

## Free Tours

The City of Pueblo James R. DiIorio Water Reclamation Facility offers tours on a case-by-case basis for schools, businesses, community groups and members of the public by appointment. Tours can be scheduled on weekdays from 9am-4pm. Call 719-553-2880 to schedule a tour.

### **Tour Specifics**

Tours length can be adjusted to meet the needs of the group but ideally plan a minimum of one hour to complete. Children must be 10 or older for school tours. Younger school age children may be accommodated by appointment if accompanied by parents.

### **Tour Safety**

Treatment plants are functioning industrial sites in operation 24-hours a day, seven days a week. Sturdy closed shoes and socks, and long pants are required for both your safety and comfort. No flip-flops, sandals, clogs, open toed shoes, shorts, or skirts.

### **Special Needs**

These tours involve quite a bit of walking and climbing of stairs. We have no facilities for, and cannot accommodate young children, infants, or strollers.
