### Active Shooter Drill at Pueblo Centennial High School

---

October 18, 2019 [FOR IMMEDIATE RELEASE]

Today, October 18<sup>th</sup> at 08:00 a.m., an active shooter drill will be held at Centennial High School located at 2525 Mountview Drive. The purpose of the drill is to help Pueblo School District 60, the Pueblo Police Department, and other responding agencies to be better prepared in the event of an actual active shooter incident.

Area residents should be prepared for street closures and the potential sound of simulated gun fire during the drill. Additionally, there will be increased student pedestrian traffic in the area when the school is evacuated. The drill is expected to last approximately three hours, after which street closures will cease and normal traffic flow will resume.

Although it is unfortunate that these types of drills are necessary, it is important for individuals and first responder agencies to be prepared to respond to such incidents. This planned drill is an example of the cooperation and close relationships that the involved agencies maintain and enjoy.
