1. Call to Order, Chair Steve Nawrocki

Steve Nawrocki began the meeting at 4:06 pm.

2. Commission Structure Facilitation, Laura Getts (55 mins)

Laura began facilitation from where the group left off at the last meeting, with the 4 main categories of:

- I. Reducing Consumption
- II. Policies
- III. Education
- IV. Utility Providers

There was discussion about combining some of these topics, as they overlap, but the group leaned toward preserving the four main categories for subcommittees/workgroups and decided to discuss it again after hearing the BHE presentation to see if it changed anything. Some themes that came up from the group, which would be overarching in nature for all categories, were “planning beyond 2035,” and “equity.” The next steps for these subcommittees would be to volunteer members, set meetings, and establish goals/objectives.

3. Suggestions for next meeting

The next meeting will be a presentation from Black Hills Energy regarding the following topics

- DSM (programs, rebates)
- RESA (solar \$ allocation)
- Baseline consumption data

- EV plan
- TOU

John Vigil suggested a 3-hour meeting and would work with BHE to determine availability of this presentation. The group requested it happen on a Wednesday in September and be open only to the commission members. The recording could be shared with the public afterwards.

4. Adjourn

The meeting adjourned at 4:58 pm.
