This is only a summary.** For more information about your coverage, or to get a copy of the complete terms of coverage, <https://eoc.anthem.com/eocdps/aso>. Important Questions	Answers	Why This Matters:
What is the overall deductible ?	\$0 /single or \$0 /family for In-Network Providers . Not Covered for Out-of-Network Providers .	Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the plan , each family member must meet their own individual deductible until the total amount of deductible expenses paid by all family members meets the overall family deductible .
Are there services covered before you meet your deductible ?	Yes. Prescription Drugs , Preventive care , Primary Care visit, and Specialist visit for In-Network Providers .	This plan covers some items and services even if you haven't yet met the deductible amount. But a copayment or coinsurance may apply. For example, this plan covers certain preventive services with cost-sharing and before you meet your deductible . See a list of covered preventive services at https://www.healthcare.gov/coverage/preventive-care-benefits/ .
Are there other deductibles for specific services?	No.	You don't have to meet deductibles for specific services.
What is the out-of-pocket limit for this plan ?	\$3,000 /single or \$6,000 /family for In-Network Providers . Not Covered for Out-of-Network Providers .	The out-of-pocket limit is the most you could pay in a year for covered services.
What is not included in the out-of-pocket limit ?	Preauthorization Penalties, Premiums , balance-billed charges and health care this plan doesn't cover.	Even though you pay these expenses, they don't count toward the out-of-pocket limit .
Will you pay less if you use a network provider ?	Yes HMO. See www.anthem.com or call (855) 333-5735 for a list of network providers .	This plan uses a provider network . You will pay less if you use a provider in the plan's network . You will pay the most if you use an out-of- network provider and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware your network provider might use an out-of- network provider for some services (such as lab work). Check with your provider before you get services.
Do you need a referral to see a specialist ?	No.	You can see the specialist you choose without a referral .

 All [copayment](#) and [coinsurance](#) costs shown in this chart are after your [deductible](#) has been met, if a [deductible](#) applies.
