Method of Handling Traffic (MHT) 2
Sheet 1 of 2
Main Street Bridge Closed

Project No: 17-053 HU
Bridge Repair Construction

24 Hour Closure

- NOTES:
- 1) All signs will conform to MUTCD
 - 2) All signs will be mounted on portable sign stand
 - 3) Any conflicting sign(s) will be covered.
 - 4) Portable flashing beacons will not be used on any warning signs due to scope of work and construction signs being mounted on portable sign stands.
 - 5) All material, tools and equipment shall be stored inside or adjacent to the work activity area.
 - 6) No workers or equipment will access a live lane without assistance from flagger or the TCS
 - 7) Sign spacing may vary due to field conditions

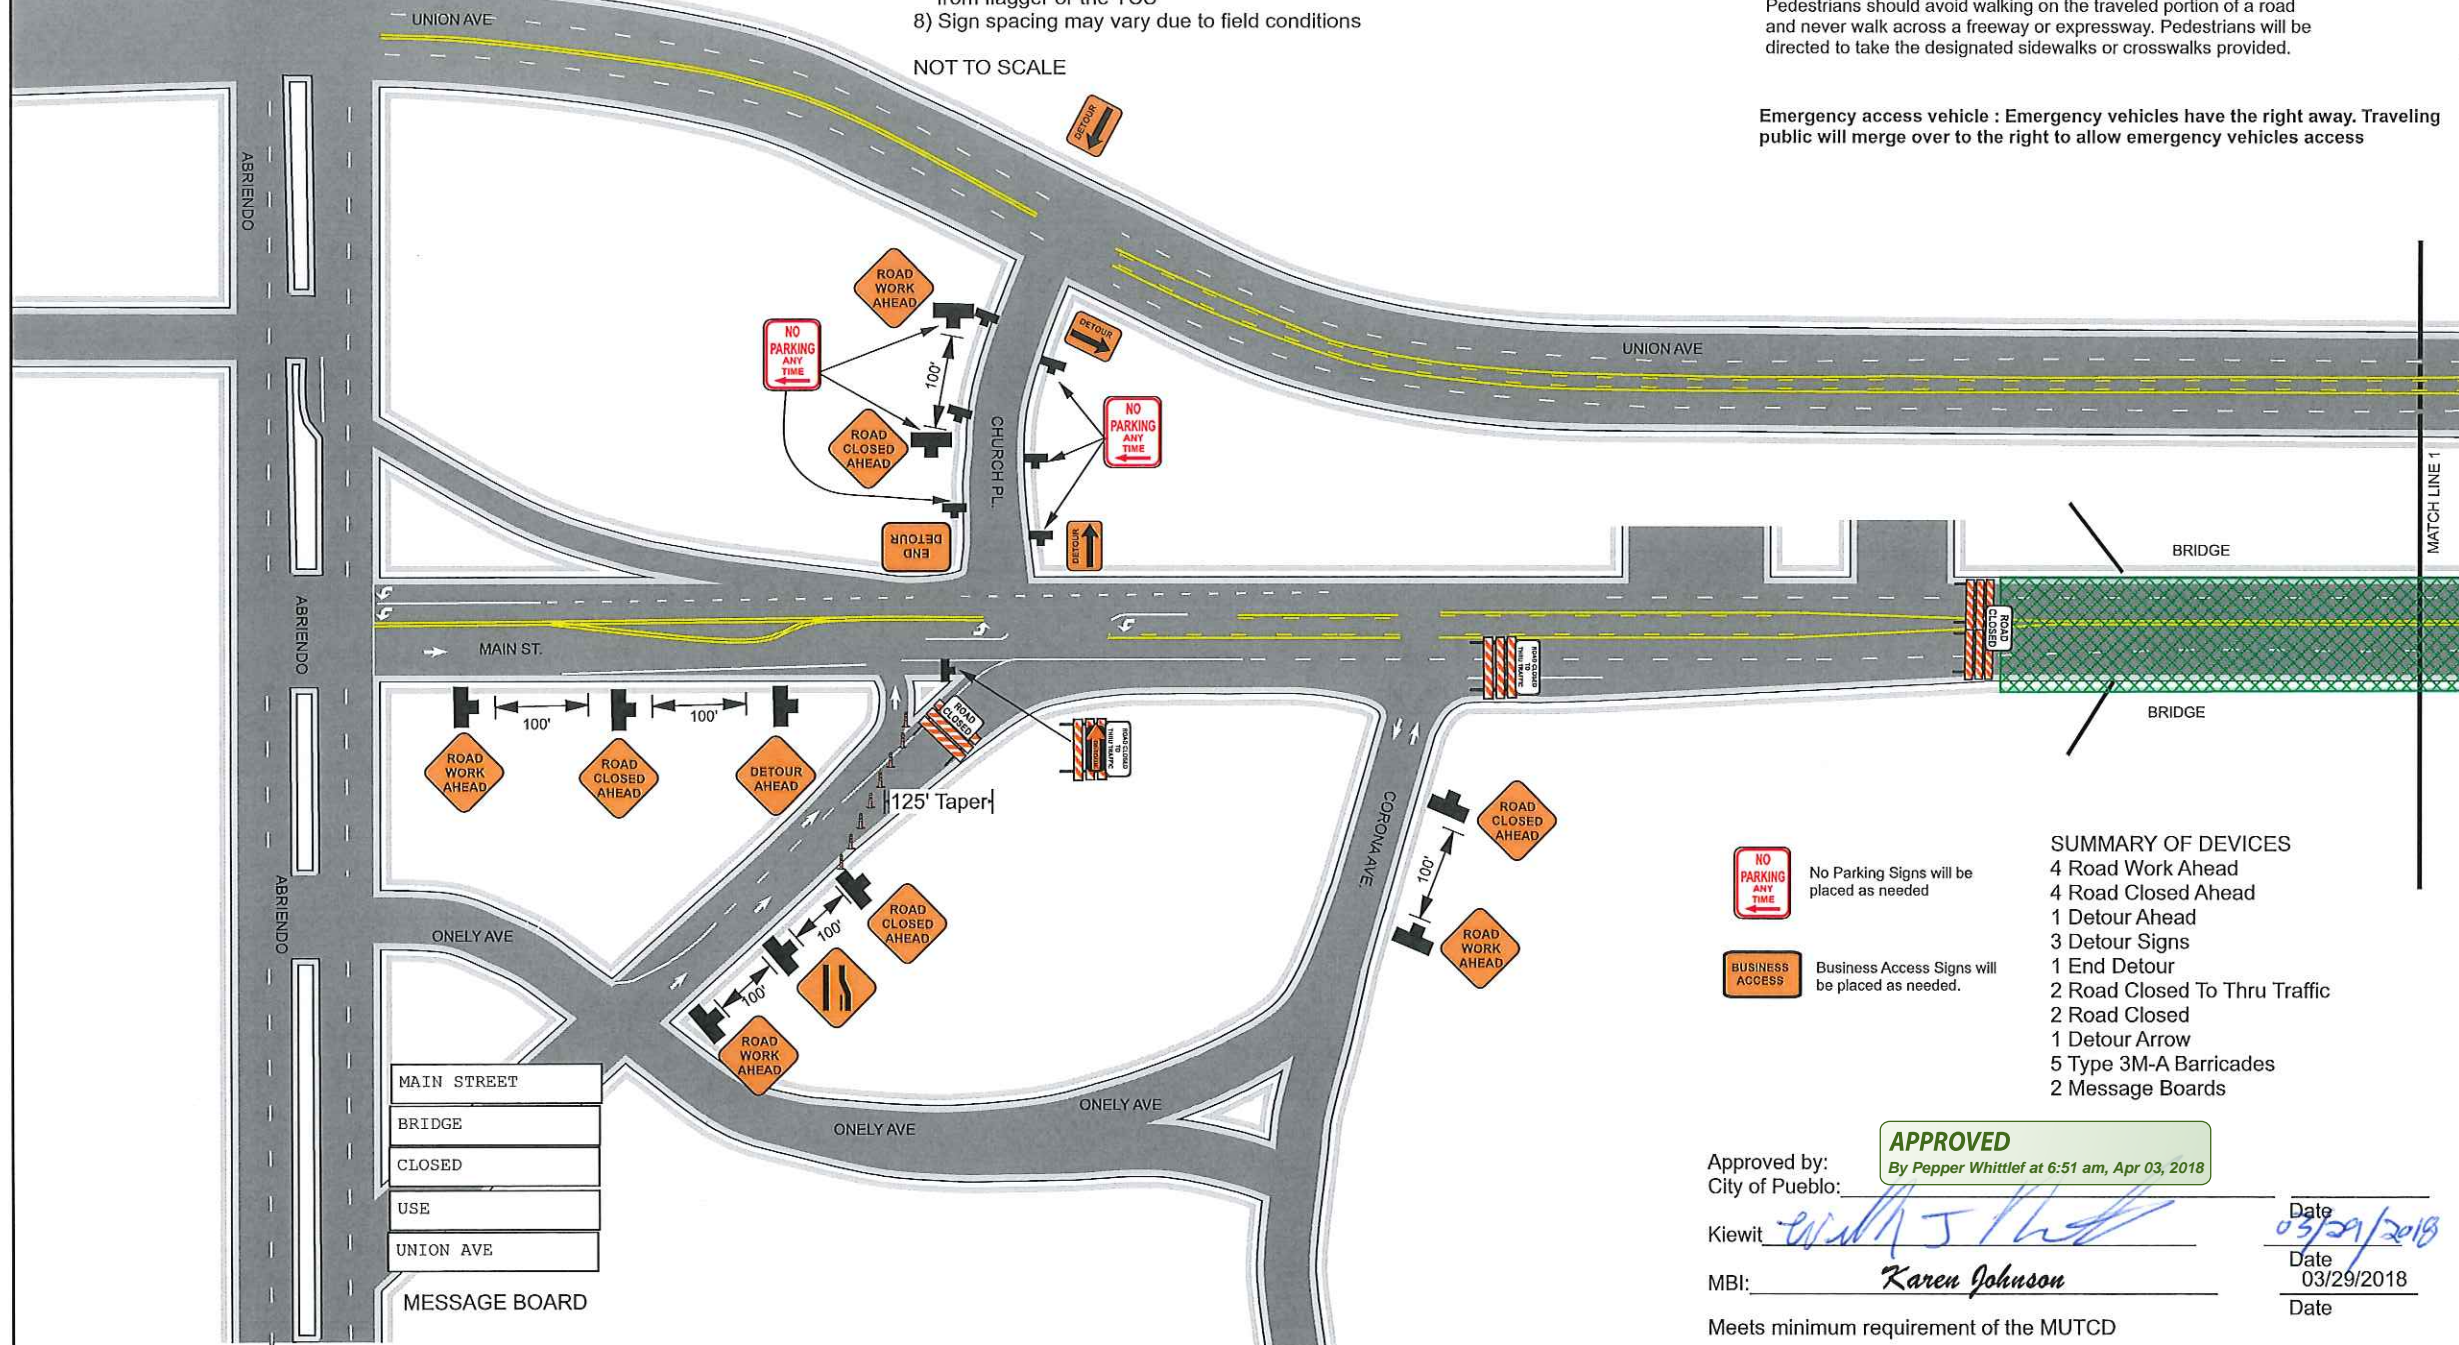

Flaggers and flagger symbol signs will be placed according to the MUTCD & M&S Standards as needed on project.

Bicyclist are to follow the Official Bicycling Laws in Colorado. If a bicyclist enters the construction zone, the Traffic Control Supervisor should be notified and if possible escort the bicyclist through the construction zone.

Pedestrians should avoid walking on the traveled portion of a road and never walk across a freeway or expressway. Pedestrians will be directed to take the designated sidewalks or crosswalks provided.

Emergency access vehicle : Emergency vehicles have the right away. Traveling public will merge over to the right to allow emergency vehicles access

NOT TO SCALE
