Nothing herein shall limit the right to access, copy, or publication of public records as defined by law.

1058.4.1 UNAUTHORIZED ENDORSEMENTS AND ADVERTISEMENTS

While employees are not restricted from engaging in the following activities as private citizens or as authorized members of a recognized bargaining unit or officer associations, employees may not represent the Pueblo Police Department or identify themselves in any way that could be reasonably perceived as representing the Pueblo Police Department in order to do any of the following, unless specifically authorized by the Chief of Police:

- (a) Endorse, support, oppose or contradict any political campaign or initiative
- (b) Endorse, support, oppose or contradict any social issue, cause or religion
- (c) Endorse, support, or oppose any product, service, company or other commercial entity
- (d) Appear in any commercial, social or nonprofit publication or any motion picture, film, video, public broadcast or any website

Employees retain their right to vote as they choose, to support candidates of their choice and to express their opinions as private citizens, including as authorized members of a recognized bargaining unit or officer associations, on political subjects and candidates at all times while off-duty. However, employees may not use their official authority or influence to interfere with or affect the result of an election or a nomination for office. Employees are also prohibited from directly or indirectly using their official authority to coerce, command or advise another employee to pay, lend or contribute anything of value to a party, committee, organization, agency or person for political purposes (5 USC § 1502).

Employee Speech, Expression and Social Networking

1058.5 PRIVACY EXPECTATION

Employees forfeit any expectation of privacy with regard to e-mails, texts or anything published or maintained through file-sharing software or any Internet site (e.g., Facebook, MySpace) that is accessed, transmitted, received or reviewed on any department technology system.

The Department reserves the right to access, audit and disclose for whatever reason any message, including attachments, and any information accessed, transmitted, received or reviewed over any technology that is issued or maintained by the Department, including the Department e-mail system, computer network, radio or other communication system or medium or any information placed into storage on any department system or device.

This includes records of all key strokes or web-browsing history made at any department computer or over any department network. The fact that access to a database, service or website requires a user name or password does not create an expectation of privacy if it is accessed through department computers or networks.

1058.6 CONSIDERATIONS

In determining whether to grant authorization of any speech or conduct that is prohibited under this policy, the factors that the Chief of Police or authorized designee should consider include:

- (a) Whether the speech or conduct would negatively affect the efficiency of delivering public services.
- (b) Whether the speech or conduct would be contrary to the good order of the Department or the efficiency or morale of its members.
- (c) Whether the speech or conduct would reflect unfavorably upon the Department.
- (d) Whether the speech or conduct would negatively affect the member's appearance of impartiality in the performance of his/her duties.
- (e) Whether similar speech or conduct has been previously authorized.
- (f) Whether the speech or conduct may be protected and outweighs any interest of the Department.

1058.7 TRAINING

Subject to available resources, the Department should provide training regarding employee speech and the use of social networking to all members of the Department.

1059.1 PURPOSE AND SCOPE

The Pueblo Police Department endorses the secure use of social media to enhance communication, collaboration and information exchange with the community. This policy establishes the Department's position on the utility and management of department social media and provides guidance on its management, administration and oversight. This policy is not meant to address one particular form of social media, rather social media in general, as advances in technology will occur and new tools will emerge.

1059.2 POLICY

Social media provides a new and potentially valuable means of assisting the Department and its personnel in meeting community outreach, problem-solving, investigative, crime prevention, and related objectives. Relevant records retention schedules apply to social media content. Content must be managed, stored and retrieved to comply with open records laws and e-discovery laws and policies.

Where possible, social media pages should state that the opinions expressed by visitors to the page(s) do not reflect the opinions of the Department. Pages shall clearly indicate that posted comments will be monitored and that the Department reserves the right to remove obscenities, off-topic comments and personal attacks. Pages shall clearly indicate that any content posted or submitted for posting is subject to public disclosure.

1059.5 DEPARTMENT-SANCTIONED USE

1059.6 REQUESTING CONTENT POSTS

The use of social media by the Department has numerous benefits and endless potential. In addition to the inherent benefit of engaging in a healthy dialog with the community, potential uses include:

Pueblo Police Department

Policy Manual

Department Social Media

- Providing crime prevention tips,
- Offering online-reporting opportunities,
- Sharing crime maps and data,
- Soliciting tips about unsolved crimes, and
- Making time-sensitive notifications related to road closures, special events, weather emergencies, missing or endangered persons, etc.

Additionally, persons seeking employment and volunteer positions use the Internet to search for opportunities, and social media can be a valuable recruitment mechanism.

Recognizing the many benefits and potential uses of social media, department members are encouraged to make use of the Department's social media outlets. Department members wishing to have information or content posted on a department social media outlet shall send a request via email to pdsocialmedia@pueblo.us. The email should contain all of the specific information or content the department member wishes to be posted (including attachments such as documents and photographs), the specific social media outlets the department member wishes to use, etc. Requests are subject to the approval of the Community Services Sergeant or his/her designee. Approved items will be posted by the Community Services Division.
