RESOLUTION**

**DATE:** November 14, 2011

**AGENDA ITEM #** M-9

**DEPARTMENT:** Law Department  
Thomas J. Florczak, City Attorney

**TITLE**

A RESOLUTION CONTINUING THE PEG ACCESS SUPPORT FEE UNDER THE FRANCHISE AGREEMENT BETWEEN THE CITY OF PUEBLO AND COMCAST OF COLORADO IV, LLC

**ISSUE**

Should City Council continue the 50¢ monthly PEG access fee for 2012 through 2014 under the Comcast cable-tv franchise to support the capital needs of the PEG channels?

**RECOMMENDATION**

Approve the Resolution.

**BACKGROUND**

Under the federal Cable Communications Policy Act of 1984, as amended, it is permissible for franchising authorities to require cable-television franchisees to collect fees to support so-called Public, Educational and Governmental ("PEG") access channels. The fees are to be remitted to the franchising authority, in this case the City of Pueblo, to be used only for PEG capital facilities and equipment. The 2009 cable-television Franchise granted to Comcast requires the fee to be collected in the amount of 50¢ per month.

As part of the inducements for the City to grant the Franchise, Comcast agreed in a side letter to advance \$202,000 to the City to be used for PEG capital facilities. This advance would be recaptured from the fee over 2 years. Thereafter, the side letter provides that the City must pass a resolution to continue the fee thereafter, although that is not a requirement stated in the Franchise.

In April 2010, City Council passed an Ordinance which approved an Intergovernmental Agreement with Pueblo Community College ("PCC") under which the City provided \$130,000 of the \$202,000 advance to PCC for PEG capital needs. Section 3(d) of that Agreement also provided that, subject to receipt of PEG funds from Comcast in 2012 and 2013, and appropriation of same, \$65,000 per year would be passed along to PCC as PEG Capital Grants. It was envisioned that approximately \$36,000 per year of PEG fees would be retained by the City to be used for PEG capital needs.

Passage of this Resolution will enable the PEG fees to continue so that both PCC and the City will be able to fund the capital requirements needed to support these access channels.

**FINANCIAL IMPACT**

This will permit the City to receive approximately \$101,000 per year for the remaining three years of the Comcast cable-tv franchise.
