Program Services

Individual Counseling – Counseling is a collaborative process in which a unique, confidential helping relationship is developed between a counselor and a willing client. The counselor and client explore the client's feelings and behaviors, relationships with others, choices and decisions, as well as the client's current situation.

Family Counseling – A style of counseling that works with family members to help treat the identified area that is experienced by one or more family members or by the whole family group.

Group Counseling – Group counseling is a form of therapy, which posits that people benefit from shared experiences in a safe environment. Usually group counseling is focused on a particular area of growth. State of Grace offers the following group counseling areas of growth:

Therapeutic Mentoring – Therapeutic Mentoring offers structured, one-to-one, strength-based support services between a therapeutic mentor and a youth (up to the age of 21) for the purpose of addressing communication, daily-living, and social needs. Services are provided in any setting where the youth resides, such as the home (including foster homes and therapeutic foster homes), and in community settings, such as schools, child care centers, respite settings, as well as other culturally and linguistically appropriate community settings.

- Property Reparation: Victim Awareness – is a 4-hour Educational Seminar completed in two 2-hour sessions generally on two consecutive Fridays after school hours.
- Educate 2 Protect (E2P) – is a 2-hour Educational Seminar usually completed on Fridays after school hours.
- Therapeutic Mentoring - 1-4 hours weekly in the youth's community to include school and home based services.

Specialized Services

Community & Transitional Services:

- Wraparound Services – Wraparound services are individualized community-based services that focus on the strengths and needs of the child/adolescent and family. Wraparound services are developed through a team-planning process, where a team of individuals who are relevant to the well-being of the child (such as family members, service providers, teachers, and representatives from any involved agency) collaboratively develop and implement an individualized plan of care, known as a wraparound plan.
 - Intensive Programming – 7-9 hours of intensive intervention weekly based on the individualized need of the client.
 - Moderate Programming – 4-6 hours of intervention weekly based on the individualized need of the client.
 - Minimal Programming – 1-3 hours of intervention weekly based on the individualized need of the client based on their observed progress.
