

TESTABLE POSITION REQUIREMENTS

About This Form:

- City of Pueblo job descriptions contain a list of Knowledge, Skills and Abilities that are required for successful job performance.
- The list below shows requirements from the job description identified as testable through the Civil Service Commission.
- The hiring manager evaluated the listed requirements in terms of percentages (%) to indicate degree of importance in accomplishing essential job functions.
 - Minor: 10% or less
 - Moderate: 11% - 20%
 - Major: 21% or more

Class Title: Wastewater Utility Worker

Testable Requirements		(%)
1	Knowledge of and ability to understand and perform mathematical calculations related to wastewater including algebra-level math to calculate areas, volumes, flow rates, and loading rates.	21
2	Demonstrated Knowledge of and ability to operate a computer using Microsoft Office products to query for information and collect and enter gathered data at moderate speeds.	15
3	Basic knowledge of and ability to use pick, shovel, jackhammer, tamper, air compressor, generator, various pumps, and other common labor tools.	10
4	Knowledge of basic hand tools to perform minor repairs and preventive maintenance on trucks, motors and related equipment.	15
5	Knowledge of traffic and safety regulations and ability to perform all job duties in a safe manner.	21
6	Knowledge of concepts related to customer service, public relations and interpersonal communications.	18
Total		100%

In my judgment, the requirements shown on this form reasonably reflect items that may be subject to testing through the Civil Service Commission for the listed class title.
