

SPECIAL VEHICLE PERMIT APPLICATION

The Colorado Revised Statutes determine the allowable limits for the regulation of vehicles and traffic in Title 42 Vehicles and Traffic, Article 4 Regulations of Vehicles and Traffic. Details of the Statute are available at <http://www.lexisnexis.com/hottopics/Colorado/>

The following measurements define the maximum size allowable before an oversize permit is required:

- **Maximum height:** 13' (from ground to top of load)
 - **Maximum width:** 8'6"
 - **Maximum length:** (inclusive of front and rear bumpers)
 - Single vehicle - 45'
 - Combination of vehicles coupled together - 70'
 (Combination of vehicles shall not consist of more than four units)
- Maximum weight on any one axle:**
 Refer to CRS 42-4-507 – "Wheel and axle loads"
Maximum gross weight of vehicles and loads:
 Refer to CRS 42-4-508 – "Gross weight of vehicles and loads"

Application must be submitted five (5) business days in advance of shipment.
