Hearing Date: 5/23/2023

TO: City of Pueblo Zoning Board of Appeals
FROM: Jay-Michael Baker, Planner
THROUGH: Scott Hobson, Land Use Administrative Official
LOCATION: 3513 Wapiti Lane, Pueblo, CO 81005
APPLICANT: Brian Robinson
PROPERTY OWNER: Sky Creek Homes, Ltd.
YEAR BUILT: 2022
LEGAL DESCRIPTION: LOT 7, BLOCK 1, SETTLERS VILLAGE FILING NO.6
ZONE DISTRICT: Single Family Residential (R-2U) Zone District
PARCEL ID:
LOT SIZE: 7,717 SQ. FT.

REQUEST: Variance to reduce the front garage setback from twenty (20) feet to eighteen (18) feet.

REQUEST BACKGROUND

The applicant is requesting a variance to reduce the front garage setback from twenty (20) feet to eighteen (18) feet. In a single family residential (R-2U) zone district the minimum front yard setback is eighteen (18) feet, but the garage and the required off-street parking space for the lot shall be at least twenty (20) feet from the back of the public sidewalk, Section 17-4-4, (g), (1), a. of the Pueblo Municipal Code. The site plan submitted with the building permit request indicated that the garage would be setback 20-feet from the sidewalk; however, the home and garage were not constructed according to plan, and the garage sits 18 feet, 6 inches from the back of sidewalk, which was identified when staff conducted the Certificate of Occupancy inspection.

ANALYSIS

This is one of two identical requests from the same builder for properties adjacent to one another.

CONDITIONS REQUIRED FOR VARIANCE

1. The variance will not: reduce the required light and air to adjacent properties; constitute a nuisance to the properties within one hundred (100) feet of the property for which the variance is requested; or substantially reduce the monetary value of properties within one hundred (100) feet of the property for which the variance is requested.

Comments: Affirmative finding. The primary setback requirement of 18’ was not violated, and the parking space in front of the garage still exceeds common parking requirements within the City. This location js new construction.

2. The variance will not affect general planning of the city with respect to land use and the location of streets and highways will not be jeopardized.

Comments: Affirmative Finding. This variance would not jeopardize general planning of the city with respect to land use, streets, or highways.

3. Strict adherence to this Title would not secure appropriate development of the property for which the variance is requested.

Comments: Neutral finding. The single-family residence was not constructed per plan.

4. The property for which the variance is requested suffers a unique or singular disadvantage, not common to other property in the district, through the operation of this Title.

Comments: Neutral Finding. The single-family residence was not constructed per plan.

PLANNING AND COMMUNITY DEVELOPMENT STAFF RECOMMENDATION

If the Board chooses to approve this variance, staff recommends only Standard Permit Conditions 1 through 13.
